

# EVIDENCE-BASED STRATEGIES IN PREVENTION: ENFORCEMENT

MAY 23, 2022, MONDAY

1:00 – 2:30 PM

VIA ZOOM

---

1.5 Hours of  
CEUs

**REGISTER NOW >**

This virtual training will provide participants with information on the evidenced based strategy of enforcement in prevention, learn ways to increase engagement with the enforcement sector, and receive several resources including a sample implementation timeline and work plan, as well as learn from other participants challenges and successes in utilizing the enforcement strategy.

---

## Learning Objectives

- Increase knowledge around common enforcement strategies such as party dispersal, compliance checks, 3rd party transactions, and the Connecticut social host law
- Gain an introduction to Co-Responder Programs
- Be provided information on implementing enforcement strategies
- Share successes and challenges of the enforcement strategy and how the strategy fits within the SPF model

## Who Should Attend

- Prevention Professionals
- Enforcement Professionals looking to gain knowledge on collaborating with coalitions
- Members of local coalitions and organizations that support prevention initiatives
