Grants Report

DRAFT

County Executive Office/Legislative Affairs

October 18, 2022
Item No: 41

County of Orange Report on Grant Applications/Awards

The Grants Report is a condensed list of grant requests by County Agencies/Departments that allows the Board of Supervisors to discuss and approve grant submittals in one motion at a Board meeting. County policy dictates that the Board of Supervisors must approve all grant applications prior to submittal to the grantor. This applies to grants of all amounts, as well as to new grants and those that have been received by the County for many years as part of an ongoing grant. Receipt of grants \$50,000 or less is delegated to the County Executive Officer. Grant awards greater than \$50,000 must be presented to the Board of Supervisors for receipt of funds. This report allows for better tracking of county grant requests, the success rate of our grants, and monitoring of County's grants activities. It also serves to inform Orange County's Sacramento and Washington, D.C. advocates of County grant activities involving the State or Federal Governments.

On October 18, 2022, the Board of Supervisors will consider the following actions:

RECOMMENDED ACTIONS

Approve grant applications/awards as proposed and other actions as recommended.

ACTION ITEMS:

1. Approve Ratified Grant Application – Sheriff Coroner – Operation Stonegarden Grant Program – \$842,000
2. Approve Grant Award and Adopt Resolution – Sheriff Coroner – Boating Safety and Enforcement Equipment (BSEE) Grant Program – \$101,500
3. Approve Grant Award – Sheriff Coroner – FY 2022 Body Worn Camera Policy and Implementation Program – \$400,000
4. Approve Grant Award – Sheriff Coroner – Capacity Enhancement and Backlog Reduction Program – \$470,810
5. Approve Grant Award – Sheriff Coroner – 2022 Edward Byrne Memorial Justice Assistance Grant (JAG) – \$464,954
6. Approve Grant Application and Adopt Resolution – OC Public Works – Cow Camp Road Segment 2C – 2A – \$8,944,150
7. Approve Grant Award – OC Public Works – Orange County Floodplain Management Plan Project – \$975,000
8. Approve Grant Application – Social Services Agency – Housing and Disability Advocacy Program – \$7,659,238
9. Approve Grant Resolution – Social Services Agency – Transitional Housing Program (THP) Round 2

10. Approve Grant Resolution – Social Services Agency – Transitional Housing Program (THP) Round 3
11. Approve Grant Resolution – Social Services Agency – Housing Navigators Program (HNP) Round 2
12. Approve Retroactive Grant Application – OC Community Resources – CALFORALLANIMALS – \$426,282
13. Approve Retroactive Grant Award and Adopt Resolution – OC Community Resources – SNAP Ed/CalFresh Healthy Living and CalFresh Expansion – \$1,027,806
14. Approve Grant Award and Adopt Resolution – OC Community Resources – Senior Nutrition Infrastructure – \$2,129,467
15. Approve Grant Disbursement – OC Community Resources – Comprehensive and Accessible Reemployment through Equitable Employment Recovery (CAREER) National Dislocated Worker Grant – \$3,000,000
16. Approve Grant Application – John Wayne Airport – Bipartisan Infrastructure Law (BIL) Airport Terminal Program (ATP) Terminal Elevator and Escalator Replacement – \$12,000,000
17. Approve Grant Application – John Wayne Airport – Bipartisan Infrastructure Law (BIL) Airport Terminal Program (ATP) Restrooms and Path of Travel – \$17,000,000
18. Receive and File Grants Report.

If you or your staff have any questions or require additional information on any of the items in this report, please contact Julie Bechtol at 714-834-2009.

ORANGE COUNTY SHERIFF'S DEPARTMENT

EXTERNAL MEMO

To: Frank Kim, County Executive Officer
From: Don Barnes, Sheriff-Coroner *J.W. Barnes for D.B. Ford*
Date: October 4, 2022
RE: Ratify Request to Apply for the Operation Stonegarden Grant Program

Digitally signed by Frank Kim
 DN: cn=Frank Kim, o=County of Orange, ou=CEO, email=frank.kim@ocgov.com, c=US
 Date: 2022.10.05 10:22:06 -0700

The Sheriff-Coroner Department requests that the County Executive Officer place the subject grant application on the October 18, 2022, Board of Supervisors Meeting Agenda. The Sheriff requests ratified approval to apply for \$842,000 from the County of San Diego Sheriff's Department through the State of California Governor's Office of Emergency Services (CalOES) and the U.S. Department of Homeland Security for the Operation Stonegarden Grant Program (OPSG). The grant offer, made on September 7, 2022, required the Sheriff submit an application for the grant before September 19, 2022.

The grant application was submitted in time on September 19, 2022. Unfortunately, as a sub-recipient, the Department did not have enough time to schedule this application for Board approval with such a short period of time.

The grant funding is intended to enhance cooperation and coordination between Federal, State and local law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders, including travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders. OSPG grant funding supports these States in the following areas:

- Increasing capability to prevent, protect against, and respond to border security issues
- Encouraging local operational objectives and capabilities to enhance National and State Homeland Security Strategies
- Increasing coordination and collaboration among Federal, State, local and tribal law enforcement agencies
- Continuing the distinct capability enhancements required for border security and border protection
- Providing intelligence-based operations through Customs and Border Protection/Border Patrol (CBP/BP) Sector Level experts to ensure safety and operational oversight of Federal, State, local and tribal law enforcement agencies participating in OPSG operational activities
- Continuing to increase operational, material and technological readiness of State, local and tribal law enforcement agencies

The Sheriff-Coroner Department plans to return to the Board of Supervisors for acceptance if we are granted the allocation. The allocation will be used towards overtime and benefits and procuring one (1) fully outfitted 38 foot Defiant Boat to replace the boat which was funded by 2009 Operation Stonegarden grant by our Harbor Patrol Bureau. The Sheriff-Coroner Department will serve as the County fiscal agent, and the Sheriff's grant management personnel will provide oversight for the grant and submission of related documents.

If you have any questions about the grant, please contact Yumi Leung, Grant Manager at (714) 834-6674.

c: Executive Director Brian Wayt, Administrative Services Command
 Director Noma Crook, Financial Administration Division
 Asst. Director Lynn Wilkerson, Financial Administration Division

**CEO-Legislative Affairs Office
Grant Authorization eForm**

The U.S. Department of Homeland Security provides funding through the Homeland Security Grant Program/Operation Stonegarden (OPSG) to border states to enhance the capabilities of law enforcement agencies to secure our borders. The grant funding is intended to enhance cooperation and coordination between Federal, State and local law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders, including travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders. OSPG grant funding supports these states in the following areas:

- Increasing capability to prevent, protect against, and respond to border security issues
- Encouraging local operational objectives and capabilities to enhance National and State Homeland Security Strategies
- Increasing coordination and collaboration among Federal, State, local and tribal law enforcement agencies
- Continuing the distinct capability enhancements required for border security and border protection
- Providing intelligence-based operations through Customs and Border Protection/Border Patrol (CBP/BP) Sector Level experts to ensure safety and operational oversight of Federal, State, local and tribal law enforcement agencies participating in OPSG operational activities
- Continuing to increase operational, material and technological readiness of State, local and tribal law enforcement agencies

The California Governor's Office of Emergency Services (CalOES) is the State Administrative Agency for California and, therefore, is the eligible applicant for OPSG funding on behalf of County-level recipients. Since 2009, the Orange County Sheriff-Coroner Department has received OPSG funding as a sub-recipient of funds passed through the County of San Diego. Other sub-recipients of OPSG grant funding passed through the County of San Diego include the San Diego County Sheriff's Department, San Diego County Probation, several city police departments in San Diego County, the San Diego Unified Port District, the University of California San Diego, the Counties of Los Angeles, Monterey, San Luis Obispo, San Mateo, Santa Barbara, Santa Cruz and Ventura, and the California Highway Patrol and other state agencies. The grants funds are intended to be used to close a gap in human trafficking, drug smuggling, drug cartel and gang activity, and threat interdiction identified by Customs and Border Protection/Border Patrol (CBP/BP) and the San Diego County Sheriff's Department. As the San Diego County Sheriff's Department has increased its prevention and interdiction activities, criminal activity is perceived to be circumventing San Diego law enforcement by establishing alternative maritime or land-based routes, which potentially impact the County of Orange.

If awarded, the Orange County Sheriff-Coroner Department intends to return to the Board of Supervisors to accept the funding.

Board Resolution Required?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>

Will the grant/program create new part or full-time positions?	No
Purpose of Grant Funds:	Provide a summary and brief background on why the Board of Supervisors should accept this grant application/award, and how the grant will be implemented.
<p>The Division of Boating and Waterways (DBW) receives funding for the Boating Safety and Enforcement Equipment (BSEE) program from the U.S. Coast Guard Recreational Boating Safety (RSB) grant program. The BSEE grant program aims to offer grants to local government agencies that provide boating safety and law enforcement services and demonstrate a need for assistance to purchase related equipment. The grant funding can purchase law enforcement patrol boats, marine patrol equipment, rescue watercraft, search and rescue equipment, dive gear, and patrol boat engines, either new, repowers, or replacements.</p> <p>The Orange County Sherriff's Department, Harbor Patrol Bureau, provides around-the-clock services to the citizens of Orange County, its 42 miles of coastline, and within the county's three significant harbors at Newport Beach, Sunset-Huntington, and Dana Point. Our law enforcement responsibility is to monitor vessel traffic for municipal, county, and state violations and conduct boater education to ensure the community's safety. In addition, the harbor Patrol Bureau works closely with local and federal government agencies, sharing information for the detection and prevention of suspected acts of terrorism.</p>	

**CEO-Legislative Affairs Office
Grant Authorization eForm**

The Harbor Patrol Bureau's fleet consists of six fully equipped fireboats and ten patrol boats that consist of multiple configurations and capabilities to meet the demands of day-to-day operations. The OCSD Harbor Patrol Bureau provides immediate aid and lifesaving assistance to those in distress or imminent danger. It is imperative to officer safety to give the deputies the ability to navigate safely within the harbors and along the county coastline. Therefore, providing our officers with safety gear and other equipment would allow us more opportunities to safely deliver the underwater search and recovery services for the varied duties of evidence and body recoveries, boating accident investigation on sunken or damaged vessels, and emergency inspections. The grant period is a one-year cycle, commencing on October 1, 2022, and ending on September 30, 2023.

The Sheriff-Coroner Department intends to use the grant funding to purchase boating safety equipment such as headsets, GPS, and Flir night visions.

RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA

October 18, 2022

A RESOLUTION TO ACCEPT GRANT FUNDS FROM THE
CALIFORNIA DEPARTMENT OF PARKS AND RECREATION,
DIVISION OF BOATING AND WATERWAYS, FOR BOATING
SAFETY AND ENFORCEMENT EQUIPMENT

WHEREAS, the County of Orange, Sheriff-Coroner, applied to the California Department of Parks and Recreation, Division of Boating and Waterways, for boating safety and enforcement equipment for the **Sheriff-Coroner of the County of Orange**; and

WHEREAS, the California Department of Parks and Recreation, Division of Boating and Waterways, has approved **Sheriff-Coroner of the County of Orange** to receive **\$101,500** in boating safety and enforcement equipment grand funds and now requires a resolution accepting these grant funds.

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the **County of Orange** as follows:

Sheriff-Coroner Don Barnes is hereby authorized to accept a California Department of Parks and Recreation, Division of Boating and Waterways, grant in the amount of \$101,500 for boating safety and enforcement equipment on behalf of the **Sheriff-Coroner of the County of Orange**, a public entity established under the laws of the State of California.

BE IT FURTHER RESOLVED, the following positions are authorized to execute, on behalf of the County of Orange, all documents necessary to accept the grant:

- Sheriff-Coroner – Don Barnes
- Undersheriff – Jeff Hallock
- Assistant Sheriff – Ross Caouette
- Executive Director – Brian Wayt
- Director Financial/Administrative Services – Noma M. Crook

BE IT FURTHER RESOLVED, to Authorize the positions mentioned above to execute, on behalf of the County of Orange, any future documents with the California Department of Parks and Recreation, Division of Boating and Waterways, if those actions do not materially change the terms or amounts of the County's commitment as it is reflected in all above-referenced grant application and assurances.

BE IT FURTHER RESOLVED that this Board will not provide matching grant funds.

Application Due Date:	May 25, 2022
Board Date when Board Approved this Application:	May 24, 2022
Awarded Funding Amount:	\$400,000
Notification Date of Funding Award:	September 29, 2022
Is this an Authorized Retroactive Grant Application/Award? No <small>(If yes, attach memo to CEO)</small>	
Recurrence of Grant	New <input checked="" type="checkbox"/> Recurrent <input type="checkbox"/> Other <input type="checkbox"/> Explain:
If this is a recurring grant, please list the funding amount applied for and awarded in the past:	FY 2021: \$2,000,000 (Not awarded)
Does this grant require CEQA findings?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
What Type of Grant is this?	Competitive <input checked="" type="checkbox"/> Other Type <input type="checkbox"/> Explain:
County Match?	Yes <input checked="" type="checkbox"/> Amount _____ or <u>100 % Match</u> No <input type="checkbox"/>
How will the County Match be Fulfilled? <small>(Please include the specific budget)</small>	The Sheriff-Coroner Department will meet the matching requirement with 150 licenses and internet fees.
Will the grant/program create new part or full-time positions?	No.
Purpose of Grant Funds:	Provide a summary and brief background on why the Board of Supervisors should accept this grant application/award, and how the grant will be implemented.

The Body-worn Camera Policy and Implementation Program to Support Law Enforcement Agencies (BWCPIP-LEA) is a competitive grant program designed to provide funding directly to law enforcement agencies. The goal of BWCPIP-LEA is to support the purchase of body-worn cameras (BWCs) to establish or expand comprehensive body-worn camera programs with a specific plan to implement the technology to maximize the benefits of BWCs and further the U.S. Department of Justice (DOJ) mission by promoting the safe and fair administration of justice.

The BWCPIP-LEA aims to integrate the BWC programs to help increase trust and communication between the police and the community. BWCs are an essential tool because they can be an integrated part of a jurisdiction's holistic problem-solving and community engagement strategy. It can be highly effective when visual records of interactions can capture empirical evidence in a crime, police-citizen, or use-of-force incident. In addition, the effective management of data generated from BWCs and the sharing of digital evidence is vital to modern law enforcement practices and the prosecutors' offices, defense counsel, and the judiciary.

**CEO-Legislative Affairs Office
Grant Authorization eForm**

The Orange County Sheriff's Department (OCS D) is among the largest in the nation, providing exemplary law enforcement services focused on a collaborative, dedicated, and innovative approach to public safety in line with the core values of professionalism in the performance of duty and vigilance in safeguarding the community. Therefore, the OCS D would like to expand its body-worn camera program to provide its Mutual Aid and Reserve Bureaus with 200 additional cameras to support its mission.

The grant period is a three-year cycle, commencing on October 1, 2022, and ending on September 30, 2025.

The Sheriff-Coroner Department intends to use the grant funding to expand its program by purchasing 200 body-worn cameras and hardware with 150 licenses. This program will promote accountability, enhance public trust, and help deter criminal activity and uncooperative behavior during police-public interactions.

<p>Bureau of Justice Assistance (BJA) FY 2022 DNA Capacity Enhancement for Backlog Reduction (CEBR) Program provides funding to States and units of local government with existing crime laboratories to increase the capacity of publicly funded forensic DNA and DNA database laboratories and to process more DNA samples. This program reduces the backlog of forensic and database DNA samples. The Sheriff-Coroner has applied for this competitive program since 2004. In 2020, this CEBR grant was transferred to the BJA from the National Institute of Justice Program catalog.</p> <p>This grant provides both formula and discretionary allocations aimed at reducing evidence backlogs and improving the quality and timeliness of forensic science services. Awarded agencies may utilize funds to</p>																	

CEO-Legislative Affairs Office Grant Authorization eForm

hire additional full-time or part-time laboratory employees to directly perform capacity enhancement-specific activities, such as validating new DNA analysis technologies for the forensic DNA laboratory and/or the laboratory responsible for analysis of DNA database samples. Matching funds are not required.

The Sheriff-Coroner Department plans to fund overtime to process backlogged DNA casework at the Orange County Crime Laboratory, and to purchase new analytical instruments.

The Edward Byrne Memorial Justice Assistance Grant (JAG) program is the primary source of federal justice funding to state and local government jurisdictions. This program furthers the U.S. Department of Justice's (DOJ) mission by assisting local and tribal law criminal justice efforts to prevent or reduce crime and violence to improve the administration of the criminal justice system.																					
The FY 2022 JAG program provides funding to state and local governments to support a range of																					

CEO-Legislative Affairs Office Grant Authorization eForm

program areas that will help improve the functioning of the criminal justice system with an emphasis on violent crime and severe offenses. Eligible local jurisdictions will use the allocated funds to support projects related to criminal justice priorities and to further law enforcement initiatives, including hiring additional personnel, purchasing equipment, allowable supplies, contractual support, training, technical assistance, and information systems for criminal justice.

The Sheriff-Coroner Department will serve as the County fiscal agent and submit a single application representing the interests of all eligible jurisdictions receiving JAG allocations. The Sheriff's grant management personnel will provide oversight for the grant, the agencies, the submission of the application, and related documentation. The Grant Unit will also submit quarterly financial, programmatic, and annual progress reports required for the life of this grant and annual compliance monitoring reviews.

As the fiscal agent, the Sheriff submitted a single application representing the interests of the units of local governments that are eligible to receive funding allocations. This application includes Orange County (Sheriff), Anaheim, Buena Park, Costa Mesa, Fullerton, Garden Grove, Huntington Beach, La Habra, Irvine, Orange, Placentia, Santa Ana, Tustin, and Westminster.

RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA

October 18, 2022

A resolution of the Board of Supervisors of Orange County approving the submittal of Cow Camp Road Segment 2C-2A Project to the Orange County Transportation Authority for funding under the Comprehensive Transportation Program

THE BOARD OF SUPERVISORS OF ORANGE COUNTY HEREBY RESOLVES, DETERMINES, AND ORDERS AS FOLLOWS THAT:

WHEREAS, the County of Orange (County) desires to implement the transportation improvements listed below; and

WHEREAS, the County has been declared by the Orange County Transportation Authority to meet the eligibility requirements to receive M2 "Fair Share" funds; and

WHEREAS, the County's Circulation Element is consistent with the County of Orange Master Plan of Arterial Highways; and

WHEREAS, the County will not use M2 funds to supplant Developer Fees or other commitments;

WHEREAS, the County must include all projects funded by Net Revenues in the seven-year Capital Improvement Program as part of the Measure M2 Ordinance eligibility requirement.

WHEREAS, the County will provide a minimum in 25% in matching funds for the Cow Camp Road Segment 2C-2A Project as required by the Orange County Comprehensive Transportation Funding Programs Guidelines; and

WHEREAS, the Orange County Transportation Authority intends to allocate funds for transportation improvement projects, if approved, within the incorporated cities and the County; and

WHEREAS, the County authorizes a formal amendment to the seven-year Capital Improvement Program to add projects approved for funding upon approval from the Orange County Transportation Authority Board of Directors, if necessary.

NOW, THEREFORE, BE IT RESOLVED THAT:

The Board of Supervisors of Orange County hereby requests the Orange County Transportation Authority allocate funds in the amounts specified in the County's application to County from the Comprehensive Transportation Funding Programs. Said funds, if approved, shall be matched by funds from County as required and shall be used as supplemental funding to aid the County in the improvement of Cow Camp Road Segment 2C-2A.

describes the HDAP services and activities that would be provided through subcontracted service providers. The MOU was most recently amended on January 22, 2020, to reflect the Office of Care Coordination agency reorganization to HCA. The selected providers were approved by the Board on April 3, 2019 and are currently administering HDAP services to eligible participants through sole source contracts in each Service Planning Area - North, Central, and South. The subcontracted providers leverage other County-funded contracts and services with HDAP to maximize available resources and also provide targeted interventions that help individuals experiencing homelessness access benefits and income and secure permanent housing. On July 1, 2021, a new MOU was signed between SSA and OCCR to continue the collaborative efforts in meeting objectives and to comply with on-going State obligations for HDAP. The MOU will be amended to include an updated term and an updated budget once the funds have been approved by the Board and awarded by the State, as well as the reorganization of the Office of Care Coordination to County Executive Office.

The California Budget Act of 2022 appropriated \$285 million for HDAP statewide in FY 2022-23 to establish, continue and expand housing and homelessness assistance through the program. On September 21, 2022, CDSS issued an All County Welfare Director Letter announcing the FY 2022-23 application opportunity for HDAP funds. This includes the County's non-competitive allocation in the amount of \$7,659,238, available for the expenditure period of July 1, 2022, to June 30, 2024. The letter summarizes recent statutory changes enacted through AB 135 (Chapter 85, Statutes of 2021), outlines continuing HDAP requirements and guidance and provides new guidance as a result of expanded funding and changes to program statute.

CDSS recommends that counties review and submit a Director's Certification by November 2, 2022, to expedite receipt of grant funds available through the Noncompetitive Allocation. All grantees must submit documentation by November 2, 2022, to receive funds. SSA is now bringing the application for the HDAP FY 2022-23 allocation funds to the Board for approval and will bring back to the Board for approval any award agreement received subsequent to the application submission.

Approval of this application for funds will allow for continuity and development of HDAP services and provide a needed resource to the System of Care as the County continues to address homelessness in our community.

RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA
October 18, 2022

WHEREAS, the State of California, Department of Housing and Community Development (“Department”) issued an Allocation Acceptance form, dated July 27, 2020 under the Transitional Housing Program (“THP” or “Program”) for \$8 million authorized by item 2240-102-0001 of section 2.00 of the Budget Act of 2020 (Chapter 6 of the Statutes of 2020) and Chapter 11.7 (commencing with Section 50807) of part 2 of Division 31 of the Health and Safety Code; and

WHEREAS, the Allocation Acceptance form relates to the availability of the TRANSITIONAL HOUSING PROGRAM Allocation funds; and

WHEREAS, the County of Orange Social Services Agency (“Applicant”), was listed as an eligible applicant in the Allocation Acceptance form, dated July 27, 2020.

NOW, THEREFORE, BE IT RESOLVED that that the Board of Supervisors for the County of Orange (“County”) does hereby determine and declare as follows:

1. That Applicant is hereby authorized and directed to apply for and accept their TRANSITIONAL HOUSING PROGRAM Allocation award, as detailed in the Allocation Acceptance form and estimated at \$208,000, up to the amount authorized by the Allocation Acceptance form and applicable state law.
2. That the Director of the County of Orange Social Services Agency, or designee, is hereby authorized and directed to act on behalf of County in connection with the TRANSITIONAL HOUSING PROGRAM Allocation award, and to enter into, execute, and deliver any and all documents required or deemed necessary or appropriate to be awarded the TRANSITIONAL HOUSING PROGRAM Allocation award, and all amendments thereto (collectively, the “TRANSITIONAL HOUSING PROGRAM

Allocation Award Documents”).

3. That Applicant shall be subject to the terms and conditions that are specified in the TRANSITIONAL HOUSING PROGRAM Allocation Award Documents, and that Applicant will use the TRANSITIONAL HOUSING PROGRAM Allocation award funds in accordance with the Allocation Acceptance form, other applicable rules and laws, the THP Program Documents, and any and all THP requirements.

RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA
October 18, 2022

WHEREAS, the State of California, Department of Housing and Community Development (“Department”) issued an Allocation Acceptance form, dated October 1, 2021 under the Housing Navigators Program (“HNP” or “Program”) for \$5 million authorized by item 2240-103-0001 of section 2.00 of the Budget Act of 2019 (SB 109) as amended by Section 2.00 of Chapter 21 of the Statutes of 2021 (AB 128); and

WHEREAS, the Allocation Acceptance form relates to the availability of the funds under the Program; and

WHEREAS, the County of Orange was listed as an eligible applicant in the Allocation Acceptance form, dated October 1, 2021.

NOW, THEREFORE, BE IT RESOLVED that that the Board of Supervisors for the County of Orange (“County”) does hereby determine and declare as follows:

1. That County is hereby authorized and directed to apply for and accept County’s allocation award, as detailed in the Allocation Acceptance form (the “HNP Allocation Award”) and estimated at \$221,210, up to the amount authorized by the Allocation Acceptance form and applicable state law.
2. That if funds remain available for allocation after the deadline for submitting a signed Allocation Acceptance Form, and if the Department advises County that County is eligible for an additional allocation from these remaining funds, County is hereby authorized and directed to accept this additional allocation of funds (“Additional HNP Allocation”) up to the amount authorized by Department.
3. That the Director of the County of Orange Social Services Agency, or designee, is hereby authorized and directed to act on behalf of County in connection with the HNP

Allocation Award and any Additional HNP Allocation, and to enter into, execute, and deliver any and all documents required or deemed necessary or appropriate to be participate in the Program and be awarded the HNP Allocation Award, and any Additional HNP Allocation, and any amendments to such documents (collectively, the “HNP Allocation Award Documents”).

4. That County shall be subject to the terms and conditions that are specified in the HNP Allocation Award Documents, and that County will use the HNP Allocation Award funds and any Additional HNP Allocation funds in accordance with the Allocation Acceptance Form, the HNP Allocation Award Documents, and any and all other HNP requirements, and other applicable laws.

Retroactive Grant Memorandum

Date: 10/11/2022
To: County Executive Office
From: Dylan Wright, Director, OC Community Resources
Re: CALFORALLANIMALS "Sniptember" Spay / Neuter Grant
Subject: Retroactive Request to Approve Grant Application

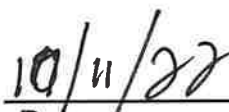

OC Community Resources/OC Animal Care (OCCR/OCAC) received notice of a grant opportunity to increase capacity for spaying and neutering animals from CALFORALLANIMALS, a State of California mandate administered through the UC Davis Koret School of Veterinary Medicine. This is a state-funded initiative made possible in 2021 when Gov. Newsom signed budget legislation that included \$45 million in one-time support for a statewide Animal Shelter Assistance Program, an augmentation to \$5 million earmarked earlier in 2021. All municipal animal shelters in California are eligible to apply for this grant.

OCCR/OCAC learned of this grant opportunity on October 4, 2022, and the due date was October 15, 2022. Due to the short turn around, OCCR/OCAC was unable to submit for grant application approval prior to grant submission.

Accordingly, OCCR/OCAC is requesting retroactive approval to apply for CALFORALLANIMALS "Sniptember" Spay / Neuter Grant.

 Dylan Wright, Director
 OC Community Resources

Grant Retroactive Memorandum

Date: 10/11/2022
To: County Executive Office
From: Dylan Wright, Director of OC Community Resources
Re: SNAP-Ed/CalFresh Healthy Living and Cal Fresh Expansion
 CF-2223-22
Subject: Request to Approve Retroactive Grant Award

OC Community Resources/Office on Aging (OCCR/OoA) received notification of the grant award for the Supplemental Nutrition Assistance Program Education for CalFresh Health Living (SNAP-Ed) on September 16, 2022, from the California Department of Aging (CDA).

Due to the length of time required to complete the administrative process and budget preparation, OCCR/OoA was unable to meet the deadline for the October 4, 2022, Board meeting and the next available Board date exceeded the 30-day deadline outlined in the Grants Policy Manual.

Accordingly, OCCR/OoA is requesting that the CEO accept this retroactive grant award and approve the acceptance of the funds allotted by the CDA for the SNAP-Ed program.

Will the grant/program create new part or full-time positions?	No.
Purpose of Grant Funds:	Provide a summary and brief background of why Board of Supervisors why should accept this grant application/award, and how the grant will be implemented.
CalFresh is an entitlement that provides low-income families with electronic benefits that can be used to purchase food at participating markets and food stores. The Supplemental Nutrition Assistance Program Education for CalFresh Health Living (SNAP-Ed) provides funding of direct and indirect education activities based on California Department of Aging (CDA) approved, evidence-based, nutrition education and obesity prevention programs to SNAP-Ed eligible population. CDA has an agreement with California Department of Social Services to provide funding to the Area Agencies on Aging (AAA) and has designated County of Orange Office on Aging, the County of Orange's AAA for outreach and application assistance to eligible older adults (60+) under the CalFresh Expansion funding. The funding will be used to reach 9,129 newly eligible Social Security Income recipients with outreach materials, help 3,760 people with application assistance, and submit 923 CalFresh applications. Additionally, in accordance with County mandates, the program will provide all outreach materials in the Board approved threshold languages.

How will the County Match be Fulfilled? <small>(Please include the specific budget)</small>	N/A
Will the grant/program create new part or full-time positions?	No
Purpose of Grant Funds:	Provide a summary and brief background of why Board of Supervisors why should accept this grant application/award, and how the grant will be implemented.
The COVID-19 Pandemic took a toll on current senior nutrition service providers. The condition of their kitchen equipment was greatly impacted during the pandemic as meal services increased by 160%. This grant funding will be allocated to OCCR/OCCS's contracted senior nutrition providers and will allow these providers to modernize their kitchens to ensure they have the capacity to increase production in the event of any unforeseen issues in the future. Allowable costs include, but are not limited to, commercial grade equipment such as refrigerators, ovens, stoves, insulated food bags, refrigerated vehicles, dishwashers, tables, and chairs.

Sponsoring Organization/Grant Source: <small>(If the grant source is not a government entity, please provide a brief description of the organization/foundation)</small>	US Department of Labor, Employment and Training Administration
Application Amount Requested:	\$3,000,000
Application Due Date:	08/31/2021
Board Date when Board Approved this Application:	05/11/2021
Awarded Funding Amount:	\$3,000,000
Notification Date of Funding Award:	September 29, 2021
Is this an Authorized Retroactive Grant Application/Award? <small>(If yes, attach memo to CEO)</small>	
Recurrence of Grant	New <input checked="" type="checkbox"/> Recurrent <input type="checkbox"/> Other <input type="checkbox"/> Explain:
If this is a recurring grant, please list the funding amount applied for and awarded in the past:	N/A
Does this grant require CEQA findings?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
What Type of Grant is this?	Competitive <input checked="" type="checkbox"/> Other Type <input type="checkbox"/> Explain:
County Match?	Yes <input type="checkbox"/> Amount ____ or ____ % No <input checked="" type="checkbox"/>
How will the County Match be Fulfilled? <small>(Please include the specific budget)</small>	There is no required match, but OCCS intends to leverage existing WIOA funding to support the program activities.
Will the grant/program create new part or full-time positions?	No permanent positions will be created; the program intends to hire up to 10 extra-help and/or limited term positions to operate the program during the grant term.
Purpose of Grant Funds:	Provide a summary and brief background of why Board of Supervisors why should accept this grant application/award, and how the grant will be implemented.
<p>Orange County's CAREER Dislocated Worker Grant project will assist 600 dislocated workers with finding employment by implementing both technology and direct service delivery components, including but not limited to, providing individualized career services and a virtual career training and guidance platform, that will serve marginalized communities. The project will help move the OC workforce toward high-quality employment opportunities by reaching those areas and populations within the county that have had limited access to services, training, and education opportunities by implementing a robust outreach strategy that will cover all the Board approved threshold languages; that combines print, radio, digital media, and community forums. The program includes providing career, training and education opportunities, such as the development and implementation of a virtual Orange County One-Stop Center using a learning management system and community outreach activities, to support the needs of dislocated workers and meet historically marginalized communities where they are.</p>	

CEO-Legislative Affairs Office Grant Authorization eForm

The Board of Supervisors approved the OC Community Resources Director or designee to accept the \$3,000,000 grant on October 19, 2021, as included on the CEO grants report. This eForm submission is requesting specific Board approval to have authority to spend out grant funds, as required by Auditor-Controller.

Board Resolution Required?

Appl, Assessment Appeals Board OC
Renewal of Term
October 2022

Within the last five years, have you been affiliated with any business or nonprofit agency(ies)?

Yes, I am a board member for the non-profit organization Be A Hero Become A Donor (BAHBAD). I became a board member in 2012 and am still on the Board of Directors. The mission of the organization is to encourage others to join the bone marrow registry and to be an organ donor.

Please briefly explain why you wish to serve on this board, committee, or commission.

I have completed one term on the Assessment Appeals Board, from 2020 thru September 2022. The primary reason I want to return to serve on the Assessment Appeals Board is to continue my engagement in public service, and to give back to the community. I have enjoyed my time on the Board and serving the community of Orange County and am a fair and honest board member. I moved to Orange County to attend college, and never left. I have been given much thru my education and professional experiences, and now that my children are a little older, I want to continue to give back to the community that has given me so much.

HARDIP BRAR PASSANANTI

PROFILE

Seasoned attorney with over 15 years of law firm experience in litigation, trademark, client counseling, and patent prosecution matters. Practice focus is on client counseling, including trademarks, and resolving infringement disputes in a wide range of technologies and fields.

Litigation experience: Represent plaintiffs and defendants at trial and appellate levels in federal and state court, as well as before the International Trade Commission on patent, trademark, trade dress, copyright, false claims act, trade secret, employment and fraud actions; Represent clients in asbestos litigation, and multi-defendant contract disputes in state court; Manage multiple pro bono matters; Participate in all phases of complex lawsuits, including: Draft invalidity and non-infringement briefs and summary judgment motions; Take and defend depositions; Analyze prior art; draft invalidity and non-infringement charts; Work closely with expert witnesses and help to draft expert reports and declarations.

Representative litigation matters include:

- **Bayer v. Dow AgroSciences (DAS):** Member of team that represented DAS and its affiliates in multiple patent actions involving plant molecular genetics; Manage team of junior associates and paralegals; Work closely with in-house counsel and inventors to understand technology in preparation for Markman hearings and trial; Manage retention of expert witnesses, including identify and interview potential expert witnesses and make recommendations to client; Resolved two of the cases at summary judgment in favor of DAS, and the third case is pending.
- **Union Carbide Corporation:** Represent Union Carbide as a member of the Orrick team acting as National Counsel and California trial counsel in ongoing asbestos-related product liability litigation, which recently obtained a complete defense verdict in a multi-week jury trial.
- **Rainbow Municipal Water District v. Miox Corp.:** Primary attorney defending Miox, a New Mexico company, in a breach of contract case in which the Water District entered into a contract with a third party to install Miox's on-site chlorine generation systems at the District facilities; Manage employee fact interviews to determine timeline of events; Communicate case status and develop case strategy with Miox's general counsel; Coordinate defense with three co-defendants; Prepare and conduct all depositions; Negotiate and draft settlement agreement.
- **Biax Corp. v. Intel Corp.:** Defend Intel Corp. in a patent infringement action brought by a non-practicing entity involving parallel processing; Oversee the licensing and marking defenses, including preparing for licensing and marking depositions; Manage damages experts, including drafting expert reports, preparing damages experts for depositions and trial.
- **Certain L-Lyine feed products (ITC):** Ajinomoto's technology allows the use of *E. coli* with specific genetic mutations to produce lysine thru a fermentation process; Help client file suit in the ITC to prevent a competitor from using and importing Ajinomoto's patented technology; Manage Ajinomoto's expert witness, including drafting expert report; Work closely with and manage senior executives and inventors from Japan while preparing for trial.
- **MGA v. Mattel Inc.:** Member of team that represented MGA in a complex case involving trade secret misappropriation, RICO, breach of contract, trade mark issues, and business torts. After obtaining reversal by the Ninth Circuit of a prior jury verdict that favored Mattel, a second jury trial resulted in a verdict for MGA.
- **Geotag Inc. v. Frontier Communications Corp.:** Represent 30 plus defendants in a consolidated patent infringement action involving approximately 300 defendants in which the underlying technology was an internet system for accessing geographically topically based information; Primary contact between Orrick and each of the 30 plus defendants; Serve as the primary Orrick attorney for the Joint Defense Group, which involved coordinating discovery efforts, *inter alia*, with multiple co-counsel; Manage junior associates and paralegals.

- Power Integrations, Inc. v. Fairchild Semiconductor International, Inc.: Draft summary judgment motions regarding recovering damages prior to filing of complaint and failure to mark products as required by 35 USC 287.
- Sears/Orchard Supply Hardware: Assist in employment litigation involving overtime claims against clients Sears and Orchard Supply Hardware (OSH); Conduct employee interviews on-site; Take depositions.
- Syngenta Seeds, Inc. v. Monsanto and Dow AgroSciences: Represent DAS in multi-patent litigation in Delaware involving genetically modified corn; Manage document review process; Take inventor depositions; DAS prevailed at trial.

Trademark experience: Advise on trademark availability for use and registration; Monitor existing and proposed trademarks; Oversee all procedural details of trademark registration; Conduct and manage pre-filing clearance searches, prosecution, registration, maintenance and renewal; Conduct U.S. opposition and cancellation proceedings; Coordinate and manage international opposition and cancellation proceedings; Draft pleadings and conduct motion and discovery practice in U.S. litigation; Manage cease and desist letters and coordinate follow up efforts; Conduct due diligence investigations.

