Election Mail and Political Mail Overview

What is Election Mail?

Election Mail is any item mailed to or from authorized election officials that enables citizens to participate in the voting process, such as balloting materials, voter registration cards, absentee ballot applications, and polling place notifications.

What is Political Mail?

Political Mail includes Political Campaign Mail and Political Message Mail.

- *Political Campaign Mail* is any material mailed at First-Class Mail® or USPS Marketing Mail® prices for political campaign purposes by a registered political candidate, a campaign committee (federal, state, or local), or a committee of a political party (e.g., Democratic National Committee or Republican Congressional Campaign Committee) to promote political candidates, referendums, or political campaigns.

- *Political Message Mail* is any material mailed at First-Class Mail or USPS Marketing Mail prices by a political action committee (PAC), super-PAC, or other organization engaging in campaign activity, issue advocacy, or voter mobilization.

Political Mail may be sent for any public election — partisan or nonpartisan — for which there is a ballot. Political Mail is identified using red Tag 57, *Political Campaign Mailing*.

2022 Election and Political Mail Plan

The Postal Service 2022 Election and Political Mail Plan coordinates strategy with key organizational priorities. The plan objectives are to:

- Educate and inform the public on proper mail handling, key dates, and operational guidelines for Election Mail and Political Mail.
- Reinforce the message that the Postal Service is deeply committed to its job of delivering Election Mail, including ballots.
- Ensure the correct use of Tag 57, *Political Campaign Mailing*. Political Message Mail (mailings from certain groups, including issue advocacy or voter mobilization) and Political Campaign Mail (mailings from certain groups or individuals related to a candidate, campaign, or referendum) may both use Tag 57.
- Ensure the correct use of Tag 191, *Domestic and International Ballots*. Postal Service employees must correctly identify and promptly process this mail. Tag 191 may not be used for sample ballots.
- Ensure the correct use of the Official Election Mail logo. It may be used on all Election Mail, including ballots created for federal, state, and local government elections.
- Inform election officials that ballots will be handled correctly. Educate the officials on what to expect when using the mail so they can ensure ballots are mailed and returned by the deadline.
- Ensure Postal Service employees know that they must always promptly and efficiently handle Election Mail with equal care and attention.

Key Messages

Mail is an increasingly important part of U.S. elections. Throughout the 2022 election cycle, it's important to keep the following in mind:

- The Postal Service is committed to fulfilling its role in the electoral process for those public policy makers who chose to use our organization as a part of their election system. The Postal Service will ensure the dependable and timely delivery of Election Mail and Political Mail.
- The Postal Service takes pride in the U.S. Mail as an efficient and effective means for citizens to participate in the electoral process.

- Customers can trust the Postal Service to deliver their mailed ballots in a timely manner.
- The Postal Service offers a state-by-state outreach program to ensure election boards, political candidates, and mailers are aware of the appropriate procedures and important deadlines to help ensure the proper processing and delivery of Election Mail and Political Mail.
- The Postal Service expects to handle millions of ballots this election cycle — proof that mail is a dependable and protected way to cast a vote.
- In addition to any state or local rules, requirements, and recommendations, the Postal Service recommends that election officials consider providing applicable Postal Service mailing recommendations in their voter communications to ensure that individuals who wish to use the mail to vote know how to do so successfully.
- Customers who opt to vote through the U.S. Mail should understand their local jurisdiction's requirements, deadlines, and recommendations for submission of mail-in ballots.
- Military personnel serving overseas, such as Army Post Office/Fleet Post Office (APO/FPO) voters, must follow the return by mail date for their location (see fvap.gov/eo/overview).
- To ensure that mailpieces meet the Postal Service's mailing standards and can be processed on our automated equipment, a mailpiece design analyst (MDA) has been assigned to assist each locality. We strongly recommend that state and local election officials work with the Postal Service before designing and printing any mailpieces for use in elections.
- To enhance visibility, we recommend use of the Election Mail checkbox and Official Election Mail logo for all Election Mail; and use of Tag 191, *Domestic and International Ballots*, for outbound ballots.
- We also strongly encourage election officials to use serialized Intelligent Mail® barcodes (IMb®), so that they will be able track their Election Mail. The IMb is a 65-bar Postal Service barcode used to sort and track letters and flats. It allows mailers, in this case, election officials, to use a barcode to participate in multiple Postal Service programs simultaneously, expand the mailers' ability to track individual mailpieces, and see where ballots are within the mailstream.
- Postal Service policy is for every completed ballot mailed by voters to receive a postmark, and we instruct our employees throughout the country to adhere to that policy. However, we acknowledge that there will always be rare occurrences where a mailpiece does not receive a legible postmark. Election officials are advised that the use of automation-compatible, letter-sized envelopes increases the likelihood that a mailpiece will receive a legible postmark.

