# REDC ROUND XIII AWARDS BY PROGRAM

## Empire State Development ESD Grant Funds and Excelsior Jobs Program (ESD Grants, ESD EJP)

The ESD Grants program supports capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region. In addition, the Excelsior Jobs Program provides refundable tax credits to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create net new jobs or retain jobs and make significant capital investments.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD Grants	Capital Region	126994	Albany	Pearl Over Look Corporation	Steamboat Square Revitalization Phase 2	Steamboat Square located in the City of Albany consists of 4 high-rise towers. As part of phase 2, Pearl Over Look Corporation (POLC) and the Albany Housing Authority (AHA) will work together to fit out commercial space on the first and second floors of 2 of the towers.	\$ 800,000	X	11/13/2023
ESD Grants	Capital Region	127219	Albany	Maria College	Maria College Enhancements	Maria College will renovate and expand existing simulation and skills labs, add two new nursing simulation labs with Laerdal high fidelity manikins, hospital equipment and virtual reality software/equipment. This project will allow the college to increase nursing school enrollment to 175-250 nursing professionals per year.	\$ 800,000	X	11/13/2023
ESD Grants	Capital Region	128226	Albany	Community Loan Fund of the Capital Region, Inc.	Capital Region Community Investment Trust	The Community Investment Trust (CIT), a project of the Community Loan Fund of the Capital Region, Inc (CLFCR), will transform an underutilized commercial space into a facility conducive for small business growth and community development. Renovation will address the building's accessibility and visual appeal, both are vital to increasing traffic in the building and decreasing blight in a neighborhood with concentrated poverty.	\$ 800,000	X	11/13/2023
ESD Grants	Capital Region	126291	Rensselaer	Rensselaer Polytechnic Institute	Rensselaer Childcare Center - Combined Apps	Rensselaer Polytechnic Institute will expand access to high-quality, affordable childcare for local families through the construction of a childcare center on its main campus in Troy, NY. The facility is planned to feature 13 classrooms: 5 for infants, 5 for toddlers, and 3 for preschool; space for afterschool programs; 2 indoor and 2 outdoor play areas, with playground equipment; a garden; and administrative spaces.	\$ 2,500,000	X	11/13/2023
ESD Grants	Central New York	129968	Onondaga	Discovery Center of Science and Technology	The MOST STEM Education Center	Discovery Center of Science and Technology will build out currently unused space to support the MOST's mission. The new space will create more classrooms for the MOST's day camps and programs, STEM Library, and education offices.	\$ 300,000		11/13/2023
ESD Grants	Finger Lakes	127563	Monroe	Rochester Institute of Technology	RIT Battery Prototyping Center Expansion	The Rochester Institute of Technology (RIT) established the Battery Prototyping Center on campus in 2014, providing advanced services primarily for state-of-the-art lithium-ion pouch batteries (used in cell phones and laptop computers). The expansion project will facilitate the purchase of new machinery and equipment, double their current footprint including dry room space, and increase their training capacity.	\$ 2,197,000	X	11/13/2023
ESD Grants	Finger Lakes	128876	Monroe	UltraPhil LLC	UltraPhil Pilot Beverage RD Center	UltraPhil will establish a pilot manufacturing line and beverage research and development center to support incubation and innovation of new products in the food and beverage industry. The facility will allow users to incubate and innovate new products along with ingredient and packaging technologies more efficiently as they this will now be available in NYS versus having to travel out of state to access this.	\$ 600,000	X	11/13/2023
ESD Grants	Finger Lakes	129592	Monroe	University of Rochester	University of Rochester Wilmot Cancer Institute Lab Renovations and Upgrades	The University of Rochester will renovate the Wilmot Biobank Shared Resource facility to expand research support for the Wilmot Cancer Institute. Specialized processing equipment will also be acquired as part of the project to further support Wilmot Cancer Institute research efforts. Expansion of the Wilmot Biobank Shared Resource facility will allow tissue samples to be preserved longer and improve efficiencies of the research being done at the Wilmot Cancer Institute.	\$ 339,850	X	11/13/2023

## Empire State Development ESD Grant Funds and Excelsior Jobs Program (ESD Grants, ESD EJP)

The ESD Grants program supports capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region. In addition, the Excelsior Jobs Program provides refundable tax credits to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create net new jobs or retain jobs and make significant capital investments.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD Grants	Finger Lakes	130120	Monroe	EquiCenter, Inc.	New Indoor Riding Arena	EquiCenter, Inc. provides horse therapeutic programs that serve the community including veterans, individuals with disabilities and youth from schools in the region. EquiCenter will construct a new 80 foot by 120 indoor riding arena complementing their existing 60 foot by 90 foot arena. The new arena will allow EquiCenter to substantially expand their services to community.	\$ 150,000		11/13/2023
ESD Grants	Finger Lakes	130148	Monroe	Rochester Broadway Theatre League Inc	Restoration Auditorium Complex	The Rochester Broadway Theatre League Inc. plans to restore the historic West Herr Auditorium Theatre to its original physical status. The project will expand the accessibility of the building, improve energy efficiency, replace elevators and, update performance spaces.	\$ 2,000,000		11/13/2023
ESD Grants	Finger Lakes	130572	Monroe	Andluca Technologies Inc.	Andluca Technologies Expansion 2	Andluca, a smart window manufacturer, will acquire production machinery and equipment for expansion of a glass lamination line at its Eastman Business Park location. The new machinery and equipment will improve manufacturing efficiencies and diversify product offerings.	\$ 350,000	X	11/13/2023
ESD EJP	Finger Lakes	130572	Monroe	Andluca Technologies Inc.	Andluca Technologies Expansion 2	Andluca, a smart window manufacturer, will acquire production machinery and equipment for expansion of a glass lamination line at its Eastman Business Park location. The new machinery and equipment will improve manufacturing efficiencies and diversify product offerings.	\$ 400,000	X	11/13/2023
ESD Grants	Finger Lakes	130809	Monroe	NextCorps, Inc.	NextCorps Sibley Square Incubator Expansion	NextCorps, Inc., will expand their footprint in the historic downtown Rochester Sibley Building, complete renovations and purchase furniture, fixtures and equipment. NextCorps offers a suite of programs and services aimed at helping entrepreneurs build new startup companies, and helping established companies increase revenues and profitability. The organization has assisted over 150 businesses over the past 5 years and operates the Luminare Accelerator, the Embark Software Startup and For Climate Tech Accelerator Programs out of their facility.	\$ 2,426,000	X	11/13/2023
ESD Grants	Finger Lakes	131024	Monroe	Homesteads for Hope, Inc.	Homesteads for Hope Inclusive Community Farm Improvements	Homesteads for Hope, a non-profit inclusive community farm for individuals with and without disabilities, will renovate their campus in Ogden, Monroe County, to improve safety and expand operations. These improvements will include updated electrical, a sensory garden and classroom, and a recreational trail.	\$ 150,000		11/13/2023
ESD Grants	Finger Lakes	130225	Wyoming	Prestolite Electric Incorporated	Legend	Prestolite Electric, an industrial manufacturer located in Arcade, NY will acquire new machinery and equipment to establish a new manufacturing line at their facility in Arcade, Wyoming County. The new line will manufacture and assemble Motor Generator Units that will meet new emissions standards.	\$ 250,000	X	11/13/2023
ESD EJP	Finger Lakes	130225	Wyoming	Prestolite Electric Incorporated	Legend	Prestolite Electric, an industrial manufacturer located in Arcade, NY will acquire new machinery and equipment to establish a new manufacturing line at their facility in Arcade, Wyoming County. The new line will manufacture and assemble Motor Generator Units that will meet new emissions standards.	\$ 400,000	X	11/13/2023
ESD Grants	Finger Lakes	126844	Yates	Paco Palace LLC	Research production and educational extension	Paco Palace undertakes innovative agriculture and environmental sustainability research and development. At their Sweet Farm location, they will undertake infrastructure improvements including storm water runoff, septic system, parking and purchase and installation of a state-of-art biological safety level-2 greenhouse.	\$ 125,000	X	11/13/2023
ESD EJP	Long Island	127744	Suffolk	LS Promotions, Inc	Premier Promotions	LS Promotions, a Ronkonkoma manufacturer of candy and a supplier of promotional items will invest in renovations to their existing facility and add new product categories.	\$ 400,000	X	11/13/2023

## Empire State Development ESD Grant Funds and Excelsior Jobs Program (ESD Grants, ESD EJP)

The ESD Grants program supports capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region. In addition, the Excelsior Jobs Program provides refundable tax credits to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create net new jobs or retain jobs and make significant capital investments.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD EJP	Long Island	127791	Nassau	Nassau Candy Distributors, Inc.	I Love Candy	Nassau Candy based in Hicksville will add an additional production facility, new equipment and add new jobs. This investment will allow the company to add new candy and food products.	\$ 750,000	X	11/13/2023

The new childcare center will house classrooms, a kitchen, nursing station, bathrooms, offices, multi-purpose room, and spaces for children's diagnostic speech/OT Therapy. They will provide center-based, quality childcare and after school care.	\$ 1,800,000	X	11/13/2023