Representative Trademark matters include:

- El Torito: Manage El Torito restaurant's world-wide trademark portfolio; Manage foreign counsel in Japan, Turkey, Chile, Korea and the Middle East; Work with in-house counsel to brainstorm new marks for drinks; Primary attorney representing El Torito in a Trademark Opposition (El Torito v. Agroindustria Guadalajara) in front of the Trademark Trial and Appeal Board, and led the successful resolution of the opposition.
- The Food Dude: Develop a framework with client to help protect mark; Led opposition to cancellation proceedings at the TTAB; Negotiate and draft coexistence agreement. (*pro bono*)
- Haute Couleur: Develop a framework for trademark protection in the US for a family of trademarks; Strategize about filing in other countries; Strategic oversight of aligning changing corporate goals with IP protection; Negotiate and draft license agreements with strategic partners.
- Neighborhood Entrepreneur Law Project: Work with the New York City Bar Association to advise multiple clients on trademarks for their businesses and products. (*pro bono*)
- Labor Voices, Inc. Coordinate with corporate counsel and inventors on IP strategy, including in which classes to file trademarks to optimize protection.
- Ms. America: Work with client in protecting trademark by identifying improper use of mark; Draft cease and desist letters; File trademark infringement complaint; Negotiate settlement with infringer, including transfer of website. (*pro bono*)
- OperaWorks: In conjunction with Intel's Pro Bono effort, monitor others use of client's mark; Draft cease and desist letters, primarily to universities and other opera houses that were wrongfully using client's mark; Negotiate settlement agreements with multiple infringing users of mark. (*pro bono*)
- Neowiz Internet Inc.: Work with US team of Korean company to secure trademark protection for downloadable game software and electronic games for use on wireless devices.

Client counseling experience: Negotiate and draft license agreements; Negotiate and draft settlement agreements; Draft cease-and-desist letters and responses thereto; Work closely with in-house counsel, including to ensure business goals are aligned with litigation strategies; Evaluate portfolios for potential acquisition; Prepare freedom-to-operate analyses; Prepare infringement and non-infringement opinions; Prepare patentability opinions.

Representative client counseling matters include:

- Brett Sanders: Advise UCI professor on licensing software to simulate flooding to a third party; Negotiate and draft exclusive license agreement.
- Exelixis Plant Sciences: Advise board of directors on potential remedies if they move forward with acquisition of a seed company, including potential monetary damages, likelihood of a preliminary injunction, and likelihood of a seed destruction order; Draft memorandum outlining remedies and present findings to the board of directors.
- Sigma Tau: Assist corporate group in acquisition of a competitor by leading the IP due diligence effort; Review license and development agreement between a US and French corporation; Review world-wide trademark and patent portfolio; Confirm ownership and licensing status of each trademark and patent.

- **Dow AgroSciences:** Negotiate seed and event license agreement between Dow AgroSciences (DAS) and Pioneer, provisions of which include trade secrets; Discuss nature of trade secrets with DAS scientists, marketing and sales staff to ascertain extent of trade secrets.
- **Fraunhofer:** Advise German client on licensing project involving a contractual analysis regarding Fraunhofer's potential liability arising from an adverse arbitration decision; Review and advise client on breach of contract claims by licensees and potentially by licensors; Advise on fraud and misrepresentation claims by licensees.
- **RocketMix:** Advise a UCI startup focusing on online college teaching about general IP strategy and required disclosures to UCI; Develop a framework for a targeted marketing campaign geared towards university professors and students; Negotiate and draft work-for-hire agreements. (*pro bono*)
- **Boehringer-Ingelheim:** Advise general counsel on freedom to operate and licensing of potentially blocking patents.

Prosecution experience: Prepare and prosecute U.S. utility patent applications, U.S. reissue patent applications, PCT patent applications; review invention disclosure statements; work closely with in-house counsel and inventors.

Representative prosecution matters include:

- **Gateway Corp:** draft three patent applications involving computer hardware and software.
- **Genbook, Inc.** draft patent application for an online booking method and system.
- **Agilent, Inc.** draft 3-5 patent applications involving immunoassays and DNA polymerase.

Pro bono experience: Assisted pro bono clients. Notable representations include (in addition to those cited above):

- **Michigan Innocence Project:** Review case screening questionnaires to determine if wrongful criminal convictions were involved; make recommendations for further review.
- **Hurricane Katrina FEMA Assistance:** assist a victim of Hurricane Katrina receive FEMA benefits after his home had been destroyed.
- **Be A Hero Become A Hero Foundation (BAHBAD):** assist a non-profit that promotes donation of bone marrow and organs to incorporate and assist with trademark applications; Serve as Board Member of BAHBAD to encourage others to get on the bone marrow registry.
- **Haiti Immigration:** Assist a US citizen helping out in post-earthquake Haiti obtain a Visa for fiance.
- **UCI Immigration Clinic:** Assist victims of human trafficking, sexual slavery, or domestic abuse apply for permanent residency.
- **UCI Incubators:** Assist UCI faculty with various issues arising with start-up companies, including review consulting agreements, advise on University obligations, draft license agreements, review publishing agreements, negotiate with counsel regarding sale of intellectual property, and advise faculty on various corporate issues.

Criminal Prosecution experience: Try misdemeanor cases from voir dire through sentencing; conduct felony preliminary hearings; prepare and argue various motions and oppositions; Review and analyze police reports and other evidence to file criminal complaints and make sentence recommendations; Interview victims and witnesses involved in pending cases; Negotiate pre-trial case dispositions with defense attorneys.

LEGAL EXPERIENCE

LAW OFFICES OF HARDIP B. PASSANANTI, Irvine, CA
Independent Consultant, October 2017 - Present

ORANGE COUNTY DISTRICT ATTORNEYS OFFICE, Santa Ana, CA
Deputy District Attorney, January 2015 – September 2017

ORRICK, HERRINGTON & SUTCLIFFE, Irvine, CA
Senior Associate, September 2002 – January 2015
Leadership Activities: Successful Women in Intellectual Property, Diversity Committee, Recruiting Committee

LYON & LYON, Costa Mesa, CA
Associate, September 2001 – September 2002

SCIENTIFIC EXPERIENCE

UNIVERSITY OF CALIFORNIA, IRVINE

Graduate Student/Researcher, June 1994 – December 2000

- Investigated the cellular causes of senescence and the effects of nutrition on the aging process
- Identified genes involved in aging at the molecular and biochemical level using Northern Blots
- Differentiated between different population genetic mechanisms of aging
- Managed 40 undergraduate students in the laboratory, and organized lab meetings and training sessions for students
- Presented work to colleagues on a quarterly basis and to the Department on an annual basis

UNIVERSITY OF CALIFORNIA, IRVINE

Undergraduate Researcher, September 1989 – June 1992

- Examined the effects of Superoxide Dismutase (SOD) on longevity and fecundity
- Performed DNA sequencing on selected fruitflies
- Presented research results quarterly to faculty and post-doctoral researchers

TEACHING EXPERIENCE

UNIVERSITY OF CALIFORNIA, IRVINE

Teaching Assistant, April 1995 – March 1998

- Led discussion sections for the following undergraduate courses: Diversity of Life, Ecology, Genetics, Upper division Writing, Biology for non-majors, Ecology for non-majors, Honors Biology.
- Presented three guest lectures.

CALIFORNIA ALLIANCE FOR MINORITY PARTICIPATION (CAMP)

Lecturer, Summers 1995 & 1996

- Taught approximately 50 students in Biology, demonstrated various lab techniques during the laboratory session.

SUMMER RESIDENTIAL PROGRAM (SRP)

Lecturer, Summers 1997 & 1998

- Taught approximately 50 high school and 50 junior high school students how to write scientifically.

EDUCATION

UNIVERSITY OF CALIFORNIA, LOS ANGELES, SCHOOL OF LAW

J.D., May 2001

Activities: UCLA Women's Law Journal, Bulletin of Law and Technology

UNIVERSITY OF CALIFORNIA, IRVINE

Ph.D., Biological Sciences, December 2000

Doctoral Thesis: Studies of Postponed Aging in *Drosophila melanogaster*

Awards: Steinhaus Award for Excellence in Teaching, 1997-98, American Foundation of Aging Research (AFAR) scholarship recipient

Activities: Graduate Representative on Prescription Committee; Member: American Association of University Women, Society for the Study of Evolution

UNIVERSITY OF CALIFORNIA, IRVINE

B.S. degree, *honors*, Biological Sciences, June 1992

Honors: Dean's Honor List, Sigma Xi Scientific Research Society, Excellence in Research, California Table Grape Scholar

ADMISSIONS AND LANGUAGES

- California
- U.S. Court of Appeals for the Federal Circuit

CLERK OF THE BOARD
ORANGE COUNTY
BOARD OF SUPERVISORS

MEMORANDUM

To: Clerk of the Board

From: Vice Chairman Donald P. Wagner, Third District

Date: October 12, 2022

RE: Supplemental Item to the October 18, 2022 Board of Supervisors Agenda

S42C

Please add this as a supplemental item to the Tuesday, October 18, 2022 Board of Supervisors meeting:

- Direct County Counsel to request the Orange County Superior Court to open the conservatorship proceedings for defendant Aminadab Gaxiola Gonzalez (Orange County Superior Court Case 21CF0924) to the public and the victims in the March 31, 2021 mass shooting in the City of Orange.

SUMMARY:

An open hearing will allow Orange County prosecutors with detailed knowledge of this crime – one of Orange County’s most heinous in years – to participate on behalf of the public. It will allow victims an opportunity to observe the handling of this high-profile case and, where appropriate in law or the court’s discretion, to have a voice in this important case. Allowing the public and the victims the opportunity to observe the conservatorship proceedings for defendant Aminadab Gaxiola Gonzalez will ensure compliance with California Welfare and Institution Code § 5188(c)(4).

BACKGROUND INFORMATION:

On March 31, 2021, a 911 caller reported a man shooting into a business complex in the City of Orange. Police arrived minutes later to find the gates to the business’ courtyard had been locked with a bicycle cable-type lock, preventing officers from accessing the property. The shooter, later identified as Aminadab Gaxiola Gonzalez, is accused of firing at the two officers, who returned fire. Gaxiola Gonzalez was wounded, having been shot in the head by police.

Officers used bolt cutters to cut the locks and found four people who had been shot to death within the business complex, including a 9-year-old boy. A man and two women were also found dead. A third woman, later identified as the dead child’s mother, was wounded and taken to the hospital in critical condition, having been shot in the head.

On April 2, 2021, defendant Gaxiola Gonzalez was charged with four felony counts of murder, one felony count of attempted murder and two felony counts of attempted murder of a police officer. The charges make Gaxiola Gonzalez eligible for the death penalty.

On November 5, 2021, the Orange County Superior Court suspended criminal proceedings in this case and determined that the defendant was incompetent to stand trial because of the injuries he sustained.

The court ordered the Orange County Public Guardian to initiate conservatorship proceedings for defendant Gaxiola Gonzalez on October 27, 2022. The District Attorney's Office has been informed that County Counsel, on behalf of the Public Guardian, will seek a Murphy Conservatorship pursuant to Welfare and Institutions Code §5008(b)(1)(B). A Murphy Conservator has the authority to involuntarily place a conservatee in a state hospital or psychiatric treatment facility.

Conservatorship proceedings are presumptively nonpublic pursuant to Welfare and Institutions Code §5118. However, the proceedings may be made public in the following circumstances:

(4) A request by any other party to the proceeding to make the hearing public may be granted if the judge, hearing officer, or other person conducting the hearing finds that the public interest in an open hearing clearly outweighs the individual's interest in privacy (Welfare and Institutions Code §5118(c)(4).)

Having this proceeding held publicly would enhance the performance and accuracy of the proceedings, educate the public regarding the proceedings, provide a means by which the community can observe the use of judicial power, thereby increasing public confidence in the courts and the legal process, and enhance the truth-finding function of the proceedings.

County Counsel has the authority to request the Court to allow the public and the victims to observe the proceeding. This is an extraordinary case of special public interest. The victims, their families, the County of Orange and the country have an unusually strong interest here in observing the matter to determine what will happen to defendant Gaxiola Gonzalez in this proceeding as well as the accompanying criminal case.

The County Executive Office is requesting a Supplemental Agenda Staff Report for the October 18, 2022, Board Hearing.

Agency: County Executive Office
Subject: Approve Contract for Cold Weather Emergency Shelter Services
Districts: 2

Reason Item is Supplemental: This ASR is being filed as a Supplemental Item due to delays experienced in identifying a provider for operations of the Cold Weather Shelter Program. This program provides access to emergency shelter and supportive services during the winter months for individuals experiencing homelessness in Orange County.

Justification: Consideration of the Contract for Cold Weather Emergency Shelter Services at the October 18, 2022 Board Hearing will ensure adequate preparation time for the provider to begin services by the December 1, 2022.

 OTHER: 6% (Fund 15U), GF:49% **County Audit in last 3 years** No

Prior Board Action: 11/16/2021 #16, 6/4/2019 #42, 4/24/2018 #55, 5/9/2017 #55

RECOMMENDED ACTION(S)

1. Approve Sole Source Contract with The Salvation Army for provision of Cold Weather Emergency Shelter Services, for a Contract term effective October 18, 2022, through March 31, 2023, in a contract amount not to exceed \$900,000.
2. Authorize the County Procurement Officer or Deputized designee to execute the contract, as referenced in the Recommended Action.

SUMMARY:

Approval of the Sole Source Contract with The Salvation Army will provide Cold Weather Emergency Shelter Services for individuals experiencing homelessness in Orange County who need shelter from inclement weather.

BACKGROUND INFORMATION:

The County of Orange (County) has been working collaboratively with the community since 2007 to provide Cold Weather Emergency Shelter Services (Program) for persons experiencing homelessness in Orange County during the winter months. The Program ensures safe shelter and respite from inclement weather for persons experiencing homelessness that are not otherwise engaged with year-round emergency shelters elsewhere in the County.

Prior Board of Supervisors (Board) Actions:

Board Date	Contract/Amendment	Term	Action
November 16, 2021	Contract	FY 2021-22	Approved as Recommended
June 4, 2019	Contract	FY 2019-20	Approved as Recommended
April 24, 2018	Contract	FY 2018-19	Approved as Recommended
May 9, 2017	Contract	FY 2017-18	Approved as Recommended

The Program operates seasonally and previously accommodated up to 400 individuals at the Fullerton and Santa Ana National Guard Armory locations. However, in response to the COVID-19 pandemic, the operations of the Program were modified during FY 2020-21 and FY 2021-22 to incorporate the appropriate public health services guidelines and changes in resources available. During the FY 2020-21 cold weather season, the California National Guard was ordered to operate under Federal Emergency Management Agency guidelines and the Program was relocated to alternative temporary sites within the City of Fullerton and Santa Ana. During the FY 2021-22 cold weather season, the Office of Care Coordination contracted for the Program provision at the Santa Ana National Guard Armory location with a reduced capacity of 100 beds based on social distancing protocols and did not operate the Fullerton National Guard Armory location given the increased emergency shelter beds capacity created by the Fullerton and Buena Park Navigation Centers. For the FY 2022-23 cold weather season, the Program will operate with a capacity of up to 100 beds given the increased emergency shelter beds capacity in the Central Service Planning Area, including the opening of the Yale Navigation Center and the Carnegie Homeless Shelter.

Scope of Service:

For the FY 2022-23 cold weather season, the Program will be located at 818 E. Third Street, Santa Ana, and have capacity of up to 100 beds, available on a first come, first serve basis each night. The Salvation Army will provide transportation to and from the site and will not allow walk ups to the facility. As the proposed Program Operator, The Salvation Army will foster a safe and healthy environment for program participants. The hours of operation for the Program will be from 5:00 p.m. to 7:00 a.m., providing individuals experiencing homelessness in Orange County with a safe place to sleep, a hot meal, hygiene facilities including showers and restrooms, case management and supportive services, referrals and linkages to community resources and other personal care and housing assistance needs. The Salvation Army will operate the Program in accordance with the County of Orange's Standards of Care for Emergency Shelter Providers and will follow a Good Neighbor Policy that supports the long-term success of the Program.

Program Outcomes:

As the operator of the Program, upon Board approval of the contract The Salvation Army will begin startup preparations and will be expected to achieve performance outcomes from December 1, 2022, to March 30, 2023, as detailed below:

- 120 nights of emergency shelter services

- Refer an average of 30 percent participants to additional emergency shelter or other longer-term housing opportunities
- Complete an average of 30 percent participants' enrollments into the Coordinated Entry System

Additionally, The Salvation Army will collect data in the Homeless Management Information System on the numbers of participants served daily, exited, transitioned into other emergency shelter programs and permanent housing and average length of stay.

The program outcomes for previous cold weather seasons are included below:

Contract Term	FY 2017-18	FY 2018-19	FY 2019-20	FY 2020-21	FY 2021-22	Total
Number of participants served	2,215	2,183	2,211	664	331	7,604
Number of participants exited to increased housing stability	N/A	158	92	226	87	563
Average length of stay	55 days	48 days	97 days	47 days	67 days	63 days

The recommended Sole Source Contract MA-017-23010366 (Contract) for the Program operations is being submitted for Board approval less than 30 days prior to the start of the Contract as the Office of Care Coordination experienced delays in identifying an appropriate Program Operator to begin Program operations. On July 19, 2022, a Request for Proposals for the Program was issued through the County online bidding system, which resulted in zero respondents. The Office of Care Coordination and the County Procurement Office worked to engage and explore experienced homeless service providers to operate the Program. The Office of Care Coordination also approached the three previous operators of the Program and one additional homeless service provider, as part of these outreach efforts. In a collaborative effort, The Salvation Army was willing to work with the Office of Care Coordination to provide shelter and services for the Program. The Salvation Army provided a similar partnership during the COVID-19 Pandemic, when the Santa Ana Armory location was unavailable, and a Salvation Army location was identified and used for shelter services operated by a previous vendor.

The County Executive Office (CEO) is recommending the Board approve Contract MA-017-23010366 (Contract) with The Salvation Army, for Operator of the Program, following successful negotiations and noting their experience in operating emergency shelter programs in Orange County. Approval of the Contract to be effective October 18, 2022, upon Board action will allow The Salvation Army adequate time to begin the hiring and training process for the Program and begin program operations on December 1, 2022. The Contract does not currently include subcontractors or pass through to other providers. See Attachment C for Contract Summary Form. The Orange County Preference Policy is not applicable to this contract award. The Contractor's performance has been confirmed as satisfactory. Reference checks were completed with the City of Santa Ana, City of Whittier, and the City of Anaheim. CEO has verified there are no concerns that must be addressed with respect to the Contractor's ownership/name, litigation status or conflicts with County interest.

FINANCIAL IMPACT:

The appropriations for this contract were included in the FY 2022-23 Adopted Budget and will be included in the FY 2023-24 Budget Request.

The Contract includes a provision stating the Contract is subject to and contingent upon, applicable budgetary appropriations approved by the Board for each fiscal year during the term of the Contract. If such appropriations are not approved, the Contract may be immediately terminated without penalty to the County.

STAFFING IMPACT:

2. ALTERATION OF TERMS

- A. This Contract, together with Attachment A attached hereto and incorporated herein, fully expresses the complete understanding of County and Contractor with respect to the subject matter of this Contract.
- B. Unless otherwise expressly stated in this Contract, no addition to, or alteration of the terms of this Contract or any Attachments/Exhibits, whether written or verbal, made by the Parties, their officers, employees or agents shall be valid unless made in the form of a written amendment to this Contract, which has been formally approved and executed by both Parties.

3. ASSIGNMENT OF DEBTS

Unless this Contract is followed without interruption by another Contract between the Parties hereto for the same services and substantially the same scope, at the termination of this Contract, Contractor shall assign to County any debts owing to Contractor by or on behalf of persons receiving services pursuant to this Contract. Contractor shall immediately notify by mail each of the respective Parties, specifying the date of assignment, the County of Orange as assignee, and the address to which payments are to be sent. Payments received by Contractor from or on behalf of said persons, shall be immediately given to County.

4. CONFIDENTIALITY

- A. Contractor shall maintain the confidentiality of all records, including billings and any audio and/or video recordings, in accordance with all applicable federal, state and county codes and regulations, as they now exist or may hereafter be amended or changed.
- B. Prior to providing any services pursuant to this Contract, all members of the Board of Directors or its designee or authorized agent, employees, consultants, subcontractors, volunteers and interns of the Contractor shall agree, in writing, with Contractor to maintain the confidentiality of any and all information and records which may be obtained in the course of providing such services. This Contract shall specify that it is effective irrespective of all subsequent resignations or terminations of Contractor members of the Board of Directors or its designee or authorized agent, employees,

consultants, subcontractors, volunteers and interns.

5. CONFLICT OF INTEREST

Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with County interests. In addition to Contractor, this obligation shall apply to Contractor's employees, agents, and subcontractors associated with the provision of goods and services provided under this Contract. Contractor's efforts shall include, but not be limited to establishing rules and procedures preventing its employees, agents, and subcontractors from providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to influence or appear to influence County staff or elected officers in the performance of their duties.

6. COST REPORT

A. Contractor shall submit a Cost Report to County no later than ninety (90) calendar days following termination of this Contract. Contractor shall prepare the Cost Report in accordance with all applicable federal, state and County requirements, GAAP and the Special Provisions Paragraph of this Contract. Contractor shall allocate direct and indirect costs to and between programs, cost centers, services, and funding sources in accordance with such requirements and consistent with prudent business practice, which costs and allocations shall be supported by source documentation maintained by Contractor, and available at any time to Administrator upon reasonable notice.

1. If Contractor fails to submit an accurate and complete Cost Report within the time period specified above, Administrator shall have sole discretion to impose one or both of the following:

a) Contractor may be assessed a late penalty of five-hundred dollars (\$500) for each business day after the above specified due date that the accurate and complete Cost Report is not submitted. Imposition of the late penalty shall be at the sole discretion of the Administrator. The late penalty shall be assessed separately on each outstanding Cost Report due County by Contractor.

b) Administrator may withhold or delay any or all payments due Contractor pursuant to any or all Contracts between County and Contractor until such time that the accurate and complete Cost Report is delivered to Administrator.

2. Contractor may request, in advance and in writing, an extension of the due date of the Cost Report setting forth good cause for justification of the request.

Approval of such requests shall be at the sole discretion of Administrator and shall not be unreasonably denied.

3. In the event that Contractor does not submit an accurate and complete Cost Report within one hundred and eighty (180) calendar days following the termination of this Contract, and Contractor has not entered into a subsequent or new Contract for any other services with County, then all amounts paid to Contractor by County during the term of the Contract shall be immediately reimbursed to County.
- B. The Cost Report shall be the final financial and statistical report submitted by Contractor to County, and shall serve as the basis for final settlement to Contractor. Contractor shall document that costs are reasonable and allowable and directly or indirectly related to the services to be provided hereunder. The Cost Report shall be the final financial record for subsequent audits, if any.
 - C. Final settlement shall be based upon the actual and reimbursable costs for services hereunder, less applicable revenues and any late penalty, not to exceed County's Maximum Obligation as set forth in the Referenced Contract Provisions of this Contract. Contractor shall not claim expenditures to County which are not reimbursable pursuant to applicable federal, state and County laws, regulations and requirements. Any payment made by County to Contractor, which is subsequently determined to have been for a non-reimbursable expenditure or service, shall be repaid by Contractor to County in cash, or other authorized form of payment, within thirty (30) calendar days of submission of the Cost Report or County may elect to reduce any amount owed Contractor by an amount not to exceed the reimbursement due County.
 - D. If the Cost Report indicates the actual and reimbursable costs of services provided pursuant to this Contract, less applicable revenues and late penalty, are lower than the aggregate of interim monthly payments to Contractor, Contractor shall remit the difference to County. Such reimbursement shall be made, in cash, or other authorized form of payment, with the submission of the Cost Report. If such reimbursement is not made by Contractor within thirty (30) calendar days after submission of the Cost Report, County may, in addition to any other remedies, reduce any amount owed Contractor by an amount not to exceed the reimbursement due County.
 - E. If the Cost Report indicates the actual and reimbursable costs of services provided pursuant to this Contract, less applicable revenues and late penalty, are higher than the aggregate of interim monthly payments to Contractor, County shall pay Contractor the difference, provided such payment does not exceed the Maximum Obligation of

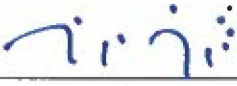

County of Orange, County Executive Office
Office of Care Coordination

MA-017-23010366

County.

F. All Cost Reports shall contain the following attestation, which may be typed directly on or attached to the Cost Report:

"I HEREBY CERTIFY that I have executed the accompanying Cost Report and supporting documentation prepared by _____ for the cost report period beginning _____ and ending _____ and that, to the best of my knowledge and belief, costs reimbursed through this Contract are reasonable and allowable and directly or indirectly related to the services provided and that this Cost Report is a true, correct, and complete statement from the books and records of (provider name) in accordance with applicable instructions, except as noted. I also hereby certify that I have the authority to execute the accompanying Cost Report.

Signed	
Name	<u>MICHAEL ZIELINSKI</u>
Title	<u>ASSISTANT TREASURER</u>
Date	<u>OCT 06 2022</u> "

7. DEBARMENT AND SUSPENSION CERTIFICATION

A. Contractor certifies that it and its principals:

1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any federal department or agency.
2. Have not within a three-year period preceding this Contract been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.
3. Are not presently indicted for or otherwise criminally or civilly charged by a federal, state, or local governmental entity with commission of any of the offenses enumerated in Subparagraph A.2. above.
4. Have not within a three-year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.
5. Shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under federal regulations (i.e., 48 CFR Part 9,

Subpart 9.4), debarred, suspended, declared ineligible, or voluntarily excluded from participation in such transaction unless authorized by the State of California.

6. Shall include without modification, the clause titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion Lower Tier Covered Transaction," (i.e., transactions with sub-grantees and/or contractors) and in all solicitations for lower tier covered transactions in accordance with 2 CFR Part 376.
- B. The terms and definitions of this paragraph have the meanings set out in the Definitions and Coverage sections of the rules implementing 51 F.R. 6370.

8. DELEGATION, ASSIGNMENT, AND SUBCONTRACTS

- A. Contractor may not delegate the obligations hereunder, either in whole or in part, without prior written consent of County. Contractor shall provide written notification of Contractor's intent to delegate the obligations hereunder, either in whole or part, to Administrator not less than sixty (60) calendar days prior to the effective date of the delegation. Any attempted assignment or delegation in derogation of this paragraph shall be void.
- B. Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, and County agrees to an assignment of the Contract, the new owners shall be required under the terms of sale or other instruments of transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County. Contractor may not assign the rights hereunder, either in whole or in part, without the prior written consent of County.
 1. If Contractor is a nonprofit organization, any change from a nonprofit corporation to any other corporate structure of Contractor, including a change in more than fifty percent (50%) of the composition of the Board of Directors within a two (2) month period of time, shall be deemed an assignment for purposes of this paragraph, unless Contractor is transitioning from a community clinic/health center to a Federally Qualified Health Center and has been so designated by the Federal Government. Any attempted assignment or delegation in derogation of this subparagraph shall be void.
 2. If Contractor is a for-profit organization, any change in the business structure, including but not limited to, the sale or transfer of more than ten percent (10%) of the assets or stocks of Contractor, change to another corporate

- structure, including a change to a sole proprietorship, or a change in fifty percent (50%) or more of Board of Directors or any governing body of Contractor at one time shall be deemed an assignment pursuant to this paragraph. Any attempted assignment or delegation in derogation of this subparagraph shall be void.
3. If Contractor is a governmental organization, any change to another structure, including a change in more than fifty percent (50%) of the composition of its governing body (i.e. Board of Supervisors, City Council, School Board) within a two (2) month period of time, shall be deemed an assignment for purposes of this paragraph. Any attempted assignment or delegation in derogation of this subparagraph shall be void.
 4. Whether Contractor is a nonprofit, for-profit, or a governmental organization, Contractor shall provide written notification of Contractor's intent to assign the obligations hereunder, either in whole or part, to Administrator not less than sixty (60) calendar days prior to the effective date of the assignment.
 5. Whether Contractor is a nonprofit, for-profit, or a governmental organization, Contractor shall provide written notification within thirty (30) calendar days to Administrator when there is change of less than fifty percent (50%) of Board of Directors or any governing body of Contractor at one time.
 6. County reserves the right to immediately terminate the Contract in the event County determines, in its sole discretion, that the assignee is not qualified or is otherwise unacceptable to County for the provision of services under the Contract.
- C. Contractor's obligations undertaken pursuant to this Contract may be carried out by means of subcontracts, provided such subcontractors are approved in advance by Administrator, meet the requirements of this Contract as they relate to the service or activity under subcontract, include any provisions that Administrator may require, and are authorized in writing by Administrator prior to the beginning of service delivery.
1. After approval of the subcontractor, Administrator may revoke the approval of the subcontractor upon five (5) calendar days' written notice to Contractor if the subcontractor subsequently fails to meet the requirements of this Contract or any provisions that Administrator has required. Administrator may disallow subcontractor expenses reported by Contractor.
 2. No subcontract shall terminate or alter the responsibilities of Contractor to County pursuant to this Contract.
 3. Administrator may disallow, from payments otherwise due Contractor,

amounts claimed for subcontracts not approved in accordance with this paragraph.

4. This provision shall not be applicable to service Contracts usually and customarily entered into by Contractor to obtain or arrange for supplies, technical support, and professional services provided by consultants.
- D. Contractor shall notify County in writing of any change in the Contractor's status with respect to name changes that do not require an assignment of the Contract. Contractor is also obligated to notify County in writing if the Contractor becomes a party to any litigation against County, or a party to litigation that may reasonably affect the Contractor's performance under the Contract, as well as any potential conflicts of interest between Contractor and County that may arise prior to or during the period of Contract performance. While Contractor will be required to provide this information without prompting from County any time there is a change in Contractor's name, conflict of interest or litigation status, Contractor must also provide an update to County of its status in these areas whenever requested by County.

9. DISPUTE RESOLUTION

- A. The Parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute concerning a question of fact arising under the terms of this Contract is not disposed of in a reasonable period of time by the Contractor and the Administrator, such matter shall be brought to the attention of the County Purchasing Agency by way of the following process:
1. Contractor shall submit to the County Purchasing Agency a written demand for a final decision regarding the disposition of any dispute between the Parties arising under, related to, or involving this Contract, unless County, on its own initiative, has already rendered such a final decision.
 2. Contractor's written demand shall be fully supported by factual information, and, if such demand involves a cost adjustment to the Contract, Contractor shall include with the demand a written statement signed by an authorized representative indicating that the demand is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects the Contract adjustment for which Contractor believes County is liable.
- B. Pending the final resolution of any dispute arising under, related to, or involving this Contract, Contractor agrees to proceed diligently with the performance of services secured via this Contract, including the delivery of goods and/or provision of services.

Contractor's failure to proceed diligently shall be considered a material breach of this Contract.

- C. Any final decision of County shall be expressly identified as such, shall be in writing, and shall be signed by a County Deputy Purchasing Agent or designee. If County fails to render a decision within ninety (90) calendar days after receipt of Contractor's demand, it shall be deemed a final decision adverse to Contractor's contentions.
- D. This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure Section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for adjudication to another county.

10. EMPLOYEE ELIGIBILITY VERIFICATION

Contractor attests that it shall fully comply with all federal and state statutes and regulations regarding the employment of aliens and others and to ensure that employees, subcontractors, and consultants performing work under this Contract meet the citizenship or alien status requirements set forth in federal statutes and regulations. Contractor shall obtain, from all employees, subcontractors, and consultants performing work hereunder, all verification and other documentation of employment eligibility status required by federal or state statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 USC §1324 et seq., as they currently exist and as they may be hereafter amended. Contractor shall retain all such documentation for all covered employees, subcontractors, and consultants for the period prescribed by the law.

11. EQUIPMENT

- A. Unless otherwise specified in writing by Administrator, Equipment is defined as all property of a Relatively Permanent nature with significant value, purchased in whole or in part by Administrator to assist in performing the services described in this Contract. "Relatively Permanent" is defined as having a useful life of one (1) year or longer. Equipment which costs \$5,000 or over, including freight charges, sales taxes, and other taxes, and installation costs are defined as Capital Assets. Equipment which costs between \$600 and \$5,000, including freight charges, sales taxes and other taxes, and installation costs, or electronic equipment that costs less than \$600 but may

- contained PHI or PII, are defined as Controlled Equipment. Controlled Equipment includes, but is not limited to phones, tablets, audio/visual equipment, computer equipment, and lab equipment. The cost of Equipment purchased, in whole or in part, with funds paid pursuant to this Contract shall be depreciated according to GAAP.
- B. Contractor shall obtain Administrator's written approval prior to purchase of any Equipment with funds paid pursuant to this Contract. Upon delivery of Equipment, Contractor shall forward to Administrator, copies of the purchase order, receipt, and other supporting documentation, which includes delivery date, unit price, tax, shipping and serial numbers. Contractor shall request an applicable asset tag for said Equipment and shall include each purchased asset in an Equipment inventory.
- C. Upon Administrator's prior written approval, Contractor may expense to County the cost of the approved Equipment purchased by Contractor. To "expense," in relation to Equipment, means to charge the proportionate cost of Equipment in the fiscal year in which it is purchased. Title of expensed Equipment shall be vested with County.
- D. Contractor shall maintain an inventory of all Equipment purchased in whole or in part with funds paid through this Contract, including date of purchase, purchase price, serial number, model and type of Equipment. Such inventory shall be available for review by Administrator, and shall include the original purchase date and price, useful life, and balance of depreciated Equipment cost, if any.
- E. Contractor shall cooperate with Administrator in conducting periodic physical inventories of all Equipment. Upon demand by Administrator, Contractor shall return any or all Equipment to County.
- F. Contractor must report any loss or theft of Equipment in accordance with the procedure approved by Administrator and the Notices Paragraph of this Contract. In addition, Contractor must complete and submit to Administrator a notification form when items of Equipment are moved from one location to another or returned to County as surplus.
- G. Unless this Contract is followed without interruption by another Contract between the Parties for substantially the same type and scope of services, at the termination of this Contract for any cause, Contractor shall return to County all Equipment purchased with funds paid through this Contract.
- H. Contractor shall maintain and administer a sound business program for ensuring the proper use, maintenance, repair, protection, insurance, and preservation of County Equipment.

12. EXPENDITURE AND REVENUE REPORT

- A. No later than forty-five (45) calendar days following termination of each period or fiscal year of this Contract, Contractor shall submit to Administrator, for informational purposes only, an Expenditure and Revenue Report for the preceding fiscal year, or portion thereof. Such report shall be prepared in accordance with the procedure that is provided by Administrator and GAAP.
- B. Contractor may be required to submit periodic Expenditure and Revenue Reports throughout the term of this Contract.

13. FACILITIES, PAYMENTS AND SERVICES

- A. Contractor agrees to provide the services, staffing, facilities, and supplies in accordance with this Contract. County shall compensate, and authorize, when applicable, said services. Contractor shall operate continuously throughout the term of this Contract with at least the minimum number and type of staff which meet applicable federal and state requirements, and which are necessary for the provision of the services hereunder.
- B. In the event that Contractor is unable to provide the services, staffing, facilities, or supplies as required, Administrator may, at its sole discretion, reduce the Total Maximum Obligation for the appropriate Period as well as the Total Maximum Obligation. The reduction to the Maximum Obligation for the appropriate Period as well as the Total Maximum Obligation shall be in an amount proportionate to the number of days in which Contractor was determined to be unable to provide services, staffing, facilities or supplies.

14. INDEMNIFICATION

Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies for which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

15. INSURANCE

- A. Prior to the provision of services under this Contract, Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with County during the entire term of this Contract. In addition, all subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.
- B. Contractor shall ensure that all subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow subcontractors to work if subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every subcontractor and to receive proof of insurance prior to allowing any subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.
- C. All SIRs shall be clearly stated on the COI. Any SIR in an amount in excess of fifty thousand dollars (\$50,000) shall specifically be approved by the CEO/Office of Risk Management upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:
1. In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
 2. Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
 3. The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.
- D. If Contractor fails to maintain insurance acceptable to the County for the full term of

this Contract, the County may terminate this Contract.