- The U.S. Mail remains a secure, efficient, and effective means for citizens and campaigns to participate in the electoral process, and the Postal Service is proud of our role as an important component of the nation's democratic process.
- All U.S. Mail is protected by more than 200 federal laws enforced by the United States Postal Inspection Service® (USPIS®), one of the nation's oldest law enforcement agencies. The Postal Service employs a robust and proven process to ensure the proper acceptance, processing, and delivery of Election Mail.
- The USPIS monitors election-related mail from the time it is placed into the hands of the Postal Service, and the entire time it is in our network up to delivery to prevent, identify, and mitigate any issues that might interfere with its secure and timely delivery.

Key Voter Message — Mailed Return Ballots

Customers who opt to vote through U.S. Mail service must understand their local jurisdiction's rules and requirements for participating in an election, including rules and deadlines concerning the timely submission of ballots. Voters must contact their local election officials for questions about local deadlines.

The Postal Service's mailing recommendations for voters include:

- In jurisdictions that require eligible voters to request a ballot in order to receive one through the mail, we recommend that domestic, nonmilitary voters request their ballot as early as their jurisdiction allows. Some jurisdictions, including Vote by Mail states, generally do not require eligible voters to request a ballot in order to receive one.
- For domestic, non-military voters who choose to use the mail to return their completed ballot, the Postal Service recommends that they mail their completed ballot before Election Day, and at least 1 week before the deadline by which their completed ballot must be received by their local election official. Some states may recommend allowing even more time for mailing completed ballots.
- Voters should keep in mind the time required for both legs of mail delivery — to the voter and back to election officials — when deciding how to participate in an election.

Voters in states that require ballots to be postmarked by a specific date must be aware of the collection times posted on collection boxes and at the Postal Service's retail facilities. Voters must also be mindful of when mail is delivered and picked up at their residential mailbox. Ballots deposited after the last posted collection time will not be picked up, or postmarked, until the following business day. Voters must also be aware of mail collection times and practices if ballots are deposited in an office or residential mailroom.

Key Election Official Message — Outbound Ballot

Customers are encouraged to work closely with area and district Customer Relations managers to determine delivery times for mailings. The Postal Service recommends the use of First-Class Mail for all outbound Election Mail, especially ballots.

For Customer Relations manager contact information, use the interactive map on the Resource tab at about.usps.com/what/government-services/election-mail/welcome.htm.

Election Mail

Ballots

Each election cycle presents a different set of parameters for ballot creation and for the size and weight of the return mailpiece. As a result, many voters do not know the correct amount of postage required to return their ballots by mail. Election officials must consult with a Postal Service business mail entry manager, MDA, or area and district Customer Relations manager to determine the proper postage required for mailing ballots to voters and for voters mailing ballots back to election officials.

Election officials are required to indicate in a prominent location the proper amount of First-Class Mail postage that must be applied to balloting materials for any election, whether sent in hard copy or electronic formats. An exception may apply in certain circumstances for balloting materials for military and overseas voters or where postage is prepaid. See *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM[®]), section 703.8.1, to learn more about the postage marking requirements.

Military — APO/FPO/DPO

Key Messages

Even in times of war, the Postal Service has delivered the most fundamental symbol of democracy — a ballot — to those who serve in the U.S. Armed Forces. As the election season progresses, emphasize the following key messages:

- The Postal Service is honored to provide the brave men and women serving abroad in the military with the opportunity to vote.
- Any American voter living overseas can mail his or her completed ballot back to the United States free of charge at the nearest American embassy, consulate, or Diplomatic Post Office (DPO), under the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA). UOCAVA is a federal law that provides uniformed and overseas citizens the ability to register and vote absentee in elections for federal offices.
- If an overseas voter has authorized access to a military base, he or she can mail a ballot free of charge at the nearest APO or FPO.
- For the 2022 general election, special procedures for APO/FPO/DPO absentee ballots are in effect between

September 1 and November 30. During this time, the Postal Service will provide special handling for dispatch via the International Service Centers (ISCs).

