Advanced Manufacturing

Indonesia, Singapore, Japan

October 17-21, 2022

INTERNATIONAL
TRADE
ADMINISTRATION

In partnership with

You are invited to a May 18th webinar:

Advanced Manufacturing Opportunities & Trends in Indonesia, Singapore & Japan

hosted by the U.S. Commercial Service and the National Electrical Manufacturers Association (NEMA). Hear from leading industry experts and U.S. Embassy commercial specialists in each market. Consider if you should apply to join the Official Executive-Led Trade Mission, Oct. 17-21, 2022.

Learn about abundant opportunities in three Asian markets that are experiencing strong growth in advanced manufacturing. Designed for U.S. suppliers of advanced technologies that increase productivity and quality, reduce energy use, and enable manufacturers to monitor and interact with their supply chains. Speakers will include industry experts from each country in a panel discussion, plus market briefings from U.S. Embassy industry specialists in each market.

Industry Focus:

- Industrial machinery
- Electrical components
- Industrial automation technology
- Industrial controls and process controls
- Industrial robot technologies
- Sensors and metrology software and equipment
- Human machine interfaces (HMIs) and programmable logic controllers (PLCs)
- Automation and robotics software solutions and engineering services

May 18th Webinar:

Wednesday, May 18, 2022

8:00 pm – 9:15 pm Eastern

Location – Your Computer!

Cost – Free!