## Empire State Development ESD Grant Funds and Excelsior Jobs Program (ESD Grants, ESD EJP)

The ESD Grants program supports capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region. In addition, the Excelsior Jobs Program provides refundable tax credits to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create net new jobs or retain jobs and make significant capital investments.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD Grants	New York City	129120	Bronx	Foodirect, Inc.	Foodirect	Foodirect will update and renovate their food distribution center at the Hunts Point Cooperative Market in the Bronx. The renovation will include energy efficiency improvements, a state-of-the-art refrigeration system and state-of-the-art insulation methods, which will significantly reduce the operation's carbon footprint. This project will also contribute to the overall development initiative taking place at the Hunts Point Market complex.	\$ 1,000,000	X	11/13/2023
ESD EJP	New York City	129120	Bronx	Foodirect, Inc.	Foodirect	Foodirect will update and renovate their food distribution center at the Hunts Point Cooperative Market in the Bronx. The renovation will include energy efficiency improvements, a state-of-the-art refrigeration system and state-of-the-art insulation methods, which will significantly reduce the operation's carbon footprint. This project will also contribute to the overall development initiative taking place at the Hunts Point Market complex.	\$ 1,000,000	X	11/13/2023
ESD Grants	New York City	125259	Queens	Pursuit Transformation Company Inc	2023 ESD Capital	Pursuit will build a community technology hub by redesigning and renovating a full floor of the Altice building in Long Island City with the aim of training low-income New Yorkers to become software engineers. The tech hub will be designed specifically to meet so they can learn and grow their potential—with 24/7 access, reliable Wi-Fi, and collaborative learning spaces.	\$ 1,560,000	X	11/13/2023
ESD Grants	New York City	130639	Queens	Variety Boys and Girls Club of Queens, Inc.	Variety Business Incubator Construction	Variety Boys Girls Club of Queens (VBGCQ) is planning to demolish their existing facility and construct a new five-story Club in Astoria, to meet the needs of the growing population in Long Island City and Astoria. This project will more than triple the size of the building and the number of youth and families that the Club serves each year through after school, summer camp, weekend workshops, and athletics programs.	\$ 3,000,000		11/13/2023
ESD Grants	New York City	129514	Richmond	Alina and Kosta LLC	Tiny Treasures Second Site Development	Tiny Treasures Academy is a child care center provider located in the Stapleton section of Staten Island, which began operations in late 2021 in response to the changing child care needs of parents during the Covid-19 pandemic. At capacity and with a growing waitlist Tiny Treasures will establish a second facility that will double the number of children that they can service.	\$ 150,000		11/13/2023
ESD Grants	New York City	130667	Richmond	Diamondback RediMix (an affiliated company of Faztec Industries)	EcoCrete Recycled Concrete Production	Diamondback RediMix will purchase new machinery that processes used construction material so it can be repurposed into concrete production. This new equipment will expand Diamondback RediMix's capacity to recycle old construction material enabling their operation to be more efficient and create a more sustainable product.	\$ 140,000	X	11/13/2023
ESD EJP	North Country	130882	Clinton	Assemble Rite Ltd	Portadam	Assemble Rite Ltd. will purchase machinery and equipment to exclusively manufacturer steel frame Portadam flood barrier systems, in Plattsburgh, NY. The new manufacturing operation will include component purchasing, inbound and outbound logistics and quality management for final assembly. The company plans to fabricate two different sized barrier systems providing up to 100,000 linear feet of flood protection each year for its customers.	\$ 500,000		11/13/2023
ESD Grants	North Country	129961	Jefferson	103 General Smith LLC DBA Harbor House Inn	Sackets Harbor Hotel	Located in the heart of Sackets Harbor, NY, the Harbor House Inn will be redesigned to enhance the hotel's capacity, accessibility, energy efficiency, and aesthetic appeal. This initiative includes: redesigning the entrance into a spacious lobby; renovating the third-floor rooms, thus increasing capacity by over 600; installing an elevator for improved accessibility; replacing the fire escape with a multipurpose deck; and upgrading the cooling system. These improvements aim to boost local tourism and stimulate economic growth by attracting larger events and enhancing the hotel's historic charm and guest experience.	\$ 132,000	X	11/13/2023

## Empire State Development ESD Grant Funds and Excelsior Jobs Program (ESD Grants, ESD EJP)

The ESD Grants program supports capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region. In addition, the Excelsior Jobs Program provides refundable tax credits to businesses in targeted industries (e.g. high-tech, bio-tech, clean-tech, manufacturing) that create net new jobs or retain jobs and make significant capital investments.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD Grants	North Country	124445	St. Lawrence	Ogdensburg Bridge and Port Authority	OBPA - Childcare Center	The Ogdensburg Bridge and Port Authority will construct a new childcare facility in Commerce Park. This facility will provide childcare options for parents in Ogdensburg who would otherwise have to travel outside of the immediate area for childcare.	\$ 954,000	X	11/13/2023

ESD SPFS	Western New York	127143	Niagara	City of North Tonawanda	Weatherbest Slip Redevelopment Study	The City of North Tonawanda will conduct a feasibility study to assess the development options for the Weatherbest Slip area located at 50 Dock Street in downtown North Tonawanda. Located at the confluence of the Erie Canal, Little River, and Niagara River, this is a key area for waterfront revitalization which currently has limited public access.	\$25,000	X	11/13/2023

## Empire State Development New York State Business Incubator Program (ESD BIP)

Designated Business Incubators will be eligible for operating grants from ESD for five years. Business Incubators accelerate the development of early-stage companies through a structured array of business support resources and services targeted to the needs of startup companies.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD BIP	Capital Region	130531	Albany	Albany College of Pharmacy & Health Sciences	Accelerator for Medical and Pharmaceutical Sciences AMPS	The creation of Albany College of Pharmacy and Health Sciences' (ACPHS) Accelerator for Medical and Pharmaceutical Sciences (AMPS), will support development and commercialization of innovative research in the Capitol Region. This center builds on the success of the Biomedical Acceleration and Commercialization Center (BACC), which was certified in 2016, and expands capabilities to include biotechnology and pharmacy. AMPS will be located at 150 New Scotland Avenue, Albany, within walking distance of Albany Medical College, Albany Medical Center, and Albany College of Pharmacy. AMPS will provide laboratory and office space, research services and business development services. The project leverages and adapts successful ACPHS and BACC programs while expanding regional laboratory and start-up/entrepreneurial space, offerings and support. Its combined resources will provide end to end research and commercialization for medical devices, pharmaceuticals, and biologics. With transitional mentorship from the BACC, this partnership will continue AMC's tradition of excellence, and mitigate investment risk by building upon a proven, successful foundation.	\$ 625,000	X	11/10/2023
ESD BIP	Central New York	126683	Madison	The Partnership for Community Development	The Hub Business Incubator	The Hub is the only New York state-certified small business incubator in Madison County. The space – located at 20 Utica Street in the Village of Hamilton – caters to all types of businesses and entrepreneurs, but the majority of the businesses we serve are main street lifestyle businesses, small manufacturers, tech enterprises, and agribusinesses. The incubator offers one-on-one mentoring, workshops and trainings, co-working and pop-up retail spaces, space for advertising, and connections to resources. Co-working memberships include 24/7 access, which includes amenities and meeting spaces. In addition to our close relationship with Colgate University, we have relationships with others such as WISE, SBDC, SBA, TDO, CenterState CEO, CACDA, Madison County, Buy Madison, and CCEs. These partnerships increase the resources we can make available to our clients. Through these efforts we will see an increase in new startups, jobs, and women-owned businesses. Senator Kirsten Gillibrand used The Hub to announce legislation that puts rural communities front and center. We will build upon the foundation we have established to continue creatively assisting businesses at every stage.	\$ 625,000	X	11/10/2023
ESD BIP	Long Island	126828	Nassau	Hofstra University	ideaHUB Incubator at Hofstra	Established in 2015, ideaHUB serves as a catalyst to incubate and grow companies led by entrepreneurs from underrepresented communities. Its clients include minorities, women, veterans, students, and alumni entrepreneurs. ideaHUB's focus on healthcare and music business sectors along with companies founded by students, alumni-led, and minority/women-owned-businesses aligns with the goals of the Long Island Regional Economic Development Council. ideaHUB was awarded the New York State Business Incubator designation in April 2019. It has cultivated and grown 28 startups of which 21 are M/WBE or veteran-owned business clients. ideaHUB supported companies have created 57 jobs, retained 63 jobs, received \$ 3,468,700 in increased revenue, and secured \$7,252,000 in grants and/private investments. ideaHUB is seeking a continuation of its New York State Business Incubator designation to expand and update existing programming and training and to continue to provide critical resources and services to ensure early-stage startup companies and entrepreneurs from all communities in Long Island recovering from the COVID-19 pandemic can participate fully in the region's economic revitalization.	\$ 625,000	X	11/10/2023