- The Postal Service recommends military voters visit fvap.gov/eo/overview for return ballot mailing dates.

APO/FPO/DPO Outbound Absentee Ballots

The Postal Service and the Military Postal Service Agency collaborate to provide special handling of absentee ballots to absent uniformed services voters with UOCAVA-authorized APO/FPO/DPO addresses. The Postal Service is committed to ensuring that everyone who votes by mail experiences an efficient process.

Here is a summary of special procedures for APO/FPO/DPO absentee ballots only:

- Election officials must mail absentee ballots at least 45 days before the November 8 election.
- Local election offices must segregate military absentee ballots to the Chicago ISC and the Miami ISC gateways. At ISCs, absentee ballots receive special handling, including accelerated sortation, special tray identification, and priority transportation.
- APO/FPO absentee ballots will be sent from local Post Office[™] locations to the nearest Processing and Distribution Center for further handling. Postal Service employees will identify trays or containers of absentee ballot mail using Tag 191, *Domestic and International Ballots*, and present them to the Post Office facility.

APO/FPO/DPO Returning Absentee Ballots

Absent overseas uniformed services voters with UOCAVA-authorized APO/FPO/DPO addresses can return absentee ballots via Priority Mail Express[®] using Label 11-DOD, *DOD Express Mail Label Absentee Ballot*. The label includes “Waiver of Signature” and “Guaranteed by End of Day” endorsements, so ballots can be delivered the day they arrive at the destination Post Office.

Label 11-DOD

Familiarize yourself with the following operational guidelines for Label 11-DOD:

- The Military Postal Service Agency distributes Label 11-DOD overseas.

- The Priority Mail Express ballot label is only for voted absentee ballots from overseas U.S. military and authorized UOCAVA civilian citizens.
- The label may only be used by eligible voters when the return ballot is mailed from a Military Post Office (MPO) or DPO overseas.
- Overseas U.S. military and authorized UOCAVA civilian citizens must return their absentee ballots via APO, FPO, or DPO locations.
- Eligible voters may use the label on any size ballot envelope and must always affix it in the upper right corner.
- Voters keep part of the label in order to use the tracking number to track their ballots.
- At ISCs, absentee ballots receive special handling, including accelerated sortation, special tray identification, and priority transportation.
- The ballots arrive by international transportation at one of the Postal Service gateway offices for Customs clearance and initial processing at select designated offices.
- At these facilities, the mail is processed by postal automation equipment in an initial domestic sort for distribution throughout the United States.

New Ballot Mail Service Type Identifiers

Based on industry feedback, the Postal Service has updated the Service Type Identifier (STID) table for Ballot Mail in 2022. The Postal Service provides customized STIDs specifically for ballots to allow for Informed Visibility[®] Mail Tracking and Reporting (IV[®]-MTR) to identify mailpieces, with all expected service combinations, during mail processing.

Note that these new STIDs are not for all Election Mail. For Election Mail that is not a ballot (e.g., voter registration applications, polling place locations, ballot applications, and sample ballots), use the appropriate STID for the mail class as well as Address Correction Service (ACS[™]) and IV-MTR services desired that are identified for First-Class Mail or USPS Marketing Mail in the STID Table.

As part of an IMb, STIDs offer mailers near-real-time tracking visibility on both outbound and return mailpieces. STIDs also provide the Postal Service with enhanced tracking capabilities that allow us to quickly identify and process on-hand ballots throughout the mail network. To learn more about STIDs and view the updated STID Table, see postalpro.usps.com/mailing/service-type-identifiers.

Official Election Mail Logo

The Official Election Mail logo is a unique registered trademark designed exclusively for inclusion in the design of Official Election Mail.

The Official Election Mail logo must be used on any mailpiece created by or on behalf of, an election official that is mailed to or from a citizen of the United States for the purpose of participating in the voting process. This includes balloting materials, voter registration cards, absentee applications, polling place notifications, and voter reply mail. The logo must be used on qualifying mailpieces in all classes of mail and all processing categories; however, it is not intended to substitute for postage.

