

APPENDIX III

About Public Health AmeriCorps

Public Health AmeriCorps is investing \$400 million over five years from the American Rescue Plan Act workforce funding to enable the recruitment, training, and development of a new generation of public health leaders who are ready to respond to the nation's most pressing public health needs.

Public Health AmeriCorps has two main goals:

- Help meet public health needs of local communities by providing needed capacity and support in state and local public health settings and advancing more equitable health outcomes for communities who are currently or historically underserved.
- Provide pathways to good quality public health-related careers by providing exposure through onsite experience, training, and more, with a focus on recruiting AmeriCorps members who reflect the communities in which they will serve.