## Empire State Development New York State Business Incubator Program (ESD BIP)

Designated Business Incubators will be eligible for operating grants from ESD for five years. Business Incubators accelerate the development of early-stage companies through a structured array of business support resources and services targeted to the needs of startup companies.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD BIP	Long Island	126915	Nassau	New York Institute of Technology	Entrepreneurship and Technology Innovation Center (ETIC)	ETIC proposes to continue to support existing regional businesses, startups, and other N.Y.S. business incubators by offering high technology early phase prototyping services, technology-focused educational seminars, intellectual property consulting, and workforce preparation programs for companies, students and job seekers, as it has since 2016 and helped 30+ N.Y.S. companies in idea formulation, creating functional prototypes for investor demos, and safeguarding ideas with provisional patent preparation services. These services are primarily available at NYIT's Old Westbury, Long Island location, with additional support for its NYC campus location. The project offers sought-after deliverables and services, valued by regional companies hiring for high-tech roles, startups needing prototype development funds, and N.Y.S. incubators with progressing startups unable to showcase their technology. The project's desired outcomes include the growth of a skilled tech workforce in the region, faster revenue generation for startups through ETIC's technology support, and an increase in regional technology employment by fostering the growth of technology startups.	\$ 625,000	X	11/10/2023
ESD BIP	Mohawk Valley	128057	Oneonta	Center for Agricultural Development And Entrepreneurship (CADE)	NYS Farm and Food Business Incubator	For 32 years, CADE is NY's longest running farm & food business incubator based in the Mohawk Valley, aimed at increasing agribusiness profitability, driving economic growth, nourishing communities, and building a thriving food system. Joining with SUNY Cobleskill in 2015--a first recipient of the ESD Business Incubator grants--CADE incubated/accelerated nearly 2,000 agribusinesses across the supply chain. Over 8 yrs, CADE's capacity has grown, prompting us to apply for our own ESD grant, while continuing our partnership with SUNY Cobleskill as independent entities. We deliver innovative, relevant content through technical assistance, education, mentoring, partnerships, advocacy and research on: <ul style="list-style-type: none"> <li>• business &amp; product development</li> <li>• access to capital, enterprise budgeting &amp; financial planning <ul style="list-style-type: none"> <li>• legal support</li> <li>• market R&amp;D/planning</li> </ul> </li> <li>• producer/buyer matchmaking</li> </ul>	\$ 625,000	X	11/10/2023
ESD BIP	New York City	130462	Richmond	RF of CUNY - College of Staten Island	College of Staten Island Technology Incubator	The CSI Tech Incubator, located at 60 Bay St, walking distance from the Staten Island Ferry, is a catalyst for regional innovation and entrepreneurship. We started as a small program in 2017 and have grown into a respected technology hub. We are seeking to expand our current programs, prioritizing upskilling, and technical training for entrepreneurs. Our entrepreneurial programs have served over 79 companies. Furthermore, to date, our alumni companies have raised \$25M+ in venture capital funding. If awarded, we also plan to execute an MOU with NYC Innovation Hot Spot to provide additional resources to Staten Island's entrepreneurs. Our programs are successfully driving job growth in high-growth careers. The programs have directly placed 99 students in internships and 38 of those interns have gone on to full-time or contract roles as software engineers. Our workshops are highly revered within our entrepreneurial ecosystem with a total of 1,157 registered participants. By aligning with our strategic plan, this funding will empower us to scale our outcomes further. Together, we'll continue contributing to the thriving entrepreneurial landscape in Staten Island and NYC.	\$ 625,000		11/10/2023

**Empire State Development  
New York State Business Incubator Program (ESD BIP)**

Designated Business Incubators will be eligible for operating grants from ESD for five years. Business Incubators accelerate the development of early-stage companies through a structured array of business support resources and services targeted to the needs of startup companies.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
ESD BIP	Southern Tier	129042	Chemung	Alfred Technology Resources	NYS Business Incubator	IncubatorWorks (IW) a 501(c) 3 independent nonprofit, operates two incubator facilities, one in Corning NY in the Southern Tier REDC (STREDC), and one in Alfred, NY in the Western NY REDC. This application is for the Corning incubator with STREDC. IW will continue its program serving Chemung, Schuyler and Steuben counties and expand the opportunities for entrepreneurs to receive support as they develop their ideas, create startups, and launch them. Since 2019, IW has developed an entrepreneurial community and a network of resources to support those entrepreneurs. During that time, 98 participants have completed the program of which 80 are in the Southern Tier REDC. Of these entrepreneurs, 31% are BIPOC, 58% are women and 3% are veterans. In addition, IW, as part of the New Energy New York (NENY) coalition headed by SUNY Binghamton, has leveraged this grant with local funding for an expanded incubator location in Downtown Elmira, to expand services for underestimated high school students in Elmira, to expand entrepreneurship programming from its accelerator program and new business planning workshops offered twice each year.	\$ 625,000		11/10/2023
ESD BIP	Southern Tier	127107	Tompkins	Cornell University	REV: Ithaca Startup Works	Rev: Ithaca Startup Works (Rev) is a business incubator in Ithaca which supports high-growth startups regardless of their industry sector. With support from ESD, Rev will be able to continue providing mentorship, resources, and services to help regional startups launch and grow. In addition to continued incubator services, this support from ESD will support expansion of Rev's Hardware Accelerators. These accelerators (Prototyping and Manufacturing) help bridge the gap between prototyping to manufacturing. Once product-based startups have developed a working prototype, they require specific expertise such as: design for manufacturing, outsourced product production, supply chain management and quality control. Since 2014, Rev has successfully supported 116 startups and 124 hardware project teams and startups. By continuing to provide startups with programming to help them understand and navigate the manufacturing process (from prototyping to production), they will be able to more effectively and efficiently grow and scale there businesses here in the region.	\$ 625,000		11/10/2023

It will also allow them to host special events and keep the taproom open for normal business at the same time.	\$50,000	11/13/2023
ESD CRAFT	Capital Region	131046	Warren	Adirondack Pub & Brewery, Inc.	Brewery expansion	Adirondack Pub & Brewery, Inc. Will build an addition onto the existing brewery to expand the products they manufacture on site to include hard cider, hard seltzer and canned cocktails. They will purchase a can depalletizer, additional tanks, and chilling equipment to install in the addition.	\$50,000	11/13/2023
ESD CRAFT	Capital Region	131050	Albany	Indian Ladder Farms Cidery & Brewery, LLC	Cider Production Expansion	Indian Ladder Farms will expand their production with the purchase and installation of three 10,000-liter fermentation vessels, a glycol chiller and new pumps and stainless-steel fittings required for the upgrade. The supplemental production will increase both the volume and variety of ciders offered on site. They will also be able to expand their wholesale distribution throughout New York and eventually to other states.	\$50,000	11/13/2023
ESD CRAFT	Capital Region	127377	Schenectady	Van Schaick Beer Company	Craft Bev Micro Grant	Great Flats Brewing will purchase a new malt mill and augur to increase overall brewhouse efficiency and capacity to grow their distribution business. They will also purchase new flow meters to allow for more accurate brewing, more efficient water usage, and waste tracking and a new insulated brite tank for more effective temperature control and more efficient canning.	\$25,279	11/13/2023
ESD CRAFT	Capital Region	126963	Saratoga	Speckled Pig Brewing Co., LLC	Craft Beverage Micro Grant	Speckled Pig Brewing will upgrade its brewhouse equipment and purchase a new canning line and a keg cleaning system. This additional equipment will provide Speckled Pig with the ability to expand the sale of its New York State craft beer to over 100 restaurants/bars, as well as distribute their beer throughout the state.	\$42,500	11/13/2023
ESD CRAFT	Capital Region	127983	Washington	Main Street Distillery, LLC	Equipment Purchase	Main Street Distillery will purchase and install a new still, fermenters, a bottler, and glycol cooling equipment. The new equipment will allow them to significantly increase production to meet growing demand and helps them to continue to produce spirits using NYS's finest locally grown ingredients.	\$33,096	11/13/2023
ESD CRAFT	Capital Region	128643	Schenectady	Murray's Fools Distilling Co., LLC	Glenville Facility	Murray's Fools Distilling will upgrade its production facility and tasting room with the purchase of new equipment to enable increased production and foster greater sustainability in the manufacturing process employed by the Company. Equipment purchases will include fermentation tanks, a tank and chiller for a closed loop cooling system, two liquid transport pumps, a reverse osmosis machine and an ice machine.	\$25,038	11/13/2023
ESD CRAFT	Capital Region	129569	Columbia	Silver Brothers Spirits Company LLC	Infrastructure and Plant Improvements	Silver Brothers Spirits Company will purchase new equipment for the blending and bottling line and build out a tasting room. The blending and bottling equipment will allow them to efficiently bottle and package 5,000 bottles per month and the completion of the tasting room will create a welcoming space for guests and visitors where they can experience their farm distillery and world class whiskies.	\$50,000	11/13/2023
ESD CRAFT	Capital Region	128041	Albany	Nine Pin Ciderworks LLC	Nine Pin Ciderworks Tasting Room Expansion	Nine Pin Ciderworks will install a new operable fork truck gate, build a barrel-half wall, and repurpose unused space into expanded seating in their popular Albany location. This will allow for unencumbered fork truck access and create visually-appealing storage for aging their products in oak barrels, that also serves as a creative division between production and tasting areas. They will connect the expanded space to the existing outdoor patio, thus creating an event space containing both indoor and outdoor elements for private functions. The new space will permit more daylight and views of the neighboring park, Albany's iconic Nipper statute and other nightlife establishments in Albany's Warehouse District.	\$50,000	11/13/2023
ESD CRAFT	Capital Region	130945	Greene	Old Factory Brewing Company, LLC	Old Factory Brewing Company	Old Factory Brewing Company will purchase new equipment to increase production to meet existing demand. The new equipment includes a grain silo, grain auger, and a walk in cooler, which allows them to store more ingredients and product on site.	\$34,500	11/13/2023
ESD CRAFT	Capital Region	129641	Columbia	Josephine Place LLC	Sabba Vineyard	Sabba Vineyard will streamline the wine production process and elevate the caliber of their wines with the acquisition of modern equipment, including two climate-controlled fermenting tanks and aging equipment. They will improve the customer experience by covering the patio in the outdoor consumption area, adding overhead fans, as well as reinforcing the side porch for additional outdoor, shaded seating. The project will also add solar panels to the roof for increased energy efficiency.	\$50,000	11/13/2023

