## MEMORANDUM

**TO:** Atlantic Herring Management Board, Advisory Panel, Technical Committee, Interested Parties

**FROM:** Toni Kerns, ISFMP Director *TMK*

**DATE:** August 1, 2022

**SUBJECT:** Atlantic Herring Area 1A Fishery Moves to Zero Landing Days for Season 1 on August 2, 2022 at 6:00 p.m.

The Area 1A (inshore Gulf of Maine) Atlantic herring fishery is projected to have harvested 92% of the Season 1 (June 1 – September 30) allocation by August 2, 2022. Beginning at 6:00 p.m. on Tuesday, August 2, 2022, the Area 1A fishery will move to zero landing days through September 30, 2022, as specified in Amendment 3 to the Interstate Fishery Management Plan for Atlantic Herring.

Vessels participating in other fisheries may not possess more than 2,000 pounds of Atlantic herring per trip per day harvested from Area 1A. In addition, all vessels traveling through Area 1A must have all seine and mid-water trawl gear stowed.

Atlantic Herring Management Board members from Maine, New Hampshire, and Massachusetts are expected to reconvene in September via conference call to set effort controls for the 2022 Area 1A fishery for Season 2 (October 1 – December 31). An announcement will be issued once the meeting is scheduled.

For more information, please contact Emilie Franke, Fishery Management Plan Coordinator, at 703.842.0716 or [efranke@asmfc.org](mailto:efranke@asmfc.org).
