

Mad Science Summer 2023 Programs

Held at **Bendheim Western Greenwich Civic Center**

(449 Pemberwick Road, Greenwich, CT 06831 – Room 204)

Jurassic “Dig” Ventures!

(Entering Grades 1-6)

August 14 – 18. Half-Day & Full-Day

Come travel to the Jurassic times with Mad Science! We will get deep and have a real-life big dig to see what we can discover! Campers will excavate fossils and examine big bones to learn all about dinosaurs and different animals that may or may not be around today! Using different instruments and tools, we will find ancient artifacts such as arrowheads, coins, and jewelry that will help us understand how items ware over time. Using the process of mummification, we will learn different ways to preserve items! This camp will include tons of make and take-home projects such as fossil reproductions and time capsules! Each camper will also receive a Mad Science Lab Coat and Goggles!

Mad Reactions & Explosions

(Entering Grades 1-6)

August 21 – 25. Full-Day & Half-Day

Let get crazy with chemicals and see what happens in our lab! Every day campers will have the best reactions to our “MAD” reactions as they witness the mysteries of dry ice and mix up colorful explosions, foaming elephant toothpaste, new slime daily, bubbling solutions, sticky polymers, different states of matter, and much, much more! This camp will bring chemistry to life and have children bursting with excitement about science! Campers will receive a Mad Science Lab coat, goggles, lab wear, Mad Science Certification, and specially designed take homes to help extend learning at home!

Register on-line www.connecticut.madscience.org or call us at (203)381-9754

Fees: \$350 per child/program – Half day (9am-12pm) \$550 per child/program – Full day (9am-3pm)

Children are able to change from a half day option to a full day option during the week of the program