## Empire State Development Craft Beverage Micro Grant Program

The Craft Beverage Micro Grant Program supports capital-based projects intended to increase the production capacity, business infrastructure and profitability of businesses licensed to produce wine, beer, spirits, hard cider and mead by providing matching funds for equipment purchases and facility upgrades.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	Date Announced
ESD CRAFT	Capital Region	129638	Columbia	SPE Brewing LLC	Union Street Brewing Expansion	Union Street Brewing Co. will purchase equipment to increase capacity and better serve their customer base. In the brewery, they will add 20 BBLs of fermentation capacity, a 30 BBL cold liquor tank, four 10 BBL serving tanks and a Pentair dissolved oxygen meter. This additional equipment in the brewery, taproom, and additional kitchen equipment will improve the customer experience, allow the tap room to serve more customers, make more styles of beers available on tap or in cans, provide an outstanding dining experience during busy weekends and allow them to host larger events.	\$48,625	11/13/2023
ESD CRAFT	Central NY	126807	Onondaga	Underground Beer Lab, LLC.	UBL Production Capacity Expansion	Underground Beer Lab, LLC will expand their brewery capacity and tasting facility in Syracuse, Onondaga County. The project involves the purchase of a 10-barrel (bbl) brewhouse, five 10 bbl fermenters, a low-pressure steam boiler, and other ancillary equipment. The expansion will increase production and fermenting capacity, and add temperature-controlled storage capacity. This expansion will allow Underground Beer Lab to meet growing demand, extend distribution to new accounts in the Syracuse area and beyond.	\$50,000	11/13/2023
ESD CRAFT	Central NY	130364	Cayuga	Heirloom Cider Company, LLC	Heirloom Cider Company Production Expansion	Heirloom Cider Company, LLC, Sterling, Cayuga County, will invest in equipment to expand cider production. The investment includes an increased quantity of fermentation and aging vessels, equipment for the efficient production of forced and natural carbonation, a high-efficiency label applicator, and storage racks. The expanded capacity will allow the company to scale up and eventually develop a new production facility and dedicated tasting room.	\$50,000	11/13/2023
ESD CRAFT	Central NY	127762	Cayuga	Prison City Brewing, LLC	Prison City Brewing Equipment Upgrade	Prison City Brewing, located in Auburn, Cayuga County NY, will invest in production equipment upgrades. The investment will upgrade to a 5 bbl, 2 vessel automated brewhouse, which will be more efficient and increase production sixfold at their original Auburn location. The improvements to efficiencies and the product will allow Prison City Brewing to remain competitive and enhance the customer experience.	\$50,000	11/13/2023
ESD CRAFT	Central NY	130942	Madison	Madison County Distillery, LLC	Storage Barn	Madison County Distillery, LLC, located in Cazenovia, Madison County, will invest to expand the storage and spirit aging capacity for the family-owned, small-batch, farm distillery. The investment involves the construction of a 40'x80' one story, storage pole barn adjacent to the primary production and tasting room. In addition to expanding the aging capacity, the added space would allow for larger quantities of grain and other production materials to be purchased, enabling operational efficiencies and the company's growth.	\$30,750	11/13/2023
ESD CRAFT	Central NY	127361	Cayuga	West Bay Estates, LLC dba Colloca Estate Winery	Wine Making Expansion Project Phase 2	West Bay Estates, LLC, dba Colloca Estate Winery, will invest in a canning line that can accommodate the packaging of still and carbonated products. The canning line will enable the winery to expand its product line to include cans for the packaging of wines, sparkling wines, and hard ciders. The project will enable the expansion of its market, increase company revenues, brand recognition, customer convenience, and tourism to the area.	\$50,000	11/13/2023
ESD CRAFT	Central NY	129925	Cayuga	Shepherds Brewing Company, LLC	Canning Machine	Shepherds Brewing Company, LLC, located in downtown Auburn, Cayuga County, will invest in canning and labeling equipment. The new equipment will expand their production and distribution options, while continuing to serve the downtown Auburn community.	\$25,000	11/13/2023
ESD CRAFT	Central NY	130709	Cayuga	Olfactory Farm, LLC	Wine Expansion	Olfactory Farm, LLC, located in Red Creek, Cayuga County, will expand the winery production and tasting room. The investment includes building a new foot production facility, tasting room, new tasting room deck, and purchasing production and storage equipment. The investment will enhance the micro farm winery's production, storage, and tasting room accommodations, which will be available for larger groups of visitors.	\$44,000	11/13/2023
ESD CRAFT	Central NY	130555	Cayuga	Chaotic Ales, Inc. dba Aurora Brewing Co	Aurora Brewing Brewhouse Equipment	Chaotic Ales, Inc. dba Aurora Brewing Co., located in King Ferry, Cayuga County, will expand their brewing capacity and make improvements to the kitchen and taproom at the King Ferry location. The investments include two 10-barrel Fermenters, water quality equipment, and kitchen and bar equipment and furniture.	\$31,505	11/13/2023
ESD CRAFT	Central NY	129326	Onondaga	Bullfinch Brewpub	Bullfinch Brewpub	Bullfinch Brewpub, LLC, located in Syracuse, Onondaga County, will invest in an automated canning line and keg washing system. The investment will significantly enhance production capabilities, operational efficiency, and expand distribution options by adding a variety of beer to cans. The increased distribution will increase the brewery's market presence and competitiveness, while contributing to the local brewing industry.	\$45,645	11/13/2023
ESD CRAFT	Central NY	130744	Cortland	Homer Hops Operation, LLC	New Chiller / Kitchen Equipment	Homer Hops Operation, LLC, located in Homer, Cortland County, will invest in a new chiller for the brewery and taphouse. The new split chiller configuration will provide more reliable, energy efficient production.	\$25,000	11/13/2023

