BOBCATS WEEK 4 MAD SCIENTISTS

Get your lab coats on! You'll be bubbling with joy after a science filled week of fun experiments, creative projects, and exciting activities to ignite your curiosity!

Theme	Ecology!	Geology!	Paleontology!	Botany!	Entomology!
7:30-9:00	Drop-offs/Morning Routine	Drop-offs/Morning Routine	Drop-offs/Morning Routine	Drop-offs/Morning Routine	Drop-offs/Morning Routine
AM Activities	Welcome to Mad Science week! We'll start the week with team building and icebreaker games then take a nature walk along the Butler Trail while looking at examples of a food chain in action.	Today the Bobcats will explore the sights and scenes at Reimers Ranch Park! We'll learn about and explore a cave, learn about plants and animals, and dip our toes in the Pedernales river as we learn all about the forces that created this beautiful park.	We'll start the morning with Bobcat Story Hour, learning about dinosaurs! After, we'll take a Learn-2-Ride class before eating lunch in the shade at Chicano Park & Fiesta Gardens Playground.	Today we'll have our weekly gardening activity with the Trail Conservancy while learning all local plants around Camacho! After, we'll go on a tree identification scavenger hunt along Ladybird Lake toward Festival Beach Food Forest.	Time flies by when you're a Camacho Bobcat! We'll wrap up Mad Science week learning all about bugs while canoeing east towards an adventure on Pirate Island! Located just 20 paddling minutes away from Camacho, this island is the perfect spot for fun low ropes and bug identification activities.
Lunch	Be sure to pack a hearty meal with plenty of snacks, water, and non-sugary beverages.	Be sure to pack a hearty meal with plenty of snacks, water, and non-sugary beverages. Be sure to pack a hearty meal with plenty of snacks, water, and non-sugary beverages.
PM Activities	After lunch, we'll cool off at Martin Pool before returning to Camacho to collect natural materials we'll use in our tie dye project on Thursday!	After lunch, we'll off for Barton Springs for a well earned cool off before returning to Camacho for a shelter building activity and pick-up.	After going through our Learn-2-Ride program, it's time to put the skills to the test with a ride back towards Mendez Splash Pad for a cool down session! We'll end the day with a DIY plaster of Paris fossil art craft and Brighter Bites nutrition activity.	After a picnic lunch, we'll do a natural tie dying project and go for a splash at Martin Pool in the afternoon. *Bring a plain white shirt or bandana if you'd like to tie dye your very own!	We'll return on our canoes for some fun science experiments at Camacho before splashing around at Martin Pool. We'll finish up the day with a bug-themed fruit snack and a movie!

REMINDERS- Please have your Bobcat here by 9AM. Our activities are highly active. Please bring your swimsuit, sunscreen, water bottles, a healthy and hearty lunch, healthy snacks and closed-toe shoes every day to camp. Sun hats, water shoes, water backpacks, and sun shirts are also VERY helpful. All recreation equipment will be provided & cleaned.

Staff: Dynasti, Elena, Kaitlynn, Nat, Paw, and Santiago

The Camacho Activity Center staff is dedicated to safety as a first priority. Our staff are trained in CPR, first aid, and leading outdoor adventure activities.

All schedules are subject to change based on weather conditions, participant abilities, availability of resources and other factors