When the Official Election Mail logo appears on a mailpiece, voters recognize the mail as important and distinct from partisan political mailings. Additionally, the logo serves to identify Official Election Mail for Postal Service workers and distinguishes it from the millions of other mailpieces that are processed daily.

Election Mail Checkbox

The Postal Service is committed to providing a secure, efficient, and effective way for citizens to participate when policymakers decide to use mail as part of their elections. In furtherance of that commitment, the Postal Service created the Election Mail Checkbox in PostalOne! processing and our Postage Statement forms (e.g., PS Form 3600-FCM, PS Form 3600-PM, PS Form 3602-N, and PS Form 3602-R) to get increased visibility of Election Mail in the mailstream.

Please check the “This is Official Election Mail” box for each mailing presented for acceptance. This provides the Postal Service with important insight into Election Mail volume by entry point that may help with future Postal Service capacity planning.

Serialized Intelligent Mail Barcodes

A serialized IMb is a 65-bar Postal Service barcode used to sort and track letters and flats. The barcode simplifies data-gathering by consolidating information for multiple Postal Service identifiers into one comprehensive location. Using a serialized IMb also expands mailers’ ability to track individual mailpieces and gain greater mailstream visibility.

Uniquely serialized IMbs facilitate the tracking of individual ballots to and from individual voters. A serialized IMb can be applied to most Election Mail and is critical for using IV-MTR service. The IV-MTR application provides information about when and where the Postal Service sorts a mailpiece on mail-processing equipment. A serialized IMb can also be used for address correction services: manual address correction notices, ACS, OneCode ACS[®], and Intelligent Mail Full-Service ACS[™].

Tag 191

Tag 191, *Domestic and International Ballots*, is used by election officials to identify trays and sacks of ballot mail destined for either domestic or international addresses. The tag (shown here) provides greater visibility to containers of ballot mail as they enter USPS processing and distribution operations. Tags are available at your local Post Office or Business Mail Entry Unit (BMEU) at postalpro.usps.com/node/1623. To order online, use the order form on the Election Officials tab at about.usps.com/gov-services/election-mail.

Tag 191

The tag cannot be used to identify containers of other types of Election Mail, such as sample ballots, polling place notices, voter registration notices, or other election-related materials. Tag 191 also may not be used for Political Mail.

Mailpiece Design Analysts

The Postal Service strongly recommends an MDA review all Election Mail envelopes before printing. We recommend that election officials consult an MDA each year to review new and previously approved envelope designs. MDAs are experts on Postal Service mailpiece design standards and can provide guidance on envelopes that meet the Postal Service's requirements, answer questions about mailpiece design, give advice on evaluating mailpieces for automation discounts, and provide technical assistance on the Postal Service's envelope standards.

For assistance, customers can connect with an MDA by contacting the Mailing and Shipping Solutions Center (MSSC) via email at MSSCAdmin@usps.gov or toll-free at 877-672-0007 (select option 2 for mailing and shipping, then option 2 for MDA). Hours of operation are Monday through Friday, 7 A.M. to 7 P.M. Central Time (closed federal holidays). Also, mailpiece design information is available online at postalpro.usps.com/mailing/mailpiece-design-analyst-mda-customer-service-help-desk.

Mail Class

The Postal Service continues to recommend that election officials use First-Class Mail for their outbound ballot mailings to voters. Using First-Class Mail allows for faster service while maintaining high visibility as the ballot moves through the mailstream (when used with USPS visibility tools, like serialized Intelligent Mail barcodes). Nevertheless, the Postal Service has long engaged in several practices to prioritize ballots that are entered as Marketing Mail, regardless of the paid class, when capacity permits and when the mailpiece is identifiable as ballots by the Official Election Mail logo or other Postal Service visibility indicia.

Business Reply Mail and Qualified Business Reply Mail

Business Reply Mail[®] (BRM) and Qualified Business Reply Mail[™] (QBRM[™]) are First-Class Mail services that enable election officials to pay the return postage (including a per piece fee) for ballots returned by the voter to election offices through the mail.

The mailpieces that election officials distribute must conform to a specific format, including use of a unique ZIP+4[®] code assigned by the Postal Service. QBRM proofs must be approved by the Postal Service and bear an IMb. QBRM applies only to automation-compatible cards and letter-size mail weighing up to and including 2 ounces. For more information on BRM and QBRM, see DMM 505.1.1 and 1.6 as well as Quick Service Guide 505 on Postal Explorer[®] at pe.usps.com.