## Empire State Development Craft Beverage Micro Grant Program

The Craft Beverage Micro Grant Program supports capital-based projects intended to increase the production capacity, business infrastructure and profitability of businesses licensed to produce wine, beer, spirits, hard cider and mead by providing matching funds for equipment purchases and facility upgrades.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	Date Announced
ESD CRAFT	Central NY	130532	Cayuga	Combgrown, LLC dba Combgrown Mead	Production and sales capacity expansion	Combgrown, LLC dba Combgrown Mead, Auburn, Cayuga County, will invest in increased production capacity and efficiency, and for the expansion and improvement of the tasting room. The investment includes a fermenting and brite tank, storage and aging tank, keg filling machine, a canning line, and furnishings for an expanded tasting room.	\$33,474	11/13/2023
ESD CRAFT	Finger Lakes	130976	Ontario	DAllesandro Enterprises LLC	Frequentem Production Expansion	Frequentem Brewing will purchase a canning line and add brewing equipment, at its location in Canandaigua Ontario County, to improve efficiency and meet growing demand for draft and packaged products.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	126990	Seneca	Hosmer Inc.	Hosmer Winery 10 Spout Bottling Line Purchase	Hosmer Winery will expand their double their bottling capacity with the purchase of a new 10 spout line. The new bottling line is more efficient, allowing the Hosmer to reduce energy and water usage.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	130592	Monroe	Railroad Street Brewing Company, Inc.	Rohrbach 97 Railroad Street Expansion	Railroad Street Brewing (Rohrbach Brewing Company) will expand at their current location completing renovations and purchasing equipment for 16 ft. by 30 ft. cold storage space. The project will allow the company to increase production volume and expand new packaging offerings for their innovative products.	\$49,500	11/13/2023
ESD CRAFT	Finger Lakes	129809	Yates	Giving Tree Cidery LLC	Giving Tree Cidery Expansion	Giving Tree Cidery will renovate a pull barn at their facility to accommodate an increase in production and expansion of their tasting room capacity. The newly renovated barn will allow them to install a new chiller glycol system and tanks for their products.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	129614	Ontario	Hollerhorn Distilling LLC	Hollerhorn Bottling line project	Hollerhorn Distilling will build a new bottling line to increase production output at their location in Naples, Ontario County.	\$30,000	11/13/2023
ESD CRAFT	Finger Lakes	127687	Seneca	Seneca Cove, Inc.	Seneca Cove (Knapp Winery) Equipment Upgrade	Seneca Cove (Knapp Winery) will install a new chilling system at their facility to increase production. The project will also allow the facility to operate more efficiently reducing operational costs.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	128441	Seneca	Martin's Honey Farm and Meadery, LLC	Montezuma Winery Glycol Chiller Purchase	Martin's Honey Farm and Meadery (Montezuma Winery) will purchase a calibrated dosing pump allowing them to utilize the Velcron preservative in their beverage production. This product will allow Montezuma to better control the quality and flavor of their craft beverages. It will also make their operation more attractive to other craft beverage producers seeking to bottle their products.	\$48,500	11/13/2023
ESD CRAFT	Finger Lakes	126748	Wayne	Young Sommer Winery, LLC	Young Sommer Winery Equipment Update	Young Sommer Winery will add a permanent cover to their patio area to accommodate more customer visits and acquire new fermentation equipment to improve efficiency of winemaking.	\$49,854	11/13/2023
ESD CRAFT	Finger Lakes	131223	Yates	Glenora Wine Cellars, Inc.	Glenora Wine Cellars Barrel Hall	Glenora Wine Cellars will construct a new barrel hall adjacent to their winery building to expand storage of wine barrels at their winery in Dundee, Yates County.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	131011	Seneca	Growlin Beer Corporation	Growlin Beer (Lake Drum) Expansion	Growlin Beer Corporation (Lake Drum Brewing) will purchase new glycol chilled tanks, membrane filters and brewing diagnostic tools that will allow them to expand production. The project will also allow the business to operate more efficiently reducing operating costs.	\$31,059	11/13/2023
ESD CRAFT	Finger Lakes	128937	Seneca	WAGNER BUSINESS OPERATIOS, LLC	Crossflow Filter	Wagner Business Operations, LLC will upgrade equipment to a crossflow filtration system to improve quality of wine, improve yields, and increase efficiency.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	128993	Wyoming	Three Falls Cidery	Equipment And Infrastructure	Three Falls Cidery will upgrade equipment and increase the output production of a high quality hard cider. It will also expand the capacity to serve the customer base with more seating, and space to enjoy the hard cider product.	\$26,635	11/13/2023
ESD CRAFT	Finger Lakes	131096	Monroe	Nulton Business Holdings II LLC	Iron Tug Brewing Equipment Expansion	Iron Tug Brewing will upgrade the current fermentation and carbonation vessels. This includes purchasing a new keg washer, upgrading cold storage space, upgrading glycol and chiller systems, upgrading to mobile pumps for cleaning and transfers, upgrading the heat exchanger, and upgrading the grain mill/auger systems.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	131284	Ontario	Inspire Moore Winery Vineyard	Production Facility Expansion	Inspire Moore Winery Vineyard will renovate a barn on their property for wine storage that is currently done offsite. The winery will also purchase equipment including a labeling machine to be located in the renovated barn.	\$47,500	11/13/2023
ESD CRAFT	Finger Lakes	130743	Seneca	Osmote Wine LLC	Sparkling Wine Technology and Production Expansion 2023	Osmote Wine will acquire equipment to expand its sparkling wine production capacity at its location in Ovid, Seneca County	\$45,000	11/13/2023

## Empire State Development Craft Beverage Micro Grant Program

The Craft Beverage Micro Grant Program supports capital-based projects intended to increase the production capacity, business infrastructure and profitability of businesses licensed to produce wine, beer, spirits, hard cider and mead by providing matching funds for equipment purchases and facility upgrades.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	Date Announced
ESD CRAFT	Finger Lakes	129633	Ontario	Ardennes Brewing LLC	2023 Micro Grant Application	Ardennes Brewing will purchase canning and fermentation equipment at its brewing location in Geneva, Ontario County.	\$49,735	11/13/2023
ESD CRAFT	Finger Lakes	129796	Ontario	Birdhouse Brewing Company Inc.	Brewery Expansion Project	Birdhouse Brewing is expanding its brewing facility to include additional brewing space. Birdhouse Brewing will also upgrade its brewing system from its current three-barrel brewing system to a seven-barrel brewing system.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	130943	Yates	Fox Run Vineyards, Inc.	Enhancing Wine Production Capacity	Fox Run Vineyards will purchase additional tanks which will allow increased wine production.	\$36,750	11/13/2023
ESD CRAFT	Finger Lakes	127152	Seneca	Three Brothers Wineries & Estates, LLC	Three Brothers Craft Bev Micro Grant Program	War Horse Brewing Company will restore its production facility floor and upgrade equipment to improve cleaning and sanitation at its brewery in Seneca County.	\$48,500	11/13/2023
ESD CRAFT	Finger Lakes	128815	Wayne	TEN DECADE ENTERPRISES, LLC	Preparing for the Future	Ten Decade Enterprises will retrofit an existing building near their current production area. Upgrades will include a new roof, concrete floor, and adequate insulation throughout the entire structure.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	127312	Ontario	Forking Paths Vineyards, Inc	Forking Paths Vineyards Sparkling Wine Expansion	Forking Paths Vineyard (Ravines Wine Cellars) will replace and upgrade equipment related to their sparkling wine product. The equipment will allow Ravines to expand production five fold over their current capacity.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	126947	Yates	A and M Hiller LLC	Cidery Expansion and Efficiency Upgrades	A and M Hiller, DBA Apple Barrel Orchards, will renovate its barn roof to open it up as a tasting room in Penn Yan, Yates County. Apple Barrel Orchards will also upgrade its brewing equipment to improve the efficiency of its operations.	\$35,000	11/13/2023
ESD CRAFT	Finger Lakes	130566	Yates	Frost Wines, LLC	Equipment Upgrades and addition	Frost Wines will add a Screw Cap Closure Production Line for the Winery, which will allow for faster bottling and increased overall production efficiency. Frost Wines will also add a Gyropallete system into the sparkling wine production process. This system will allow for an over twofold increase in production of bottles of wine.	\$50,000	11/13/2023
ESD CRAFT	Finger Lakes	127448	Monroe	Copper Leaf Brewing LLC	Copper Leaf Brewery Expansion Project	Copper Leaf Brewing will acquire new production equipment. With the new equipment, Copper Leaf Brewing will shift production to an offsite location with increased capacity.	\$50,000	11/13/2023
ESD CRAFT	Long Island	128590	Suffolk	PWG Wine Company LLC	Carbonator	Premium Wine Group, one of Long Island's only co-packers, will purchase an in-line carbonator. This will enable them to produce carbonated products at their facility, enhancing the products and service they can offer to the vineyards they work with.	\$50,000	11/13/2023
ESD CRAFT	Long Island	129691	Suffolk	UBERGEEEK BREWING COMPANY	Expansion and Beautification	Ubergeek Brewing is a contract brewer located in downtown Riverhead. They will invest in new machinery and equipment to increase the production for both themselves and the breweries they work with. The project will create new jobs in Riverhead and expand brewing capacity.	\$50,000	11/13/2023
ESD CRAFT	Long Island	128281	Suffolk	Matchbook Distilling Company LLC	Trucent centrifuge	Matchbook Distilling, located in downtown Greenport will invest in a new trucent centrifuge which will replace their existing filtration system. This update will increase efficiency and production of their own line of products as well as the contracted products they produce.	\$50,000	11/13/2023
ESD CRAFT	Long Island	127887	Nassau	Point Lookout Brewing Company LLC	Bright Eye Production Upgrade	Bright Eye Brewing Company will purchase new fermentation equipment and a canning line to increase their brewing capacity and distribution. Located directly in downtown Long Beach, blocks from the beach and railroad station, this project will add to the product offerings available and help draw in new visitors to the brewery and area.	\$50,000	11/13/2023
ESD CRAFT	Long Island	126740	Nassau	Noble Savage Brewing Company, LLC	Brewhouse and Packaging Line Upgrades	Noble Savage Brewing is located in downtown Glen Cove. They will expand production of their lager and hazy IPA by purchasing new brewing equipment and a canning line. The project will help increase distribution and draw new visitors.	\$48,882	11/13/2023
ESD CRAFT	Long Island	128223	Suffolk	The Better Man Distilling Company Inc.	Key Products Equipment Expansion	The Better Man Distilling Company is a distillery that produces rye, vodka, and gin-specializing in lavender gin. They will purchase new machinery and equipment to expand production of some of their popular products, improve their labeling, and increase efficiency.	\$37,622	11/13/2023
ESD CRAFT	Long Island	127764	Nassau	South Shore Craft Brewery Corp.	Canning Line	South Shore Craft Brewery plans to invest in new machinery and equipment so they can start canning their products in house. This will allow them to increase their production and expand distribution to additional retailers and restaurants.	\$40,747	11/13/2023

