

Upcoming Free Workshops for Water and Wastewater Systems

Online for Washington Systems

Asset Management for Small Water & Wastewater Systems

Join us to learn the basics of developing an Asset Management Plan. You will learn what an Asset Management Plan (AMP) is, how it impacts your budget and future potential funding opportunities, and how to begin developing your asset management plan! The training walks you through the steps to develop an asset management plan, as well as providing resources and spreadsheets to help you get started.

0.5 Washington Continuing Education Units will be awarded