Informed Delivery

Informed Delivery is a secure, free, and optional feature that can help election officials connect with voters by providing eligible residential and personal PO box consumers with a digital preview of their household's incoming mail and the ability to manage their packages all from one location. Users can view grayscale images of the exterior (addressed side) of automation-processed, letter-sized mailpieces via email, USPS Mobile® App, or an online dashboard. Nearly, 43.5 million users are already signed up, with an average email open rate exceeding 64 percent. The Postal Service's Informed Delivery feature continues to deliver on its value proposition to election boards by providing the opportunity to reach more voters, target and increase interaction with users, encourage responses to voter engagement campaigns, reach customers digitally from their physical address, and gain more returns on Election Mail campaigns.

A digital preview of the exterior of Election Mail offers benefits to both election officials and voters. Election officials are able to increase voter interaction with their mail and generate faster response rates. At the same time, voters have a more convenient and secure "vote at home" experience because they can see when their Election Mail will arrive. Learn more about Informed Delivery at usps.com/business/informed-delivery.htm.

Political Mail

Political Mail includes Political Campaign Mail and Political Message Mail. The Postal Service recommends marking Political Mail with red Tag 57, *Political Campaign Mailing*.

Objectives

In preparation for the election cycle this year, the following actions must take place at every postal facility:

- Ensure the correct use of Tag 57, *Political Campaign Mailing*, for all Political Mail.
- Ensure Postal Service employees know that they must always promptly and efficiently process and deliver Political Mail. Mail entry personnel must ensure that all qualifying mail is documented as Political Mail.

Key Messages

Millions of Americans will use the mail to campaign and vote for their chosen issue or candidates this year. It's also important to note:

- The U.S. Mail remains a secure, efficient, and effective means for citizens and campaigns to participate in the electoral process. The Postal Service considers the dependable and timely delivery of Political Mail promoting candidates and social causes to be essential to the success of the political mailing season.
- The best campaign is a multi-channel campaign. For candidates, Political Mail can help them reach constituents directly.
- Mail can reach 100 percent of targeted voters.
- Mail has been tested and is proven effective.
- Mail prompts action, often through other channels.

For more information, visit usps.com/business/political-mail.htm.

Political Mail Tools

The Postal Service developed mail tools and technologies that help cut through the political noise and ensure that your campaign message is reaching voters at the right time and in the right place. You can use these resources to prepare for continued growth in 2022.

- The Political Mail website (see delivertthewin.com) provides information on key contacts and other valuable resources, and serves as an online platform to promote direct mail through the following materials:
 - Educational articles.
 - White papers.
 - Case studies.
 - Videos.
- Connections to digital content, such as augmented reality, emphasize the link between digital and hard copy content as a means to extend and increase the effectiveness of political messaging. Augmented reality mailpieces promote campaign messages in a way that engages voters.
- Postal Service webinars highlight key political industry topics.
- The Postal Service has sponsorship agreements with the American Association of Political Consultants to help promote the use of mail early and often in the political arena. Activities include:
 - Attending events and co-sponsored webinars.
 - Advertising and white paper development and placement.
 - Direct meetings with political operatives.

Tag 57

Tag 57, *Political Campaign Mailing*, is a red container tag used to identify Political Mail upon entry to the mailstream. Tag 57 can be used to identify:

- Political Campaign Mailing by a registered political candidate, campaign committee, and committee of a political party.
- Political Message Mailing by a PAC, super-PAC, or other organization engaging in issue advocacy or voter mobilization.

According to the *Postal Operations Manual*, a *registered political candidate or party* is defined as an individual or organization recognized by the appropriate government election control authority (national, state, or local).

Tag 57

New Political Mail Service Type Identifiers

Based on industry feedback, the Postal Service has updated the STID table for Political Mail in 2022. The Postal Service provides customized STIDs specifically for Political Mail to improve visibility. These STIDs are proven instrumental in identifying and tracking Political Mail on hand and in the mailstream. In addition, STIDs increase the visibility of Political Mail within the automation environment and can enhance passive identification and tracking of Political Mail.