## Empire State Development Craft Beverage Micro Grant Program

The Craft Beverage Micro Grant Program supports capital-based projects intended to increase the production capacity, business infrastructure and profitability of businesses licensed to produce wine, beer, spirits, hard cider and mead by providing matching funds for equipment purchases and facility upgrades.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	Date Announced
ESD CRAFT	Long Island	129845	Suffolk	The Greenport Brewing Company, LLC	Retail Tasting Room Expansion and Production Upgrade	Greenport Harbor Brewing will invest in a Membrane BioReactor system that would filter, treat, and repurpose brewery wastewater. Purchase of this machinery will create more operational efficiency and limit the negative environmental outputs of their brewing process.	\$50,000	11/13/2023
ESD CRAFT	Long Island	128445	Suffolk	Westhampton Beach Brewing Company, LLC	Expansion	Westhampton Beach brewing will invest in a new softener and heater for their boiler to prevent corrosion and increase efficiency. They will also purchase a canning line that will enable them to produce 100 cans /minute, significantly adding to production and distribution capabilities.	\$46,150	11/13/2023
ESD CRAFT	Long Island	130647	Suffolk	Sparkling Pointe LLC	Winery Upgrades	Sparkling Pointe, a vineyard on Long Island that specializes in sparkling wine, will invest in a new chiller that will allow them to process grapes more quickly as they come off the vine. This will increase production as grapes are processed more efficiently and help them respond to new patterns in the growing season.	\$30,000	11/13/2023
ESD CRAFT	Long Island	130177	Suffolk	Tipping Cow Distillery LLC	Equipment for Growth	Twisted Cow Distillery is a new distillery that will expand their product offerings by investing in equipment to start producing hard seltzer. This new product line will help raise the profile of their business and increase distribution. 100% of the wheat in the vodka used for the seltzer will be NYS produced.	\$50,000	11/13/2023
ESD CRAFT	Long Island	127327	Nassau	Jones Beach Brewing Company, Inc.	2023 Brewery Expansion	Jones Beach Craft Brewery will open a production facility and tasting room in Wantagh, NY. They will renovate a former restaurant and purchase production equipment to expand their current beer offerings and create a space for visitors to enjoy their beer.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	126902	Dutchess	Millbrook Winery, Inc.	Bottling Line	Millbrook Winery will purchase and install a modern bottling line that is energy efficient and safer to work. The line will allow for screw tops, expanding the reach of the winery.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	127865	Dutchess	Denning's Point Distillery, LLC	Equipment	Denning's Point Distillery will purchase additional brewing equipment that will assist in increasing their production capacity.	\$42,050	11/13/2023
ESD CRAFT	Mid-Hudson	128589	Dutchess	Hudson Valley Beverage Co. Inc.	Sloop Brewery Improvement - CBMG 2023	Sloop Brewery will purchase and install specialized and advanced brewing equipment to their Brewery in Hopewell Junction, NY. Once installed, this new equipment will allow the facility to operate 24 hours a day, drastically increasing their production capacity.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	128696	Dutchess	Current Cassis LLC	CCTR	This project will allow Current Cassis to expand their production capabilities through both increased crop production, liqueur production and storage space.	\$31,250	11/13/2023
ESD CRAFT	Mid-Hudson	128953	Ulster	Magnanini Farm Winery Inc.	Tasting Room Expansion	Magnanini Farm Winery Inc. produces estate wines at its farm winery in the Hamlet of Walkkill in the Town of Shawangunk, Ulster County. Due to increased demand and space constraints, the company plans to expand its production facility, wine cellar storage to increase capacity and improve efficiencies for production and packaging and will increase the size of its tasting room to improve accessibility by adding new ADA compliant restrooms.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	129321	Sullivan	BashaKill Vineyards LLC	Sustainable Increase Production Project	BashaKill Vineyard Inc plans to increase production capacity by purchasing large wine tanks, must pump and walk-in cooler. This expansion will double wine production, increase volume of current wine and allow the company to create new wines and grow their distribution channels.	\$30,000	11/13/2023
ESD CRAFT	Mid-Hudson	129354	Rockland	Two Ladders Brewing Company LLC	Equipment upgrade	Two Ladders Brewing intends to establish a second location in Rockland County. The company will invest in new, cutting-edge equipment, enabling it to expand its operations and taproom and grow its clientele.	\$40,000	11/13/2023
ESD CRAFT	Mid-Hudson	130002	Orange	Applewood Winery LLC	Craft Beverage CoPacking	Applewood Winery will purchase and install a new bottling line so that they are better able to meet the growing demand for their product.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	130059	Sullivan	Cantina Cantina LLC	Cantina Cantina	Cantina Cantina plans to relocate and expand its craft brewery operation to a larger facility in Jeffersonville, Sullivan County. The new location will involve the renovation and adaptive reuse of a former bus depot into its new primary location for brewing production which will support the continued growth and increased demand for its artisanal beer products. They will also create a new tap room that will grow its customer base and establish it as an agritourism destination.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	130169	Rockland	Stony Point Brewing Company LLC	Boost	Stony Point Brewing Co. is a nano-brewery with a taproom model in Northern Rockland County. They will invest in equipment to increase the efficiency of the current production line and give the company the technology to create additional product lines.	\$25,000	11/13/2023

## Empire State Development Craft Beverage Micro Grant Program

The Craft Beverage Micro Grant Program supports capital-based projects intended to increase the production capacity, business infrastructure and profitability of businesses licensed to produce wine, beer, spirits, hard cider and mead by providing matching funds for equipment purchases and facility upgrades.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	Date Announced
ESD CRAFT	Mid-Hudson	130251	Dutchess	Spectacle Brewing LLC	Craft Beverage Micro Grant- Brewery Wastewater Pre-treatment	Spectacle Brewing will purchase and install modern wastewater pre-treatment equipment in Lockport, NY and will reduce the strain on municipal water treatment facilities.	\$49,975	11/13/2023
ESD CRAFT	Mid-Hudson	130614	Orange	Drowned Lands Brewery	Drowned Lands Cellar	Drowned Lands Brewery will renovate its basement to be able to store and produce additional casks of their highly rated beer. They will also expand their seating space and open the renovated basement to tours.	\$50,000	11/13/2023
ESD CRAFT	Mid-Hudson	131200	Ulster	Murray Hollow LLC	Quartz Rock Vineyard and Bedrock Cidery Equipment	Quartz Rock Vineyard and Bedrock Cidery, located in Marlboro, Ulster County and listed on the Shawangunk Wine Trail, will expand its production capacity. The expansion will improve efficiencies of its award winning wines and hard cider by equipping its facility with upgraded winemaking and cidermaking machinery and equipment, setting the company up for future growth.	Herkimer, Oneida	11/13/2023
ESD CRAFT	Mohawk Valley	126942	Herkimer	Hillbilly Farm Winery, LLC	Farm Winery Grant	Hillbilly Farm Winery will renovate and convert a building previously used as a Farm Brewery to a Farm Winery. The renovation will include the purchase of necessary equipment for fermentation including the sanitization, preparation, pasteurization, filtering, bottling, labeling, aging, and storage of wine. It will also include Improvements to wine tasting and production areas, including energy efficiency upgrades such as upgraded insulation and high efficiency HVAC upgrades.	\$50,000	11/13/2023
ESD CRAFT	Mohawk Valley	126734	Schoharie	Sauvage Beverages LLC	Sauvage Distillery	Sauvage Distillery is a local farm distillery specializing in production of vodka called Upstate which is made from apples sourced from local farms in New York. Significant accessibility improvements will provide a welcoming experience for all visitors and community members. Restoration work will assure that this key structure in the original Rock Garden design is sustained for future generations.	\$500,000		11/15/2023
OPRHP EPF HP D	Finger Lakes	128315	Ontario	1816 Farmington Quaker Meetinghouse Museum	1816 Farmington Quaker Meetinghouse Restoration	The 1816 Farmington Quaker Meetinghouse Museum will restore the nationally significant 1816 Meetinghouse for use as an interpretive center and community gathering place. Highlighting the national importance of movements for equal rights in the Finger Lakes region, the restored Meetinghouse will enhance quality of life for local residents and promote regional economic development through heritage tourism.	\$481,592	X	11/15/2023
OPRHP EPF HP D	Finger Lakes	126680	Wyoming	Silver Lake Institute	Epworth Hall	The Silver Lake Institute, located on the eastern shore of Silver Lake, will renovate Epworth Hall, a 131-year-old 5,000 square foot historic auditorium. Renovations will include restoration of the ground floor areas. The newly renovated building will offer more usable space for diverse types and sizes of community events.	\$234,281		11/15/2023
OPRHP EPF HP D	Mid-Hudson	129225	Rockland	John Green Preservation Coalition, Inc.	Rehabilitation of the John Green House Phase 3	The John Green Preservation Coalition will use funding to restore the western wall of the John Green House as part of its over-all rehabilitation of the 1819 building. The existing wall will be disassembled and rebuilt using the same stones and matching replacements for those that are damaged. Together with recently completed and planned future phases, the project will restore the house to its historic appearance when it was owned by John Green, river sloop captain and transportation pioneer.	\$90,000		11/15/2023
OPRHP EPF HP D	Mohawk Valley	125540	Fulton	Gloversville Public Library	Dome Rehabilitation	The Gloversville Public Library, built in 1904, will rehabilitate its historic dome.	\$363,259	X	11/15/2023
OPRHP EPF HP D	Mohawk Valley	128129	Herkimer	Friends of Historic Herkimer County	Historic Herkimer Jail Tourism Development Project: Phase 2 Exterior Restoration	Friends of Historic Herkimer County will continue with Phase 2 restoration of the original 1834 Herkimer County Jail in Downtown Herkimer. The Friends will restore the exterior structure, specifically the north facade facing Church Street with the most deteriorated conditions, and enhance windows on the south and west sides to encourage climate resiliency.	\$285,000		11/15/2023
OPRHP EPF HP D	Mohawk Valley	126414	Oneida	Tabernacle Baptist Church of Utica	Phase 3 Tabernacle Restoration	The Tabernacle Baptist Church of Utica will complete Phase 3 Tabernacle restoration, including the sanctuary side-aisle roof replacement and Thorn Chapel flat-roof replacement, as well as repointing masonry and replacing sections of metal gutter and cornice work on Thorn Chapel.	\$500,000	X	11/15/2023
OPRHP EPF HP D	Mohawk Valley	130097	Schoharie	Town of Wright	Gallupville House Renovation Project	The Town of Wright will rehabilitate the historic 1872 Gallupville House to provide fully accessible community space for cultural, arts, educational, and community meeting spaces.	\$500,000	X	11/15/2023
OPRHP EPF HP D	Mohawk Valley	130963	Schoharie	Cobleskill Agricultural Society	Cobleskill Fairgrounds Grandstand Restoration	The Cobleskill Agricultural Society will complete repairs to the historic Grandstand structure at the Cobleskill Fairgrounds in the Village of Cobleskill. Improvements to the structure include repairs to the building foundation, roof replacement, and structural repairs to preserve the building.	\$480,000	X	11/15/2023
OPRHP EPF HP D	New York City	126822	New York	Community Access, Inc.	Gouverneur Court Masonry Restoration	Community Access, Inc. will restore the historic Gouverneur Hospital (now, Gouverneur Court), located at 621 Water Street in Lower Manhattan. This project will focus on restoring the building's brick walls and parapets, decorative terra cotta and brownstone and cast stone coping.	\$500,000		11/15/2023
OPRHP EPF HP D	New York City	129782	New York	Save Our Ships New York	Fireboat John J Harvey Preservation Project	Fireboat John J Harvey, berthed at Pier 66 on the Hudson River in downtown Manhattan, operated by Save Our Ships New York will head to the Shipyard for installation of new hull plating that will restore the integrity of the hull. Fireboat Harvey is about to enter her 93rd year of service to New York and its environs, and the lengthy, constant exposure to salt water requires work that will enable the fireboat to continue the mission of educating and inspiring people of all ages.	\$410,798		11/15/2023