E. Qualified Insurer

1. The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).
2. If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

F. The policy or policies of insurance maintained by Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$1,000,000 per occurrence \$2,000,000 aggregate
Automobile Liability including coverage for owned, non-owned, and hired vehicles	
(8 or more passengers)	\$5,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence
Network Security & Privacy Liability	\$1,000,000 per claims -made
Sexual Misconduct Liability	\$1,000,000 per occurrence

G. Required Coverage Forms

1. The Commercial General Liability coverage shall be written on ISO form CG

00 01, or a substitute form providing liability coverage at least as broad.

2. The Business Automobile Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing coverage at least as broad.

H. Required Endorsements

1. The Commercial General Liability policy shall contain the following endorsements, which shall accompany the COI:
 - a) An Additional Insured endorsement using ISO form CG 20 26 04 13 or a form at least as broad naming the *County of Orange, its elected and appointed officials, officers, agents and employees* as Additional Insureds, or provide blanket coverage, which will state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement using ISO form CG 20 01 04 13, or a form at least as broad evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.
2. The Network Security and Privacy Liability policy shall contain the following endorsements which shall accompany the COI:
 - a) An Additional Insured endorsement naming the County of Orange, its elected and appointed officials, officers, agents and employees as Additional Insureds for its vicarious liability.
 - b) A primary and non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.
- I. All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, agents and employees when acting within the scope of their appointment or employment.
- J. The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the County of Orange, its elected and appointed officials, officers, agents and employees, or provide blanket coverage, which will state **AS REQUIRED BY WRITTEN CONTRACT**.
- K. The County of Orange shall be the loss payee on the Employee Dishonesty coverage. A Loss Payee endorsement evidencing that the County of Orange is a Loss Payee shall accompany the Certificate of Insurance.
- L. Contractor shall notify County in writing within thirty (30) days of any policy

- cancellation and within ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation shall constitute a breach of Contractor's obligation hereunder and ground for County to suspend or terminate this Contract.
- M. If Contractor's Network Security & Privacy Liability is a "Claims-Made" policy, Contractor shall agree to maintain coverage for two (2) years following the completion of the Contract.
- N. The Commercial General Liability policy shall contain a "severability of interests" clause also known as a "separation of insureds" clause (standard in the ISO CG 0001 policy).
- O. Insurance certificates should be forwarded to the agency/department address listed on the solicitation.
- P. If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified vendor.
- Q. County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.
- R. County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable Certificate of Insurance and endorsements with County incorporating such changes within thirty (30) calendar days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.
- S. The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor act in any way to reduce the policy coverage and limits available from the insurer.
- T. Submission of Insurance Documents
1. The COI and endorsements shall be provided to County as follows:
 - a) Prior to the start date of this Contract.
 - b) No later than the expiration date for each policy.
 - c) Within thirty (30) calendar days upon receipt of written notice by County regarding changes to any of the insurance requirements as set forth in the Coverage Subparagraph above.
 2. The COI and endorsements shall be provided to the County at the address as

specified in the Referenced Contract Provisions of this Contract.

3. If Contractor fails to submit the COI and endorsements that meet the insurance provisions stipulated in this Contract by the above specified due dates, Administrator shall have sole discretion to impose one or both of the following:
 - a) Administrator may withhold or delay any or all payments due Contractor pursuant to any and all Contracts between County and Contractor until such time that the required COI and endorsements that meet the insurance provisions stipulated in this Contract are submitted to Administrator.
 - b) Contractor may be assessed a penalty of one hundred dollars (\$100) for each late COI or endorsement for each business day, pursuant to any and all Contracts between County and Contractor, until such time that the required COI and endorsements that meet the insurance provisions stipulated in this Contract are submitted to Administrator.
 - c) If Contractor is assessed a late penalty, the amount shall be deducted from Contractor's monthly invoice.
4. In no cases shall assurances by Contractor, its employees, agents, including any insurance agent, be construed as adequate evidence of insurance. County will only accept valid COIs and endorsements, or in the interim, an insurance binder as adequate evidence of insurance coverage.

16. INSPECTIONS AND AUDITS

- A. Administrator, any authorized representative of County, any authorized representative of the State of California, the Secretary of the United States Department of Health and Human Services, the Comptroller General of the United States, or any other of their authorized representatives, shall to the extent permissible under applicable law have access to any books, documents, and records, including but not limited to, financial statements, general ledgers, relevant accounting systems, medical and Client records, of Contractor that are directly pertinent to this Contract, for the purpose of responding to a beneficiary complaint or conducting an audit, review, evaluation, or examination, or making transcripts during the periods of retention set forth in the Records Management and Maintenance Paragraph of this Contract. Such persons may at all reasonable times inspect or otherwise evaluate the services provided pursuant to this Contract, and the premises in which they are provided.
- B. Contractor shall actively participate and cooperate with any person specified in Subparagraph A above in any evaluation or monitoring of the services provided

pursuant to this Contract, and shall provide the above-mentioned persons adequate office space to conduct such evaluation or monitoring.

C. Audit Response

1. Following an audit report, in the event of non-compliance with applicable laws and regulations governing funds provided through this Contract, County may terminate this Contract as provided for in the Termination Paragraph or direct Contractor to immediately implement appropriate corrective action. A CAP shall be submitted to Administrator in writing within thirty (30) calendar days after receiving notice from Administrator.
2. If the audit reveals that money is payable from one Party to the other, that is, reimbursement by Contractor to County, or payment of sums due from County to Contractor, said funds shall be due and payable from one Party to the other within sixty (60) calendar days of receipt of the audit results. If reimbursement is due from Contractor to County, and such reimbursement is not received within said sixty (60) calendar days, County may, in addition to any other remedies provided by law, reduce any amount owed Contractor by an amount not to exceed the reimbursement due County.

D. Contractor shall retain a licensed certified public accountant, who will prepare and file with Administrator, an annual, independent, organization-wide audit of related expenditures as may be required during the term of this Contract.

E. Contractor shall forward to Administrator a copy of any audit report within fourteen (14) calendar days of receipt. Such audit shall include, but not be limited to, management, financial, programmatic or any other type of audit of Contractor's operations, whether or not the cost of such operation or audit is reimbursed in whole or in part through this Contract.

17. LICENSES AND LAWS

A. Contractor, its officers, agents, employees, affiliates, and subcontractors shall, throughout the term of this Contract, maintain all necessary licenses, permits, approvals, certificates, accreditations, waivers, and exemptions necessary for the provision of the services hereunder and required by the laws, regulations and requirements of the United States, the State of California, County, and all other applicable governmental agencies.

B. Enforcement Of Child Support Obligations

1. Contractor certifies it is in full compliance with all applicable federal and State reporting requirements regarding its employees and with all lawfully served Wage

and Earnings Assignment Orders and Notices of Assignments and will continue to be in compliance throughout the term of the Contract with the County of Orange. Failure to comply shall constitute a material breach of the Contract and failure to cure such breach within sixty (60) calendar days of notice from the County shall constitute grounds for termination of the Contract.

2. Contractor agrees to furnish to Administrator within thirty (30) calendar days of the award of this Contract:
 - a) In the case of an individual Contractor, his/her name, date of birth, social security number, and residence address; and
 - b) In the case of a Contractor doing business in a form other than as an individual, the name, date of birth, social security number, and residence address of each individual who owns an interest of ten percent (10%) or more in the contracting entity.
3. It is expressly understood that this data will be transmitted to governmental agencies charged with the establishment and enforcement of child support orders, or as permitted by federal and/or state statute.

18. LITERATURE, ADVERTISEMENTS, AND SOCIAL MEDIA

- A. County owns all rights to the name, logos, and symbols of County. The use and/or reproduction of County's name, logos, or symbols for any purpose, including commercial advertisement, promotional purposes, announcements, displays, or press releases, without County's prior written consent is expressly prohibited.
- B. Contractor may develop and publish information related to this Contract where all of the following conditions are satisfied:
 1. Administrator provides its written approval of the content and publication of the information at least 30 days prior to Contractor publishing the information, unless a difference timeframe for approval is agreed upon by the Administrator;
 2. Unless directed otherwise by Administrator, the information includes a statement that the program, wholly or in part, is funded through County, State and Federal government funds [funds identified as applicable];
 3. The information does not give the appearance that the County, its officers, employees, or agencies endorse:
 - a) any commercial product or service; and,
 - b) any product or service provided by Contractor, unless approved in writing by Administrator; and,
 4. If Contractor uses social media (such as Facebook, Twitter, YouTube or other

publicly available social media sites) to publish information related to this Contract, Contractor shall develop social media policies and procedures and have them available to Administrator. Contractor shall comply with County Social Media Use Policy and Procedures as they pertain to any social media developed in support of the services described within this Contract. The policy is available on the Internet at <http://www.ocgov.com/gov/ceo/cio/govpolicies>.

19. MAXIMUM OBLIGATION

- A. The Total Maximum Obligation of County for services provided in accordance with this Contract, and the separate Maximum Obligations for each period under this Contract, are as specified in the Referenced Contract Provisions of this Contract, except as allowed for in Subparagraph B. below.
- B. Administrator may amend the Maximum Obligation by an amount not to exceed ten percent (10%) of Period One funding for this Contract.

20. MINIMUM WAGE LAWS

- A. Pursuant to the United States of America Fair Labor Standards Act of 1938, as amended, and State of California Labor Code, §1178.5, Contractor shall pay no less than the greater of the federal or California Minimum Wage to all its Covered Individuals (as defined within the "Compliance" paragraph of this Contract) that directly or indirectly provide services pursuant to this Contract, in any manner whatsoever. Contractor shall require and verify that all of its Covered Individuals providing services pursuant to this Contract be paid no less than the greater of the federal or California Minimum Wage.
- B. Contractor shall comply and verify that its Covered Individuals comply with all other federal and State of California laws for minimum wage, overtime pay, record keeping, and child labor standards pursuant to providing services pursuant to this Contract.
- C. Notwithstanding the minimum wage requirements provided for in this clause, Contractor, where applicable, shall comply with the prevailing wage and related requirements, as provided for in accordance with the provisions of Article 2 of Chapter 1, Part 7, Division 2 of the Labor Code of the State of California (§§1770, et seq.), as it now exists or may hereafter be amended.

21. NONDISCRIMINATION

- A. Employment
 - 1. During the term of this Contract, Contractor and its Covered Individuals (as

defined in the "Compliance" paragraph of this Contract) shall not unlawfully discriminate against any employee or applicant for employment because of his/her race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Additionally, during the term of this Contract, Contractor and its Covered Individuals shall require in its subcontracts that subcontractors shall not unlawfully discriminate against any employee or applicant for employment because of his/her race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.

2. Contractor and its Covered Individuals shall not discriminate against employees or applicants for employment in the areas of employment, promotion, demotion or transfer; recruitment or recruitment advertising, layoff or termination; rate of pay or other forms of compensation; and selection for training, including apprenticeship.
3. Contractor shall not discriminate between employees with spouses and employees with domestic partners, or discriminate between domestic partners and spouses of those employees, in the provision of benefits.
4. Contractor shall post in conspicuous places, available to employees and applicants for employment, notices from Administrator and/or the United States Equal Employment Opportunity Commission setting forth the provisions of the EOC.
5. All solicitations or advertisements for employees placed by or on behalf of Contractor and/or subcontractor shall state that all qualified applicants will receive consideration for employment without regard to race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Such requirements shall be deemed fulfilled by use of the term EOE.
6. Each labor union or representative of workers with which Contractor and/or subcontractor has a collective bargaining Contract or other contract or understanding must post a notice advising the labor union or workers' representative of the commitments under this Nondiscrimination Paragraph and shall post copies of the notice in conspicuous places, available to employees and applicants for employment.

- B. Services, Benefits And Facilities – Contractor and/or subcontractor shall not discriminate in the provision of services, the allocation of benefits, or in the accommodation in facilities on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status in accordance with Title IX of the Education Amendments of 1972 as they relate to 20 USC §1681 - §1688; Title VI of the Civil Rights Act of 1964 (42 USC §2000d); the Age Discrimination Act of 1975 (42 USC §6101); Title 9, Division 4, Chapter 6, Article 1 (§10800, et seq.) of the CCR; and Title II of the Genetic Information Nondiscrimination Act of 2008, 42 USC 2000ff, et seq. as applicable, and all other pertinent rules and regulations promulgated pursuant thereto, and as otherwise provided by state law and regulations, as all may now exist or be hereafter amended or changed. For the purpose of this Nondiscrimination paragraph, discrimination includes, but is not limited to the following based on one or more of the factors identified above:
1. Denying a Client or potential Client any service, benefit, or accommodation.
 2. Providing any service or benefit to a Client which is different or is provided in a different manner or at a different time from that provided to other Clients.
 3. Restricting a Client in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any service and/or benefit.
 4. Treating a Client differently from others in satisfying any admission requirement or condition, or eligibility requirement or condition, which individuals must meet in order to be provided any service and/or benefit.
 5. Assignment of times or places for the provision of services.
- C. Limitation on Use of County Funds – All funds derived from County under this Contract shall be used for the content-neutral Program and services set forth herein. Contractor shall not expend any funds derived under this Contract from County on any expenditure related to religious messaging, including, but not limited to, any religious pamphlets or decorative items, or for any other religious programming or services provided by Contractor.
- D. Complaint Process – Contractor shall establish procedures for advising all Clients through a written statement that Contractor’s and/or subcontractor’s Clients may file all complaints alleging discrimination in the delivery of services with Contractor, subcontractor, and Administrator.
1. Whenever possible, problems shall be resolved informally and at the point of service. Contractor shall establish an internal informal problem resolution process

- for Clients not able to resolve such problems at the point of service. Clients may initiate a grievance or complaint directly with Contractor either orally or in writing.
2. Within the time limits procedurally imposed, the complainant shall be notified in writing as to the findings regarding the alleged complaint and, if not satisfied with the decision, may file an appeal.
- E. Persons With Disabilities – Contractor and/or subcontractor agree to comply with the provisions of §504 of the Rehabilitation Act of 1973, as amended, (29 USC 794 et seq., as implemented in 45 CFR 84.1 et seq.), and the Americans with Disabilities Act of 1990 as amended (42 USC 12101 et seq.; as implemented in 29 CFR 1630), as applicable, pertaining to the prohibition of discrimination against qualified persons with disabilities in all programs or activities, and if applicable, as implemented in Title 45, CFR, §84.1 et seq., as they exist now or may be hereafter amended together with succeeding legislation.
- F. Retaliation – Neither Contractor nor subcontractor, nor its employees or agents shall intimidate, coerce or take adverse action against any person for the purpose of interfering with rights secured by federal or state laws, or because such person has filed a complaint, certified, assisted or otherwise participated in an investigation, proceeding, hearing or any other activity undertaken to enforce rights secured by federal or state law.
- G. In the event of non-compliance with this paragraph or as otherwise provided by federal and state law, this Contract may be canceled, terminated or suspended in whole or in part and Contractor or subcontractor may be declared ineligible for further contracts involving federal, state or County funds.

22. NOTICES

- A. Unless otherwise specified, all notices, claims, correspondence, reports and/or statements authorized or required by this Contract shall be effective:
1. When written and deposited in the United States mail, first class postage prepaid and addressed as specified in the Referenced Contract Provisions of this Contract or as otherwise directed by Administrator;
 2. When faxed, transmission confirmed;
 3. When sent by Email; or
 4. When accepted by U.S. Postal Service Express Mail, Federal Express, United Parcel Service, or any other expedited delivery service.
- B. Termination Notices shall be addressed as specified in the Referenced Contract

Provisions of this Contract or as otherwise directed by Administrator and shall be effective when faxed, transmission confirmed, or when accepted by U.S. Postal Service Express Mail, Federal Express, United Parcel Service, or any other expedited delivery service.

- C. Contractor shall notify Administrator, in writing, within twenty-four (24) hours of becoming aware of any occurrence of a serious nature, which may expose County to liability. Such occurrences shall include, but not be limited to, accidents, injuries, or acts of negligence, or loss or damage to any County property in possession of Contractor.
- D. For purposes of this Contract, any notice to be provided by County may be given by Administrator.

23. NOTIFICATION OF DEATH

- A. Upon becoming aware of the death of any person served pursuant to this Contract, Contractor shall immediately notify Administrator.
- B. All Notifications of Death provided to Administrator by Contractor shall contain the name of the deceased, the date and time of death, the nature and circumstances of the death, and the name(s) of Contractor's officers or employees with knowledge of the incident.
 - 1. Telephone Notification – Contractor shall notify Administrator by telephone immediately upon becoming aware of the death due to non-terminal illness of any person served pursuant to this Contract; notice need only be given during normal business hours.
 - 2. Written Notification
 - a) Non-Terminal Illness – Contractor shall hand deliver, fax, and/or send via encrypted email to Administrator a written report within sixteen (16) hours after becoming aware of the death due to non-terminal illness of any person served pursuant to this Contract.
 - b) Terminal Illness – Contractor shall notify Administrator by written report hand delivered, faxed, sent via encrypted email, within forty-eight (48) hours of becoming aware of the death due to terminal illness of any person served pursuant to this Contract.
 - c) When notification via encrypted email is not possible or practical Contractor may hand deliver or fax to a known number said notification.
- C. If there are any questions regarding the cause of death of any person served pursuant to this Contract who was diagnosed with a terminal illness, or if there are any unusual

circumstances related to the death, Contractor shall immediately notify Administrator in accordance with this Notification of Death Paragraph.

24. NOTIFICATION OF PUBLIC EVENTS AND MEETINGS

- A. Contractor shall notify Administrator of any public event or meeting funded in whole or in part by the County, except for those events or meetings that are intended solely to serve Clients or occur in the normal course of business.
- B. Contractor shall notify Administrator at least thirty (30) business days in advance of any applicable public event or meeting. The notification must include the date, time, duration, location and purpose of the public event or meeting. Any promotional materials or event related flyers must be approved by Administrator prior to distribution.

25. RECORDS MANAGEMENT AND MAINTENANCE

- A. Contractor, its officers, agents, employees and subcontractors shall, throughout the term of this Contract, prepare, maintain and manage records appropriate to the services provided and in accordance with this Contract and all applicable requirements.
 - 1. Contractor shall maintain records that are adequate to substantiate the services for which claims are submitted for reimbursement under this Contract and the charges thereto. Such records shall include, but not be limited to, individual patient charts and utilization review records.
- B. Contractor shall implement and maintain administrative, technical and physical safeguards to ensure the privacy of PHI and prevent the intentional or unintentional use or disclosure of PHI in violation of the HIPAA, federal and state regulations. Contractor shall mitigate to the extent practicable, the known harmful effect of any use or disclosure of PHI made in violation of federal or state regulations and/or County policies.
- C. Contractor's participant, client, and/or patient records shall be maintained in a secure manner. Contractor shall maintain participant, client, and/or patient records and must establish and implement written record management procedures.
- D. Contractor shall retain all financial records for a minimum of ten (10) years from the termination of the contract, unless a longer period is required due to legal proceedings such as litigations and/or settlement of claims.
- E. Contractor shall retain all client and/or patient medical records for ten (10) years following discharge of the participant, client and/or patient.

- F. Contractor shall make records pertaining to the costs of services, participant fees, charges, billings, and revenues available at one (1) location within the limits of the County of Orange. If Contractor is unable to meet the record location criteria above, Administrator may provide written approval to Contractor to maintain records in a single location, identified by Contractor.
- G. Contractor shall notify Administrator of any PRA requests related to, or arising out of, this Contract, within forty-eight (48) hours. Contractor shall provide Administrator all information that is requested by the PRA request.
- H. Contractor may retain client, and/or patient documentation electronically in accordance with the terms of this Contract and common business practices. If documentation is retained electronically, Contractor shall, in the event of an audit or site visit:
1. Have documents readily available within twenty-four (24) hour notice of a scheduled audit or site visit.
 2. Provide auditor or other authorized individuals access to documents via a computer terminal.
 3. Provide auditor or other authorized individuals a hardcopy printout of documents, if requested.
- I. Contractor shall ensure compliance with requirements pertaining to the privacy and security of PII and/or PHI. Contractor shall, upon discovery of a Breach of privacy and/or security of PII and/or PHI by Contractor, notify federal and/or state authorities as required by law or regulation, and copy Administrator on such notifications.
- J. Contractor may be required to pay any costs associated with a Breach of privacy and/or security of PII and/or PHI, including but not limited to the costs of notification. Contractor shall pay any and all such costs arising out of a Breach of privacy and/or security of PII and/or PHI.

26. RESEARCH AND PUBLICATION

Contractor shall not utilize information and/or data received from County, or arising out of, or developed, as a result of this Contract for the purpose of personal or professional research, or for publication.

27. REVENUE

- A. Client Fees – Contractor shall charge a fee to Clients to whom services are provided pursuant to this Contract, their estates and responsible relatives, in accordance with the fee system designated by Administrator. This fee shall be based upon the person's

- ability to pay for services, but it shall not exceed the actual cost of services provided. No person shall be denied services because of an inability to pay.
- B. Third-Party Revenue – Contractor shall make every reasonable effort to obtain all available third-party reimbursement for which persons served pursuant to this Contract may be eligible. Charges to insurance carriers shall be on the basis of Contractor’s usual and customary charges.
- C. Procedures – Contractor shall maintain internal financial controls which adequately ensure proper billing and collection procedures. Contractor’s procedures shall specifically provide for the identification of delinquent accounts and methods for pursuing such accounts. Contractor shall provide Administrator, monthly, a written report specifying the current status of fees which are billed, collected, transferred to a collection agency, or deemed by Contractor to be uncollectible.

28. SEVERABILITY

If a court of competent jurisdiction declares any provision of this Contract or application thereof to any person or circumstances to be invalid or if any provision of this Contract contravenes any federal, state or county statute, ordinance, or regulation, the remaining provisions of this Contract or the application thereof shall remain valid, and the remaining provisions of this Contract shall remain in full force and effect, and to that extent the provisions of this Contract are severable.

29. SPECIAL PROVISIONS

- A. Contractor shall not use the funds provided by means of this Contract for the following purposes:
1. Making cash payments to intended recipients of services through this Contract.
 2. Lobbying any governmental agency or official. Contractor shall file all certifications and reports in compliance with this requirement pursuant to Title 31, USC, §1352 (e.g., limitation on use of appropriated funds to influence certain federal contracting and financial transactions).
 3. Fundraising.
 4. Purchase of gifts, meals, entertainment, awards, or other personal expenses for Contractor’s staff, volunteers, interns, consultants, subcontractors, and members of the Board of Directors or governing body.
 5. Reimbursement of Contractor’s members of the Board of Directors or governing body for expenses or services.
 6. Making personal loans to Contractor’s staff, volunteers, interns, consultants,

- subcontractors, and members of the Board of Directors or governing body, or its designee or authorized agent, or making salary advances or giving bonuses to Contractor's staff.
7. Paying an individual salary or compensation for services at a rate in excess of the current Level I of the Executive Salary Schedule as published by the OPM. The OPM Executive Salary Schedule may be found at www.opm.gov.
 8. Severance pay for separating employees.
 9. Paying rent and/or lease costs for a facility prior to the facility meeting all required building codes and obtaining all necessary building permits for any associated construction.
- B. Unless otherwise specified in advance and in writing by Administrator, Contractor shall not use the funds provided by means of this Contract for the following purposes:
1. Funding travel or training (excluding staff mileage or parking, or participant transportation).
 2. Making phone calls outside of the local area unless documented to be directly for the purpose of Client care.
 3. Payment for grant writing, consultants, certified public accounting, or legal services.
 4. Purchase of artwork or other items that are for decorative purposes and do not directly contribute to the quality of services to be provided pursuant to this Contract.

30. STATUS OF CONTRACTOR

Contractor is, and shall at all times be deemed to be, an independent contractor and shall be wholly responsible for the manner in which it performs the services required of it by the terms of this Contract. Contractor is entirely responsible for compensating staff, subcontractors, and consultants employed by Contractor. This Contract shall not be construed as creating the relationship of employer and employee, or principal and agent, between County and Contractor or any of Contractor's employees, agents, consultants, volunteers, interns, or subcontractors. Contractor assumes exclusively the responsibility for the acts of its employees, agents, consultants, volunteers, interns, or subcontractors as they relate to the services to be provided during the course and scope of their employment. Contractor, its agents, employees, consultants, volunteers, interns, or subcontractors, shall not be entitled to any rights or privileges of County's employees and shall not be considered in any manner to be County's employees.

31. TAX LIABILITY

Contractor shall report all income and pay all applicable federal, state, and local income taxes or similar levies as a result of any monies paid Contractor pursuant to this Contract. Contractor shall indemnify, defend and hold County harmless from all liability, claims, losses, demands, including defense costs and attorney fees, whether resulting from court action or otherwise, in the event that any taxing authority or other agency attempts to obtain from County any such monies, penalties, and/or interest imposed resulting from any failure of Contractor to comply with the provisions of this paragraph.

32. TERM

- A. The term of this Contract shall commence as specified in the Referenced Contract Provisions of this Contract or the execution date, whichever is later. This Contract shall terminate as specified in the Referenced Contract Provisions of this Contract unless otherwise sooner terminated as provided in this Contract. Contractor shall be obligated to perform such duties as would normally extend beyond this term, including but not limited to, obligations with respect to confidentiality, indemnification, audits, reporting, and accounting.
- B. Any administrative duty or obligation to be performed pursuant to this Contract on a weekend or holiday may be performed on the next regular business day.

33. TERMINATION

- A. Contractor shall be responsible for meeting all programmatic and administrative contracted objectives and requirements as indicated in this Contract. Contractor shall be subject to the issuance of a CAP for the failure to perform to the level of contracted objectives, continuing to not meet goals and expectations, and/or for non-compliance. If CAPs are not completed within timeframe as determined by Administrator notice, payments may be reduced or withheld until CAP is resolved and/or the Contract could be terminated.
- B. County may terminate this Contract immediately, upon written notice, on the occurrence of any of the following events:
 - 1. The loss by Contractor of legal capacity.
 - 2. Cessation of services.
 - 3. The delegation or assignment of Contractor's services, operation or administration to another entity without the prior written consent of County.
 - 4. The neglect by any physician or licensed person employed by Contractor of any

duty required pursuant to this Contract.

5. The loss of accreditation or any license required by the Licenses and Laws Paragraph of this Contract.
6. The continued incapacity of any physician or licensed person to perform duties required pursuant to this Contract.
7. Unethical conduct or malpractice by any physician or licensed person providing services pursuant to this Contract; provided, however, County may waive this option if Contractor removes such physician or licensed person from serving persons treated or assisted pursuant to this Contract.
8. Any breach of Contract, or any misrepresentation or fraud on the part of the Contractor.

C. Contingent Funding

1. Any obligation of County under this Contract is contingent upon the following:
 - a) The continued availability of federal, state and county funds for reimbursement of County's expenditures, and
 - b) Inclusion of sufficient funding for the services hereunder in the applicable budget(s) approved by the Board of Supervisors.
2. In the event such funding is subsequently reduced or terminated, County may suspend, terminate or renegotiate this Contract upon thirty (30) calendar days' written notice given Contractor. If County elects to renegotiate this Contract due to reduced or terminated funding, Contractor shall not be obligated to accept the renegotiated terms.

D. In the event this Contract is suspended or terminated prior to the completion of the term as specified in the Referenced Contract Provisions of this Contract, Administrator may, at its sole discretion, reduce the Not To Exceed Amount of this Contract to be consistent with the reduced term of the Contract.

E. In the event this Contract is terminated Contractor shall do the following:

1. Comply with termination instructions provided by Administrator in a manner which is consistent with recognized standards of quality care and prudent business practice.
2. Obtain immediate clarification from Administrator of any unsettled issues of contract performance during the remaining contract term.
3. Until the date of termination, continue to provide the same level of service required by this Contract.
4. If Clients are to be transferred to another facility for services, furnish Administrator, upon request, all Client information and records deemed necessary

- by Administrator to effect an orderly transfer.
5. Assist Administrator in effecting the transfer of Clients in a manner consistent with Client's best interests.
 6. If records are to be transferred to County, pack and label such records in accordance with directions provided by Administrator.
 7. Return to County, in the manner indicated by Administrator, any equipment and supplies purchased with funds provided by County.
 8. To the extent services are terminated, cancel outstanding commitments covering the procurement of materials, supplies, equipment, and miscellaneous items, as well as outstanding commitments which relate to personal services. With respect to these canceled commitments, Contractor shall submit a written plan for settlement of all outstanding liabilities and all claims arising out of such cancellation of commitment which shall be subject to written approval of Administrator.
 9. Provide written notice of termination of services to each Client being served under this Contract, within fifteen (15) calendar days of receipt of termination notice. A copy of the notice of termination of services must also be provided to Administrator within the fifteen (15) calendar day period.
- F. County may terminate this Contract, without cause, upon thirty (30) calendar days' written notice. The rights and remedies of County provided in this Termination Paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

34. THIRD PARTY BENEFICIARY

Neither Party hereto intends that this Contract shall create rights hereunder in third parties including, but not limited to, any subcontractors or any Clients provided services pursuant to this Contract.

35. WAIVER OF DEFAULT OR BREACH

Waiver by County of any default by Contractor shall not be considered a waiver of any subsequent default. Waiver by County of any breach by Contractor of any provision of this Contract shall not be considered a waiver of any subsequent breach. Waiver by County of any default or any breach by Contractor shall not be considered a modification of the terms of this Contract.

SIGNATURE PAGE

IN WITNESS WHEREOF, the Parties have executed this Contract, in the County of Orange, State of California.

BY: _____  _____ DATED: OCT 06 2022

TITLE: MICHAEL ZIELINSKI
ASSISTANT TREASURER

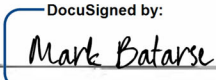

BY: _____ DATED: _____

TITLE: _____

COUNTY OF ORANGE, a political subdivision of the State of California

BY: _____ DATED: _____
Deputy Purchasing Agent

APPROVED AS TO FORM
OFFICE OF THE COUNTY COUNSEL
ORANGE COUNTY, CALIFORNIA

BY: MARK BATARSE  _____ DATED: 10/6/2022
Deputy BC5CA9BED31F40A...

* If the contracting party is a corporation, (2) two signatures are required: one (1) signature by the Chairman of the Board, the President or any Vice President; and one (1) signature by the Secretary, any Assistant Secretary, the Chief Financial Officer or any Assistant Treasurer. The signature of one person alone is sufficient to bind a corporation, as long as he or she holds corporate offices in each of the two categories described above. For County purposes, proof of such dual office holding will be satisfied by having the individual sign the instrument twice, each time indicating his or her office that qualifies under the above described provision. In the alternative, a single corporate signature is acceptable when accompanied by a corporate resolution demonstrating the legal authority of the signee to bind the corporation.

ATTACHMENT A

I. COMMON TERMS AND DEFINITIONS

A. The parties agree to the following terms and definitions, and to those terms and definitions which, for convenience, are set forth elsewhere in the Contract.

1. Access Point means the point of entry into the Coordinated Entry System for households experiencing homelessness or at-risk of homelessness.

2. Admission means documentation, by Contractor, of completion of the entry and program enrollment into the Homeless Management Information System or comparable database.

3. Care Plus Program (CPP) means a comprehensive approach to service delivery for Orange County's most vulnerable Participants. It offers enhanced care coordination, aiming to expedite supportive service linkages quickly and efficiently, by connecting Participants to the most appropriate services and resources across behavioral health, corrections, healthcare, housing and homelessness, and benefits and supportive services.

4. Case Management means a process of identification, assessment of need, planning coordination and linking, monitoring and continuous evaluation of Participants and of available resources in order to achieve and maintain housing stability.

5. Client or Participant means an individual, referred by County or enrolled in Contractor's program for services under the Contract, who are experiencing homelessness.

6. CES means Coordinated Entry System and refers to the mechanism for allocating available housing units into a systematic resource targeting process designed to implement localized priorities for program Participants. The Coordinated Entry System covers the geographic area of Orange County and is regionally focused by Service Planning Areas, is easily accessed by individuals and families seeking housing and services, and includes a comprehensive and standardized process used by all service providers in the Orange County System of Care.

7. CES Community Queue means a list of eligible Participants generated from a standardized assessment. The CES Community Queue is used to refer households to shelter and permanent housing programs, including rapid rehousing and permanent supportive housing, in Orange County.

8. CoC means Continuum of Care, a regional or local planning body that coordinates housing and services funding for homeless families and individuals. The Continuum of Care strategizes the community plan to organize and deliver housing and services to meet the specific needs of people who are experiencing homelessness as they move to stable housing and maximize self-sufficiency. It includes action steps to end homelessness and prevent a return to homelessness.

9. County of Orange Standards of Care for Emergency Shelter Providers (Standards of Care), which are included in a document attached hereto as “Exhibit 1” and is hereby incorporated by reference, are a comprehensive set of administrative, operational and facility-based standards designed to support the quality and consistency of program operations, evidenced-based participant services, core organizational and administrative functions, and facility design and operations.

10. Cultural Competency means consideration for cultural and linguistic factors in addressing the needs of populations to be served. Subpopulation identities may include, but are not limited to, race and ethnicity, gender and gender identity, sexual orientation, economic class, age, family status, language spoken and understood, physical and mental disabilities, living situation, etc. The Program must have the capacity to accommodate special populations within the general population (i.e., youth, LGBTQIA, Participants with disabilities, veterans, victims of domestic violence) throughout all levels of the organization, from organizational vision and mission statement to policy implementation, and to service delivery procedures and philosophies.

11. Data Collection System means software designed for collection, tracking and reporting outcomes data for Participants enrolled in the Homeless Service Programs. The primary data collection system utilized is the Homeless Management Information System; however, victim service providers utilize comparable Data Collection Systems.

12. Engagement means the process by which a trusting relationship between worker and Participant(s) is established with the goal to link the Participant (s) to the appropriate services, including street outreach, emergency shelter and housing programs. Engagement of Participants(s) is the objective of a successful Outreach.

13. Family means household with at least one minor child, household with an expectant mother, or household that are working towards reunification with minor children referred by the County.

14. Harm Reduction are policies, procedures, and practices that aim to reduce the negative consequences of behaviors that are detrimental to the Participant’s health and well-being (i.e., abuse of drugs and/or alcohol, failure to be medication compliant, engaging in criminal activity, choosing to sleep outside, etc.). In shelter settings, harm reduction is intended to prevent a Participant’s termination from the program based solely on his or her inability to stop engaging in harmful behaviors.

15. Homeless Management Information System (HMIS) means a database mandated by the U.S. Department of Housing and Urban Development used to collect participant-level data on the provision of housing and supportive services to individuals and families at risk of homelessness or experiencing homelessness.

16. Housing First Principles include access to a program is not contingent on sobriety,

minimum income requirements, lack of a criminal record, completion of treatment, participation in services, or other unnecessary conditions; support services are available but are voluntary, participant-driven, individualized, and flexible; and services are informed by a harm-reduction philosophy that recognizes that drug and alcohol use are a part of some clients' lives. Participants are engaged in nonjudgmental communication regarding drug and alcohol use and are offered education regarding how to avoid risky behaviors and engage in safer practices.

17. Housing Navigation means a community-based, solution-focused strategy that assists Participants with complex and frequent occurring issues that prevent them from accessing and maintaining stable housing.

18. Housing Specialist means a specialized position dedicated to developing the full array of housing options for their program and monitoring their sustainability for the population served in accordance with the minimal housing standards policy set by County for their program. The Housing Specialist is also responsible for assisting Participants with applications to low-income housing, housing subsidies, senior housing, etc.

19. Individuals refers to adults age 18 and older. Individuals may be single person households and adult-only households.

20. Information and Referrals refers to the provision of information on community, social, health and government programs in the community that address the needs of Participants. This may include information to access community health clinics, food pantries, support groups, etc.

21. Intake means the initial meeting between a Participant and Contractor's staff and includes an evaluation to determine if the Participant meets program criteria and is willing to seek services.

22. Motivational Interviewing is directive, Participant-centered counseling style for eliciting behavior change by helping Participants to explore and resolve ambivalence.

23. Outreach means the outreach to potential Participants to link them to appropriate supportive services and may include activities that involve educating the community about the services offered and requirements for participation in the programs. Such activities should result in Contractor developing its own Participant referral sources for the programs it offers.

24. Program Director means an individual who has complete responsibility for the day-to-day function of the program. The Program Director is the highest level of decision-making at a local, program level.

25. Progressive Engagement means a flexible, targeted, and efficient approach to service delivery. It recognizes each household's strengths and needs that can change over time, targeting resources to meet those needs and ensuring that the most intensive resources remain available to those with the greatest needs. Progressive Engagement is a practice of helping households end

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

their homelessness as rapidly as possible, despite barriers, with minimal financial and support resources. More supports are applied to those households who struggle to stabilize.