When Political Mail STIDs are used as part of an IMb, the associated Political Mailpiece scan data is available via Informed Visibility (IV) reports. To learn more about Political Mail STIDs and view the updated STID Table, see postal-pro.usps.com/mailing/service-type-identifiers.

FAQs

1. What is Election Mail?

Election Mail is any item mailed to or from authorized election officials that enables citizens to participate in the voting process, such as ballots, balloting materials, voter registration cards, absentee ballot applications, and polling place notifications.

2. What is Political Mail?

Political Mail includes Political Campaign Mail and Political Message Mail, which are defined as follows:

- *Political Campaign Mail* is any material mailed at First-Class Mail or USPS Marketing Mail prices for political campaign purposes by a registered political candidate, a campaign committee (federal, state, or local), or a committee of a political party (e.g., Democratic National Committee or Republican Congressional Campaign Committee) to promote political candidates, referendums, or political campaigns.
- *Political Message Mail* is any material mailed at First-Class Mail or USPS Marketing Mail prices by a PAC, super-PAC, or other organization engaging in issue advocacy or voter mobilization.

Political Mail may be sent for any public election — partisan or nonpartisan — for which there is a ballot. Political Mail is identified using red Tag 57, *Political Campaign Mailing*.

3. How many ballots were sent through the mail for the 2020 general election?

According to the 2020 Election Administration and Voting Survey (EAVS), states reported transmitting a total of 90.7 million mailed ballots to voters (not including ballots sent to and from UOCAVA voters) for the November 2020 general election. Approximately 77.8 percent of these ballots were returned by voters.

4. In the 2020 general election, how many ballots were voted by troops around the world?

The Military Postal Service Agency postmarked and dispatched 59,862 voted absentee ballots from military voters to election offices using Priority Mail Express Military Service with Label 11-DoD between September 1, 2020, and January 7, 2021 (the end of the runoff election). The average transit time of ballots to election offices was 6 business days. Of the ballots received by APOs and FPOs, 4.5 percent were Undeliverable as Addressed (UAA) from election offices, and were either redirected to the voter's current address or returned to sender.

5. Is the Postal Service ready for the increased mail volume of Election Mail and Political Mail?

Yes. The Postal Service is confident in its ability to offer dependable and timely delivery of Election Mail and Political Mail.

6. What is the Hatch Act?

The Hatch Act (5 U.S.C. §§ 7321–7326) limits certain political activities for most executive branch employees. For example, the law prohibits employees from engaging in political activity while on duty or in the federal workplace. The Hatch Act also prohibits executive branch employees from soliciting or receiving political contributions. Employees who violate the Hatch Act are subject to a range of disciplinary actions, including the following:

- Removal from federal service.
- Reduction in grade.
- Debarment from federal employment for a period not to exceed 5 years.
- Suspension, reprimand, or a civil penalty not to exceed \$1,000.

7. How does the Hatch Act affect the Postal Service and its employees?

The Postal Service is non-political, which means the organization cannot and does not support any political party or affiliation over another. The continued effectiveness of this organization depends on delivering all political mailings without giving the perception that the views of one candidate, political party, or political viewpoint are endorsed over another.

It is the responsibility of all Postal Service employees to know and obey Hatch Act restrictions. This means that employees may not display political buttons while on Postal Service property or place bumper stickers on a Postal Service vehicle that indicate a preference for a specific candidate, party, or political position. Employees are also urged not to participate in any political discussions where customers are present.

This brief summary does not address all of the Hatch Act prohibitions. For more information about the Hatch Act:

- Visit the Ethics page on *Blue* at blue.usps.gov/uspslaw/Ethics.htm,
- Contact the HQ Ethics helpline at 202-268-6346, or
- Send an email message to “Ethics Help” (internal email) or ethics.help@usps.gov.

8. Do return ballots need to be postmarked by a certain date?

Ballot acceptance rules vary on a state-by-state basis. Some states will accept a ballot that is delivered after Election Day if it has been mailed by Election Day (or some other specified date) in certain circumstances. Other states specifically require such ballots to have a valid postmark for the ballot to be

counted. Other states focus on the date by which the ballot is received (typically by Election Day) rather than when it is mailed. Visit your state’s election website for specific information.