**Office of Parks, Recreation and Historic Preservation**  
**Environmental Protection Fund: Parks, Preservation and Heritage Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)**

The Environmental Protection Fund Grants Program (EPF) provides matching grants on a competitive basis for the acquisition, planning, and development of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Historic Preservation is to acquire, improve, protect, preserve, rehabilitate or restore properties listed on the State or National Register of Historic Places and for structural assessments and/or planning for such projects. Heritage Areas is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures identified in the approved management plans for Heritage Areas designated under section 35.03 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP EPF HP D	New York City	130262	New York	Renee and Chaim Gross Foundation	Facade and Roof Restoration	The Renee and Chaim Gross Foundation will restore the street-facing facade and roof of 526 LaGuardia Place in Manhattan. The project will retain the building's 19th century character while preventing water infiltration.	\$200,186		11/15/2023
OPRHP EPF HP D	North Country	129824	Clinton	City of Plattsburgh	Plattsburgh City Hall Preservation	The City of Plattsburgh will complete Phase 1 of restoring its historic 1917 City Hall building, which includes reconstruction of the steps to their intended original design and meeting accessibility standards. Restoration of the basement will prevent water damage from destroying the historic structure.	\$500,000		11/15/2023
OPRHP EPF HP D	North Country	129515	Franklin	Historic Saranac Lake	Saranac Laboratory Roof Repairs	Historic Saranac Lake will perform repairs to the historic slate roof at the Saranac Laboratory Museum in Saranac Lake, New York. The repairs will protect and stabilize this architecturally and historically important building that is a center for downtown revitalization.	\$115,000	X	11/15/2023
OPRHP EPF HP D	North Country	128880	Hamilton	Adirondack Historical Association dba Adirondack Experience	Preservation of the Log Hotel	The Adirondack Historical Association (dba Adirondack Experience) will preserve the late 19th-century Log Hotel and its two annex buildings, located on the museum's campus. The Log Hotel is thought to be the oldest surviving structure in the central Adirondacks and is an important early example of Adirondack vacation culture. Preservation work is necessary to ensure the continued survival of this historical complex.	\$310,000	X	11/15/2023
OPRHP EPF HP D	Southern Tier	129463	Tompkins	Town of Caroline	Old Caroline Town Hall Restoration	The Town of Caroline will complete restoration and repair the exterior of the Old Town Hall in Slaterville Springs. In use since 1869, the preservation of this Tompkins County iconic asset is now an important sustainability project to continue as a public space, to house the Caroline History Room, as the Town Justice Court and for all functions of municipal government.	\$375,000		11/15/2023
OPRHP EPF HP D	Western New York	128718	Cattaraugus	Gowanda's Historic Hollywood Theater, Ltd	Preservation of Hollywood Theater	Gowanda's Historic Hollywood Theater, Ltd. will continue its preservation efforts by securing the original stage beams that have crowned the theater stage since its opening in April 1926. Improvements will play a major role in preparing the stage area for additional theatrical equipment. Stage improvements are expected to promote tourism, attract quality performers and create a more audience friendly experience.	\$185,156	X	11/15/2023
OPRHP EPF HP D	Western New York	126649	Erie	Our Lady of Victory National Shrine	Centennial Capital Improvements	The Our Lady of Victory (OLV) National Shrine & Basilica, a national treasure and international destination located in the City of Lackawanna, is celebrating the centennial anniversary of its construction (1921-1926). To ensure that this architectural and cultural masterpiece remains viable for another 100 years, OLV is undertaking major capital improvements on the Basilica. Through this project, the original copper main dome will be replaced, which has experienced significant deterioration.	\$500,000		11/15/2023
OPRHP EPF HP P	Mid-Hudson	130055	Dutchess	Bannerman Castle Trust, Inc.	Bannerman Castle Stabilization Planning Project	The Bannerman Castle Trust, Inc. will use funding to prepare a Feasibility Study to report on existing conditions and present an implementable plan for full stabilization and preservation of the historic structures of the Bannerman Castle Arsenal Complex on Pollepel Island in the Hudson River.	\$35,062		11/15/2023
OPRHP EPF HP P	Mid-Hudson	128227	Sullivan	Delaware Valley Arts Alliance	Arlington Hotel Planning Grant	The Delaware Valley Arts Alliance (DVAA) will use funding to begin the planning phase to restore, renovate and add additional programming space to the Arlington Hotel. In addition to its two galleries, recital hall, administrative offices, and shop the Alliance will add two floors of usable programming space and historic interpretation.	\$70,875		11/15/2023
OPRHP EPF PKS A	Mid-Hudson	127841	Ulster	Town of Marbletown	Osterhoudt Flats Acquisition Project	The Town of Marbletown will use funding to acquire the Osterhoudt Flats in Stone Ridge. The historic farm will be transformed into a public park and nature preserve with a multi-use trail, ideal for walkers, bikers, birdwatchers and nature enthusiasts. The park will provide a no-fee recreational space, accessible from major roads. Underlain by the School Aquifer and in the Esopus/Hudson Watershed, the park will protect a precious natural resource – clean water.	\$500,000		11/15/2023

**Office of Parks, Recreation and Historic Preservation**  
**Environmental Protection Fund: Parks, Preservation and Heritage Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)**