26. Referral means providing the effective linkage of a Participant to another service, when indicated; with follow-up to be provided within five (5) working days to assure that the Participant has contacted the referred service.

27. Service Planning Areas (SPA) means the three geographic areas of Orange County (North, Central, and South) designated for the purposes of promoting increased coordination and collaboration in the delivery of programs and solutions that effectively address homelessness.

28. System of Care Data Integration System (SOCDIS) means a project that integrated nine databases, creating one Virtual Client Record with a Participant's demographics, program history and service utilization. Interdepartmental data and information sharing is facilitated by a Multi-Disciplinary Team that meets twice a month to coordinate care for high utilizers accessing County services/programs.

29. Transitional Aged Youth (TAY) refers to individuals who are between the ages of 18 to 24 at program entry. Transitional Aged Youth may also include households whose head of households is between the ages of 18 to 24.

30. Trauma-Informed Care requires that every part of the program's design and operation be approached with an understanding of trauma and the impact it has on those receiving services.

31. U.S. Department of Housing and Urban Development (HUD) means one of the executive departments of the United States Federal Government that is tasked with federal housing and urban development laws and administering of related programs and services.

B. Contractor and Administrator may mutually agree, in writing, to modify the Common Terms and Definitions Paragraph of this Attachment A to the Contract.

II. BUDGET

A. County shall pay Contractor in accordance with the Payments Paragraph of this Attachment A to the Contract and the following budget, which is set forth for informational purposes only and may be adjusted by mutual agreement, in writing, by Administrator and Contractor. The total of such payments shall not exceed the Maximum Obligation as specified in the Referenced Contract Provisions of the Contract.

ADMINISTRATION COSTS	PER MONTH ESTIMATED	PERIOD TOTAL
Salaries	\$800	\$3,200
Benefits	\$916	\$3,664
TSA National Administrative Support Rate 25.5%	\$42,000	\$182,868
SUBTOTAL ADMINISTRATIVE COSTS	\$43,716	\$189,733

B. BUDGET/STAFFING MODIFICATIONS – Contractor may request to shift funds between budgeted line items, for the purpose of meeting specific program needs or for providing continuity of care to its members, by utilizing a Budget/Staffing Modification Request form provided by Administrator. Contractor shall submit a properly completed Budget/Staffing Modification Request to Administrator for consideration, in advance, which shall include a justification narrative specifying the purpose of the request, the amount of said funds to be shifted, and the sustaining annual impact of the shift as may be applicable to the current contract period and/or future contract periods. Contractor shall obtain written approval of any Budget/Staffing Modification Request(s) from Administrator prior to implementation by Contractor. Failure of Contractor to obtain written approval from Administrator for any proposed Budget/Staffing Modification Request(s) may result in disallowance of those costs.

C. FINANCIAL RECORDS – Contractor shall prepare and maintain accurate and complete financial records of its cost and operating expenses. Such records will reflect the actual cost of the type of service for which payment is claimed. Any apportionment of or distribution of costs, including indirect costs, to or between programs or cost centers of Contractor shall be documented, and will be made in accordance with GAAP.

III. PAYMENTS

A. County shall pay Contractor monthly, in arrears. All payments are interim payments only, and subject to Final Settlement in accordance with the Cost Report Paragraph of the Contract for which Contractor shall be reimbursed for the actual cost of providing the services hereunder; provided, however, the total of such payments do not exceed the Maximum Obligation as specified in the Referenced Contract Provisions of the Contract, and provided further, Contractor's costs are reimbursable pursuant to County, state, and federal regulations. A may, at its discretion, pay supplemental invoices for any month for which the provisional amount specified above has not been fully paid.

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

1. In support of the monthly invoices, Contractor shall submit an Expenditure and Revenue Report as specified in the Reports Paragraph of this Attachment A to the Contract. Administrator shall use the Expenditure and Revenue Report to determine payment to Contractor as specified in Subparagraphs A.2. and A.3., below.

2. If, at any time, Contractor's Expenditure and Revenue Reports indicate that the provisional amount payments exceed the actual cost of providing services, Administrator may reduce County payments to Contractor by an amount not to exceed the difference between the year-to-date provisional amount payments to Contractor's and the year-to-date actual cost incurred by Contractor.

3. If, at any time, Contractor's Expenditure and Revenue Reports indicate that the provisional amount payments are less than the actual cost of providing services, Administrator may authorize an increase in the provisional amount payment to Contractor by an amount not to exceed the difference between the year-to-date provisional amount payments to Contractor and the year-to-date actual cost incurred by Contractor.

B. Contractor's invoicing shall be on a form approved or supplied by Administrator and provide such information as is required by Administrator. Invoices are due the twentieth (20th) day of each month. Invoices received after the due date may not be paid within the same month. Payments to Contractor should be released by County no later than thirty (30) calendar days after receipt of the correctly completed invoice.

C. All invoices to County shall be supported, at Contractor's facility, by source documentation including, but not limited to, ledgers, journals, time sheets, invoices, bank statements, canceled checks, receipts, receiving records, and records of services provided.

D. Administrator may withhold or delay any payment if Contractor fails to comply with any provision of the Contract.

E. County shall not reimburse Contractor for services provided beyond the expiration and/or termination of the Contract, except as may otherwise be provided under the Contract, or specifically agreed upon in a subsequent agreement.

F. Contractor and Administrator may mutually agree, in writing, to modify the Payments Paragraph of this Attachment A to the Contract.

IV. REPORTS

A. Contractor shall maintain records and make statistical reports as required by Administrator.

B. Fiscal

1. Contractor shall submit monthly Expenditure and Revenue Reports to Administrator. These reports will be on a form acceptable to, or provided by, Administrator and will report actual

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

costs and revenues for Contractor's program described in the Services Paragraph of this Attachment A to the Contract. The reports will be received by Administrator no later than the twentieth (20th) day following the end of the month being reported. Contractor must request in writing any extensions to the due date of the monthly required reports. If an extension is approved by Administrator, the total extension will not exceed more than five (5) calendar days.

2. Contractor shall submit monthly Year-End Projection Reports to Administrator. These reports will be on a form acceptable to, or provided by, Administrator and will report anticipated year-end actual costs and revenues for Contractor's program described in the Services Paragraph of this Attachment A to the Contract. Such reports will include actual monthly costs and revenue to date and anticipated monthly costs and revenue to the end of the fiscal year. Year-End Projection Reports will be submitted in conjunction with the Monthly Expenditure and Revenue Reports.

C. Staffing – Contractor shall submit monthly Staffing Reports to Administrator. These reports will be on a form acceptable to, or provided by, Administrator and will, at a minimum, report the actual FTEs of the positions stipulated in the Staffing Paragraph of this Attachment A to the Contract and will include the employees' names, licensure status, monthly salary, hire and/or termination date and any other pertinent information as may be required by Administrator. The reports will be received by Administrator no later than twentieth (20th) day following the end of the month being reported. If an extension is approved by Administrator, the total extension will not exceed more than five (5) calendar days.

D. Programmatic – Contractor shall submit monthly reports to Administrator. These reports shall be on a form acceptable to, or provided by, Administrator. The reports will be received by Administrator no later than twentieth (20th) day following the end of the month being reported. Administrator may request additional program reports of Contractor in order to determine the quality and nature of services provided hereunder. Administrator will be specific as to the nature of information requested and may allow up to thirty (30) calendar days for Contractor to respond to request. The reporting shall support County in evaluating Contractor's performance as it related to Participant data, program linkages and units of services. Contractor will be required to utilize the HMIS to support with data collection, management, and reporting standards and used to collect participant-level data

2. Contractor is required to submit reporting at regular intervals to County that details the following broken down by:

- a. Total number of eligible households that receive assistance;
- b. Composition of the households – demographics, size and type;
- c. Number of unduplicated Participants served;
- e. Length of assistance;

- f. Number of Participants exits and exit types; and
- g. CES status – total number referrals received from the CES and related status.

E. Additional Reports – Contractor shall submit additional reports as reasonably required by Administrator concerning Contractor’s activities as they affect the duties and purposes contained in the Contract. Administrator will provide Contractor with at least thirty (30) calendar days’ notice if such additional reports are required and shall explain any procedures for reporting the required information.

F. Contractor shall report all special incidents to Administrator and shall submit a written Special Incident Report in accordance with the Notices Paragraph of the Contract and in accordance with the Standards of Care. Special incidents shall include, but are not limited to, Participant's suicide or attempted suicide, elopement or absence without leave, serious injury, death, criminal behavior, or any other incident which may expose County or Contractor to liability.

G. Subject to mutual agreement in writing, the Contractor and Administrator may alter the reporting requirements. Contractor and Administrator may mutually agree, in writing to modify the Reports Paragraph of this Attachment A to the Contract.

V. SCOPE OF SERVICES

A. Activities – Contractor shall perform all services set forth in the program description and will be responsible for administering program funded services with Federal, State, or local funds, in a manner satisfactory to the County and consistent with any standards required as a condition of providing these funds.

B. Program Description – Contractor shall operate the Cold Weather Emergency Shelter (Program) for individuals (adult only households) experiencing homelessness in Orange County at the identified Salvation Army site located at 818 E. Third Street, Santa Ana, CA or at an alternative site as agreed upon by the County and Contractor. The Program will provide individuals experiencing homelessness with a safe place to sleep, a hot meal, case management and supportive services, and other personal care and housing assistance needs during the cold weather season in Orange County.

C. Eligible Population – The Program will serve individuals experiencing homelessness. An individual is a person aged 18 and older and may include adult only households. A person and/or household is considered to be experiencing homelessness only when he/she/they lack(s) a fixed, regular and adequate nighttime residence and reside(s) in a place not meant for human habitation, such as cars, parks, sidewalks, abandoned buildings, motels; or other shelters, including emergency shelters and transitional housing; or for reference as further defined in 24 CFR Part 576.2.

Additionally, to access the Program individuals experiencing homelessness must be:

- 1. Able to do their Activities of Daily Living.

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

2. Agreeable to follow posted shelter rules, including signing in at entry.
3. Agreeable not to use or sell drugs or illegal substances on the premises.
4. Agreeable to treat other program participants, staff and the property with respect.
5. Agreeable to obey fire and other safety regulations.

The Contractor will rapidly triage families (households with children), unaccompanied youth, and victims of domestic violence or sex trafficking and provide a list of phone numbers and assist in contacting local agencies who can provide specialized programs and services to better address the needs of these populations, as quickly as possible.

D. Use of Funds – Funds shall be used to provide contracted services and operations of the Program, such as providing safety net services and case management services that promote connections to other homeless service providers, increased housing stability and increased access to benefits and/or employment resources. Said services and operations shall be low barrier and promote an engagement rich environment in which individuals experiencing homelessness make connections to supportive services, community linkages, health care, and stable housing.

Contractor will implement the Standards of Care at the Program and the County will take into consideration the limitations of the Program operations when monitoring for compliance with the Standards of Care. The Contractor will ensure proper staffing, adequate training and day to day operations that meet the needs of participants.

E. Reporting – Contractor is required to submit reports, as agreed upon with County, in a form mutually agreed upon by Contractor and County. Reporting requirements may include but are not limited to number of program participants who participate in safe sleep program, number of participants who are employed or have secured employment, data relating to entries, exits, and exit types of the Program, etc. Additional reporting items will be determined in coordination with County and Contractor on an as needed basis.

Contractor shall enter the data in the Homeless Management Information System (HMIS) as required by the County and funding sources. Contractor shall participate in HMIS and follow the HMIS Policies and Procedures as adopted by the Orange County Continuum of Care (CoC). Contractor shall collaborate with County and HMIS Lead on CES and other Orange County CoC services and efforts to address homelessness.

F. Description of Program – The Program shall meet the County's need to provide Cold Weather Emergency Shelter services to up to 100 individuals experiencing homelessness during

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

the cold weather months. The Contractor's responsibility will include operating, maintaining, and staffing the Program as, well as coordinating the supportive services offered to Participants. The Contractor shall operate the Program, at minimum 14 hours overnight, seven days a week from December 1, 2022, to March 31, 2023.

G. Description of Service Components – As part of the Program, the Contractor shall provide the following two service components to all participants:

1. Shelter Services will provide up to 100 beds for people seeking a safe place to sleep overnight starting at 5 p.m. in the evening and ending at 7 a.m. the following morning. Participants accessing shelter services get a hot meal at dinner, a bagged breakfast and snacks, and access to hygiene services, including showers and restrooms.

2. Wrap Around Supportive Services will be provided to participants in the form of light case management services, referrals and linkages to community-based organizations, medical and behavioral health care services and other emergency shelters programs for which the participant is eligible. Participants that regularly participate (returning weekly for three consecutive weeks) in the Program will be connected to the Coordinated Entry System and receive additional support that will assist towards permanent housing and housing stability.

H. Shelter Requirements – Contractor shall:

1. Ensure the Program operates overnight, at minimum 14 hours a day, seven days a week, and starting at approximately 5:00 p.m. until 7:00 a.m.

2. Have the capacity to activate to operate as a 24-hour emergency shelter program, if required or needed in the event of severe inclement weather. County will inform Contractor of needed 24-hour emergency shelter activation and deactivation.

3. Have a 24 hour contact available to Program staff for emergency purposes and communication policies and procedures in place to notify the County as appropriate.

4. Have a 24 hour contact available to County for emergency purposes and to coordinate response as appropriate.

5. Implement the Standards of Care in the operations of the Program and coordinate with County in the implementation process, seeking guidance as appropriate.

6. Provide nightly shelter services in a clean, safe, and well-maintained environment.

7. Ensure the Program operates at a facility in good repair, free of leaks, with adequate heat and ventilation, hot water and meets all local building, health, and safety standards.

- a. At minimum, the facility shall meet the Emergency Solutions Grant's (ESG) Habitability Standards.
 - b. Facility must be able to accommodate the needs of people with Disabling conditions per the Americans with Disabilities Act (ADA).
8. Ensure the Program operates at a facility with a suitable number of bathroom sink, toilet, and shower facilities to meet the needs of all participants.
 9. Provide clean towels and hygiene necessities and toiletries, such as shampoo, soap, and toothpaste, to participants.
 10. Sleeping space should be adequate in size, with appropriate spacing on the sides so that guidance from local public health officials regarding COVID-19 safety protocols is implemented.
 11. Provide each participant with a clean bed, bedding/blanket and towel daily.
- I. Site Management Tasks – Contractor shall:
1. Take appropriate action to address medical and/or behavioral health emergencies.
 2. Complete required reporting and gathering data mutually agreed on by Contractor and County and as required by funding sources
 3. Complete appropriate record keeping in accordance with funding source requirements, such as the Declaration of Homelessness form for each participant utilizing the Program.
 4. Provide supervision of the participants enrolled in the Program including shelter entry intake processes and the scheduling of meals, showers, and other personal services as needed.
 5. Provide Site Managers that will be responsible for the ongoing supervision of the Program and staff.
 6. Employ trained security personnel (Security) in support of the Program operations during all hours of Program operations, which shall support the overall safety of participants and staff. Security personnel will enforce rules such as no drinking or drug use on the premises, no smoking in the building, no weapons, etc.
 7. Launder bedding, blankets and towels on a regular basis as part of the core operations of the Program to ensure participants are provided with a clean bedding, blankets and towels.
 8. Ensure sleeping areas, including beds, mattresses, mats and/or cots, are regularly cleaned and use reasonable care to ensure sleeping areas remain clean and free of parasitic infestations and other pests.

*County of Orange, County Executive Office
Office of Care Coordination*

MA-017-23010366

9. The site must be cleaned and disinfected daily to ensure cleanliness and a safe environment for participants. Cleaning includes sweeping the floor, organizing sleeping areas, stacking towels and blankets for laundry pick-up, cleaning and disinfecting food areas and restrooms.

J. Administrative Management Tasks – Contractor shall:

1. Work in partnership with the County to be a Good Neighbor to the surrounding community. This includes informing the public about the positive aspects of the Program, being responsive to community concerns and working closely with host city and County government to minimize the impact of the Program on the surrounding neighborhood.

2. Submit policies and procedures for the Program, as requested by the County, for all aspects of services, management plan, staff responsibilities and staff coordination.

3. Coordinate with all County agencies providing supportive services to program participants including but not limited to the County Executive Office (CEO), Health Care Agency (HCA), Social Services Agency (SSA), and OC Community Resources (OCCR).

4. Engage local community-based organizations, non-profit agencies, social services programs, and volunteers to assist with supportive services provided at the Program. All efforts shall be coordinated with current County services and other contracted partners, as needed.

5. Provide supplies and equipment as needed for the ongoing operations of the Program. It is the Contractor's responsibility to inventory the supplies and procure supplies as needed.

6. Coordinate with County on administrative functions such as program operation meetings, site monitoring and requested documentation, as necessary and appropriate.

7. Complete a log of activities for each night, including but not limited to reporting the number of participants served, referrals made to community services, long term emergency shelter and other housing opportunities.

8. Track and submit reports on all services provided on-site, including total number of volunteers assisting the staff and any service provider that may have engaged with the program.

9. Complete and submit all incident reports to the County within 24 hours of occurrence.

10. Submit reports on a daily, weekly, and monthly basis. Daily report will include occupancy numbers, and other data points as agreed upon with the County. Data reports from HMIS and due dates for the weekly and monthly reports will be items mutually agreed upon with the County.

K. Performance Metrics – Contractor shall:

1. Provide 120 nights of emergency shelter services
2. Maintain an average of at least 75 percent bed occupancy through the term of the contract
3. Refer at least 30 percent of participants to additional emergency shelter or other longer-term housing opportunities
4. Refer at least 30 percent of participants enrollments into the Coordinated Entry System

L. Program Design – The Contractor shall incorporate the following aspects into the Program Design:

1. Low Barrier Criteria – The Program is designed to encourage program participation by operating with low barriers to entry and accommodating any person, over the age of 18 years old, who identifies as experiencing homelessness in Orange County. The Contractor must welcome all individuals who are experiencing homelessness and seeking respite shelter.

2. Safe Shelter Access – The Program shall be open starting in the evening hours, seven days a week, including all holidays. The Program shall provide 100 emergency shelter beds to eligible program participants on a first come, first serve basis. The goal of the Program is to provide a safe, secure sleeping area to those seeking shelter.

3. Sleeping Areas – Contractor shall provide 100 shelter beds each night. The Contractor shall work with Public Health Services to configure the site to accommodate a variety of needs and implement appropriate public health guidance. Participants will be assigned a bed and blanket through the intake process. The Program will have sleeping areas designated for men, women, and persons with disabilities.

4. Meals – Contractor shall provide meals in a designated area of the facility for participants and as part of the Program operations. Meal-related supplies will be provided by Contractor. Contractor will coordinate and provide one hot meal at dinner, one bagged meal, and snack per day.

5. Storage – Contractor shall allow participants to bring a small volume and small number of personal items into their sleeping area. Participants will be allowed to bring one bicycle each onsite. Contractor recognizes that program participants value their belongings, and Contractor will work with each program participant to find the balance between creating a safe and sanitary environment while honoring the value of personal possessions. Each program

participant must remove their belongings from the site on a daily basis. Contractor will not provide on-site vehicle parking for Participants. Participants with vehicles will be responsible for finding appropriate parking for their vehicles. Entry Process – The Program will operate utilizing an established first come, first served process as coordinated by Contractor and County to gain access for overnight shelter services. The established entry process will ensure that beds are available for interested participants, and that interested participants meet eligibility requirements; however, if capacity permits, individuals seeking shelter for the night will be allowed to stay overnight providing they are not a danger to themselves or others.

a. Contractor’s Security personnel will facilitate the entry process to the facility and ask those participants entering to sign in. Contractor’s staff will be available to assist interested program participants enroll in the Program and facilitate connections to supportive services for interested participants.

b. At nighttime, the designed “lights out” time is 11 p.m. and will be enforced by Contractor’s Security. Program participants who choose to leave during the night are free to do so; however, program participants will not be allowed back into the facility until the next night. Additionally, Security will generally close showers, and other amenities during “lights out”; however, anyone needing a reasonable accommodation will be accommodated, if possible.

6. Transportation – The Contractor shall provide transportation to and from the Program location from specified pick-up/drop-off points coordinated with the City where the program is being operated.

7. Security – The Contractor will ensure Security personnel is part of the Program staffing and is in place during the operation hours of the program, seven days a week, to ensure a peaceful environment for those seeking services and respite from the streets.

8. Case Management Services – The Program shall provide Case Management to the participants who utilize this low barrier emergency shelter and access available resources offered by the Contractor. The case managers will aid in connecting program participants to supportive services that best meet their needs, including facilitating the transition into longer term shelter or permanent housing.

a. The goal of low-barrier services is to provide a progressive engagement model to program participants who are experiencing chronic homelessness who may be reluctant to seek assistance due to mental health challenges, substance use, and chronic health conditions. Once

linked to existing supportive services within the County and partnering agencies, program participants will work towards permanent supportive housing or alternative stable housing, and stability.

b. Contractor shall operate Program and offer supportive services in a culturally competent manner, including the intake and assessment process and ongoing case management. Program participants will have the rules and intake forms explained to them. When English is their second language, the rules and intake forms will be explained in their primary language whenever feasible.

c. Contractor acknowledges that they are required to collaborate with other community-based organizations and homeless services agencies.

9. Emergency Response – Contractor will partner with medical or law enforcement in the event of an emergency. With the nature of the population being served at the Program, there is a need to take precautions, should a medical need or emergency arise. The first reaction for any emergency situation would be to call 9-1-1. All staff and volunteers at the Program shall be trained on the appropriate emergency procedures in order to handle crisis situations in the most effective manner possible.

M. Staffing

1. Staffing should reflect diverse populations served, and at a minimum include English and Spanish speaking personnel. Staff should demonstrate the ability to communicate effectively in both written and verbal formats, and the ability to problem solve effectively within the structure of the program, the contract, and budgetary parameters, as appropriate to their respective job descriptions.

2. Contractor shall provide staffing patterns which include a minimum ratio of one (1) program staff per twenty (20) participants. Given the expected high service needs of most of the program participants, the Contractor has developed staffing plans based on addressing those needs while keeping everyone safe. Staffing pattern shall not be limited to, the following required positions for the comprehensive services:

a. Program Director – To be responsible for program oversight and ensuring appropriate staffing and support for the Program. To coordinate program details and communicate directly with County regarding program operations.

b. Shift Manager and/or Supervisor(s) – To be responsible for the day-to-day

operations of the program, including but not limited to, monitoring, daily submission of bed utilization/rosters to County, ensuring referrals are appropriately processed and providing direction to intake and program staff.

c. Intake and Program Staff – To complete program intake, complete HMIS data entry, and provide light case management.

d. Program Monitors – To ensure ongoing and smooth operations of the facility and responsible for setting up the daily cots, and daily meal distribution.

e. Security – To provide on-site Security during all hours of operation of the program. Security must not consist of program staff and have appropriate training.

f. Custodian/Janitorial – To ensure location is cleaned and disinfected daily to meet the requirements established by the lessor of the location.

3. Contractor shall make its best effort to ensure that services provided pursuant to the Contract are provided in a manner that is culturally and linguistically appropriate for the population(s) served. Contractor shall ensure that documents are maintained of such efforts which may include, but not be limited to, records of participation in County-sponsored or other applicable training; recruitment and hiring Policies and Procedures; copies of literature in multiple languages and formats, as appropriate; and descriptions of measures taken to enhance accessibility for, and sensitivity to, individuals who are physically challenged.

VI. FILE MAINTENANCE AND DOCUMENTATION

1. Contractor shall prepare all applicable files and perform all administrative management tasks, as indicated in the Contract.

2. Contractor Shall maintain all records required by the federal regulations specified in 24 CFR 570.503(b)(2), 570.506, 570.507, 570.508 that are pertinent to the activities to be funded under this Contract.

3. Records providing a full description of each activity undertaken.

4. Financial records as required by 24 CFR 570.502, and OMB Circular A-87; and

5. Other records necessary to document compliance with Subpart K of 24 CFR 570.

6. Annual Audit Submission: Independent audits to be performed by a Certified Public Accountant, which shall include an audit of funds received from County, in accordance with applicable regulatory requirements. Copies of each required audit report must be provided to

County within thirty (30) calendar days after the date received by Contractor.

7. Retention: Contractor shall retain all records pertinent to expenditures incurred under this Contract for a period of five (5) years after the termination of all activities funded under this Contract, or after the resolution of all federal audit finding, whichever occurs later. Records for non-expendable property acquired with funds under this Contract shall be retained for five (5) years after final disposition of such property. Records for any displaced person must be kept for five (5) years after s/he has received final payment.

VI. STAFFING

A. Contractor shall provide effective administrative management of the budget, staffing, recording, and reporting portion of the Contract with County. If administrative responsibilities are delegated to subcontractors, Contractor must ensure that any subcontractor(s) possess the qualifications and capacity to perform all delegated responsibilities. Responsibilities include but are not limited to the following:

1. Designate the responsible position(s) in your organization for managing the funds allocated to this program;
2. Maximize the use of the allocated funds;
3. Ensure timely and accurate reporting;
4. Maintain appropriate staffing levels;
5. Ensure staff possess the qualification and capacity to perform responsibilities tied to the staff's position.
6. Effectively communicate and monitor the Program for its success;
7. Maintain communication between the Contract key staff and Program Administrators; and,
8. Act quickly to identify and solve problems.

B. Contractor shall make its best effort to ensure that services provided pursuant to the Contract are provided in a manner that is culturally and linguistically appropriate for the population(s) served. Contractor shall ensure that documents are maintain of such efforts which may include, but are not limited to, records of participation in County sponsored or other applicable trainings; recruitment and hiring policies and procedures; copies of literature in multiple languages as appropriate, and descriptions of measures taken to enhance accessibility for, and sensitivity to individuals who are physically challenged.

C. Contractor shall, at a minimum, provide the following staffing pattern expressed in Full-Time Equivalent (FTEs) continuously throughout the term of the Contract. One (1) FTE shall be equal to an average of forty (40) hours work per week.

Sole Source Request Form Instruction Sheet

COUNTY POLICY ON SOLE SOURCE CONTRACTS:

It is the policy of the County of Orange to solicit competitive bids and proposals for its procurement requirements. Per the Contract Policy Manual, a sole source procurement shall not be used unless there is clear and convincing evidence that only one source exists to fulfill the County's requirements, CPM section 4.5. All sole source purchases requiring Board of Supervisors approval shall be justified as meeting the sole source standard in the Agenda Staff Report. The Agenda Staff Report shall clearly state that it is a sole source procurement. The Sole Source Justification, as described below, shall be attached within the Agenda Staff Report (CPM, Section 4.5)

SECTION I – INSTRUCTIONS FOR COMPLETING THE ATTACHED FORM

(To be completed by the department's end-user, Program Manager, or Subject Matter Expert)

1. Formal justification is required for sole source procurements when competitive bid guidelines require pricing from competing firms.
2. A written justification will be prepared by the department and approved by the department head or designee.
3. Prior to execution of a contract, the County Procurement Officer or designee shall approve ALL sole source requests for commodities that exceed \$250,000 annually, services exceeding \$75,000 annually and all Board contracts despite the amount. Board approval is required for all sole source contracts for commodities that exceed \$250,000 annually and services exceeding \$75,000 annually or a two (2) year consecutive term, regardless of the contract amount. Any amendments to Board approved sole source contracts require a new sole source form.
4. If vendor is a retired, former Orange County employee, CEO Human Resource Services shall approve the sole source request, regardless of the sole source amount.
5. Valid sole source requests will contain strong technological and/or programmatic justifications. Requests will explain how it is a sole source purchase, provide a clear and convincing justification and detail the purchasing history (who, what, when, how and where).
6. Sole source procurements may be approved based upon emergency situations in which there is not adequate time for competitive bidding.
7. Sole source requests for Human Service contracts will be guided by the regulations of the funding source.
8. Each question in Section II of this form must be answered in detail and the form signed by the department head with concurrence of the Deputy Purchasing Agent.
9. All sole source request forms must be entered into the County's online bidding system along with its supporting documentation.
10. The Deputy Purchasing Agent (DPA) shall retain a copy of the justification/approval as part of the contract file.
11. Request for Solicitation Exemption (*For purchases with special circumstances, and/or when it is determined to be in the best interest of the County*) – check the Solicitation Exemption box and complete additional question no 8.

Sole Source Request Form

Sole Source Bidsync # 017-2279107-CR-SS

SECTION III – SOLE SOURCE JUSTIFICATION

- 1. Provide a description of the type of contract to be established.** *(For example: is the contract a commodity, service, human service, public works, or other – please explain.) Attach additional sheet if necessary.*

This is a human services contract for the design, implementation and operations of the Cold Weather Emergency Shelter (Program) during the FY2022-23 cold weather season. The scope of services for the Program supports the efforts to operate a low-barrier, emergency shelter for persons experiencing homelessness in Orange County from December 1, 2022, to March 30, 2023.

- 2. Provide a detailed description of services/commodities and how they will be used within the department. If this is an existing sole source, please provide some history of its origination, Board approvals, etc.** *(This information may be obtained from the scope of work prepared by the County and the vendor's proposal that provides a detailed description of the services/supplies.) Attach additional sheet if necessary.*

The Cold Weather Emergency Shelter (Program) will provide individuals experiencing homelessness a safe place to sleep, a hot meal, case management and supportive services, and other personal care and housing assistance needs during the cold weather season of 2022-2023 in Orange County. The Program will operate utilizing a low-barrier model and provide safety net services that promote connections to Orange County Homeless Service System, including other homeless service providers, increased housing stability and increased access to benefits and/or employment resources. Additionally, the services available through the Program will promote an engagement rich environment in which people experiencing homelessness make connections to supportive services, community linkages, health care, and advance the individual on their path to stable housing and self-sufficiency.

- 3. Explain why the recommended vendor is the only one capable of providing the required services and/or commodities.** **How did you determine this to be a sole source and what specific steps did you take? Please list all sources that have been contacted and explain in detail why they cannot fulfill the County's requirements. Include vendor affidavit and/or other documentation which supports your sole source.** *(Responses will include strong programmatic and technological information that supports the claim that there is only one vendor that can provide the services and/or commodities. Your response will include information pertaining to any research that was conducted to establish that the vendor is a sole source, include information pertaining to discussions with other potential suppliers and why they were no longer being considered by the County.) Attach additional sheet if necessary.*

On July 19, 2022, the County Executive Office (CEO) on behalf of the Office of Care Coordination issued a Request for Proposals (RFP) seeking proposals from qualified organizations to provide Cold Weather Emergency Shelter – Seasonal Services for persons experiencing homelessness in Orange County. The Office of Care Coordination issued an RFP Addendum extending the period for questions and answers to the RFP deadline while additional outreach was conducted. The Office of Care Coordination issued a second RFP Addendum extending the deadline for response to be submitted to the RFP. There were zero respondents to the RFP, as such the Office of Care Coordination approached the three prior Program operators and one additional homeless service providers in Orange County who were unable to commit to the operations for various reasons. The Office of Care Coordination approached and is recommending The Salvation Army, for the provision of services due to their appropriate and extensive experience in operating emergency shelters, which is demonstrated through their work including locations within the City of Santa Ana and the City of Anaheim.

Sole Source Request Form

Sole Source Bidsync # 017-2279107-CR-SS

The Salvation Army prides themselves in providing services with dignity to persons experiencing homelessness by providing individuals experiencing homelessness with a clean, safe place to stay. The Salvation Army's services include providing food, clothing, case management, counseling, job search assistance and integrated employment programs to assist persons experiencing homelessness.

4. How does recommended vendor's prices or fees compare to the general market?

Attach quotes for comparable services or supplies. Attach additional sheet if necessary.

The proposed budget from the recommended vendor, The Salvation Army, is slightly higher from the operations from the previous Cold Weather Emergency Shelter (Program) operators and cold weather seasons. The proposed budget adequately covers the costs needed to fund staffing, services and supplies required for the operations of the Program at a location owned and managed by The Salvation Army. Due to The Salvation Army's extensive experience in operating shelter programs, the recommended vendor has proposed costs in alignment with competitive salaries for their agency that will support staff retention and high-quality services. Additionally, the proposed costs for security, food and transportation provided by The Salvation Army leverage agreements with already established vendors.

5. If the recommended vendor was not available, how would the County accomplish this particular task?

Attach additional sheet if necessary.

If the recommended vendor was not available, the County of Orange (County) would not be able to operate the Cold Weather Emergency Shelter (Program) and the entire Program would be in jeopardy of not operating this winter season thus greatly impacting the available resources to serve individuals experiencing homelessness, especially during inclement weather. There are no other vendors able to operate the Program, as the previous three operators turned down the opportunity and two additional homeless service providers also declined. It is in the County's best interest and welfare of individuals experiencing homelessness of Orange County to provide access to emergency shelter beds during the cold weather months. Given that there were zero respondents to the Request for Proposals (RFP) despite extended the deadline and completing targeted outreach, there are no other vendors to operate the Program and implement the unique requirements of this program's overnight operational services. The recommended vendor is well positioned to be able to operate the Program by providing a unique expertise and understanding of the target population. In the immediate, the County would not be able to replicate this service and respond in a timely manner to the Board of Supervisor's directive.

6. Please provide vendor history – name change, litigation, judgments, aka, etc. for the last 7 years.

Through the normal County of Orange (County) vetting process, The Salvation Army has had no judgements or name changes within the last seven (7) years. They do have five (5) litigations items pending, none of which are of significance to the County, and immaterial to their delivery of services to be provided.

7. If vendor is a retired, former employee, has the vendor previously been rehired as a contractor within the last three years? Yes No

If yes, provide explanation/support for hiring the retired, former employee as a vendor and provide contract dates, scope of work, and total amounts paid under each contract.

RECEIVED
CLERK OF THE BOARD OF SUPERVISORS

The County Executive Office is requesting a Supplemental Agenda Staff Report for the October 18, 2022, Board Hearing.

Agency: Sheriff-Coroner Department
Subject: Award Job Order Contracts for Various Services
Districts: All Districts

Reason Item is Supplemental: Contracts have expired and the department is trying to shorten the lapse. Critical projects started in the jail facilities were stopped and they need to resume promptly.

Justification: Approval of this Supplemental will allow the Sheriff-Coroner to proceed with various critical projects that require specialized construction services within the County jails and other support facilities. This item cannot be moved to a later Board date to avoid a further lapse in service. The current contracts ended on 8/31/22, 9/21/22 and 9/26/22. This Agenda Staff Report and attachments were finalized after the filing deadline to the Clerk of the Board.

Concur:

Doug Chaffee, Chairman of the Board of Supervisors

RECOMMENDED ACTION(S)

1. Award Job Order Contracts for General Building Services in an annual amount not to exceed \$5,000,000 per contractor for an aggregate amount of \$45,000,000, effective for a one-year term upon execution of contracts, as follows:
 - a. CTG Construction, Inc. dba C.T. Georgiou Painting Co.
 - b. Dalke & Sons Construction, Inc.
 - c. Horizons Construction Company International, Inc.
 - d. MIK Construction Inc.
 - e. MTM Construction, Inc.
 - f. New Creation Engineering & Builders, Inc. dba New Creation Builders
 - g. PUB Construction, Inc.
 - h. SJD&B, Inc.
 - i. Vincor Construction, Inc.

2. Award Job Order Contracts for Electrical Services in an annual amount not to exceed \$5,000,000 per contractor for an aggregate amount of \$15,000,000, effective for a one-year term upon execution of the contracts, as follows:
 - a. Baker Electric & Renewables LLC dba Baker Electric
 - b. Federal Technology Solutions, Inc.
 - c. Mel Smith Electric, Inc.
3. Award Job Order Contracts for Mechanical Services in an annual amount not to exceed \$5,000,000 per contractor for an aggregate amount of \$10,000,000, effective for a one-year term upon the execution of the contracts, as follows:
 - a. ABM Building Solutions, LLC
 - b. Mesa Energy Systems, Inc. dba EMCOR Services Mesa Energy
4. Award Job Order Contracts for Roofing Services in an annual amount not to exceed \$5,000,000 per contractor for an aggregate amount of \$10,000,000, effective for a one-year term upon execution of the contract, as follows:
 - a. AME Builders Inc dba AME Roofing
 - b. Commercial Waterproofing Systems, Inc. dba ERC Roofing & Waterproofing
5. Authorize the Sheriff-Coroner Department's Director of Research and Development Division or designee to execute the Job Order Contracts when the required bonds and certificates of insurance have been submitted and approved by the County Executive Office/Office of Risk Management and County Counsel.
6. Authorize return of bid guarantees to all bidders upon execution of the contracts.

SUMMARY:

Approval of the Job Order Contracts for General Building Services, Electrical Services, Mechanical Services, and Roofing Services will support expediting the completion of Sheriff-Coroner Department's repair, remodeling, rehabilitation and maintenance projects, and improve public safety and customer service.