9. Do return ballots need to be postmarked even if there is a meter?

In recognition of the importance that the election laws in some states place on postmarks, it has been the long-standing policy of the Postal Service to try to ensure that every return ballot mailed by voters receives a postmark, whether the return ballot is pre-paid by election officials or mailed with a stamp affixed by the voter. We instruct our employees throughout the country about our ballot postmarking processes and procedures, and review standard operating procedures for ballot postmarking. Consistent with our policy, ballots are postmarked in every state, which helps to ensure that return ballots are postmarked for states that require it.

ELM Revision: Holiday Leave

Effective February 10, 2022, the Postal Service™ is revising the *Employee and Labor Relations Manual (ELM)*, sections 434.41 and 518.1, to add the observance of Juneteenth (June 19) as a federal holiday.

U.S. President Joe Biden signed into law the Juneteenth National Independence Day Act on June 17, 2021, making June 19 a federal holiday. This newly observed holiday commemorates the freedom of enslaved African-Americans in the United States after the Civil War, and the Postal Service is fully supportive of annually recognizing this historic event.

Since the Postal Service is part of the nation’s critical infrastructure and USPS® customers rely on the Postal Service to deliver essential services, the Postal Service was unable to cease operations to observe Juneteenth during 2021. Beginning in 2022, the Postal Service will recognize the Juneteenth National Independence Day as a holiday eligible to full-time and part-time career employees. The observance will be reflected in the *Employee and Labor Relations Manual* and be subject to corresponding provisions in the ELM.

Although the Postal Service will not publish these revisions in the ELM until a future edition, the standards are effective immediately.

Invalid USPS Corporate Account Numbers

Provide this listing to Contract Postal Units and acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. This list supersedes all previous notices, which you must recycle.

Acceptance clerks must not accept Priority Mail Express® shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international Postal Service money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - When there is discoloration around the dollar amounts, this might indicate the amounts were changed.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at usps.com/shop/money-orders.htm.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks must use the table with the Retail System Software terminal to determine which APO/FPO/DPO ZIP Codes are active and which conditions of mailing apply.

The entries under “Changes” appear in bold in the following APO/FPO/DPO table:

Federal Income Tax Withholding

The 2017 Tax Cuts and Jobs Act made major revisions that affected taxpayer withholding. Due to changes in the law, personal exemptions are no longer a central feature of the tax code. The Internal Revenue Service (IRS) updated Form W-4, *Employee's Withholding Allowance Certificate*, to reflect these changes. Employees who have submitted Form W-4 in any year before 2019 or earlier are not required to complete a new form, and USPS® will continue to compute withholding based on information from the employee's most recently submitted Form W-4.

For employees who do submit a revised Form W-4 from 2020 or later, withholding will be based on expected filing status and standard deduction for the year. Employees can also choose to have qualified children and other dependents, multiple jobs or spouse works, and other income and deductions reflected in their withholding. For further information about withholding calculations, refer to IRS publication 15t (see page 10) at [irs.gov/pub15t](https://www.irs.gov/pub15t).

Hypertension: Control Your Blood Pressure

In recognition of American Heart Month, the USPS® Wellness Team wants to encourage employees to check their blood pressure levels regularly.

High blood pressure, or hypertension, is blood pressure that is higher than normal levels. Blood pressure changes throughout the day based on activity, so having hypertension means that your blood pressure is consistently above normal. The higher your blood pressure, the greater your risk for health problems, such as heart disease, heart attack, and stroke.

Risk factors for high blood pressure include various health conditions, prolonged stress, and unhealthy lifestyles. Some risk factors cannot be controlled, like age and family history. However, you can actively take steps to reduce your risk by changing the factors you can control, such as eating healthier, exercising more, reducing stress, drinking less alcohol, and not smoking.

Blood pressure is measured using two numbers. A normal blood pressure level is less than 120 systolic and 80 diastolic (120/80 mm Hg).

Measuring your blood pressure regularly is the only way to know that you have high blood pressure, because it usually has no signs or symptoms. Healthcare providers can diagnose high blood pressure and provide treatments, such as medication and lifestyle changes.

For more information about hypertension, visit the CDC website at [cdc.gov/bloodpressure/index.htm](https://www.cdc.gov/bloodpressure/index.htm) or the Wellness page on *Liteblue* at liteblue.usps.gov/humanresources/benefits/health-wellness/welcome.shtml.