BACKGROUND INFORMATION:

On June 29, 2010, the Board of Supervisors (Board) approved the establishment of a Job Order Contracting (JOC) Program to expedite completion of maintenance, repair, rehabilitation and remodel projects involving existing County of Orange (County) facilities. The JOC Program includes a competitive public works bidding process based on a price adjustment factor that is multiplied by the unit prices of materials, equipment and labor. These unit prices are listed in the JOC Construction Task Catalog and Technical Specifications established by the County's consultant, The Gordian Group, Inc. (Gordian), as part of the bid documents. Gordian has developed the necessary bid documents to seek contractors for public works projects. These documents include the technical specifications and prices for each task; the general JOC requirements, conditions and details; the JOC Agreement; Notice to Contractors; and the Bid Proposal Form. The documents are all currently on file with the Clerk of the Board and have been in use with other County departments since 2010.

On August 23, 2022, the Board adopted the April 2022 Construction Task Catalog and Technical Specifications prepared by Gordian. The Board also adopted the Pre-Qualification List of twenty (20) prequalified contractors (Attachment R). Additionally, the Board approved the bid documents for use with the JOC program to procure General Building Services, Electrical Services, Mechanical Services, and Roofing Services and authorized the advertisement for bids. The bid documents were advertised in several industry publications and on the County's online bid system. Contractors were required to have submitted and passed the pre-qualification for the bid, which took place in April, and included reviews of information on past performance on County projects, review of references, and financial statements. Contractors must have pre-qualified and been on the Board-adopted pre-qualified list (Attachment R) to submit a proposal for the bid. Bid Summaries are included as Attachment Q.

On September 21, 2022, a total of 16 bids were received (Attachment Q). Sheriff has conducted its due diligence with regard to the contractors. Reference checks were completed and deemed satisfactory, which included a review of performance on past projects. The contractors' license numbers of the recommended lowest, responsible bidders were verified as current and active at Bid Opening, through the California Contractors State License Board database on September 22, 2022. Copies of the verifications are on file. Contractors recommended for awarded contracts were all on the Board-approved prequalified list to perform the needed services (Attachment R). The Orange County Preference Policy is not applicable to these contract awards.

The purpose of the JOC program is to expedite services as defined by the California Contractors State Licensing Board for maintenance and repair work involving health, safety and mandated projects. These projects include major and minor repairs and replacements, as requested by Sheriff's end-users. The current JOC contracts, approved by the Board on August 24, 2021, had an expiration of September 21, 2022, however, Sheriff extended terms until March 20, 2023, for the sole purpose of completing work on projects already ordered prior to the expiration of the original term. Pursuant to the County's Design and Construction Procurement Policy Manual, during this extension period, no new task orders are allowed to be issued and the sole purpose is to complete work that has already commenced. In order to maintain a continuity of services, a new slate of JOCs is necessary.

After bids were opened, Sheriff determined that it is in its best interest to award multiple contracts to ensure the maximum flexibility, while minimizing the potential for delays in delivering JOC eligible projects. Of the various County agencies, Sheriff has the most contractor requirements including protocols for access to its secured facilities, which requires each contract employee to pass a background screening. Having multiple vendors ensures availability of qualified and security-cleared workers when a project is identified.

Sheriff is requesting Board approval to award Job Order Contracts to the firms listed in the Recommended Actions. The cumulative maximum capacity for the 16 contracts will not exceed a total of \$80 million over their respective one-year terms.

Subcontractors, if utilized, are not listed until the receipt of price quotations from the contractor with each issued JOC task order. See Attachment S for information on subcontractors and Contract Summary Forms.

These contracts are submitted for Board approval less than 30 days prior to their effective date because there is an immediate need for the services to be provided.

Compliance with CEQA: This action is not a project within the meaning of CEQA Guidelines Section 15378 and is therefore not subject to CEQA since it does not have the potential for resulting in either a direct or physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. The approval of this agenda item does not commit the County to a definite course of action in regard to a project since it involves fiscal activities of government that is not committed to any specific

project, which may result in a potentially significant physical impact to the environment. This proposed activity is therefore not subject to CEQA. Any future action connected to this approval that constitutes a project will be reviewed for compliance with CEQA.

FINANCIAL IMPACT:

There is no financial impact associated with these Recommended Actions. The funding source of each project will vary depending on the nature of the project. Routine maintenance projects will be funded from Budget Control 060, Sheriff-Coroner. Construction and facilities development projects are/will be included in Fund 14Q, Sheriff-Coroner Construction and Facility Development and will be potentially funded from Budget Control 060, Sheriff-Coroner or Budget Control 15D, Countywide Capital Projects Non-General Fund.

The cumulative not to exceed value of the proposed 16 contracts has been set to allow for maximum use. Sheriff will have discretionary authority to allow excess capacity within the 16 contracts' maximum threshold to be made available for utilization by other requesting agencies within the County.

The contracts include a provision stating the contracts are subject to, and contingent upon, applicable budgetary appropriations being approved by the Board for each fiscal year during the term of the contracts. If such appropriations are not approved, these contracts may be terminated without penalty to the County.

STAFFING IMPACT:

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **CTG Construction, Inc. dba C.T. Georgiou Painting Co.** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCS D) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCS D, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. Omissions and Mis-descriptions: Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. Conflicting Information: In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. Drawings and Specifications at the Site: The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. Deviations: Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. Technical Specifications: The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. **Site Conditions:**

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. Facility Security: Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. Security System: The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. Secured Facilities: For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. Employee Acceptability: If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy**:
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
- b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
- c. For purposes of this section:
1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
- A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
- B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
- C. Payment of an amount that is disputed by the public entity.
2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

County: Facilities Planning Contract Administrator
Orange County Sheriff-Coroner Department
431 The City Drive South
Orange, CA 92868

Contractor: CTG Construction, Inc. dba C.T. Georgiou Painting Co.
Attn: Costas Georgiou
433 Lecouvreur Avenue,
Wilmington, CA 90744
(310)834-8015
gus@ctgconstruction.net

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. **Substantial Completion:**

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. **Consent to Breach Not Waiver:** No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. **Remedies Not Exclusive:** The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract on the dates opposite their respective signatures:

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog®
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.
A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B

CONTRACTOR'S PRICING BID FORM

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9000

Utilize four decimal places

Zero point nine zero zero zero
 For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9100

Utilize four decimal places

Zero point nine one zero zero
 For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.2000

Utilize four decimal places

One point two zero zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9000</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3600</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.9100</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2730</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.2000</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3600</u>
Line 7: Add Lines 2, 4 and 6	<u>0.9930</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **Dalke & Sons Construction, Inc.** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog[®].
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog[®] (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
 - b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
 - c. For purposes of this section:
 1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
 - A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
 - B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
 - C. Payment of an amount that is disputed by the public entity.
 2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
 3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

Contractor: Dalke & Sons Construction, Inc.
Attn: Barry Dalke
4585 Allstate Drive
Riverside, CA 92501
(951)274-9880
barry@dalkeandsons.com

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state *AS REQUIRED BY WRITTEN CONTRACT* when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. **Pre-Priced Work requirements**: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:

http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:

http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:

http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.

A copy of these documents may be found on the internet at:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

- e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

- i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B

CONTRACTOR'S PRICING BID FORM

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9683

Utilize four decimal places

Zero point nine six eight three
For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9903

Utilize four decimal places

Zero point nine nine zero three
For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.1503

Utilize four decimal places

One point one five zero three

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9683</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3873</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.9903</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2971</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.1503</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3451</u>
Line 7: Add Lines 2, 4 and 6	<u>1.0295</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **Horizons Construction Company International, Inc.**, (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCS D) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCS D, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

- loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.
10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
 11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
 12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
 13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
 14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
 15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.

33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. Omissions and Mis-descriptions: Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. Conflicting Information: In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. Drawings and Specifications at the Site: The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. Deviations: Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. Technical Specifications: The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. Facility Security: Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. Security System: The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. Secured Facilities: For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. Employee Acceptability: If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy**:
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
- b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
- c. For purposes of this section:
1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
- A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
- B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
- C. Payment of an amount that is disputed by the public entity.
2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state *AS REQUIRED BY WRITTEN CONTRACT* when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

- confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.
72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.
A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

- e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

- i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B

CONTRACTOR'S PRICING BID FORM

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.8500

Utilize four decimal places

Zero point eight five zero zero
 For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.8600

Utilize four decimal places

Zero point eight six zero zero
 For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.0500

Utilize four decimal places

One point zero five zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.8500</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3400</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.8600</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2580</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.0500</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3150</u>
Line 7: Add Lines 2, 4 and 6	<u>0.9130</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **MIK Construction Inc.**, (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.
- Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.
- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
- K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
- L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
- M. County Project Manager will issue JOC Task Order if required.
- N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.
6. **Contractor:**
- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

- loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.
10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
 11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
 12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
 13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
 14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
 15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
 - b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
 - c. For purposes of this section:
 1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
 - A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
 - B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
 - C. Payment of an amount that is disputed by the public entity.
 2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
 3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.
A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B**CONTRACTOR'S PRICING BID FORM**

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9400

Utilize four decimal places

Zero point nine four zero zero
For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9401

Utilize four decimal places

Zero point nine four zero one
For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.1000

Utilize four decimal places

One point one zero zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9400</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3760</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.9401</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2820</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.1000</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3300</u>
Line 7: Add Lines 2, 4 and 6	<u>0.9880</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

**JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES**

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **MTM Construction, Inc.**, (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog[®].
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog[®] (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

- loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.
10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
 11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
 12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
 13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
 14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
 15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. **Division of the Specifications:**

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
 - b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
 - c. For purposes of this section:
 1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
 - A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
 - B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
 - C. Payment of an amount that is disputed by the public entity.
 2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
 3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the **County of Orange, its elected and appointed officials, officers, employees and agents** or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.
A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B

CONTRACTOR'S PRICING BID FORM

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9100

Utilize four decimal places

Zero point nine one zero zero
 For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9101

Utilize four decimal places

Zero point nine one zero one
 For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.1000

Utilize four decimal places

One point one zero zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9100</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3640</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.9101</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2730</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.1000</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3300</u>
Line 7: Add Lines 2, 4 and 6	<u>0.9670</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **New Creation Engineering & Builders, Inc. dba New Creation Builders** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. Omissions and Mis-descriptions: Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. Conflicting Information: In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. Drawings and Specifications at the Site: The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. Deviations: Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. Technical Specifications: The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. Facility Security: Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. Security System: The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. Secured Facilities: For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. Employee Acceptability: If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy**:
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
 - b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
 - c. For purposes of this section:
 1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
 - A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
 - B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
 - C. Payment of an amount that is disputed by the public entity.
 2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
 3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

County: Facilities Planning Contract Administrator
 Orange County Sheriff-Coroner Department
 431 The City Drive South
 Orange, CA 92868

Contractor: New Creation Engineering & Builders, Inc. dba New Creation Builders
 Attn: Cecilia Mejia

 Bellflower, CA 90706
 (562)804-0478 ext. 107
 cl@newcreationbuilders.com

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state *AS REQUIRED BY WRITTEN CONTRACT* when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract on the dates opposite their respective signatures:

ATTACHMENT A
SCOPE OF WORK

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.

A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

- e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

- i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B

CONTRACTOR'S PRICING BID FORM

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9800

Utilize four decimal places

Zero point nine eight zero zero
 For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

1.0000

Utilize four decimal places

One point zero zero zero zero
 For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.0700

Utilize four decimal places

One point zero seven zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSO put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9800</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3920</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>1.0000</u>
Line 4: Multiply Line 3 by (30) %	<u>0.3000</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.0700</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3210</u>
Line 7: Add Lines 2, 4 and 6	<u>1.0130</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

**JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES**

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **PUB Construction, Inc.** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCS D) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCS D, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.

Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.

- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
 - K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
 - L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
 - M. County Project Manager will issue JOC Task Order if required.
 - N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.

6. **Contractor:**

- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. **Division of the Specifications:**

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
- b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
- c. For purposes of this section:
1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
- A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
- B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
- C. Payment of an amount that is disputed by the public entity.
2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

County: Facilities Planning Contract Administrator
 Orange County Sheriff-Coroner Department
 431 The City Drive South
 Orange, CA 92868

Contractor: PUB Construction, Inc.
 Attn: Chris Yi
 23545 Palomino Drive, #104
 Diamond Bar, CA 91765
 (909)455-0187
 chris.yi@pubconstruction.com

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

54. Termination for Convenience of the County: Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the **County of Orange, its elected and appointed officials, officers, employees and agents** or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract on the dates opposite their respective signatures:

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. **Pre-Priced Work requirements**: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog®
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.
A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedules2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

- e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

- i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B**CONTRACTOR'S PRICING BID FORM**

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9600

Utilize four decimal places

Zero point nine six zero zero

For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9650

Utilize four decimal places

Zero point nine six five zero

For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

0.9700

Utilize four decimal places

Zero point nine seven zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSD put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9600</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3840</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>0.9650</u>
Line 4: Multiply Line 3 by (30) %	<u>0.2895</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>0.9700</u>
Line 6: Multiply Line 5 by (30) %	<u>0.2910</u>
Line 7: Add Lines 2, 4 and 6	<u>0.9645</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **SJD&B, Inc.** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.
- Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.
- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
- K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
- L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
- M. County Project Manager will issue JOC Task Order if required.
- N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.
6. **Contractor:**
- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.

43. **Beneficial Occupancy:**

- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
- b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
- c. For purposes of this section:
1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
- A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
- B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
- C. Payment of an amount that is disputed by the public entity.
2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

County: Facilities Planning Contract Administrator
Orange County Sheriff-Coroner Department
431 The City Drive South
Orange, CA 92868

Contractor: SJD&B, Inc.
Attn: Sabrina Wan
20451 Valley Blvd
Walnut, CA 91789
(909) 481-0001
info@sjdandb.com

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the **County of Orange, its elected and appointed officials, officers, employees and agents** or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
83. **Cultural/Scientific Resource Finds:** If the Contractor's operations uncover or Contractor's employees find any burial grounds or remains, ceremonial objects, petroglyphs, and archaeological or paleontological or other artifacts of like nature within the construction area, Contractor shall immediately notify the County of Contractor's findings and shall modify construction operations so as not to disturb the findings pending receipt of notification as to determination of the final disposition of such finding from the County. Should the findings, or notification as to disposition of findings, require additional work, a JOC Task Order will be issued at the County's discretion.

Any findings of a cultural/scientific resource nature shall remain the property of the County and not become the property of the person or persons making the discovery.

**ATTACHMENT A
SCOPE OF WORK**

I. SCOPE OF WORK: Contractor shall provide all labor, materials, tools, equipment, utilities, vehicles, and transportation services required to provide General Building Services under this Contract. Services may be provided, but may not be limited to, any facility or property, which is owned, operated, or maintained by the County. General Building Services shall be provided in accordance with the following, which are incorporated herein by this reference.

- A. Construction Task Catalog® & Technical Specifications Titled: Job Order Contracting; dated April 2022 (to be distributed at Pre-Bid Meeting).
- B. All other requirements identified specifically in a JOC Task Order Detailed Scope of Work, which include but not limited to drawings, additional specifications, as-built records, sketches, written scope narratives, standard specification from other local, state and federal agencies. California Building Code and other codes, ordinances, rules, regulations, orders and legal requirements of Agency Having Jurisdiction which bear on the performance of the work.
- C. Secured Facilities: The Contractor may be required to have their employees, Subcontractors and/or suppliers submit applications and complete security clearances prior to commencing any work in a secured County facility. Contractor employees, Subcontractors and/or suppliers will be required to submit to fingerprinting and personal background checks as part of the security clearance process.
- D. This Contract will be awarded to the lowest, responsive, responsible bidder.
- E. Thereafter, as projects are identified the Contractor will jointly scope the work with the County. The Contractor will prepare a Detailed Scope of Work for County approval. Upon County approval, the County will issue a Request for Proposal to the Contractor. The Contractor will then prepare a JOC Task Order Proposal for the Project including a JOC Task Order Price Proposal, drawings and sketches, a list of Subcontractors and materialmen, construction schedule, and other requested documentation. The JOC Task Order Price shall equal the value of the approved JOC Task Order Price Proposal. The value of the JOC Task Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks.
- F. If the JOC Task Order Proposal is found to be complete and reasonable, a JOC Task Order (JTO) may be issued.
- G. A JOC Task Order will reference the Detailed Scope of Work and set forth the JOC Task Order Completion Time, and the JOC Task Order Price. The JOC Task Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate JOC Task Order will be issued for each Project. Extra work, credits, and deletions will be contained in Supplemental JOC Task Order(s).

II. PERFORMANCE REQUIREMENTS:

- A. There is no guaranteed minimum amount of work, which will be ordered under this Contract.
- B. The total Contract amount will not exceed \$5,000,000.
- C. This is a Contract for work set forth in the Detailed Scope of Work specified in individual JOC Task Orders. The Contractor is required to complete each task within the Detailed Scope of Work for the JOC Task Order Price within the JOC Task Order Completion Time.
- D. Work ordered prior to but not completed by the expiration of the Contract period and any additional work required as a result of unforeseen conditions encountered during construction up to six (6) months after the contract expiration date will be completed with all provisions of this Contract still in

force. Performance time for each JOC Task Order issued under this Contract will be determined in accordance with the Contract. This performance time will be determined and agreed upon by both Parties for each individual JOC Task Order. Contractor must self-perform 20% of the Work under this Contract, unless otherwise approved or required by the County.

- E. This is an indefinite-quantity Contract for the supplies or services specified and effective for the period stated. Work or performance shall be made only as authorized by JOC Task Orders issued in accordance with the ordering procedures clause. The Contractor agrees to furnish to the County when and if ordered, the supplies or services specified in the Contract up to and including the quantity designated in the JOC Task Orders issued as the maximum designated in the Contract. The bid documents include a Construction Task Catalog[®] containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.
- F. All JOC Task Orders that have an NTP issued during the term of this Contract shall be valid and in effect notwithstanding that, the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue up to six (6) months after such period has expired. All terms and conditions of the Contract apply to each JOC Task Order.

III. ORDERING PROCEDURES:

A. Joint Scope Meeting and JOC Task Order Development:

The County will issue, for each individual project, a Brief Scope of Work and joint scope invitation requesting the Contractor's Superintendent and/or the County's end user representative, to meet at the project site. Upon receipt of this notification, the Contractor agrees to respond to the County within two (2) working days by establishing verbal contact with the County. The County, Contractor and other necessary parties will visit the proposed Work site and participate in a Joint Scope Meeting, which will include discussion and establishment of the following:

- General Scope of Work
- Definition and refinement of requirements
- Existing site conditions
- Methods and alternatives for accomplishing Work
- Requirements for plans, sketches, shop drawing(s), submittals, etc.
- Tentative duration Work schedule
- Date on which the JOC Task Order Proposal is due
- Preliminary quantity assumptions/estimates
- Staging areas and site access
- Special conditions regarding unique facility operations
- Safety requirements
- Hazardous Materials or site conditions
- Liquidated Damages
- Any other contractor requirements that are deemed appropriate for the JOC Task Order by the County Project Manager.

As part of the required Joint Scope Meeting, the Contractor and the County will agree on a sequence of Work; means of access to the premises and building; space for storage of materials and equipment; Work and materials and use of approaches; use of corridors, stairways, elevators, and means of communications and the location of partitions, eating spaces, and restrooms for the Contractor, for individual JOC Task Orders. The Contractor agrees to be responsible for taking these factors into account when developing its Proposal.

The Detailed Scope of Work will be completed by the Contractor and submitted to the County for approval, prior to issuance of a Request for Proposal. This Detailed Scope of Work must be submitted within forty-eight (48) hours or a mutually agreed upon time of the joint scope meeting. If consultant services are required to clarify project requirements, they will be completed and submitted with the Scope of Work for County approval before a Request for Proposal will be issued.

Unless waived in writing, the Contractor agrees to provide all documentation required to fully establish the Scope of Work including, but not limited to, shop drawings, sketches and/or specifications that comply with the Contract specifications and relate to the proposed project. This documentation will be provided for the purpose of defining scope, obtaining permits, and assisting the County in determining the best possible solution for repair and refurbishment issues. If the County requests a change in the proposed Scope of Work, the Contractor agrees to submit a revised Scope of Work reflecting all requested changes within forty-eight (48) hours.

The County may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the County cannot agree on the quantities required, or for any other reason as determined by the County. In all such cases, the County shall issue a Supplemental JOC Task Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.

B. Request for Proposal

Once the project development stage and joint scope meeting have produced a County approved Detailed Scope of Work, the County will issue a Request for Proposal (RFP) to the Contractor. The RFP will include the Scope of Work approved by the County and other pertinent information with regards to scheduling, submittals, shop drawings and sketch requirements. The Contractor agrees to prepare and submit a JOC Task Order Proposal of Work.

C. JOC Task Order Proposal Development

The Contractor JOC Task Order Proposal agrees to be comprised of the following elements:

1. Detailed JOC Task Order Price Proposal

- a. Pre-Priced Work requirements: Pre-Priced Work requirements will identify the type and number of Work tasks required from the CTC. The price per unit set forth in the CTC shall serve as the base price for the purpose of the operation of this article. The Contractor's Proposal shall include support documentation to indicate that adequate engineering and planning for the requirement has been done, and that the Work tasks proposed are reasonable for the Scope of Work. Documentation to be submitted with the Proposal shall include, but not be limited to, JOC Task Order Price Proposal, list of anticipated Subcontractors, construction schedule, shop drawings, calculations, Catalog cuts, and specifications.
- b. The total extended price for Pre-Priced Work requirements will be determined by multiplying the price per unit by the quantity required. The price offered in the JOC Task Order Price Proposal will be determined by multiplying the total extended price by the appropriate Adjustment Factor.

2. Non Pre-Priced Task Requirements

- a. Units of Work not included in the CTC, but within the general scope and intent of this Contract, may be negotiated into this Contract as needs arise. Such Work requirements shall be incorporated into and made a part of this Contract for the JOC Task Order to which they pertain, and may be incorporated into the CTC if determined appropriate by the County at the negotiated price. Non-Pre-Priced Tasks shall be separately identified

and submitted in the Quote. Whether a Work requirement is Pre-Priced or Non Pre-Priced is a final determination by the County, binding and conclusive on the Contractor.

- b. Information submitted in support of Non Pre-Priced Tasks agree to include, but not be limited to, the following: complete specifications and technical data, including Work unit content, Work unit cost data, schedule requirements; quality control and inspection requirements. Pricing data submitted in support of Non Pre-Priced Tasks include a cost or price analysis report establishing the basis for selecting the approach proposed to accomplish the requirements. Unless otherwise directed by the County, cost data shall be submitted demonstrating that the Contractor solicited and received three (3) bids. The Contractor shall not submit a quote or bid from any supplier or Subcontractor that the Contractor is not prepared to use. The County may require additional quotes and bids if the suppliers or Subcontractors are not acceptable for if the prices are not reasonable. The Contractor agrees to provide an installed unit price (or demolition price if appropriate), which shall include all costs required to accomplish the Non-Pre-Priced Task.
- c. The final price submitted for Non-Pre-Priced (NPP) Tasks shall be calculated according to the following formula:

Contractor performed duties

A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity;

B = The rate for each piece of Equipment not in the Construction Task Catalog® multiplied by the quantity;

C = Lowest of three (3) independent quotes for all materials.

Total for a Non Pre-Priced Task performed with Contractor's Own Forces = (A+B+C) x 1.10.

Subcontractor performed duties

If the Non Pre-Priced Task is to be subcontracted, the Contractor must submit three (3) independent quotes for the Work.

D = Lowest of three (3) Subcontractor quotes.

Total cost of Non-Pre-Priced Tasks performed by Subcontractors = D x 1.05.

The County's determination as to whether a task is a Pre-Priced Task or a Non Pre-Priced Task shall be final, binding and conclusive.

3. Total Fixed Cost of the Proposal

The total fixed cost of the Proposal shall be determined by adding the total Proposal price offered for Pre-Priced and Non Pre-Priced Work units.

After a Non Pre-priced Task has been approved by the County, the Unit Price for such task will be established, and fixed as a permanent Non Pre-priced Task, which will no longer require price justification.

The County's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.

4. Submittals

All documents, shop drawings, and "As-Built" drawings shall be prepared such that the drawings meet all the requirements of Local, State, and Federal regulations, codes and directives. The Contractor agrees to also provide as necessary, the forms, studies, and other

documentation required by applicable codes and agencies.

The Contractor agrees to ensure that all engineering solutions conform strictly to the guides and criteria outlined in Contract specifications. In case of uncertainty of detail or procedure, the Contractor agrees to request additional instruction from the County. The Contractor is responsible for producing complete, competent, properly coordinated, and thoroughly checked documents.

At the Contractor's expense, as part of their Adjustment Factors, the documentation noted above, shall be prepared and reviewed as necessary to ensure its compliance with all applicable laws and regulations.

5. Work Duration Schedule

With each Proposal, the Contractor agrees to furnish a Gantt chart Work duration schedule showing the order in which the Contractor proposes to perform the Work, the durations in which the Contractor is to perform the Work, and the relative dates on which the Contractor contemplates starting and completing project tasks, including the acquisition of materials, fabrication, and equipment. The County may determine the level of detail and number of tasks required to be included on the schedule. Unless otherwise specified, the schedule shall be in the form of a Gantt chart Work duration schedule of suitable scale to indicate appropriately the percentage of Work scheduled for Completion. At the discretion of the County, the Contractor may be required to furnish a Critical Path Method (CPM) schedule.

The purpose of the Work Duration Schedule is to ensure adequate planning, coordination and execution of the Work, and to evaluate the progress of the Work. The schedule indicates the dates for starting and completing various aspects of the Work including, but not limited to, on-site construction activities as well as the submittal, approval, procurement, fabrication, and delivery of major items, materials and equipment. The schedule indicates phasing of Work activities as required. The schedule provides the Contractor's initial plan for the Work based on its understanding of the Detailed Scope of Work, with the critical path highlighted.

- a. Schedule Approval: all project schedules will be subject to the County's review and approval. The use of any particular scheduling system shall be subject to the approval of the County.
- b. Schedule Updates: the Contractor agrees to maintain the Work duration schedule updates on an ongoing basis and, when the County requests it, include the updates in its payment request. The Contractor may be required to submit a narrative report with each monthly update, which shall include a description of current and anticipated problem areas, delaying factors and their impact, and an explanation of corrective action taken or proposed. Failure to do so may be considered a material breach of the Contract. Any additional or unanticipated costs or expense required to maintain the schedules shall be solely the Contractor's obligation and Contractor agrees not to charge the County.
- c. Adjustment of the Work duration schedule: the Contractor agrees that whenever it becomes apparent to the County, from the current monthly status review meeting or the schedule, that phasing or JOC Task Order milestone dates will not be met, it will take some or all of the following actions at no additional cost to the County.
 1. Increase construction manpower in such quantities and crafts as will eliminate the backlog of Work.
 2. Increase the number of working hours per shift, shifts per working day.

3. Reschedule the Work under the JOC Task Order in conformance with all other requirements. The Contractor agrees to be liable for any additional cost incurred by the County for the adjustment of project schedules.
4. Prior to proceeding with any of the above actions, the Contractor agrees to notify and obtain approval from the County's Project Manager for the proposed schedule changes. If such actions are approved, the Contractor agrees to incorporate the revisions into the schedule.

6. Subcontractor's List

The Proposal represents the Contractor's offer to do Work, and as such, in accordance with Sections 4100 to 4114, inclusive, of the Public Contract Code of the State of California, the Contractor agrees to list, on the Subcontractor listing report, the name, business location and the California Contractor License number of each Subcontractor that will perform Work, labor or render service on the Work in excess of one-half of one percent (1/2%) of the total Proposal amount. Contractors and Subcontractors which have been debarred from public works projects by the Labor Commissioner may not perform Work under this Contract. The Contractor agrees to list project percentage of proposed Subcontractor and percentage of the project to be self-performed.

Contractor agrees to advise the County of any Subcontractor substitution(s) prior to commencement of subcontract Work and to only substitute Subcontractor as authorized under Public Contract Code sections 4100 et seq. Contractor may be subject to penalties in accordance to the above referenced sections for illegal Subcontractor substitution.

7. Electronic JOC Task Order Proposal

The Contractor agrees to transmit an electronic copy of the Proposal, using the County furnished software, to the County.

8. Complete JOC Task Order Proposal

By submitting a signed JOC Task Order Proposal, the Contractor is agreeing to accomplish the Work outlined in the RFP and the Detailed Scope of Work for that particular JOC Task Order. It is the Contractor's responsibility to include the necessary line items in the Proposal prior to submitting it to the County. Errors and omissions in the Proposals shall be the responsibility of the Contractor. All costs associated with preparing Proposals shall be the responsibility of the Contractor. The County makes no commitment as to the award of individual JOC Task Orders.

D. JOC Task Order Proposal Review

Each Proposal received from the Contractor will be reviewed in detail for appropriateness of quantities and tasks selected. Submittals will be reviewed, as well as the Work duration schedule and list of Subcontractors. The County will evaluate the proposed Work units and may compare them with the independent County estimate of the same tasks to determine the reasonableness of approach, including the nature and number of Work units proposed. The County will determine whether the Contractor's Proposal is acceptable.

E. Project Approval

The County may issue a JOC Task Order Authorization for the Work, to include the firm-fixed-price of the JOC Task Order and the project duration. Contractor agrees that all clauses of this Contract are applicable to any JOC Task Order issued hereunder.

The County reserves the right to reject a Contractor's Proposal based on unjustifiable quantities and/or methods, performance periods, inadequate documentation, or other inconsistencies or deficiencies on the Contractor's part in the sole opinion of the County.

The County reserves the right to issue a unilateral JOC Task Order authorization for the Work if a JOC Task Order Price Proposal cannot be mutually agreed upon. This is based upon unjustifiable quantities in the sole opinion of the County.

The County also reserves the right to not issue a JOC Task Order Authorization if the County's requirement is no longer valid or the project is not funded. In these instances, the Contractor has no right of claim to recover Proposal expenses. The County may pursue continuing valid requirements by other means where Contract was not reached with the Contractor.

F. JOC Task Order Proposal Time Requirements

1. JOC Task Order Proposal Submittal

The Contractor agrees to respond to a Request for Proposal within forty-eight (48) hours. Contractor's response shall confirm receipt of the Request for Proposal, and a mutually agreed upon date for submittal of Contractor's detailed JOC Task Order Price Proposal.

The Contractor agrees to make a thorough analysis of each Request for Proposal and submit all requests for information to the County, in writing. All requests for information and the responses are to be documented in the Detailed Scope of Work. The requests shall include supporting sketches or information necessary to properly convey requested information. Contractor shall submit recommended solution(s) review and consideration. The requests for information shall not extend the Proposal due date unless mutually agreed to by the County.

By submitting a JOC Task Order Proposal to the County, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the JOC Task Order Price Proposal prior to delivering it to the County.

Each JOC Task Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the JOC Task Order Price and the JOC Task Order Completion Time. All clauses of this Contract shall be applicable to each JOC Task Order. The JOC Task Order, signed by the County and delivered to the Contractor constitutes the County's acceptance of the Contractor's JOC Task Order Proposal. A signed copy of the JOC Task Order will be provided to the Contractor.

2. JOC Task Order Proposal Review

The Contractor's project manager or agent agrees to be available for JOC Task Order Proposal review meetings within twenty-four (24) hours of being notified by the County (via fax, e-mail, telephone, etc.). The County may evaluate the entire JOC Task Order Price Proposal and compare these with the County's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. After review of the Proposal, the Contractor agrees to remove all inapplicable line items and adjust quantities as directed by the County.

The Contractor may choose the means and methods of construction; subject however, to the County's right to reject any means and methods proposed by the Contractor that:

- Will constitute or create a hazard to the work, or to persons or property;
- Will not produce finished Work in accordance with the terms of the Contract; or
- Unnecessarily increases the price of the JOC Task Order when alternative means and methods are available.

3. JOC Task Order Proposal Modification

The Contractor will be granted only one opportunity to add new, valid line items that may have

been omitted from its first Proposal by submitting a second, revised Proposal. The Contractor agrees to submit the revised Proposal within forty-eight (48) hours of the initial Proposal review meeting, unless otherwise specified in writing. Upon review of the revised Proposal, the Contractor agrees to remove all line items or adjust quantities deemed inappropriate by the County, and re-submit its Proposal within twenty-four (24) hours. No new line items may be added to the revised Proposal, nor may quantities be increased, nor modifiers added unless specifically agreed to in writing by the County's subsequent Proposal review.

4. Enforcement of Time Requirements

The JOC Task Order Proposal time requirements contained herein will be strictly enforced. Failure to comply may result in the Contractor being deemed non-responsive to the Request for Proposal. The County may cancel the Request for Proposal from the Contractor and solicit another Contractor. The County may also deem the Contractor ineligible for any future JOC contracts.

The County reserves the right to reject a JOC Task Order Proposal or cancel a Project for any reason. The County also reserves the right not to issue a JOC Task Order if it is determined to be in the best interests of the County. The County may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the JOC Task Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a JOC Task Order Proposal (including incidental architectural and engineering services), Subcontractor costs, and the costs to review the JOC Task Order Proposal with the County.

IV. APPROVAL AND CONSTRUCTION PROCEDURES:

A. JOC Task Order Authorization (JTOA)

Upon approval of the Scope of Work and the Contractor's JOC Task Order Proposal, the County will issue a JOC Task Order Authorization (JTOA) to the Contractor. The JTOA will include the firm fixed price of the JOC Task Order and the project duration. Once the JTOA has been issued, the Contractor agrees to:

1. Initiate submission of required shop drawings and submittals to the County for review and approval.
2. Prepare a detailed Work duration schedule.
3. The Contractor agrees to not begin construction prior to the construction start date identified in the Notice to Proceed (NTP).
4. Upon issuance of the NTP, the County agrees to have the right to direct the Contractor to withhold actual commencement of a JOC Task Order in part or in whole, and the Contractor agrees to comply with such instructions. The Contractor agrees to be granted an extension of the completion time of the JOC Task Order equal to the number of working days delay caused to County pursuant to Contractor's compliance with such instructions. The Contractor will not be entitled to any additional compensation due to the subject extension of the Completion time. The only compensation would be if a JOC Task Order is delayed in part, after Work has commenced, and the Contractor is required to perform additional Work to make the Work area safe or to perform additional scope as directed by the County. This additional Work will be considered additional Work and ordered as a Supplemental JOC Task Order.

B. Notice to Proceed (NTP)

Following the JOC Task Order Authorization and purchase delivery order (DO) issuance, the County will issue a NTP that will provide the construction start date, the Work duration period, and the Substantial Completion date. The Contractor agrees to begin and complete construction within the dates specified on the NTP. The County must approve all extensions of time in writing.

The County may also issue an Emergency NTP. In the event the County requires the Contractor to respond to an immediate request for work, a JOC Task Order will be created and an Emergency NTP will be issued. The Contractor will be required to perform the Scope of Work included with the Emergency NTP as directed by the County's Project Manager or designee. The Detailed Scope of Work, JOC Task Order Price Proposal, Subcontractor Listing, Shop Drawings and required Non Pre-priced backup documentation will be submitted upon completion of the emergency work in accordance with the Ordering Procedures detailed in Section III above.

C. Pre-Construction Meeting

No more than seven (7) days from the issuance of the NTP, unless the County grants additional time, the County will conduct a pre-construction meeting with the Contractor's project manager, Subcontractors, and the end-user to determine the actual project schedule, project access requirements and to address and resolve any customer concerns.

D. Project Construction

The Contractor agrees to provide continuous on-site supervision on each JOC Task Order, while progress on the project is being accomplished. The Contractor's Project Manager will ensure:

1. Coordination and providing supervision to all Subcontractors and workers;
2. Posting of the prevailing wage scale;
3. Maintaining a copy of the Contractors safety program manual made available to all construction personnel;
4. Conducting weekly on-site safety meetings;
5. Completing the daily labor and construction progress log on a daily basis and submit copies to the County on a daily basis. Copies of the previous day's reports must be submitted by 9:00 AM of the following day.
 - a. Daily labor log is to include a listing of Subcontractor(s) and a count of workers by trade providing services for the day.
 - b. Construction progress log is to include a narrative of the Work provided by trade(s). Narrative agrees to include the various areas of the jobsite where Work was performed and any problems or conditions that were encountered.
 - c. In the event the Contractor fails to provide a daily log and/or construction progress log, the County may impose damages against the Contractor in the amount of fifty dollars (\$50.00) for each log and deduct from the Contractor's payment request, for each day the Contractor does not provide the documentation.
6. County may suspend Contractor operations if no Contractor Superintendent is observed. All delays caused by the suspension will be the responsibility of the Contractor. No time extension or claims for cost(s) associated with the suspension will be granted by the County.

E. Changed Work

Changed Work (all added or deleted Work), as it pertains to the approved Detailed Scope of Work included in a specific JOC Task Order, shall be either changes directed by the County or unforeseen site conditions, which were not evident during the Initial Joint Scope Meeting. This additional Work will be considered a Supplemental JOC Task Order, for that specific project, and will be ordered,

approved and executed as per the procedures set forth in this Contract.

A credit for Tasks that have been deleted from the Detailed Scope of Work will be given at 100% of the value at which they were included in the original JOC Task Order Price Proposal. Credits for Pre-Priced and Non Pre-Priced Tasks shall be calculated at the pre-set Unit Prices and multiplied by the appropriate Adjustment Factors. A Supplemental JOC Task Order will be issued detailing the credit(s) due the County.

F. Project Completion

The Contractor agrees to schedule a final job walk with the County. If required, the County will prepare a list of incomplete items, the "Punch List". The Contractor agrees to complete the "Punch List" corrections and schedule a final project completion job walk. The County will sign the "Punch List" as completed, when determined the project is finished. The Contractor agrees to submit the following along with its final payment request:

1. "Punch List" signed by the County;
2. Completed building inspection card;
3. All required warranties and maintenance requirements;
4. All record drawings or as-built drawings,
5. All required operation and maintenance manuals;
6. All keys and security entry cards;
7. Any other closeout items.

V. CONTRACTS AND ORDER OF PRECEDENCE:

In the event that any provision(s) in any component part of the Contract conflicts with any provision(s) of any other component part, the following order of precedence among the Contracts component parts shall govern:

- A. Agreement/ County – Contractor Contract
- B. Addenda (later takes precedence over earlier)
- C. JOC Task Orders (including Scope of Work)
- D. Project manual
- E. Construction Task Catalog[®]
- F. County Standard Plans
- G. Technical Specifications

VI. PERMITS, BUSINESS LICENSES, INSPECTIONS AND WARRANTY:

- A. Except as noted, the Contractor agrees to obtain and pay for all permits required for the Work. Further, the Contractor agrees to obtain and pay for all permits incidental to the Work or made necessary by Contractor's operation. The Contractor agrees to obtain all building permits. The Contractor will be reimbursed for all direct costs of permits without mark-up. The Contractor must submit the direct cost of all permits and inspection in the Quote as a Non-Pre-Priced Task. Any permit and/or inspection fees not included in the Quote will not be reimbursed by the County. The County is not responsible for any re-inspection(s) required due to the Contractor's failure to pass initial inspection(s). The Contractor shall provide incidental engineering and architectural services required in connection with a particular JOC Task Order including drawings and information required for filing.
- B. The Contractor will be required to obtain a city business license to perform the Work in the appropriate city, as specific in the JOC Task Order.
- C. To comply with Section 3800 of the Labor Code of the State of California, the Contractor and all Subcontractors requiring a permit (building, plumbing, grading, and electrical, etc.) agree to file a workers' compensation certificate with the County.

- D. Exclusive of off-site inspection specified to be the County's responsibility, the Contractor agrees to arrange and pay for all off-site inspection of the Work including certification thereof required by the specifications, drawings, or by governing authorities.
- E. The County will provide on-site inspection of the Work and will arrange for off-site inspection when specified in the Detailed Scope of Work. All other required inspections will be the responsibility of the Contractor.
- F. The County will inspect the Work for code compliance as part of permits pulled. The County will provide this inspection at no additional cost for the first inspection and for re-inspection. If the Contractor is unable to correct defective Work after one re-inspection, the County may charge the Contractor for additional re-inspection.
- G. In addition to any other warranties in this Contract, or those provided by manufactures the Contractor warrants that Work performed under this Contract conforms to the Contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any Subcontractor or supplier at any tier.
- H. Corrections to Work may be required during the Work or the warranty period. The County is expressly authorized at County's option to apply any sums withheld from progress payments toward the cost of such corrections.
- I. This warranty shall continue for a period of one year from the date listed on the Notice of Completion for the specific JOC Task Order. If the County takes occupancy of any part of the Work before Final Acceptance, a warranty covering that specific portion of the Work shall begin for a period of one year from the date the County takes occupancy. The County will notify the Contractor in writing of the scope of any partial occupancy and the specific items under warranty.
- J. The County will not pay any costs for licenses required in the performance of the Work. The Contractor agrees to assume this responsibility in total.
- K. As required by the Detailed Scope of Work for a specific JOC Task Order, the County may be required to enter into Contracts with other Local, State and Federal Agencies to accomplish the subject Scope of Work. Agencies may include but are not limited California Department of Fish and Game, US Army Corps of Engineers, California Regional Water Quality Control Board. The Contractor will be required to comply with the requirements set forth within the permit.
- L. Best Management Practices (BMPs) may be required for specific JOC Task Orders, which will be identified in the Detailed Scope of Work. All California Storm Water Quality Association (CASQA) Construction BMPs may be viewed at www.cabmphandbooks.com. It is the Contractors responsibility to pay for all costs incurred by the specific BMPs. The County will not reimburse these costs.
- M. As required by the Detailed Scope of Work, per a specific JOC Task Order the following permits may apply. Contractor shall become familiar with these permits and their requirements and comply with their provisions, as amended or reissued. The following permits will be provided by the County:
1. NPDES Dewatering Permit(s)
 2. NPDES Municipal Storm Water Sewer System Permit(s)
 3. NPDES General Construction Permit(s)
 4. Any site specific permits identified by County
- N. Compliance with Terms of Other NPDES Permits:
1. De Minimus Discharges within the Santa Ana Regional Water Quality Control Board, Region 8, Santa Ana Region, Outside of the Newport Bay Watershed

- a. The County has been issued Municipal NPDES Permit No. CAS618030, Order No. R8-2009-0030, from the California Regional Water Quality Control Board, Santa Ana Region. Section III.3.ii. of this permit authorizes de minimus types of discharges listed in the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters, Order No. R8-2009-0003, NPDES No. CAG998001 ("General De Minimus Permit), in compliance with the terms and conditions of the General De Minimus Permit, from County owned and/or operated facilities and activities (including construction), outside of the Newport Bay watershed. The Santa Ana Regional Board has since issued an updated General De Minimus Permit under Order No. R8-2015-0004.
 - b. A copy of the County's Municipal NPDES Permit (Order No. R8-2009-0030) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_030_oc_stormwater_ms4_permit.pdf
 - c. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2009-0003) may be found on the internet at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2009/09_003_deminimus_permit_wdr.pdf
 - d. A copy of the Santa Ana Regional Board's General De Minimus Permit for Discharges to Surface Waters (Order No. R8-2015-0004) may be found at:
http://www.waterboards.ca.gov/santaana/board_decisions/adopted_orders/orders/2015/R8-2015-0004_Updated_General_WDR_for_Discharges_to_Surface_Waters_that_Pose_an_Insignificant_Deminimis_Threat_to_WO2.pdf
 - e. For de minimus discharges outside of the Newport Bay Watershed, the Contractor is hereby directed to read and thoroughly comply with the language in Section III.3.ii. of the County's Municipal NPDES Permit (Order No. R8-2009-0030) and the General De Minimus Permit, as reissued in Order No. R8-2015-0004, and as may be further amended or reissued.
- O. National Pollutant Discharge Elimination System (NPDES) General Permit For Storm Water Discharges Associated With Construction And Land Disturbance Activities Water Quality Order 2009-0009-Dwq (CGP):
1. On September 2, 2009, the State Water Resources Control Board adopted Order No. 2009-0009-DWQ (Waste Discharge Requirements for Discharges of Storm Water Runoff Associated with Construction Activities and Land Disturbance Activities), which was amended by Orders 2010-0014-DWQ and 2012-0006-DWQ. Effective July 1, 2010, all dischargers are required to obtain coverage under the Construction General Permit Order 2009-0009-DWQ (CGP). Construction sites shall obtain permit coverage at the appropriate Risk Level as determined by the Risk Assessment Procedures described in subsection 6(f) herein below. The Regional Water Boards have the authority to require Risk Determination to be performed on projects currently covered under Water Quality Order No. 99-08-DWQ where they deem necessary.

A copy of these documents may be found on the internet at:
http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/constpermits/wqo_2009_0009_complete.pdf
 2. Prior to commencing Work, the Contractor shall submit the required PRDs (Permit Registration Documents) to the County Project Manager. If any of the required items are missing, the PRD submittal is considered incomplete and will be rejected. Upon receipt and acceptance of a

complete PRD submittal, the County Project Manager will electronically submit these documents to State Water Board through the California Integrated Water Quality System (CIWQS) Project's Storm water Multi-Application Reporting and Tracking (SMART) system to obtain coverage under the General Permit.

3. Standard PRD Requirements
 - a. Notice of Intent
 - b. Risk Assessment (Standard or Site-Specific)
 - c. Site Map
 - d. SWPPP
 - e. Annual Fee
 - f. Signed Certification Statement
4. Additional Permit Registration Document (PRD) Requirements Related To Construction Type
 - a. If Contractor proposes to implement an Active Treatment System (ATS) on a Specific JOC Task Order, Contractor shall submit:
 - i. Complete ATS Plan in accordance with Attachment F of the CGP at least 14 days prior to the planned operation of the ATS and a paper copy shall be available onsite during ATS operation.
 - ii. Certification proof that the preparation and design was accomplished by a qualified professional in accordance with Attachment F of the CGP.
 - b. Dischargers who are proposing an alternate Risk Justification shall submit:
 - i. Particle Size Analysis.
5. Exception to Standard PRD Requirements
 - a. Construction sites with less than one (1) acre of disturbance or an R-value less than five (5) as determined in the CGP Risk Assessment from the Revised Universal Soil Loss Equation (RUSLE) are not required to submit a SWPPP.
6. Description of PRDs
 - a. Notice of Intent (NOI) or Notice of Construction Activity (NOCA)

The Notice of Intent or Notice of Construction Activity must be filled out electronically on-line through the State's SMART System. Contractor shall coordinate with the County Project Manager to provide the required information to fill out the NOI on-line form. Upon receipt of all required information (including all items required below), County staff will electronically submit the Project information through the SMART system.
 - b. Site Map(s) Includes
 - i. The project's surrounding area (vicinity)
 - ii. Site layout
 - iii. Construction site boundaries
 - iv. Drainage areas
 - v. Discharge locations
 - vi. Sampling locations
 - vii. Areas of soil disturbance (temporary or permanent)
 - viii. Active areas of soil disturbance (cut or fill)
 - ix. Locations of all runoff BMPs
 - x. Locations of all erosion control BMPs
 - xi. Location of all sediment control BMPs
 - xii. ATS locations (if applicable)

- xiii. Location of sensitive habitats, watercourses, or other features which are not to be disturbed
- xiv. Locations of all post construction BMPs
- xv. Location of storage areas for waste, vehicles, service, loading/unloading of materials, access (entrance/exits) points to construction site, fueling and water storage, water transfer for dust control and compaction practices

c. Storm Water Pollution Prevention Plan (SWPPP)

The Contractor will need to submit a site-specific SWPPP for review, approval, and certification by the County prior to submittal to the State's SMART system and prior to start of mobilization and construction activity and will comply with the approved SWPPP and with any subsequent amendments to the SWPPP.

NO CONSTRUCTION ACTIVITY CAN BE ALLOWED UNTIL THE COUNTY RECEIVES A "WDID" NUMBER FROM THE REGIONAL BOARD.

Full compensation for conforming to the requirements of this section shall be considered as included in the Adjustment Factor and no additional compensation will be allowed therefor.

The Contractor must amend the SWPPP from time to time during the course of Work to reflect actual construction progress and construction practices.

The SWPPP shall not be construed to be a waiver of the Contractor's obligation to review and understand the CGP before submitting a bid. By submitting a bid, the Contractor acknowledges that he has read and understands the requirements of the CGP and will fully comply with the requirements of the CGP.

d. Annual Fee (if applicable)

The annual fees are established through regulations adopted by the State Water Board. The total annual fee is the current base fee plus applicable surcharges for the total acreage to be disturbed during the life of the Project. Annual fees are subject to change by regulation. The County will be not invoiced annually until the Project is complete and the Notice of Termination (NOT) submitted to the Regional Board. The cost per acre fee is based upon a table provided at the following website:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/docs/sw_feeschedul es2008.pdf

The Contractor shall be responsible for paying the CGP permit fees until the Project NOT has been filed and accepted by the Regional Board. The Contractor shall be responsible for determination of the permit fees based upon his proposed construction operations and total disturbed areas. Contractor shall submit permit fees to the County Project Manager for verification, and County will submit the fee to the Regional Board.

- e. A Signed Certification Statement must be submitted by the Legally Responsible Party (LRP). The County Project Manager will coordinate with the Contractor to acquire relevant information for the certification. The County will submit the certification statement.

f. Risk Assessment

The Contractor shall use the Risk Assessment procedure as describe in the CGP Appendix 1.

- i. The Standard Risk Assessment includes utilization of the following:

- 1) Receiving water Assessment Interactive map

- 2) EPA Rainfall Erosivity Factor Calculator Website
 - 3) Sediment Risk interactive map
 - 4) Sediment sensitive water bodies list
 - ii. The site-specific Risk Assessment includes the completion of the hand calculated R-value Risk Calculator in the Revised Universal Soil Loss Equation (RUSLE).
 - g. Post Construction Water Balanced Calculator (if applicable)
 The Contractor shall complete the Water Balance Calculator (in Appendix 2 of the General Permit) in accordance with the instructions when subject to this requirement. (Note to Engineer: This paragraph will only apply when DISTRICT or the County does not have a current MS4 (Municipal) permit in place.)
 - h. ATS Design Document and Certification
 The Contractor using ATS must submit electronically their system design (as well as any supporting documentation) and proof that the system was designed by a qualified ATS design professional (See Attachment F of the General Permit).
- P. Best Management Practices (PMF9.2S)
- Contractor and all of Contractor's, Subcontractors, agents, employees and contractors shall conduct operations under this Contract so as to assure that pollutants do not enter municipal storm drain systems which systems are comprised of, but are not limited to curbs and gutters that are part of the street systems ("Storm water Drainage System"), and to ensure that pollutants do not directly impact "Receiving Waters" (as used herein, Receiving Waters include, but are not limited to, rivers, creeks, streams, estuaries, lakes, harbors, bays and oceans).
- Contractor shall comply with all water quality ordinances, permits and regulations. If Work identified under a Specific JOC Task Order does not fall within statewide Painting Permit, Contractor shall implement appropriate BMPs consistent with County's DAMP/LIP.
- Contractor may propose alternative BMPs that meet or exceed the pollution prevention performance of the BMP specified in DAMP/LIP. Any such alternative BMPs shall be submitted to the County Project Manager for review and approval prior to implementation.

VII. GENERAL REQUIREMENTS:

- A. Contractor must ensure all precautions for safety are taken. Contract comply will all Federal, State and Local requirements, codes, and laws.
- B. Contract shall secure Contractor vehicles parked on site at all times.
- C. Contractor shall furnish, install, and maintain all signage, warning devices, barricades, cones, etc.; to protect the public, OC Sheriff's Department Staff, and its workers during the performance of this Contract.
- D. All tools and materials shall remain in Contractor's possession at all times.
- E. Contract shall assure that all materials that could inflict injury shall be continuously cleaned up as Work progresses.
- F. Contractor shall secure all Work areas prior to the end of each workday.
- G. Contractor shall ensure all employees are to smoke only in designated areas and are not to use profanity or other inappropriate language while on site.
- H. The Contractor shall possess a current State of California Class B (General Building) Contractor's license issued by the California State Contractor's License Board.

- I. Contract shall warranty all labor and materials used in the Work for a period of one (1) year after completion and acceptance of Work, for each specific JOC Task Order
- J. Contractor shall meet all insurance and bond requirements to perform Work for OCSD.
- K. Contractor shall dispose all removed material in accordance with Local, State and Federal regulations.
- L. Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Contract Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas.
- M. Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Contract specifications require dust control. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment usage should be limited to Normal Working Hours, in accordance with the Contract specifications. Equipment must conform with all applicable noise regulations.
- N. Contractor shall comply with all County of Orange and local sound control and noise level rules, regulations and ordinances which apply to any Work performed pursuant to the Contract, and shall make every effort to control any undue noise resulting from the construction operation. Each internal combustion engine used for any purpose on the job or related to the job shall be equipped with a muffler of a type recommended by the manufacturer. No internal combustion engine shall be operated on the project without said muffler. The noise level from the Contractor's operations between the hours of 8 P.M. and 7 A.M. on weekdays, including Saturday, or at any time on Sunday or a Federal holiday, shall be in accordance with the County ordinance covering "Noise Control." This requirement in no way relieves the Contractor of responsibility for complying with local ordinances regulating noise level. Said noise level requirement shall apply to all equipment on the job or related to the job, including but not limited to trucks, transit mixers or transient equipment that may or may not be owned by the Contractor. The use of loud sound signals shall be avoided in favor of light warnings, except those required by safety laws for the protection of personnel.
- O. Construction Area: Contractor shall protect property and facilities adjacent to the construction area and all property and facilities within the construction area, which are shown on the plans, are to be protected. After project completion, the construction area shall be in a clean and presentable condition. All public or privately owned improvements and facilities shall be restored to their original condition and location. If improvements or facilities are damaged, they shall be replaced with new materials, which are at least equal to the original materials. Nothing herein shall be construed to entitle the Contractor to the exclusive use of any public street, way, or parking area during performance of the Work. Contractor shall conduct its operations so as not to interfere with the authorized Work of utility companies or other agencies in such streets, ways or parking areas. The Contractor shall be responsible for investigating conditions of available public and private roads and of clearances, restrictions and other limitations affecting transportation and ingress and egress to the site of the Work. Use of equipment will be minimized during any Stage II or Stage III smog alerts. All equipment will meet emissions standards. Dust Control is required at all times. All proper public safety measures are to be used during construction, including barriers, flagmen and signing. Equipment must conform to all applicable noise regulations.

- P. Contractor shall, whenever possible, minimize the use of water during project construction. Watering equipment shall be kept in good working order. Water leaks shall be repaired promptly. Washing of equipment, except when necessary for the safety or for the protection of equipment, shall be discouraged. Water curing of concrete improvements as specified in Section 303-1.10, "Curing" of the Standard Specifications for Public Works Construction, shall not be allowed unless specifically permitted by these Special Provisions or directed by the Project Manager. Nothing in this section, "Water Conservation," shall be construed as relieving the Contractor of furnishing sufficient water as required for the proper construction of this project in accordance with the Standard Specifications for Public Works Construction and these Special Provisions.
- Q. Contractor shall anticipate that storm, surface and possible ground or other waters will be encountered at various times and locations during the Work. Such waters may interfere with Contractor's operations and may cause damage to adjacent or down-stream private and/or public property by flooding, lateral erosion, sedimentation, or pollution if not properly controlled by the Contractor. The Contractor, by submitting a bid, assumes all of said risk and the Contractor acknowledges that its bid was prepared accordingly.

The Contractor shall conduct its operations in such a manner that storm or other waters may proceed without diversion or obstruction along existing street and drainage courses. Drainage of water from existing or proposed catch basins shall be maintained at all times. Diversion of water for short reaches in order to protect construction in progress will be permitted if public or private properties are not damaged or, in the opinion of the Project Manager, are not subject to the probability of damage. Contractor shall at no cost to County obtain written permission from the appropriate public agency or property owner before any diversion of water will be permitted by the Project Manager.

During the course of water control the Contractor shall conduct construction operations to protect waters from being polluted with fuels, oils, bitumen's or other harmful materials, and shall be responsible for removing said materials in the event protective measures are not effective.

Construction site shall be maintained in such a condition that an anticipated storm does not carry wastes or pollutants off site.

Discharges of material other than storm water are allowed only when necessary for performance and completion of construction practices and where they do not: cause or contribute to a violation of any water quality standard; cause or threaten to cause pollution, contamination, or nuisance; or contain a hazardous substance in a quantity reportable under Federal Regulations 40 CFR Parts 117 and 302, or any other law or applicable regulation.

Potential pollutants include but are not limited to: vehicle/equipment fuels, oils, lubricants, and hydraulic, radiator or battery fluids; vehicle/equipment wash water and concrete mix wash water; concrete, detergent or floatable wastes; wastes from any engine/equipment steam cleaning or chemical degreasing; solid or liquid chemical spills; wastes from sealants, limes, and solvents; and superchlorinated potable water line flushing's.

During construction, disposal of such materials should occur in a specified and controlled temporary area on-site, physically separated from potential storm water run-off, with ultimate disposal in accordance with local, state, and federal requirements.

Notwithstanding the above, management of storm water shall be done with all applicable statutes, ordinances, permits, regulations and provisions of this Contract governing storm water.

VIII. STOP WORK:

The County may, at any time, by written Stop Work order to the Contractor, require the Contractor to stop all or any part of the work, as per a specific JOC Task Order, for a period of ninety (90) days after the Stop Work order is delivered to the Contractor and for any further period to which the Parties may agree. The

Stop Work order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work order is delivered to the Contractor or within any extension of that period to which the Parties shall have agreed, the County shall either:

- A. Cancel the stop Work order; or
- B. Cancel the JOC Task Order immediately in whole or in part in writing as soon as feasible.

IX. COMPUTER AND SOFTWARE REQUIREMENTS:

A. Computer

The Contractor shall maintain at its office for its use a computer with, at a minimum, a 1 GHz processor and an internet connection. The Contractor shall maintain individual email accounts for each of its project managers.

B. Software

1. Job Order Contracting Software

The County selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution™ includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog® which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, Subcontractor lists, and other requirements specified by the County. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution™.** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors. A sample Gordian's license and user agreement is as follows:

Software License and User Agreement

This Click-Through Agreement (the "Agreement") contains the terms and conditions upon which The Gordian Group, Inc., a Georgia corporation ("Gordian") grants to you ("Licensee") a limited license to perform your obligations pursuant to the Client Contract (as defined below). Please read this Agreement carefully. By clicking "I Accept", you acknowledge that you have read and accept the terms and conditions of this Agreement in its entirety.

IF YOU ARE ENTERING INTO THIS AGREEMENT WITHIN THE SCOPE OF YOUR EMPLOYMENT OR IN CONNECTION WITH YOUR ENGAGEMENT AS AN INDEPENDENT CONTRACTOR, THEN THE TERM "LICENSEE" INCLUDES YOUR EMPLOYER OR PRINCIPAL CONTRACTOR, AS APPLICABLE, AND YOU WARRANT AND REPRESENT TO GORDIAN THAT YOU ARE AUTHORIZED TO ACCEPT THIS AGREEMENT ON SUCH EMPLOYER'S OR PRINCIPAL CONTRACTOR'S BEHALF.

WHEREAS, pursuant to the terms and conditions of a contract between Gordian and one or more mutual clients of Gordian and Licensee that has contracted with Licensee for construction services ("Client Contract"), Gordian has agreed to provide Licensee with a limited license to Gordian's Job Order Contracting system ("JOC System"), and

NOW, THEREFORE, Gordian and Licensee agree to the terms and conditions of the following:

Gordian hereby grants to Licensee, and Licensee hereby accepts from Gordian for the term of the Client Contract, a non-exclusive and nontransferable right, privilege, and license to Gordian's proprietary JOC System and other related proprietary materials (collectively referred to as "Proprietary Information") to be used for the sole purpose of executing the Licensee's responsibilities under the Client Contract for which Licensee is utilizing the JOC system ("Limited Purpose"). Licensee hereby agrees that the Proprietary Information shall include, but is not limited to,

Gordian's eGordian® JOC information management applications and support documentation, Construction Task Catalog® and any construction cost data and copyrighted materials contained therein, training materials, and any other proprietary materials provided to Licensee by Gordian either electronically or through an alternative means of delivery. In the event the applicable Client Contract expires or terminates, this JOC System License shall terminate and Licensee shall return all Proprietary Information in its possession to Gordian.

Licensee acknowledges that Gordian shall retain exclusive ownership of all proprietary rights to the Proprietary Information, including all U.S. and international intellectual property and other rights such as patents, trademarks, copyrights and trade secrets. Licensee shall have no right or interest in any portion of the Proprietary Information except the right to use the Proprietary Information for the Limited Purpose set forth herein. Except in furtherance of the Limited Purpose, Contractor shall not distribute, disclose, copy, reproduce, display, publish, transmit, assign, sublicense, transfer, provide access to, use or sell, directly or indirectly (including in electronic form), any portion of the Proprietary Information.

Licensee hereby agrees to pay Gordian a license fee of 1% of the value of work procured from Licensee by Client ("Contractor License Fee") pursuant to the Client Contract. Licensee further agrees to remit the Contractor License Fee to Gordian within ten (10) days of Licensee's receipt of a Job Order, Purchase Order or other similar purchasing document pursuant to the Licensee Contract. Licensee shall make payments payable to The Gordian Group, Inc. and shall mail the payments to P.O. Box 751959, Charlotte, NC 28275-1959. All payments received after the due date set forth above will incur a late payment charge from such due date until paid at a rate of 1.5% per month.

Either party may terminate this Agreement in the event of: (1) any breach of a material term of this Agreement by the other party which is not remedied within ten (10) days after written notice to the breaching party; or (2) the other party's making an assignment for the benefit of its creditors, or the filing by or against such party of a petition under any bankruptcy or insolvency law, which is not discharged within thirty (30) days of such filing.

Licensee acknowledges and agrees to respect the copyrights, trademarks, trade secrets, and other proprietary rights of Gordian in the Proprietary Information during and after the term of this Agreement, and shall at all times maintain complete confidentiality with regard to the Proprietary Information provided to Licensee, subject to federal, state and local laws related to public disclosure. Licensee further acknowledges that a breach of any of the terms of this Agreement by Licensee will result in irreparable harm to Gordian for which monetary damages would be an inadequate remedy, and Gordian shall be entitled to injunctive relief (without the necessity of posting a bond) as well as all other monetary remedies available at law or in equity. In the event that it becomes necessary for either party to enforce the provisions of this Agreement or to obtain redress for the breach or violation of any of its provisions, including nonpayment of any Contractor License Fees owed, whether by litigation, arbitration or other proceedings, the prevailing party shall be entitled to recover from the other party all costs and expenses associated with such proceedings, including reasonable attorney's fees.

This Agreement shall be construed under the laws of the State of South Carolina without regard to choice of law principles. Both parties irrevocably consent to the jurisdiction and venue of the federal and state courts located in the State of South Carolina for purposes of any action brought in connection with this Agreement or use of the Proprietary Information.

The parties agree that in the event of a conflict in terms and conditions between this Agreement and any other terms and conditions of the Client Contract, or any Job Order, Purchase Order or similar purchasing document issued to Licensee as it relates to the terms set forth herein, this Agreement shall take precedence.

ATTACHMENT B**CONTRACTOR'S PRICING BID FORM**

- I. COMPENSATION:** This is an all-inclusive, usage Contract between the County and Contractor for General Building Services, as set forth in Attachment "A" Scope of Work.

The Contractor agrees to accept the specified compensation as set forth in this Contract as full remuneration for performing all services and furnishing all staffing, labor, insurance, bonds, prevailing wage, vehicles, equipment, tools, materials, overhead, travel, etc. required, for any reasonably unforeseen difficulties which may arise or be encountered in the execution of the services until acceptance, for risks connected with the services, and for performance by the Contractor of all its duties and obligations hereunder. The Contractor shall only be compensated as set forth herein below for work performed in accordance with the Scope of Work. The County shall have no obligation to pay any sum in excess of the Total Contract Amount specified herein below unless authorized by amendment.

- II. FEES AND CHARGES:** County will pay the following in accordance with the provisions of this Contract.

- A. Adjustment Factors:** The Contractor's three (3) Adjustment Factors that will be applied against the prices set forth in the Contract Task Catalog[®]. These Adjustment Factors will be used to price out fixed price JOC Task Orders by multiplying the appropriate Adjustment Factor by the Unit Prices and appropriate quantities.

- i. **FACTOR 1** - Unit Work requirements to be performed during Normal Working Hours (7:00 AM to 5:00 PM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

0.9700

Utilize four decimal places

Zero point nine seven zero zero

For Normal Working Hours (in words)

- ii. **FACTOR 2** - Unit Work requirements to be performed during Other Than Normal Working Hours (5:01 PM to 6:59 AM) in General Facilities as ordered by the County in individual JOC Task Orders against this Contract.

1.0200

Utilize four decimal places

One point zero two zero zero

For Other Than Normal Working Hours (in words)

- iii. **FACTOR 3** - Unit Work requirements to be performed during Normal Working Hours and Other Than Normal Working Hours (12:00 AM to 12:00 PM) in **Secured Facilities** as ordered

by the County as noted in the Detailed Scope of Work in individual JOC Task Orders against this Contract.

1.2200

Utilize four decimal places

One point two two zero zero

For Normal Working Hours and Other Than Normal Working Hours Secured Facilities (in words)

B. ACKNOWLEDGEMENT OF ADDENDA:

This bid has accounted for and bidder hereby acknowledges the following Addenda No(s):

N/A (if no addenda were issued by OCSD put N/A)

C. TOTAL CONTRACT AMOUNT SHALL NOT EXCEED: \$5,000,000

D. THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES MUST BE GREATER THAN OR EQUAL TO THE NORMAL WORKING HOURS ADJUSTMENT FACTOR IN GENERAL FACILITIES.

E. THE SECURED FACILITIES WORKING HOURS MUST BE GREATER THAN OR EQUAL TO THE OTHER THAN NORMAL WORKING HOURS ADJUSTMENT FACTOR.

The formula below is an integral part of this bid and to be responsive the bidder shall quote for the total works above, and also shall complete and submit the award formula below.

The weighted multipliers are for the purpose of calculating an Award Formula only. No assurances are made by the County that Work will be ordered under the Contract in a distribution consistent with the weighted percentages. The Awarded Formula is only used for the purpose of determining the bid.

AWARD FORMULA

Line 1: General Facilities Normal Working Hours - Adjustment Factor 1	<u>0.9700</u>
Line 2: Multiply Line 1 by (40) %	<u>0.3880</u>
Line 3: General Facilities Other than Normal Working Hours - Adjustment Factor 2	<u>1.0200</u>
Line 4: Multiply Line 3 by (30) %	<u>0.3060</u>
Line 5: Secured Facilities Normal and Other than Normal Working Hours – Adjustment Factor 3	<u>1.2200</u>
Line 6: Multiply Line 5 by (30) %	<u>0.3660</u>
Line 7: Add Lines 2, 4 and 6	<u>1.0600</u>

The weighted multipliers above are for the purpose of calculating an Award Criteria Figure only. No assurances are made by the County that Work will be ordered under the Contract in a distribution

consistent with the weighted percentages above. The Award Criteria Figure is only used for the purpose of determining the Bid. When submitting JOC Task Order Price Proposals related to specific JOC Task Orders, the Bidder shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

The above Adjustment Factors are to be specified to four decimal places. Any alteration, erasure, or change must be clearly indicated and initialed by the bidder. All prices and information required on the bid form must be either typewritten or neatly printed in ink (use figures only). Line 7 above will be used to determine award to the lowest bidder. The County of Orange reserves the right to revise all arithmetic errors in calculations for correctness. The bidder agrees that if there are any discrepancies or questions in the figures, the County will use the figures submitted by the Contractor despite the bidder's intent. The County reserves the right to reject any and all bids and to waive any irregularities.

III. PRICE INCREASES/DECREASES: No increases to the Adjustment Factors or to any line items in the Construction Task Catalog[®] will be permitted during the term of this Contract.

IV. CONTRACTOR'S EXPENSE: The Contractor will be responsible for all costs related to photo copying, telephone communications and fax communications while on County sites during the performance of Work and services under this Contract.

V. PAYMENTS TERMS:

- A. The County shall make payments upon the agreed upon price for a specific JOC Task Order as listed in the Notice to Proceed. The County will make progress payments monthly as the Work proceeds on estimates approved by County Project Manager. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the Work, to provide a basis for determining progress payments. The County will only pay for actual Work in place. The format shall be expanded to show percentage and cost of work completed for each application, total percentage and cost completed to date, and balance of percentage and cost remaining for each cost code of the sixteen-division format. Round all figures to the nearest dollar.
- B. **Lump sum payment** - If an individual JOC Task Order is scheduled for Completion within forty-five (45) days or less, the County will make one payment after thirty (30) days of Work to the Contractor, exclusive of retention. Contractor may request for one payment (including retention payment); however, payment will be made after Final Acceptance of the JOC Task Order.
- C. **Partial payment** – The County will consider a request for partial payments for JOC Task Orders scheduled for a performance period of greater than forty-five (45) days.
- D. **Retention** - When payments are made under this Contract, five percent (5%) of each requested and approved payment will be retained. The retention will be released upon Final Acceptance of the Work, and the County's approval on the final payment request. A Notice of Completion for each individual JOC Task Order must be filed. Final payment is to be made thirty-five (35) days subsequent to the filing of the Notice of Completion.
- E. **Retention release** - The County's release of the retention does not relieve the Contractor of its responsibility to comply with both the proposed Scope of Work and the terms and conditions of the JOC Task Order and Contract for completed and warranty Work. The Contractor agrees that a condition precedent to the County's release of the five percent (5%) retention amount is in full compliance with this provision herein. The Contractor must submit a completed invoice to the County

for approval. The Contractor agrees that the signature on the invoice certifies that it has completed or submitted the following:

1. All warranties and maintenance requirements; and
2. All as-built prints and record drawings; and
3. All operation and maintenance manuals; and
4. All badges, keys and security entry cards; and
5. Conducted all required training for County Personnel;
6. All other items as applicable.

F. **Payments Withheld** – The County’s Project Manager may decline to recommend payment and may withhold the Progress Payment Request in whole or part, to the extent necessary to protect County, if in its opinion it is unable to make correct and accurate representations to County Auditor. If the County’s Project Manager is unable to make representations to the County Auditor and to certify payment in the amount of the Progress Payment Request, it will notify the Contractor. If the Contractor, and the County’s Project Manager cannot agree on a revised amount, the County’s Project Manager will promptly issue a Progress Payment Request in the amount for which it is able to make such representations to the County Auditor. The County’s Project Manager may also decline to certify payment or any part thereof or, because of subsequent observations, they may nullify the whole or any part of any Progress Payment Request previously issued, to such extent as may be necessary in its opinion to protect the Defective work not remedied;

- a) Defective work not remedied;
- b) Third party claims filed;
- c) Failure of the Contractor to make payments properly to Subcontractor for labor, materials or equipment;
- d) Reasonable evidence, that the work cannot be completed for the unpaid balance of the contract sum;
- e) Damage to the County or another Contractor;
- f) Reasonable evidence, that the work will not be or has not been completed within the contract time or specific dates;
- g) Failure to carry out the work in accordance with the Contract;
- h) Stop notices filed for any portion of the work; or
- i) Failure or refusal of the Contractor to fully comply with the Contract requirements.

VI. INVOICING INSTRUCTIONS:

- A. Invoices are to be submitted in arrears, after services have been provided, to the address specified below. Payment will be net 30 days after receipt of an invoice in a format acceptable to the County of Orange, verified, and approved by the agency/department and subject to routine processing requirements. The County’s Project Manager, or designee, is responsible for approval of invoices and subsequent submittal of invoices to the Auditor-Controller for processing of payment. The responsibility for providing an acceptable invoice to the County for payment rests with the Contractor. Incomplete or incorrect invoices are not acceptable and will be returned to the Contractor for correction.