ARIS Update: More Digital Resources Now Available on the Platform

Access Registration and Identity Services (ARIS) now offers even more digital resources to ACE users at blue.usps.gov/itweb/ciso/identity-access-management/aris.

In fact, an additional 23 applications/registrations were recently added to the platform, including Customer Label Distribution System, Enterprise Content Management, and Full-Service Handheld Mail Verification (see blue.usps.gov/itweb/ciso/identity-access-management/aris/rollout.htm).

Those applications/registrations join more than two dozen others — including ACE Web Conferencing Zoom meeting scheduler and eTravel — that have migrated to ARIS since last October.

ARIS will eventually replace eAccess, which was launched 23 years ago and uses legacy technology that is costly to maintain. ARIS features a user-friendly interface and commercial off-the-shelf software that is easier to update and secure.

USPS® will continue to shift applications/registrations to ARIS through 2024 until everything is transitioned from eAccess.

ARIS is part of the Postal Service's overarching Zero Trust strategy to further protect the organization against evolving cyberthreats (see blue.usps.gov/itweb/ciso/zero-trust.htm).

If you have questions about the platform, scroll to the bottom of the page at blue.usps.gov/itweb/ciso/identity-access-management/aris/rollout.htm and click on the link to submit an ARIS Customer Service Form.

Safety and Health

Statutory Requirement to Review and Post OSHA Form 300A Summary for Calendar Year 2021

The Occupational Safety and Health Administration (OSHA) requires all Postal Service™ installation and establishment heads to complete and post the OSHA Form 300A, *Summary of Work-Related Injuries and Illnesses*, for calendar year (CY) 2021, in accordance with 29 CFR 1904, and the *Employee and Labor Relations Manual (ELM)*, part 821, *Actions in the Event of Accident, Injury, or Illness*.

From February 1 through April 30, 2022, installations are required to post a copy of the OSHA Form 300A for CY 2021 in a conspicuous place at every establishment where employees work or report to work.

When reviewing the OSHA 300 Log, installation heads must pay close attention to the following columns:

- Column F, which includes:
 - A description of the injury or illness.
 - The parts of the body affected (including which side of the body).
 - The object or substance that directly injured or made the person ill (e.g., Second-degree burns on right forearm from acetylene torch).
- Columns K and L. If an injury is identified as “days away from work” in column K or “on the job transfer or restriction” in column L, installation heads must ensure that the number of days entered is accurate.

For every entry on the OSHA 300 Log, the installation head must ensure that there is a corresponding Accident Report.

The left side of OSHA Form 300A contains sets of information data points with a letter, such as the letter “K,” that corresponds to each data point. The data points come from the OSHA 300 Log summary columns with the same letter.

The right side of the OSHA Form 300A is self-explanatory except for the North American Industrial Classification code. The code for Vehicle Maintenance Facilities is 811111, and the code for all other Postal Service establishments is 491110.

Before posting and signing the OSHA Form 300A, the installation or establishment heads must review the OSHA 300 Log and the OSHA 300A Summary Reports. When they sign the OSHA Form 300A, they are affirming that they have reviewed both OSHA forms for accuracy and completeness, whether they use manual or automated versions of the forms.

Pictorial postmarks are available only for the dates indicated, and requests must be postmarked no later than 30 days following the requested pictorial postmark date.

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark must affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed next to the postmark.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 120 days to obtain the first-day-of-issue postmarks by mail. Each cover must have sufficient postage to meet First-Class Mail® requirements. Customers may purchase new stamps at their local Post Office™, by phone at 844-737-7826, or on The Postal Store® website at usps.com/shop.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service™ recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16-inch side seams with no glue on the flap. The maximum size of all digital color postmarks is 2 inches (vertically) by 4 inches (horizontally). Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers must submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of

their postmarked items. Address customer requests for digital color postmarks to:

FDOI – (Name of Stamp Issue)

Traditional Postmarks

Customers must affix the stamps to the envelopes and address them to themselves or others for return through the mail. Address customer requests for traditional postmarks to:

FDOI – (Name of Stamp Issue)
USPS Stamp Fulfillment Services
8300 NE Underground Drive, Suite 300
Kansas City, MO 64144-9900

There is a 5-cent charge for each additional postmark over 50. Customers must submit a check, money order, or credit card for payment.