- B. The Contractor agrees that its signature on the invoice, as herein prescribed, constitutes a sworn Statement. The Contractor agrees that its signature on the invoice requesting either partial or final payment certifies that:
1. The specified percentage of Work has been completed and material supplied, and is directly proportional to the amount of the payment currently requested.
 2. The amount requested is only for performance in accordance with the specifications, terms and conditions of the subject Contract.
 3. Timely payments will be made to Subcontractor and suppliers from the proceeds of the payment covered by this certification, in accordance with this Contract and their subcontract agreements.
 4. This request for payment does not include any amounts, which the prime Contractor intends to withhold or retain from a Subcontractor or supplier, except those amounts withheld or retained in accordance with the terms and conditions of the subcontract.
 5. Not less than the prevailing rates of wages as ascertained by the County have been paid to laborers, workers and mechanics employed on the subject Work.
 6. There has been no unauthorized substitution of Subcontractor, nor have any unauthorized subcontracts been entered into.
 7. No subcontract was assigned, transferred, or performed by anyone other than the original Subcontractor, except as provided in Sections 4100-4113, inclusive, of the Public Contract Code.
 8. Where applicable, payments to Subcontractor and suppliers have been made from previous payments received under the Contract.
 9. Request for final payment, the Contractor agrees that its signature on the invoice form certifies that all Punch List items have been signed off as completed by the County, and that all building inspection cards have been completed.
- C. The Contractor agrees that it is submitting a request for payment within one year of the Completion of the project for which it is billing. If the Contractor does not submit a request for payment within one (1) year of the Completion of the project for which it is billing, it herein agrees to forfeit that payment.
- D. If the Contractor's invoice is not approved, the County will issue a "Return of Invoice for Correction" letter advising the Contractor of missing deliverables and/or information requiring correction. After making the appropriate corrections, the Contractor agrees to submit a second, or corrected, invoice.
- E. The Contractor agrees that even though the County has approved payment, the County retains the right to further inspect the Work and issue correction notices. After the first payment and before making any other payment to the Contractor, the County will require that the Contractor produce and deliver to the County satisfactory proof or evidence that all labor performed and materials furnished up to the date of the preceding payment request have been fully paid for, and that as of the said date, no claims exist if that is the case. This partial release of claim must be executed with the same formality as this Contract.
- F. Upon receipt of a stop notice, the County will withhold from the Contractor an amount of money sufficient to cover the potential cost of the stop notice and the reasonable cost of any associated litigation. In order to satisfy the requirements of a stop notice, the County will refuse to release funds held in retention.

G. The Contractor will provide an invoice on Contractor's letterhead for services rendered. Each invoice will have a number and will include the following information:

1. Contractor's name and address
2. Contractor's remittance address (if different from 1. above)
3. Name of County department
4. County Contract number
5. Service date(s)
6. Service description
7. Contractor's Federal I. D. number
8. Updated duration schedule
9. An updated schedule of values
10. Releases
11. Total

Invoices and support documentation shall be submitted to the following address:

OCSD Research and Development
Facilities Planning
Attn: *Project Manager*
431 The City Drive South
Orange, CA 92868

H. Contractor has the option of receiving payment directly to their bank account via an Electronic Fund Transfer (EFT) process in lieu of a check payment. Payment made via EFT will also receive Electronic Remittance Advice with the payment details via email. An email address will need to be provided to the County via an EFT Authorization Form. To request a form, please contact the Contract Administrator.

**JOB ORDER CONTRACT (JOC)
FOR
GENERAL BUILDING SERVICES**

This Job Order Contract (JOC) for General Building Services (hereinafter referred to as "Contract") is made and entered into as of the date fully executed by and between County of Orange, a political subdivision of the State of California, (hereinafter referred to as "County") and **Vincor Construction, Inc.** (hereinafter referred to as "Contractor"), which are sometimes individually referred to as "Party", or collectively referred to as "Parties".

RECITALS

WHEREAS, County and Contractor are entering into this Contract for General Building Services under a Usage Contract; and,

WHEREAS, County solicited General Building Services as set forth herein, and Contractor has represented that it is qualified and capable to provide General Building Services to the County as further set forth herein; and,

WHEREAS, Contractor agrees to provide General Building Services to the County as further set forth in the Scope of Work, attached hereto as Attachment A and incorporated herein; and,

WHEREAS, County agrees to pay Contractor the fees as further set forth in Contractor's Pricing, attached hereto as Attachment B and incorporated herein;

NOW, THEREFORE, the Parties mutually agree as follows:

DEFINITIONS

DEFINITIONS: The following terms shall have the definitions as set forth below:

1. **Adjustment Factor:** The Bidder's competitively bid price adjustment to the Unit Prices published in the Construction Task Catalog®.
2. **Award Criteria Figure:** The amount determined in the Award Criteria Figure Calculation section of the Bid Form, which is used for the purposes of determining the lowest Bid.
3. **Brief Scope of Work:** The initial scope of Work developed by the County Project Manager, and is utilized to provide adequate information to schedule the Joint Scope Meeting.
4. **Best Management Practices (BMPs):** As used herein, a BMP is defined as a technique, measure, or structural control that is used for a given set of conditions to manage the quantity and improve the quality of stormwater runoff in a cost effective manner. Specific BMPs are found within the County's LIP in the form of Model Maintenance Procedures and BMP Fact Sheets (the Model Maintenance Procedures and BMP Fact Sheets contained in the DAMP/LIP shall be referred to hereinafter collectively as "BMP Fact Sheets") and contain pollution prevention and source control techniques to eliminate non-stormwater discharges and minimize the impact of pollutants on stormwater runoff.
5. **Construction Task Catalog® (CTC):** A comprehensive listing of specific construction related tasks identified by the County together with a specified unit of measurement and Unit Price. The price published in the CTC for a specific construction or construction-related task. The Unit Prices are fixed for the Term of this Contract. Each Unit Price is comprised of the labor, equipment and materials costs to accomplish that specific task.

6. DAMP/LIP: To assure compliance with the Stormwater Permits and water quality ordinances, the County Parties have developed a Drainage Area Management Plan (DAMP), which includes a Local Implementation Plan (LIP) for each jurisdiction that contains Best Management Practices (BMPs) that parties using properties within Orange County must adhere to.
7. Detailed Scope of Work: The complete description of services to be provided by the Contractor under an individual JOC Task Order (JTO). Developed by the Contractor, after the Joint Scope Meeting and submitted for approval to the County Project Manager.
8. Final Acceptance: All Work has been completed and accepted by the County. The Contractor has provided all required close-out documentation and items as required by the Detailed Scope of Work for the specific JOC Task Order, and these items have been accepted and approved by the County
9. JOC Task Order Authorization (JTOA): Issued upon acceptance of quote and the duration schedule, stating that the JOC Task Order Price Proposal is a firm fixed price. Must be issued prior to issuance of a Notice to Proceed.
10. JOC Task Order Completion Time: The time within which the Contractor must complete the Detailed Scope of Work.
11. JOC Task Order Notice To Proceed (NTP): The document prepared by the County, based on the approved JOC Task Order Quote, and issued to the Contractor which provides the specific instructions, specific bid items, and the duration to complete the approved Detailed Scope of Work. A written notice issued by the County directing the Contractor to proceed with construction activities to complete the JOC Task Order.
12. JOC Task Order Price: The value of the approved JOC Task Order Price Proposal and the amount the Contractor will be paid for completing a JOC Task Order.
13. JOC Task Order Price Proposal: A price proposal prepared by the Contractor that includes the Pre-priced Tasks, Non Pre-priced Tasks, quantities and appropriate Adjustment Factors required to complete the Detailed Scope of Work.
14. JOC Task Order Proposal (Proposal): Contractor's irrevocable offer to perform Work associated with a JOC Task Order and refers to the Contractor prepared document quoting a firm fixed-price and schedule for the completion of a specific Scope of Work. The Contractor's JOC Task Order Proposal must be on forms provided by the County and in an electronic version compatible with the County's systems. The JOC Task Order Proposal may also contain approved drawings, Work schedule, permits, or other such documentation as the County might require for a specific JOC Task Order.
15. Joint Scope Meeting: A meeting at the JOC Task Order location, attended by the Contractor and County and any other interested parties to outline the Scope of Work for the JOC Task Order.
16. Maximum Contract Value: The maximum value of JOC Task Orders that the Contractor may receive under this Contract.
17. Non Pre-Priced (NPP) Tasks: The units of Work that are not included in the CTC but are still within the general Scope of Work requested by the County under the Contract.
18. Normal Working Hours: means Work done between the hours of 7:00 AM to 5:00 PM, Monday through Friday, inclusive. Saturdays, Sundays, and County holidays are excluded.
19. Other Than Normal Working Hours: means Work done between the hours of 5:01 PM to 6:59 AM, on week days and any times during Saturdays, Sundays, and County holidays.

20. Normal Working Hours and Other Than Normal Working Hours in Secured Facilities: means Work done in Secured Facilities between the hours of 12:00 AM to 12:00 PM, on week days and any times during Saturdays, Sundays, and County holidays.
21. Pre-priced Task: A task described in, and for which a Unit Price is set forth in, the Construction Task Catalog[®].
22. Project: The Work to be performed by Contractor on behalf of County pursuant to this Contract as described in individual JOC Task Orders.
23. Request for Proposal (RFP): The County's written Request for Proposal to the Contractor for a specific JOC Task Order.
24. Secured Facilities: Inside one of the five OCSD, jail facilities: Intake Release Center (IRC), Theo Lacy Facility (TLF), James A. Musick Facility (JAMF), Central Men's Jail (CMJ), and/or Central Women's Jail (CWJ). Note: when selecting an adjustment factor, the Secured Facilities factor may only be applied after approval by the Orange County Sheriff's Department Project Manager.
25. Storm water Permit: The Santa Ana and San Diego Regional Water Quality Control Boards have issued National Pollutant Discharge Elimination System permits ("Stormwater Permits") to the County of Orange, the Orange County Flood Control District and cities within Orange County, as co-permittees (hereinafter collectively referred to as "County Parties") which regulate the discharge of urban runoff from areas within the County of Orange, including from all County facilities on which Work within Contract is being performed. These permits are referred to as Stormwater Permits.
26. Supplemental JOC Task Order: A secondary JOC Task Order developed after the initial JOC Task Order has been issued for the purpose of changing, deleting, or adding work to the initial Detailed Scope of Work, or changing the JOC Task Order Completion Time.
27. Technical Specifications: The written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.
28. Unit Price: The price published in the Construction Task Catalog[®] for a specific construction or construction related work task. Unit Prices for new Pre-priced Tasks can be established during the course of the Contract and added to the Construction Task Catalogs[®]. Each Unit Price is comprised of labor, equipment, and material costs to accomplish that specific Pre-priced Task.
29. Work: The Work shall include, without limitation, all labor, materials, apparatus, supplies, services, facilities, utilities, transportation, manuals, warranties, training, and the like, necessary for the Contractor to faithfully perform and complete all of its obligations under the Contract.

ARTICLES

1. **Scope of Contract:** This Contract, including Attachments, specifies the contractual terms and conditions by which the Contractor will provide General Building Services under a Usage Contract, as set forth in the Scope of Work identified as Attachment A to this Contract.
2. **Term:** This Contract shall become effective October 18, 2022 if all necessary signatures have been executed by that date, or upon execution of all necessary signatures if execution occurs after October 18, 2022, and shall continue for one (1) year from said date or execution, whichever is later, or until the total Contract amount is reached, or unless otherwise terminated as provided herein.
3. **Contingency of Funds:** Contractor acknowledges that funding or portions of funding for this Contract may be contingent upon state budget approval; receipt of funds from, and/or obligation of funds by, the state of California to County; and inclusion of sufficient funding for the services hereunder in the budget approved by County's Board of Supervisors for each fiscal year covered by this Contract. If such approval, funding or appropriations are not forthcoming, or are otherwise limited, County may immediately terminate or modify this Contract without penalty.
4. **County's Representatives:**
 - A. The Contract will be under the general direction of the Board of Supervisors. Orange County Sheriff-Coroner Department (OCSO) is the authorized representative of the Board of Supervisors and, under the Board of Supervisors, has complete charge of the Contract, and shall exercise full control of the Contract, so far as it affects the interest of the County.
 - B. The provisions in this Article or elsewhere in this Contract regarding approval or direction by the County, Board of Supervisors, or OCSO, or action taken pursuant thereto are not intended to and shall not relieve the Contractor of responsibility for the accomplishment of the Work, either as regards sufficiency or the time of performance, except as expressly otherwise provided herein.
 - C. County's Contract Administrator is the County's exclusive contact agent to the Contractor with respect to this Contract during construction and until the completion of the Contract. The County will assign Project Managers for individual JOC Task Orders. The County may utilize the services of an Architect in relation to some, but not all JOC Task Orders.
 - D. The County's communications with the Contractor and Architect shall be exclusively through the County's Project Manager.
 - E. County Project Manager shall at all times have access to the Work whenever it is in preparation or progress. The Contractor shall provide safe facilities for such access.
 - F. The County and County Project Manager shall not be responsible for or have control or charge of the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and will not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract documents.
 - G. The County and County Project Manager shall not be responsible for the failure of the Contractor to plan, schedule, and execute the Work in accordance with the approved schedule or the failure of the Contractor to meet the Contract completion dates or the failure of the Contractor to schedule and coordinate the Work of his own trades and Subcontractors or to coordinate with others separate Contractors.

- H. The County will not be responsible for the acts or omissions of the Contractor, or any Subcontractor, or any Contractor's or Subcontractor's agents or employees, or any other persons performing any of the Work.
- I. County Project Manager has the authority to disapprove or reject Work on behalf of the County when, in the County Project Manager's opinion, the Work does not conform to the Contract documents.
- Whenever, in County Project Manager's reasonable opinion, it is considered necessary or advisable to insure the proper implementation of the intent of the Contract documents, County Project Manager has the authority to require special inspection or testing of any Work in accordance with the provisions of the Contract documents whether or not such Work shall then be fabricated, installed or completed.
- J. County Project Manager has the authority to require special inspection or testing of the Work. However, neither County Project Manager's authority nor any decision made by the Project Manager in good faith whether to exercise or not to exercise such authority shall give rise to any duty or responsibility of the County to the Contractor, or any Subcontractor, or any of their agents, or employees, or any other person performing any portion of the Work.
- K. County Project Manager has the authority and discretion to call, schedule, and conduct job meetings to be attended by the Contractor, representatives of his Subcontractors and the Architect and his consultants, to discuss such matters as procedures, progress, problems, and scheduling.
- L. County Contract Administrator will establish procedures to be followed for processing all submittals, Change Orders, Invoices, other project reports, documentation and test reports.
- M. County Project Manager will issue JOC Task Order if required.
- N. County Project Manager will review and process all Invoices by the Contractor.
5. **Architect-Engineer status (A-E)**
- A. If an A-E is hired by the County to provide any design services for a specific JOC Task Order as indicated in the JOC Task Order, the A-E is responsible to the County for the preparation of adequate drawings, specifications, cost estimates, and reports within the scope of the A-E contract. The services normally include checking of shop drawings and material lists; recommendations to the County regarding proposed The A-E does not have the authority to act for the County or the County's Project Manager, or to stop the work.
6. **Contractor:**
- A. Composition: If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.
- B. Review Documents: The contractor shall carefully study and compare all drawings, specifications, and other instructions to identify any errors, inconsistencies, omissions, ambiguities, interference, etc., and shall, at once, report to the County's Project Manager any and all errors, inconsistencies, omissions, ambiguities, interference, etc., in a timely manner, before it is a problem. The contractor is responsible for all such problems, which are known or should have discovered by a reasonably diligent review, and performance, which are known or should have known is inconsistent with the general design concept or with industry standards. Except as otherwise specifically provided hereinafter under warranties, Contractor shall not be an agent for the County.

- C. **Superintendence:** The Contractor shall maintain on site, at all times during the construction activities, a dedicated competent Superintendent. This person shall be acceptable to the County and shall have a cell phone at which he or she can be reached at all times. In addition to a General Superintendent and other administrative and supervisory personnel required for the performance of the Work, the Contractor shall provide specific coordinating personnel as reasonably required for interfacing of all the Work required for the total project, all satisfactory to County Project Manager.

The superintendent shall not be changed except with consent of County Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in his employ, in which case he shall be replaced within twenty-four (24) hours by a superintendent acceptable to County Project Manager. The superintendent shall represent the Contractor in his absence and all directions given to him shall be binding as if given to the Contractor. Whenever, in the sole discretion of the County, the Contractor is not providing a sufficient level of supervision, the County may direct the Contractor to increase the level of supervision for any or all projects, including but not limited to the right to direct the Contractor to assign a full time, dedicated Superintendent for any project; submit daily management, inspection, activity, and planning reports; substitute Subcontractors; submit daily photographs of the work in place and the work areas prepared for the next day's work; and develop a site specific quality control program, all at no cost to the County. In the event the County's personnel are required to provide direction or supervision of the work in the field because the Contractor has not provided sufficient supervision, the Contractor shall reimburse the County \$150 per hour for such effort.

- D. **Licenses and Certificates:** Contractor shall, at all times during the term of this Contract, maintain in full force and effect such licenses as may be required by the State of California or any other governmental entity for Contractor to perform the duties specified herein and provide the services required pursuant to this Contract. Contractor shall strictly adhere to, and obey, all governmental rules and regulations now in effect or as subsequently enacted or modified, as promulgated by any local, state, or federal governmental entities.
- E. **Superintendent and County Project Manager:** The Contractor shall provide County Project Manager with complete Work history profiles of management staff associated with this Project for County Project Manager review.
7. **Usage:** Unless otherwise specified herein, no guarantee is given by the County to the Contractor regarding usage of this Contract. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply services and/or commodities requested, as needed by the County of Orange, at prices listed in the Contract, regardless of quantity requested.
8. **Reports/Meetings:** The Contractor shall develop reports and any other relevant documents necessary to complete the services and requirements as set forth in this Contract. The County's Project Manager and the Contractor's Project Manager will meet at a County designated location to discuss the Contractor's performance and progress under this Contract, at the request of the County's Project Manager. If requested by County, the Contractor's Project Manager and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by the County for the purpose of monitoring progress under this Contract.
9. **Conflict of Interest:** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of the County. This obligation shall apply to the Contractor; the Contractor's employees, agents, and relatives; Subcontractors; and third parties associated with accomplishing work and services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments,

loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of the County.

10. **Ownership of Documents:** The County has permanent ownership of all directly connected and derivative materials produced under this Contract by the Contractor. All documents, reports and other incidental or derivative Work or materials furnished hereunder shall become, and remain, the sole property of the County and may be used by the County as it may require without additional cost to the County. None of the documents, reports and other incidental or derivative Work or furnished materials shall be used by the Contractor without the express written consent of the County.
11. **Title to Data:** All materials, documents, data or information obtained from the County data files or any County medium furnished to the Contractor in the performance of this Contract will at all times remain the property of the County. Such data or information may not be used or copied for direct or indirect use by the Contractor after completion or termination of this Contract without the express written consent of the County. All materials, documents, data or information, including copies, must be returned to the County at the end of this Contract.
12. **Contractor's Personnel:** Contractor warrants that all Contractor personnel engaged in the performance of Work under this Contract shall possess sufficient experience and/education to perform the services requested by the County. County expressly retains the right to have any of the Contractor personnel removed from performing services under this Contract. Contractor shall effectuate the removal of the specified Contractor personnel from providing any services to the County under this Contract within one (1) business day of notification by County. County shall submit the request in writing to the Contractor's Project Manager. The County is not required to provide any reason, rationale or additional factual information if it elects to request any specific Contractor personnel be removed from performing services under this Contract.
13. **Publication:** No copies of sketches, schedules, written documents, computer based data, photographs, maps or graphs, including graphic art Work, resulting from performance or prepared in connection with this Contract, are to be released by Contractor and/or anyone acting under the supervision of Contractor to any person, partnership, company, corporation, or agency, without prior written approval by the County, except as necessary for the performance of the services of this Contract. All press contacts, including graphic display information to be published in newspapers, magazines, etc., are to be administered only after County approval.
14. **News/Information Release:** The Contractor agrees that it will not issue any news releases or make any contact with the media in connection with either the award of this Contract or any subsequent amendment of, or effort under this Contract. Contractors must first obtain review and approval of said media contact from the County through the County's Project Manager. Any requests for interviews or information received by the media should be referred directly to the County. Contractors are not authorized to serve as a media spokespersons for County projects without first obtaining permission from the County Project Manager.
15. **Errors and Omissions:** All reports, files and other documents prepared and submitted by Contractor shall be complete and shall be carefully checked by the professional(s) identified by Contractor as Project Manager and key personnel attached hereto, prior to submission to the County. Contractor agrees that County review is discretionary and Contractor shall not assume that the County will discover errors and/or omissions. If the County discovers any errors or omissions prior to approving Contractor's reports, files and other written documents, the reports, files or documents will be returned to Contractor for correction. Should the County or others discover errors or omissions in the reports, files or other written documents submitted by Contractor after County approval thereof, County approval of Contractor's reports, files or documents shall not be used as a defense by Contractor in

any action between the County and Contractor, and the reports, files or documents will be returned to Contractor for correction.

16. **Audits/Inspections:** Contractor agrees to permit the County's Auditor-Controller or the Auditor-Controller's authorized representative (including auditors from a private auditing firm hired by the County) access during normal working hours to all books, accounts, records, reports, files, financial records, supporting documentation, including payroll and accounts payable/receivable records, and other papers or property of Contractor for the purpose of auditing or inspecting any aspect of performance under this Contract. The inspection and/or audit will be confined to those matters connected with the performance of the Contract including, but not limited to, the costs of administering the Contract. The County will provide reasonable notice of such an audit or inspection.

The County reserves the right to audit and verify the Contractor's records before final payment is made.

Contractor agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated under this Contract or by law. Contractor agrees to allow interviews of any employees or others who might reasonably have information related to such records. Further, Contractor agrees to include a similar right to the County to audit records and interview staff of any Subcontractor related to performance of this Contract.

Should the Contractor cease to exist as a legal entity, the Contractor's records pertaining to this Contract shall be forwarded to the surviving entity in a merger or acquisition or, in the event of liquidation, to the County's Project Manager.

17. **State Funds - Audits:** When and if state funds are used in whole or part to pay for the goods and/or services under this Contract, the Contractor agrees to allow the Contractor's financial records to be audited by auditors from the state of California, the County of Orange, or a private auditing firm hired by the state or the County. The County or state shall provide reasonable notice of such audit.

Pursuant to and in accordance with Section 8546.7 of the California Government Code, in the event that this Contract involves expenditures of Public funds aggregating in excess of Ten Thousand Dollars (\$10,000), the parties shall be subject to the examination and audit of the Auditor General of the State of California for a period of three (3) years after final payment under this Contract.

The Contractor shall maintain records for all costs connected with the performance of this Contract including, but not limited to, the costs of administering the Contract, materials, labor, equipment, rentals, permits, insurance, bonds, etc., for audit or inspection by County, State, or any other appropriate governmental agency during the three (3) year period.

18. **Hazardous Conditions:** Whenever the Contractor's operations create a condition hazardous to traffic or to the public, the Contractor shall provide flagmen and furnish, erect and maintain control devices as are necessary to prevent accidents, damage, or injury to the public at Contractor's expense and without cost to the County. The Contractor shall comply with County's directives regarding potential hazards.

Emergency lights and traffic cones must also be readily available at all times and must be used in any hazardous condition. Emergency traffic cones must be placed in front of and behind vehicles to warn oncoming traffic.

Signs, lights, flags, and other warning and safety devices shall conform to the requirements set forth in Chapter 5 of the current traffic manual, Traffic Control for Construction and Maintenance Work Zones, published by the state of California Department of Transportation. The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. The Contractor shall also be responsible for all materials delivered and Work performed until

completion and acceptance of the entire construction Work, except for any completed unit of construction thereof, which theretofore may have been accepted.

19. **Conditions Affecting the Work:** The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the Work, and the general and local conditions, which can affect the Work or the cost thereof for any JOC Task Order. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the Work without additional expense to the County. The County assumes no responsibility for any understanding or representations concerning conditions made by any of its officers or agents prior to the execution of this Contract, unless such understanding or representations by the County are expressly stated in the Contract.
20. **County's Property On Site:** All fixtures, crops, trees, and all other personal property of the County located at the job site which are removed in the course of construction of the project remain the property of the County unless express provision to the contrary is made in the Contract between the Parties, and the Contractor shall exercise reasonable care to prevent loss or damage to said property and shall deliver promptly such property to the place designated by the County.
21. **Protection:** The Contractor shall take proper safety and health precautions to protect the Work, the workers, the public, and the property of others. Contractor shall comply with the provisions of the Construction Safety Orders issued by the State Division of Occupational Safety & Health. Contractor shall also be responsible for all materials delivered and Work performed until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which until completion and acceptance of the entire construction Work, except for any completed unit of construction thereof which theretofore may have been accepted.

The Contractor shall maintain continuously adequate protection of all his Work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. Contractor shall make good any such damage, injury or loss, except such as may be directly due to errors in the Contract documents or caused by agents or representatives of the County. Contractor shall adequately protect adjacent property as provided by law and the Contract documents, and shall maintain reasonable security of the site at all times. Contractor shall limit visitors to the site to those necessary for construction and inspections. Visitors for other purposes shall be referred to Orange County Sheriff-Coroner Department. Contractor's and Subcontractors' employees shall possess means of identification at all times as required by Orange County Sheriff-Coroner Department while on the job site.

In an emergency affecting the safety of life or of the Work or of adjoining property, the Contractor, without special instruction or authorization from the A-E or County, is hereby permitted to act at his discretion to prevent such threatened loss or injury. Contractor shall so act if directed or instructed by Orange County Sheriff-Coroner Department. Any dispute as to compensation claimed by the Contractor on account of emergency Work shall be determined by agreement as hereinafter set forth.

Orange County Sheriff-Coroner Department may notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately correct such conditions. Such notices, when delivered to the Contractor or his representative at the site of the Work, shall be deemed sufficient for said purpose. Failure of receipt of such notice from Orange County Sheriff-Coroner Department shall not relieve the Contractor of responsibility.

If the Contractor fails or refuses to comply promptly, Orange County Sheriff-Coroner Department may issue an order stopping all or part of the Work until satisfactory corrective action has been taken. No part of the time lost due to any such stop order shall be made the subject of claim for extension of

time or for excess costs or damages to the Contractor. The Contractor will be responsible for ensuring that his Subcontractors comply with the provisions of this Clause.

22. **Responsibility For Damages Or Injury:** The County elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") shall not be answerable or accountable in any manner: for any loss or damage that may happen to the Project or any part thereof; for any loss or damage to any of the materials or other things used or employed in performing the Project; for injury to or death of any person either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, or his workers, or anyone employed by him.

The Contractor shall be responsible for any liability imposed by law and for injuries to or death of any person or damage to property resulting from defects or obstructions or from any cause whatsoever during the progress of the Project or at any time before its completion and final acceptance.

The Contractor shall indemnify, defend with counsel approved in writing by County and save harmless the County Indemnitees from all claims, suits or actions of every name, kind and description, brought for, or on account of, injuries to or death of any person or damage to property resulting from the construction of the Project or by or in consequence of any negligence in guarding the Project; use of improper materials in construction of the Project; or by or on account of any act or omission by the Contractor or his agents during the progress of the Work or at any time before the completion and final acceptance of the Project.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the County may be retained by it until disposition has been made of such suits or claims for damages as aforesaid.

If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County and County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment.

Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.

23. **Other Contracts:** The Board of Supervisors may undertake or award other contracts for additional Work, and the Contractor shall fully cooperate with such other contractors and County employees and carefully fit his own Work to such additional Work as may be directed by Orange County Sheriff-Coroner Department. The Contractor shall not commit or permit any act, which will interfere with the performance of Work by any other Contractor or by County employees.
24. **Breach of Contract:** The failure of the Contractor to comply with any of the provisions, covenants or conditions of this Contract, shall constitute a material breach of this Contract. In such event the County may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:
- i. Afford the Contractor written notice of the breach and ten (10) calendar days or such shorter time that may be specified in this Contract within which to cure the breach.
 - ii. Discontinue payment to the Contractor for and during the period in which the Contractor is in breach and offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to the above.
 - iii. Terminate the Contract immediately without penalty.
25. **Orderly Termination:** Upon termination or other expiration of this Contract, each Party shall promptly return to the other Party all papers, materials, and other properties of the other held by each

for purposes of execution of the Contract. In addition, each Party will assist the other Party in orderly termination of this Contract and the transfer of all assets, tangible and intangible, as may be necessary for the orderly, non-disruptive business continuation of each Party.

26. **Wage Rates:** Pursuant to the provisions of Section 1773 of the Labor Code of the state of California, the Contractor shall comply with the general prevailing rates of per diem wages and the general prevailing rates for holiday and overtime wages in this locality for each craft, classification, or type of worker needed to execute this Contract. The rates are available from the Director of the Department of Industrial Relations at the following website: <http://www.dir.ca.gov/dlsr/DpreWageDetermination.htm>. The Contractor shall post a copy of such wage rates at the jobsite and shall pay the adopted prevailing wage rates. The Contractor shall comply with the provisions of Sections 1775 and 1813 of the Labor Code.

Travel and subsistence payments to each workman needed to execute the Work shall be made as such travel and subsistence payments are defined in the applicable collective bargaining agreements filed in accordance with Section 1773.8 of the Labor Code.

The County will not recognize any claim for additional compensation because of the payment by the Contractor of any wage rate in excess of the prevailing wage rate set forth in the Contract. The possibility of wage increases is one of the elements to be considered by the Contractor in determining his bid, and will not under any circumstances be considered as the basis of a claim against the County on the Contract.

Pursuant to Section 1725.5 of the Labor Code, a Contractor shall be registered to be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any public works contract that is subject to the requirements of this chapter. For the purposes of this section, "Contractor" includes a Subcontractor as defined by Section 1722.1.

It is not a violation of this section for an unregistered Contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the Contractor is registered to perform public works pursuant to Section 1725.5 at the time the contract is awarded.

The County will not accept a bid nor enter any contract or subcontract without proof of the Contractor or Subcontractor's current registration to perform public works pursuant to Section 1725.5.

Any JOC Task Orders issued under this Contract may be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The prime Contractor shall post job site notices, as prescribed by regulation. Each Contractor and Subcontractor shall furnish the records specified in Section 1776 directly to the Labor Commissioner.

The Contractor and Subcontractors shall comply with Section 1777.6, which stipulates that it shall be unlawful to refuse to accept otherwise qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age, except as provided in Section 3077.

27. **Wage Rate Penalty:** Pursuant to the provisions of the Labor Code Section 1775, the Contractor shall forfeit to the County, as a penalty, the sum of Twenty-five Dollars (\$25) for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for Work done under this Contract, by Contractor or by Subcontractors, in violation of the provisions of this Contract.

28. **Payroll Records:** Contractor and any Subcontractor(s) shall comply with the requirements of Labor Code Section 1776. Such compliance includes the obligation to furnish the records specified in Section 1776 directly to the Labor Commissioner in an electronic format, or other format as specified by the Commissioner, in the manner provided by Labor Code Section 1771.4.

The requirements of Labor Code Section 1776 provide in part:

- A. Contractor and any Subcontractor(s) performing any portion of the work under this Contract shall keep an accurate record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or any Subcontractor(s) in connection with the work.
 - B. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:
 - (a) The information contained in the payroll record is true and correct.
 - (b) The employer has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any work performed by his or her employees in connection with the Contract.
 - C. The payroll records shall be certified and shall be available for inspection at the principal office of Contractor on the basis set forth in Labor Code Section 1776.
 - D. Contractor shall inform COUNTY of the location of the payroll records, including the street address, city and county, and shall, within five (5) working days, provide a notice of any change of location and address of the records.
 - E. Pursuant to Labor Code Section 1776, Contractor and any Subcontractor(s) shall have ten (10) days in which to provide a certified copy of the payroll records subsequent to receipt of a written notice requesting the records described herein. In the event that Contractor or any Subcontractor fails to comply within the 10-day period, he or she shall, as a penalty to County, forfeit One Hundred Dollars (\$100), or a higher amount as provided by Section 1776, for each calendar day, or portion thereof, for each worker to whom the noncompliance pertains, until strict compliance is effectuated. Contractor acknowledges that, without limitation as to other remedies of enforcement available to County, upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement of the California Department of Industrial Relations, such penalties shall be withheld from progress payments then due Contractor. Contractor is not subject to a penalty assessment pursuant to this section due to the failure of a Subcontractor to comply with this section.
 - F. Contractor and any Subcontractor(s) shall comply with the provisions of Labor Code Sections 1771 et seq., and shall pay workers employed on the Contract not less than the general prevailing rates of per diem wages and holiday and overtime wages as determined by the Director of Industrial Relations. Contractor shall post a copy of these wage rates at the job site for each craft, classification, or type of worker needed in the performance of this Contract, as well as any additional job site notices required by Labor Code Section 1771.4(b). Copies of these rates are on file at the principal office of County's representative, or may be obtained from the State Office, Department of Industrial Relations ("DIR") or from the DIR's website at www.dir.ca.gov. If the Contract is federally funded, Contractor and any Subcontractor(s) shall not pay less than the higher of these rates or the rates determined by the United States Department of Labor.
29. **Work Hour Penalty:** Eight (8) hours of labor constitute a legal day's Work, and forty (40) hours constitute a legal week's Work. Pursuant to Section 1813 of the Labor Code of the State of California, the Contractor shall forfeit to the County Twenty Five Dollars (\$25) for each worker

employed in the execution of this Contract by the Contractor or by any Subcontractor for each calendar day during which such worker is required or permitted to Work more than the legal day's or week's Work, except that Work performed by employees of said Contractor and Subcontractors in excess of the legal limit shall be permitted without the foregoing penalty upon the payment of compensation to the workers for all hours worked in excess of eight (8) hours per day of not less than 1-1/2 times the basic rate of pay.

30. **Registration of Contractors:** Contractor and all Subcontractors must comply with the requirements of labor code section 1771.1(a), pertaining to registration of contractors pursuant to section 1725.5. Registration and all related requirements of those sections must be maintained throughout the performance of the Contract.
31. **Withholding of Wage Differentials:** The County may withhold from the Contractor as much of any accrued payments as may be necessary to pay laborers, craft workmen and mechanics employed on the Project any difference between the rate of wages required to be paid pursuant to California law and the rate of wages actually paid to such laborers, craft workmen and mechanics.
32. **Craft Labor Time Records:** The Contractor shall keep full, true and accurate records of the names and actual hours worked by the respective workers and laborers employed under this Contract in accordance with California Labor Code and shall allow access to the same any reasonable hour to the County, its agents or representatives and to any person having the authority to inspect the same as contemplated under the provisions of said California Labor Code, or when requested by the County.

Eight (8) hours of labor shall constitute a legal day's Work. The Contractor shall comply with Labor Code regarding legal day's Work and overtime.
33. **Non-Discrimination:** In the performance of the terms of this Contract, Contractor agrees that he will not engage in nor permit such Subcontractors as he may employ to engage in discrimination against any employee or applicant for employment on the basis of race, sex, color, religion, ancestry, national origin, marital status, age or as an otherwise qualified handicapped individual. This prohibition shall pertain to employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay and other forms of compensation; selection for training, including apprenticeship; and any other action or inaction pertaining to employment matters.
34. **Assignment Of Antitrust Actions:** In accordance with Public Contract Code, Section 7103.5, by entering into this Contract or into a subcontract to supply goods, services, or materials pursuant to this Contract, the Contractor, or Subcontractor, offers and agrees to assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 [commencing with Section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to this Contract or the subcontract. This assignment shall be made and become effective at the time the County tender's final payment to the Contractor, without further acknowledgment by the parties. The Contractor shall cause to be inserted in any such subcontract stipulations to effectuate this Clause and the provisions of Public Contract Code, Section 7103.5.
35. **Substituted Security:** In accordance with Section 22300 of the Public Contract Code, the County will, at the request and expense of the Contractor, accept securities equivalent to any amount withheld by the County to ensure performance under this Contract. Such substituted security must meet the requirements of said Section 22300, and shall be deposited with a California or federally chartered bank as escrow agent. The security shall be held by the escrow agent subject to a written escrow agreement between County, Contractor, and escrow agent, which Contract shall be in a for substantially similar to that contained in Public Contract Code, Section 22300.

36. **Apprentices:** The Contractor shall familiarize himself with the provisions of Section 1777.5 of the Labor Code regarding employment of apprentices, and shall be responsible for compliance therewith, including compliance by his Subcontractors.

Contractor agrees to comply with the provisions of Labor Code Section 1777.5 and any other applicable laws or regulations, including but not limited to, 8 California Code of Regulations, Section 230.1(A), pertaining to apprentices. Section 1777.5 shall not apply to contracts of general Contractors or to contracts of specialty Contractors not bidding for Work through a general or prime Contractor when the Contracts of general Contractors or those specialty Contractors involve less than Thirty Thousand Dollars (\$30,000).

Contractor and Subcontractor shall comply with Section 1777.6 of the Labor Code which stipulates that an employer or a labor union shall not refuse to accept otherwise qualified employees as registered apprentices on any public works on any basis listed in subdivision (a) of Section 12940 of the Government Code, as those bases are defined in Sections 12926 and 12926.1 of the Government Code, except as provided in Section 3077 of the Labor Code and Section 12940 of the Government Code.

37. **Liquidated Damages:** Timely Completion of services provided under this Contract is of the essence. Should the Contractor fail to substantially complete the Work specified in the JOC Task Order in accordance with the approved construction schedule, and provided the Contractor has not previously obtained a written extension of time from the County in accordance with this Contract, a sum appropriate with the following schedule may be deducted from each succeeding request for payment as liquidated damages on each JOC Task Order if applicable.

Schedule for Liquidated Damages

<u>JOC Task Order price</u>	<u>Liquidated damages per day</u>
Up to \$100,000	\$500
Greater Than \$100,000	\$1,000

- A. The applicability of liquidated damages shall be clearly noted on the Request for Proposal for each JOC Task Order. No liquidated damages shall apply if not noted on the Request for Proposal. If the Contractor fails to complete any part of the Work in accordance with the Work duration schedule, the County agrees to have the right to complete that part of the Work it deems necessary in order to maintain the Work duration schedule. All direct and indirect costs of such Work shall be paid by the Contractor.
38. **Material, Workmanship, and Acceptance:**
- A. Where materials are specified by reference to standard specifications of the American Society for Testing Materials (A.S.T.M.), Federal Specifications, or others, all applicable provisions of the designated specifications shall be considered as forming a part of the Contract documents to the same force and effect as if repeated therein.
- B. All Work under this Contract shall be performed in a skillful and workmanlike manner. Orange County Sheriff-Coroner Department may, in writing, require the Contractor to remove from the Work any employee County Project Manager deems incompetent, careless, or otherwise objectionable.
- C. The Contractor shall, without charge, replace any material or correct any workmanship found by Orange County Sheriff-Coroner Department not to conform to the Contract requirements, unless in the public interest Orange County Sheriff-Coroner Department consents to accept

such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

- D. If the Contractor does not promptly replace rejected material or correct rejected workmanship, the County (1) may, by Contract or otherwise, replace such material or correct such workmanship and charge the cost thereof to the Contractor, or (2) may terminate the Contractor's right to proceed.
- E. Unless otherwise provided in this Contract, acceptance by the County shall be accomplished by recordation of Notice of Completion which shall be made as promptly as practicable after completion and inspection of all Work required by this Contract. Acceptance shall be final and conclusive except as regards latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the County's rights under any warranty or guarantee. Informal procedures such as "punch lists" are not to be deemed final or conditional acceptance.

39. Subcontracts:

- A. List of Subcontractors: Contractor shall list all Subcontractors, as part of the JOC Task Order Proposal, as provided for in Attachment A, ordering procedures.
- B. Licensed Subcontractors: Each Subcontractor selected for the Work shall be licensed in the State of California in his particular field.
- C. Transactions: Transactions with Subcontractors shall be made through the Contractor except in emergency situations when the Contractor is not readily available, in which case detailed instructions will be transmitted to Subcontractors directly.
- D. Responsibility: Contractor shall be fully responsible to the County for the acts and omissions of Subcontractors and all persons directly or indirectly employed by them as he is for the acts and omissions of himself and of persons-directly or indirectly employed by him and shall pay each Subcontractor promptly the amount allowed Contractor on account of such Subcontractor's Work to the extent of such Subcontractor's interest therein.
 - 1) Before starting each section of work, Contractor shall ensure that the responsible Subcontractor has carefully examined all preparatory work that has been executed to receive his work. The Subcontractor shall check carefully, by whatever means are required, to ensure that his work and adjacent related work will finish to the proper contours, planes, and levels. He shall promptly notify the Contractor who shall notify the County's Project Manager in writing of any defects or imperfections in preparatory work, which will, in any way, affect satisfactory completion of work. Absence of such notification will be construed as an acceptance of preparatory work and later claims of defects therein will not be recognized.
 - 2) Under no conditions shall a section of work proceed prior to preparatory work having been completed, cured, dried, and otherwise made satisfactory to receive such related work. Responsibility for timely installation of all materials and equipment rests solely with Contractor, who shall maintain coordination control at all times.
- E. Contractual Relations: Nothing contained in this Contract shall create any contractual relations between County and a Subcontractor.

40. Drawings And Specifications:

- A. Checking: The Contractor shall check all drawings and owner-supplied specifications furnished him immediately, for individual JOC Task Orders, upon their receipt and shall promptly notify

the County of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large-scale drawings shall in general govern small-scale drawings. Door, finish hardware; etc., schedules shall govern over drawings. The Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors, which might have been avoided thereby. When measurements are affected by conditions already established, the Contractor shall take measurements notwithstanding the giving of scale or figure dimensions in the drawings. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

- B. **Omissions and Mis-descriptions:** Omissions from the drawings or specifications, or the mis-description of details of Work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall be called to the attention of the County as soon as possible. The County shall promptly notify the Contractor of the correction or addition to be made. In the event the omission or misdirection is substantial and the custom of the trade or industry does not require the Contractor to perform the Work without issuance of an additional JOC Task Order. Any adjustment by the Contractor without written determination shall be at Contractor's own risk and expense.
- C. **Conflicting Information:** In case of conflict between sections of the specifications and/or the drawings, the Contractor shall call this to attention of the County and ask for clarification, which is to be documented within the JOC Task Order.
- D. **Drawings and Specifications at the Site:** The Contractor shall keep available at the site for ready reference a complete set of all Contract drawings, details, supplementary drawings, approved shop drawings, a complete copy of the specifications with all addenda, bulletins, amendments, and copies of project correspondence. The Contractor shall maintain on the site a complete "as-built" record set of drawings. In addition, the Contractor shall keep on the site a copy of each manufacturer's current printed recommendations. Contractor shall also submit a copy to the County.
- E. **Deviations:** Deviations from the drawings and the dimensions therein given, whether or not error is believed to exist, shall be made only after written authority is obtained from the County, and shall be documented within the Detailed Scope of Work for the specific JOC Task Order.
- F. **Technical Specifications:** The Technical Specifications furnished on the CD are intended to establish the standards for quality, performance and technical requirements for all labor, workmanship, material, methods and equipment necessary to complete the Work. When specifications and drawings are provided or referenced by the County, these are to be considered part of the Scope of Work, and to be specifically documented in the Detailed Scope of Work. For convenience, the County supplied specifications, if any, and the Technical Specifications furnished on the CD.

41. Division of the Specifications:

- A. For convenience, these specifications are arranged in several divisions and sections, but such separations shall not be considered as the limits of the Work required for any subcontract or trade; the terms and conditions of such limitations are wholly between the Contractor and his Subcontractors, and the County will not be responsible for any division of Work by Subcontractors. The Contractor will be solely responsible for all subcontract arrangements of Work regardless of the location of provisions in the specifications.

- B. Schedules of Work included in the sections, where listed, are given for convenience only, and shall not be considered as a comprehensive list of items or Work necessary to complete the Work of any section.
- C. Where devices or items or parts thereof are referred to in the singular, it is intended that such reference shall apply to as many such devices, items, or parts as are required to properly complete the Work.
- D. Each section of the specifications is covered by applicable requirements of the Contract documents and other related sections as if therein written.

42. Site Conditions:

- A. Existing Site Conditions: Information with respect to the site of the Work given in drawings or specifications has been obtained by County's representatives and is believed to be reasonably correct, but the County does not warrant either the completeness or accuracy of such information, and it is the responsibility of the Contractor to verify all such information.
- B. Changed Conditions: The Contractor shall promptly, and before such conditions are disturbed, notify the County Project Manager in writing of:
 - a. Subsurface or latent physical conditions at the site differing materially from those indicated in this Contract, or
 - b. Unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in this Contract.
 - c. Material that the Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law.
 - d. County Project Manager will promptly investigate the conditions, and if, as a result, finds that such conditions do so materially differ and cause an increase or decrease in the Contractor's cost of, or the time required or performance of this Contract, an equitable adjustment in accordance with the provisions of the Contract shall be made and the Contract modified in writing accordingly. Any claim of the Contractor for adjustment hereunder shall not be allowed unless he has given notice as above required.

In the event that a dispute arises between the County and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or, time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled completion date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

- C. Public Utility Facilities on Project Site: Pursuant to Government Code, Section 4215, the Contractor shall be compensated for the costs of locating and repairing damage not due to failure of Contractor to exercise reasonable care, and removing, relocating existing or protecting existing main or trunkline utility facilities located on the Contract construction site and not identified in the plans or specifications with reasonable accuracy. This will be accomplished by the issuance of a separate JOC Task Order. The payment of this is full compensation for all Contractor's cost.
- D. Space at Site: The Contractor shall be allowed reasonable space at the site of the Work as available and access thereto and shall confine his operations to the space assigned. The Work

shall be done without interference with the ordinary use of streets, berthing places, fairways, and passages. The Contractor shall cooperate with other Contractors of the County and shall not commit or permit any act which will interfere with the performance of Work by any other Contractor or employees of the County whether at the site or not.

- E. **Facility Security:** Contractor shall keep all doors locked while working in any buildings on the site. Keys shall not be left in the doors. Contractor shall not admit any person into the building that is not a direct employee of the Contractor and not actively engaged in performance of the Work. Contractor shall restrict access to the areas of the facility not specifically included in this Contract for construction services. The Contractor shall check all windows and doors for proper closure and locking, extinguish all lights except master security lighting, and then reactivate the security system (if applicable) prior to leaving the facility. The Contractor acknowledges that the primary purpose of the facility is the safe and secure operation of the facility. Contractor and workers shall immediately comply with all directions or orders issued by Sheriff's Department personnel. Changes regarding the quality and quantity of the work will be controlled by the Project Manager. Contractor and workers may be delayed or denied access to the facility, may be ordered to leave a facility prior to the completion of their work or the end of the workday, or may be detained within a facility until an incident is resolved. Contractor may be subject to an inventory requirement where the Contractor shall supply an inventory list of all tools. The Facility will use this list for verification of tools entering and exiting security. Any and all time required to comply with the tool inventory and control program will not be considered a compensable delay and no requests for equitable adjustment in time or additional compensation for this time will be considered.
- F. **Security System:** The site and the Work area may be protected by limited access security systems. An initial access code number will be issued to the Contractor by the County. Thereafter, all costs for changing the access code due to changes in personnel or required substitution of contracts shall be paid by the Contractor and may be deducted from payments due or to become due to the Contractor. Furthermore, any alarms originating from the Contractor's operations shall also be paid by the Contractor and may be deducted from payments due or to become due to the Contractor.
- G. **Secured Facilities:** For specific JOC Task Orders, the work may be conducted at secured County facilities. As a requirement to work in these Facilities, all Contractor employees, including all Subcontractor employees, must obtain a security clearance. If security clearances are required, this will be discussed at the Joint Scope meeting. At the Joint Scope meeting, all requirements and forms will be provided by the County Project Manager. Also, the requirement to obtain the clearances will be incorporated in the JOC Task Order Schedule. All costs to obtain clearances are the responsibility of the Contractor.
- H. **Employee Acceptability:** If required by a specific JOC Task Order, prior to commencing any construction at the site, Contractor shall obtain security clearances of all persons and/or entities it intends to employ. During the life of a JOC Task Order, Contractor shall remove and replace any employee working on this project when requested to do so by the County.
43. **Beneficial Occupancy:**
- A. The County may, at any time, and from time to time, during the performance of the Work, enter the structure for the purpose of installing any necessary Work by County labor or other contracts, and for any other purpose in connection with the installation of facilities. In doing so, the County shall endeavor not to interfere with the Contractor and the Contractor shall not interfere with other Work being done by or on behalf of the County.

- B. If, prior to completion and Final Acceptance of all the Work under a specific JOC Task Order, the County takes possession of any structure (whether completed or otherwise) comprising a portion of that Project with the intent of retaining possession thereof (as distinguished from temporary possession contemplating the return to the Contractor), then, while the County is in possession of the same, the Contractor, notwithstanding its normal responsibilities, shall be relieved of liability for loss or damage to structure other than that resulting from the Contractor's fault or negligence. Such taking of possession by the County shall not relieve the Contractor from any provisions of this Contract respecting such structure, other than to the extent specified in the preceding sentence, nor constitute a final acceptance of such structure.
44. **Contract Disputes:** California Public Contract Code Section 9204 establishes a claim resolution process applicable to any claim by a contractor related to a public works project. Section 9204 requires that the code section be placed in the public works project contract or summarized. It is set forth in whole, below. For all Public works claims, Owner and Contractor shall follow the steps set forth below.
- a. The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.
- b. Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.
- c. For purposes of this section:
1. "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:
- A. A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.
- B. Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.
- C. Payment of an amount that is disputed by the public entity.
2. "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.
3. A. "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

B. "Public entity" shall not include the following:

- i. The Department of Water Resources as to any project under the jurisdiction of that department.
- ii. The Department of Transportation as to any project under the jurisdiction of that department.
- iii. The Department of Parks and Recreation as to any project under the jurisdiction of that department.
- iv. The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.
- v. The Military Department as to any project under the jurisdiction of that department.
- vi. The Department of General Services as to all other projects.
- vii. The High-Speed Rail Authority.

4. "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

5. "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier Subcontractor.

d. 1. A. Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed forty-five (45) days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

B. The claimant shall furnish reasonable documentation to support the claim.

C. If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the forty-five (45) days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

D. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

2. A. If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within thirty (30) days for settlement of the dispute.

B. Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within sixty (60) days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within ten (10) business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

C. For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

D. Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

E. This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

3. Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

4. Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

5. If a Subcontractor or a lower tier Subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a Subcontractor or lower tier Subcontractor. A Subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier Subcontractor, that the contractor present a claim for work, which was performed by the Subcontractor or by a lower tier Subcontractor on behalf of the Subcontractor. The Subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the Subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did

not present the claim, provide the Subcontractor with a statement of the reasons for not having done so.

e. The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

f. A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

g. This section applies to contracts entered into on or after January 1, 2017.

h. Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

i. This section shall remain in effect only until January 1, 2027, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2027, deletes or extends that date.

45. **Notices:** Any and all notices, requests demands and other communications contemplated, called for, permitted, or required to be given hereunder shall be in writing, except through the course of the County's Project Manager and Contractor's Project Manager routine exchange of information and cooperation during the terms of the Work and services. Any written communications shall be deemed to have been duly given upon actual in-person delivery, if delivery is by direct hand, or upon delivery on the actual day of receipt or no greater than four calendar days after being mailed by US certified or registered mail, return receipt requested, postage prepaid, whichever occurs first. The date of mailing shall count as the first day. All communications shall be addressed to the appropriate Party at the address stated herein or such other address as the Parties hereto may designate by written notice from time to time in the manner aforesaid.

County: Facilities Planning Contract Administrator
Orange County Sheriff-Coroner Department
431 The City Drive South
Orange, CA 92868

Contractor: Vincor Construction, Inc.
Attn: Vincent Cortes
2651 Saturn Street
Brea, CA 92821
(714) 528-2900
vincent@vincorinc.com

46. **Governing Law and Venue:** This Contract has been negotiated and executed in the State of California and shall be governed by and construed under the laws of the State of California. In the event of any legal action to enforce or interpret this Contract, the sole and exclusive venue shall be a court of competent jurisdiction located in Orange County, California, and the Parties hereto agree to and do hereby submit to the jurisdiction of such court, notwithstanding Code of Civil Procedure

section 394. Furthermore, the Parties specifically agree to waive any and all rights to request that an action be transferred for trial to another County.

47. **Entire Contract:** This Contract, including Attachments, which are attached hereto and incorporated herein by this reference, when accepted by the Contractor either in writing or by the shipment of any article or other commencement of performance hereunder, contains the entire Contract between the Parties with respect to the matters herein and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein. No exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing. Electronic acceptance of any additional terms, conditions or supplemental Contracts by any County employee or agent, including but not limited to installers of software, shall not be valid or binding on County unless accepted in writing County's Purchasing Agent or his designee.
48. **Amendments:** No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on County unless authorized by County in writing.
49. **Taxes:** Unless otherwise provided herein or by law, price quoted does not include California state sales or use tax.
50. **Warranty Work:** Failure by the Contractor to take corrective action within twenty four (24) hours after personal or telephonic notice by the County's Orange County Sheriff-Coroner Department on items affecting essential use of the facility, safety or the preservation of property, and within ten (10) calendar days following written notice on other deficiencies, will result in the County taking whatever corrective action it deems necessary. All costs resulting from such action by the County will be claimed against Contractor or, if necessary, the Contractor's Performance Bond.
51. **Patent Infringement:**
 - A. The Contractor shall pay all royalties and license fees required for the performance of the work. In lieu of the above, the contractor may replace the infringing component with an equal or obtain a right to use from the party alleging the infringement, or modify the component to make it non-infringing providing that any such modification does not invalidate the component's warranty.
 - B. The Contractor shall report to Orange County Sheriff-Coroner Department, promptly and in reasonable detail, each notice or claim of patent infringement based on the performance of this Contract of which the Contractor has knowledge.
 - C. In the event of any suit against the County, or any claim against the County made before suit has been instituted, on account of any alleged patent infringement arising out of the performance of this Contract, or out of the use of any supplies furnished or Work or services performed hereunder, the Contractor shall, at his own expense, furnish to the County, upon request, all evidence and information in possession of the Contractor pertaining to such suit or claim. The Contractor further agrees to indemnify, defend with counsel approved in writing by County and hold harmless the County against any and all claims or lawsuits based upon such patent infringement, to defend such suits, and to pay any judgment rendered against County, its employees, or the Board of Supervisors.
52. **Assignment:** Neither the Contract nor any portion thereof may be assigned by the Contractor without the expressed permission of the County. Claims for monies due or to become due the Contractor from the County under this Contract may be assigned, with the written consent of the County Purchasing Agent or designee, to a bank, trust company, or other financing institution and may thereafter be

further assigned or reassigned to any such institution. To effect such assignments, the Contractor, or his assignee, shall submit a written request to the County Project Manager enclosing a letter from the proposed assignee indicating that it will accept such assignment. Any attempted assignment contrary to the provisions of this paragraph shall be void.

53. Termination For Cause & Damages For Delay:

- A. If the Contractor refuses or fails to prosecute the Work with such diligence as will insure its completion within the time specified in this Contract or any extension thereof, or fails to complete said Work within such time, the County Project Manager may, by written notice to the Contractor, terminate his right to proceed with the Project or such part of the Project as to which there has been delay. In such event, the County may take over the Project and prosecute the same to completion, by Contract or otherwise, and may take possession of and utilize in completing the Project such materials, appliances, and plant as may be on the site of the Project and necessary therefore. Whether or not the Contractor's right to proceed with the Project is terminated, he and his sureties shall be liable for any damage to the County resulting from his refusal or failure to complete the Project within the specified time.
- B. If fixed and agreed liquidated damages are provided in the Contract and if the County takes over the Project or otherwise incurs damages as a result of Contractor's default, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the Project together with any increased costs occasioned the Project in completing the Project as well as any other damages incurred by County.
- C. The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:
 - a. The delay in the completion of the Project arises from causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God, acts of the public enemy, acts of the County, acts of another contractor in the performance of a Contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, other than normal weather, or delays of Subcontractors or suppliers arising from causes beyond the control and without the fault or negligence of both the Contractor and such Subcontractors or suppliers; and
 - b. The Contractor, within ten (10) days from the beginning of any such delays (Orange County Sheriff-Coroner Department grants a further period of time before the date of final payment under the Contract), notifies Orange County Sheriff-Coroner Department in writing of the causes of delay.
 - c. Orange County Sheriff-Coroner Department shall ascertain the facts and the extent of the delay and extend the time for completing the Project when, in its judgment, the delay is justified. Orange County Sheriff-Coroner Department shall make written findings, and the findings of fact shall be final and conclusive on the parties, subject only to as the procedures provided in Article 45 of these Articles.
- D. The rights and remedies of the County provided in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

- 54. Termination for Convenience of the County:** Notwithstanding any other provision of the Contract, the County may, at any time, and without cause, terminate this Contract in whole or in part, upon not less than seven (7) days' written notice to the Contractor. Such termination shall be effected by delivery to the Contractor of a notice of termination specifying the effective date of the termination and the extent of the Work to be terminated. The Contractor shall immediately stop Work in

accordance with the notice and comply with any other direction as may be specified in the notice or as provided subsequently by the County. The County shall pay the Contractor for the Work completed prior to the effective date of the termination and such other payment Contractor is entitled to under Attachment A, section II. "Performance Requirements" and such payment shall be Contractor's sole remedy under this Contract. Under no circumstances will the Contractor be entitled to anticipatory or unearned profits, consequential damages, or other damages of any sort as a result of a termination or partial termination under this Paragraph. The Contractor shall insert in all subcontracts that the sub-consultant shall stop Work on the date of and to the extent specified in a notice of termination, and shall require sub-consultant's to insert the same condition in any lower tier subcontracts.

55. Substantial Completion:

- A. The Date of Substantial Completion of each JOC Task Order, or designated portion thereof, is the date certified by the County or the A-E when construction is sufficiently complete, to allow the County to occupy or use the work, or designated portion thereof, for the use for which it is intended.
- B. When Contractor considers that the work, or designated portion thereof which is acceptable to the County, is substantially complete as defined in the JOC Task Order, the Contractor shall prepare for the County a list of items to be completed or corrected and request, in writing, that the work be inspected for substantial completion determination. Failure to include any items on such a list does not alter the responsibility of the Contractor to complete all work in accordance with the JOC Task Order. When the County or the A-E, on the basis of an inspection, jointly determine that the work or designated portion thereof, is substantially complete, they will then prepare and issue a written notification which will establish the date of substantial completion, state the responsibilities of the County and the Contractor for security, maintenance, heat, utilities, damage to the work, and insurance, and fix the time within which the Contractor shall complete the items listed therein. Warranties required by the JOC Task Order shall not commence until the date of final completion of the work, or designated portion thereof, unless otherwise provided in the Notification of Substantial Completion or the JOC Task Order. The Notification of Substantial Completion shall be submitted to the Contractor for his written acceptance of the responsibilities assigned to him.
- C. Should the County or the A-E determine that the work, or the portion thereof designated by Contractor, is not substantially complete, they shall provide the Contractor a written notice stating why the work or designated portion thereof is not substantially completed. The Contractor shall expeditiously complete the work and shall submit a second written request that the County or the A-E perform a Substantial Completion inspection. The Contractor shall pay the County for all costs associated with such re-inspection by the A-E.
- D. The acceptance of Substantial Completion payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and identified by the Contractor as unsettled at the time of the Progress Payment Request for substantial completion payment, except for the retention sums due subsequent to final completion.

56. Consent to Breach Not Waiver: No term or provision of this Contract shall be deemed waived and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. Any consent by any Party to, or waiver of, a breach by the other, whether express or implied, shall not constitute consent to, waiver of, or excuse for any other different or subsequent breach.

57. Remedies Not Exclusive: The remedies for breach set forth in this Contract are cumulative as to one another and as to any other provided by law, rather than exclusive; and the expression of certain remedies in this Contract does not preclude resort by either Party to any other remedies provided by law.

58. **Independent Contractor:** Contractor shall be considered an independent Contractor and neither the Contractor, its Subcontractors, employees, nor anyone working for Contractor under this Contract shall be considered an agent or an employee of County. Neither the Contractor, employees nor anyone working for the Contractor under this Contract shall qualify for workers' compensation or other fringe benefits of any kind through County.
59. **Performance:** Contractor shall perform all Work under this Contract, taking necessary steps and precautions to perform the Work to County's satisfaction. Contractor shall be responsible for the professional quality, technical assurance, timely completion and coordination of all documentation and other goods/services furnished by the Contractor under this Contract. Contractor shall perform all Work diligently, carefully, and in a good and workman-like manner; shall furnish all labor, supervision, machinery, equipment, materials, and supplies necessary therefore; shall at its sole expense obtain and maintain all permits and licenses required by public authorities, including those of County required in its governmental capacity, in connection with performance of the Work; and, if permitted to subcontract, shall be fully responsible for all Work performed by Subcontractors.
60. **Insurance Provisions:** Prior to the provision of services under this Contract, the Contractor agrees to purchase all required insurance at Contractor's expense, including all endorsements required herein, necessary to satisfy the County that the insurance provisions of this Contract have been complied with. Contractor agrees to keep such insurance coverage, Certificates of Insurance, and endorsements on deposit with the County during the entire term of this Contract. The County reserves the right to request the declarations pages showing all endorsements and a complete certified copy of the policy. In addition, all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall obtain insurance subject to the same terms and conditions as set forth herein for Contractor.

Contractor shall ensure that all Subcontractors performing work on behalf of Contractor pursuant to this Contract shall be covered under Contractor's insurance as an Additional Insured or maintain insurance subject to the same terms and conditions as set forth herein for Contractor. Contractor shall not allow Subcontractors to work if Subcontractors have less than the level of coverage required by County from Contractor under this Contract. It is the obligation of Contractor to provide notice of the insurance requirements to every Subcontractor and to receive proof of insurance prior to allowing any Subcontractor to begin work. Such proof of insurance must be maintained by Contractor through the entirety of this Contract for inspection by County representative(s) at any reasonable time.

All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. Any self-insured retention (SIR) in an amount in excess of Fifty Thousand Dollars (\$50,000) shall specifically be approved by the County's Risk Manager, or designee, upon review of Contractor's current audited financial report. If Contractor's SIR is approved, Contractor, in addition to, and without limitation of, any other indemnity provision(s) in this Contract, agrees to all of the following:

- a) In addition to the duty to indemnify and hold the County harmless against any and all liability, claim, demand or suit resulting from Contractor's, its agents, employee's or Subcontractor's performance of this Contract, Contractor shall defend the County at its sole cost and expense with counsel approved by Board of Supervisors against same; and
- b) Contractor's duty to defend, as stated above, shall be absolute and irrespective of any duty to indemnify or hold harmless; and
- c) The provisions of California Civil Code Section 2860 shall apply to any and all actions to which the duty to defend stated above applies, and the Contractor's SIR provision shall be interpreted as though the Contractor was an insurer and the County was the insured.

Upon notice of any actual or alleged claim or loss arising out of Subcontractor's work hereunder, Subcontractor shall immediately satisfy in full the SIR provisions of the policy in order to trigger coverage for the Contractor and Additional Insureds.

If the Contractor fails to maintain insurance acceptable to the County for the full term of this Contract, the County may terminate this Contract.

61. **Qualified Insurer:** The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be licensed to do business in the state of California (California Admitted Carrier).

If the insurance carrier does not have an A.M. Best Rating of A-/VIII, the CEO/Office of Risk Management retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by the Contractor shall provide the minimum limits and coverage as set forth below:

<u>Coverage</u>	<u>Minimum Limits</u>
Commercial General Liability	\$3,000,000 per occurrence \$3,000,000 aggregate
Automobile Liability including coverage for owned, non-owned and hired vehicles	\$1,000,000 per occurrence
Workers' Compensation	Statutory
Employers' Liability Insurance	\$1,000,000 per occurrence

62. **Required Coverage Forms:** The Commercial General Liability coverage shall be written on Insurance Services Office (ISO) form CG 00 01, or a substitute form providing liability coverage at least as broad.

The Business Auto Liability coverage shall be written on ISO form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing liability coverage as broad.

63. **Required Endorsements:** The Commercial General Liability policy shall contain the following endorsements, which shall accompany the Certificate of Insurance:
- a) An Additional Insured endorsement using ISO form CG 2010 or CG 2033 or a form at least as broad naming the **County of Orange, its elected and appointed officials, officers, employees and agents** as Additional Insureds, or provide blanket coverage which shall state **AS REQUIRED BY WRITTEN CONTRACT**.
 - b) A primary non-contributing endorsement evidencing that the Contractor's insurance is primary and any insurance or self-insurance maintained by the County of Orange shall be excess and non-contributing.

- c) A Products and Completed Operations endorsement using ISO Form CG2037 (ed. 10/01) or a form at least as broad, or an acceptable alternative is the ISO from CG2010 (ed. 11/85).

The Workers' Compensation policy shall contain a waiver of subrogation endorsement waiving all rights of subrogation against the *County of Orange, its elected and appointed officials, officers, employees and agents* or provide blanket coverage, which shall state **AS REQUIRED BY WRITTEN CONTRACT** when acting within the scope of their appointment or employment.

All insurance policies required by this Contract shall waive all rights of subrogation against the County of Orange, its elected and appointed officials, officers, employees and agents when acting within the scope of their appointment or employment.

Contractor shall notify County in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to County. Failure to provide written notice of cancellation may constitute a material breach of the Contract, upon which the County may suspend or terminate this Contract.

The Commercial General Liability policy shall contain a severability of interests clause (standard in the ISO CG 001 policy).

Insurance certificates should be forwarded to the agency/department address listed on the solicitation.

If the Contractor fails to provide the insurance certificates and endorsements within seven (7) days of notification by CEO/Purchasing or the agency/department purchasing division, award may be made to the next qualified Contractor.

County expressly retains the right to require Contractor to increase or decrease insurance of any of the above insurance types throughout the term of this Contract. Any increase or decrease in insurance will be as deemed by County of Orange Risk Manager as appropriate to adequately protect County.

County shall notify Contractor in writing of changes in the insurance requirements. If Contractor does not deposit copies of acceptable certificates of insurance and endorsements with County incorporating such changes within thirty days of receipt of such notice, this Contract may be in breach without further notice to Contractor, and County shall be entitled to all legal remedies.

The procuring of such required policy or policies of insurance shall not be construed to limit Contractor's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract, nor in any way to reduce the policy coverage and limits available from the insurer.

65. **Bonds:** The Contractor shall furnish, at time of signing the Contract, one surety bond which shall protect the laborers and material men and shall be for 100 percent of the amount of the Task Order Contract, in accordance with Section 9554 of the Civil Code, and one surety bond in the amount of 100 percent of the Task Order Contract, guaranteeing the faithful performance of the Contract; said bonds to be first approved by the office of the County Counsel and the County Executive Office of Orange County and shall be at minimum \$500,000. Such bonds shall be the forms provided in these specifications, issued, and executed by an admitted surety insurer (authorized to transact surety insurance in California). (e.g., if the bonds are issued through a surplus line broker, both the surplus line broker and the insurer with whom he is doing business for purposes of this project must be licensed in California to issue such bonds.)

The faithful performance bond shall be issued by a Surety company with a minimum insurance rating of A- (Secure Best's Rating) and VIII (Financial Size Category) as determined by the most current edition of the Best's Key Rating Guide/Property-Casualty/United States or ambest.com. The Surety Company must also be authorized to write in California by the Department of the Treasury, and must be listed on the most current edition of the Department of Treasury's Listing of Approved Securities.

If any surety upon any bond furnished in connection with this Contract becomes unacceptable to the County, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by Orange County Sheriff-Coroner Department, the Contractor shall promptly furnish such additional security as may be required by Orange County Sheriff-Coroner Department or the Board of Supervisors from time to time to protect the interests of the County and of persons supplying labor or materials in the prosecution of the Work contemplated by this Contract.

If the County increases the total Contract amount the Contractor is to provide a new bond for the new total Contract amount or a bond for the difference.

66. **Charges, Fines, Penalties and Assessments:** Contractor shall be responsible for any and all charges, fines, penalties, and/or assessments levied against the County by any governmental entity, administrative or regulatory agency having jurisdiction, resulting from any action or omission of the Contractor, Contractor's Subcontractor, suppliers, and/or employees, unless due to the sole and active negligence of the County. County is authorized to deduct any such charge, fine penalty, or assessment from any payment County is otherwise required to make to Contractor.

If any such charge, fine, penalty, or assessment is levied against the County subsequent to the completion of the Contract as a result of any action or omission as set forth above, Contractor shall nevertheless be responsible to the County for the entire sum of such charge, fine, penalty, or assessment and agrees to pay the full amount due within sixty (60) calendar days of receiving an invoice from the County.

Contractor shall be liable to the County for attorney's fees and costs incurred by the County in enforcing the provisions of this paragraph.

67. **Bills and Liens:** Contractor shall pay promptly all indebtedness for labor, materials and equipment used in performance of the Work. Contractor shall not permit any lien or charge to attach to the Work or the premises, but if any does so attach, Contractor shall promptly procure its release and, in accordance with the requirements above, indemnify, defend, and hold County harmless and be responsible for payment of all costs, damages, penalties and expenses related to or arising from or related thereto.
68. **Changes:** The County may, at any time, by written order, and without notice to the sureties, make changes in accordance with the terms and conditions of this Contract.
69. **Change of Ownership:** Contractor agrees that if there is a change or transfer in ownership of Contractor's business prior to completion of this Contract, the new owners shall be required under terms of sale or other transfer to assume Contractor's duties and obligations contained in this Contract and complete them to the satisfaction of County.
70. **Force Majeure:** Contractor shall not be assessed with liquidated damages or unsatisfactory performance penalties during any delay beyond the time named for the performance of this Contract caused by any act of God, war, civil disorder, employment strike or other cause beyond its reasonable control, provided Contractor gives written notice of the cause of the delay to County within 36 hours of the start of the delay and Contractor avails himself of any available remedies.
71. **Confidentiality:** Contractor agrees to maintain the confidentiality of all County and County and County-related records and information pursuant to all statutory laws relating to privacy and

confidentiality that currently exist or exist at any time during the term of this Contract. All such records and information shall be considered confidential and kept confidential by Contractor and Contractor's staff, agents and employees.

72. **Compliance with Laws:** Contractor represents and warrants that services to be provided under this Contract shall fully comply, at Contractor's expense, with all standards, laws, statutes, restrictions, ordinances, requirements, and regulations (collectively "laws"), including, but not limited to those issued by County in its governmental capacity and all other laws applicable to the services at the time services are provided to and accepted by County. Contractor acknowledges that County is relying on Contractor to ensure such compliance, and pursuant to the requirements above, Contractor agrees that it shall defend, indemnify and hold County and County Indemnitees harmless from all liability, damages, costs and expenses arising from or related to a violation of such laws.
73. **Pricing:** The Contract price, as more fully set forth in Attachment B, shall include full compensation for providing all required goods in accordance with required specifications, or services as specified herein or when applicable, in the Scope of Work attached to this Contract, and no additional compensation will be allowed therefore, unless otherwise provided for in this Contract.
74. **Terms and Conditions:** Contractor acknowledges that it has read and agrees to all terms and conditions included in this Contract and its Attachments. Contractor acknowledges it has read and agrees to all terms and conditions contained in the County of Orange Safety and Loss Prevention Manual, and the Tool Control Guidelines for Contractors Working in Correctional Facilities.
75. **Headings:** The various headings and numbers herein, the grouping of provisions of this Contract into separate clauses and paragraphs, and the organization hereof are for the purpose of convenience only and shall not limit or otherwise affect the meaning hereof.
76. **Severability:** If any term, covenant, condition or provision of this Contract is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.
77. **Calendar Days:** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.
78. **Attorney's Fees:** In any action or proceeding to enforce or interpret any provision of this Contract, or where any provision hereof is validly asserted as a defense, each Party shall bear its own attorney's fees, costs and expenses.
79. **Authority:** The Parties to this Contract represent and warrant that this Contract has been duly authorized and executed and constitutes the legally binding obligation of their respective organization or entity, enforceable in accordance with its terms.
80. **Employee Eligibility Verification:** The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing Work under this Contract meet the citizenship or alien status requirement set forth in Federal statutes and regulations. The Contractor shall obtain, from all employees performing Work hereunder, all verification and other documentation of employment eligibility status required by Federal or State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, 8 U.S.C. §1324 et seq., as they currently exist and as they may be hereafter amended. The Contractor shall retain all such documentation for all covered employees for the period prescribed by the law. The Contractor shall indemnify, defend with counsel approved in writing by County, and hold harmless, the County, its agents, officers, and employees from employer sanctions and any other liability which may be assessed against the Contractor or the County or both in

connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Contract.

81. **Indemnification:** Contractor agrees to indemnify, defend with counsel approved in writing by County, and hold County, its elected and appointed officials, officers, employees, agents and those special districts and agencies which County's Board of Supervisors acts as the governing Board ("County Indemnitees") harmless from any claims, demands or liability of any kind or nature, including but not limited to personal injury or property damage, arising from or related to the services, products or other performance provided by Contractor pursuant to this Contract. If judgment is entered against Contractor and County by a court of competent jurisdiction because of the concurrent active negligence of County or County Indemnitees, Contractor and County agree that liability will be apportioned as determined by the court. Neither Party shall request a jury apportionment. Notwithstanding anything stated above, nothing contained herein shall relieve Contractor of any insurance requirements of obligations created elsewhere in this Contract.
82. **Waiver of Claims:** Unless a shorter time is specified elsewhere in this Contract, on or before making his final request for payment, Contractor shall submit to County, in writing, all claims for compensation under or arising out of this Contract; the acceptance by Contractor of the final payment shall constitute a waiver of all claims against County under or arising out of this Contract except those previously made in writing and identified by Contractor as unsettled at the time of his final request for payment.