The Environmental Protection Fund Grants Program (EPF) provides matching grants on a competitive basis for the acquisition, planning, and development of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP EPF PKS D	Capital Region	127902	Columbia	Friends of the Public Square Hudson, Inc.	Hudson's Public Square Rejuvenation	Friends of the Public Square Hudson will complete Phase I of rejuvenating the Seventh Street Park in Hudson, consistent with its original design and the historic district surrounding it. The goal is to make needed improvements of existing features, including pavement, seating, signage, lighting and landscaping and prepare the Square for a traditional fountain and plaza that will be installed in Phase II.	\$500,000		11/15/2023
OPRHP EPF PKS D	Capital Region	128307	Columbia	Town of New Lebanon	Shatford Memorial Park Improvements	The Town of New Lebanon will undertake improvements at Shatford Memorial Park. The project will include a new inclusive accessible playground for all, an accessible senior fitness equipment area with associated fitness walking loop, accessible loop trails of varying lengths to accommodate all users with strategically placed benches and new shade trees, as well as accessible connecting pathways leading to new and existing park amenities.	\$500,000		11/15/2023
OPRHP EPF PKS D	Capital Region	130547	Saratoga	Wilton Wildlife Preserve & Park, Inc.	Accessible Outdoor Education Center at Camp Saratoga	Wilton Wildlife Preserve & Park will develop the Larry Gordon Outdoor Education Center at Camp Saratoga by renovating and repurposing the original Boy Scout buildings. The goal is to improve accessibility and increase public opportunities in outdoor recreation, conservation, and education through enhanced interpretation of the natural, historic and cultural history and creating a welcoming gateway to the unique and significant outdoor resources available to residents and visitors to the region.	\$187,964		11/15/2023
OPRHP EPF PKS D	Central New York	128412	Oswego	Town of Granby	Granby Park Project	The Town of Granby will utilize grant funding to create the Town's first public park to increase recreational opportunities for children and adults of all ages, abilities, and income levels; while also improving the quality of life for residents and supporting local businesses by attracting more people to the area.	\$500,000	X	11/15/2023
OPRHP EPF PKS D	Central New York	131076	Oswego	Town of Schroepel	William J. Farley, Jr. Park Improvements	The Town of Schroepel will transform Farley Park into a recreational facility that is better able to accommodate increased year-round use by constructing a new community center/pavilion and permanent restrooms and resurfacing the walkway encircling the park. These improvements will address community recreational needs as well as attract new users and special events, aligning with revitalization efforts already underway in the Town and Village of Phoenix.	\$500,000	X	11/15/2023
OPRHP EPF PKS D	Finger Lakes	129413	Genesee	City of Batavia	Revitalize Austin Park	The City of Batavia will revitalize Austin Park in downtown Batavia, including replacement of outdated playground equipment with new accessible equipment. The project will increase usage of the park by all children and offer improved recreational opportunities.	\$500,000	X	11/15/2023
OPRHP EPF PKS D	Finger Lakes	128944	Ontario	County of Ontario	Improvements to Deep Run Park	Ontario County will renovate Deep Run Park, one of only 9 public access parks on Canandaigua Lake. This project will add a paddle point, provide beach upgrades, green infrastructure and bioretention, parking lot and sidewalk improvements, a multi-use building with restrooms, general storage area, picnic pavilion, lifeguard chairs, gateway features, signage, and other amenities. There will be a focus on ADA-compliance and universal design throughout.	\$500,000		11/15/2023
OPRHP EPF PKS D	Long Island	130492	Nassau	Village of Port Washington North	Accessible Playground and Walking Trail at Channel Drive	The Village of Port Washington North will dedicate three acres of Village-owned property as parkland for a recreational facility the entire community can use. Improvements will include an accessible playground that would cater to children of all ages with disabilities or individuals with autism spectrum disorder as well as an accessible walking trail.	\$500,000	X	11/15/2023
OPRHP EPF PKS D	Long Island	128736	Suffolk	Town of Riverhead	Riverfront Adaptive Children's Playground	The Adaptive Children's Playground is part of the Town of Riverhead's downtown redevelopment plan which includes the Town Square. The project creates a fully accessible children's playground on a parking lot facing the Peconic River. It will feature unique Long Island marine/maritime themed play structures for children of all abilities and ages. The project will draw visitors and allow full inclusion for physically challenged children and their families lacking accessible recreation.	\$500,000	X	11/15/2023

**Office of Parks, Recreation and Historic Preservation**  
**Environmental Protection Fund: Parks, Preservation and Heritage Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)**

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP EPF PKS D	Long Island	131205	Suffolk	Village of Westhampton Beach	Ria Del Bene Memorial Playground	The Village of Westhampton Beach will install a new playground to replace aged equipment and surfacing. This project will provide outdoor recreational opportunities for the children and families of Westhampton Beach and its neighboring communities as well as the seasonal visitors to the Village.	\$342,250		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	127745	Dutchess	Town of Stanford	Stanford Playground and Recreation Challenge/SPARC Park Playground Project	The Town of Stanford will use funding to renovate the beloved Stanford Playground and Recreation Challenge – known as SPARC Park playground to meet modern accessibility and safety standards, ensuring that members of the community of all ages, regardless of mental or physical abilities, are able to enjoy the natural amenities that make Stanford a great place to live, work, and play.	\$274,420		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	129683	Orange	New York-New Jersey Trail Conference	Learning Pavilion at Welch Trail Education Center	The Trail Conference will use funding to construct a Learning Pavilion at Welch Trail Education Center, a historic group camp in Harriman State Park they have restored in collaboration with Palisades Interstate Park Commission. The camp provides housing for Conservation Corps members who maintain trails, remove invasive species and provide vital land stewardship in New York State parks. The Pavilion will be a central gathering point to train and educate Corps members, volunteers, and the public.	\$239,750		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	128790	Sullivan	Town of Liberty	Sullivan OW Rail Trail Parkville Extension	The Town of Liberty will use funding to extend the Parkville section of the Sullivan O&W Rail Trail, giving users the opportunity to travel on the rail trail and rural roads from Parkville to Livingston Manor. The project includes improvements to existing former railroad infrastructure and on road signage. The Town of Liberty and Town of Rockland are teaming with Sullivan County on this segment of what will one day be the 50-mile continuous Sullivan O&W Rail Trail.	\$500,000		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	127737	Ulster	Open Space Institute	Lake Awosting Carriage Road Reconstruction	Open Space Institute (OSI) will use funding to restore historic Lake Awosting Carriage Road in Minnewaska State Park Preserve. Currently in an advanced state of disrepair and unusable to most patrons, restoration will allow four-season access around Lake Awosting -- the largest sky lake in the park. OSI has worked over the last decade to refurbish the network of the Victorian-era carriage roads, increasing the use and enjoyment of the Shawangunk Ridge overall.	\$500,000		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	127874	Westchester	Village of Tarrytown	Lagana Park Improvement Project	The Village of Tarrytown will use funding to undergo renovations at Lagana Park. The Village will improve the existing basketball court, multi-purpose field, playground, and upgrade the tennis courts to accommodate both tennis and pickleball. Tarrytown will also invest in a new pavilion and picnic tables. Completion of these improvements will help the Village meet local objectives to bolster climate resilience and supply residents with safe and high-quality recreational facilities.	\$500,000		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	128368	Westchester	Village of Irvington	Matthiessen Park Stage Construction	The Village of Irvington will use funding to construct an open-air stage with a roof, electrical system and sound systems in Matthiessen Park. The general-purpose stage will be used for a variety of cultural functions including musical concerts, cultural presentations, lectures, theatrical performances, art exhibitions, graduation, and other community events. The project is designed to be sustainable and resilient to the impacts of climate change.	\$500,000		11/15/2023
OPRHP EPF PKS D	Mid-Hudson	129126	Westchester	City of New Rochelle	Ward Acres Park Trail Improvement Project	The City of New Rochelle will use funding to make trail improvements in Ward Acres Park. The project will include environmental assessment, architectural and engineering services, creation of trail signage and information kiosks, historic bridge repair, catwalks construction in sections through forested swamps, and trail restoration and rehabilitation.	\$250,000	X	11/15/2023
OPRHP EPF PKS D	Mid-Hudson	129640	Westchester	Village of Hastings-on-Hudson	MacEachron Park Resilience Project	The Village of Hastings-on-Hudson will use funding to build a resilient shoreline in MacEachron Park, install a pier and kayak launch, and make needed improvements to the park amenities. The goal is to prepare MacEachron Park for the challenges of climate change and preserve it for future generations.	\$500,000		11/15/2023

**Office of Parks, Recreation and Historic Preservation**  
**Environmental Protection Fund: Parks, Preservation and Heritage Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)**

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP EPF PKS D	Southern Tier	129088	Tompkins	City of Ithaca	Cass Park Capital Improvements	The City of Ithaca will implement their Cass Park Capital Plan, beginning with replacement of aging restroom and pavilion facilities, and installation of a driveway loop with new parking spaces to increase accessibility to the new facilities for all ages and abilities.	\$500,000	X	2/4/2024
OPRHP EPF PKS D	Western New York	130141	Chautauqua	Village of Westfield	Portage Inn Amphitheater	The Village of Westfield will establish an outdoor terraced amphitheater and park space at the old Portage Inn site at 18-28 North Portage Street. The revitalized open space will enhance the downtown and deliver local programming to a variety of groups.	\$450,040	X	2/4/2024
OPRHP EPF PKS D	Western New York	126786	Erie	Town of Grand Island	Grand Island Veterans Park Inclusive Access Project	The Town of Grand Island will upgrade the universal accessibility and navigability of its Veterans Park and the reliable availability of a diverse offering of athletic and social gathering facilities. This project will install a comprehensive drainage system around the Park's primary athletic facilities, including field turf restoration, and installation of accessible asphalt pathways.	\$500,000	X	2/4/2024
OPRHP EPF PKS D	Western New York	129372	Erie	Erie County Department of Parks, Recreation and Forestry	Seneca Bluffs Natural Habitat Park	Erie County will construct a raised wetland boardwalk with accessibility updates to promote inclusive recreation and environmental conservation. The accessible trail fosters community engagement, meets the needs of the South Buffalo population, encourages youth participation, and safeguards the delicate wetland habitat. A transformative initiative to connect nature enthusiasts, it contributes to Buffalo's climate-resilient infrastructure and provides a safe and educational space for all.	\$450,000	X	2/4/2024
OPRHP EPF PKS D	Western New York	130185	Niagara	City of North Tonawanda	Memorial Pool Revitalization	Memorial Pool is a unique, historic recreational facility in the City of North Tonawanda, designed and built in 1947 as a tribute to WWII veterans. North Tonawanda intends to bring Memorial Pool up to safer standards and offer more modern amenities to provide a centrally-located area to enjoy water activities and cool off in hot weather, all while maintaining and celebrating its history.	\$750,000	X	2/4/2024
OPRHP EPF PKS P	Capital Region	128679	Albany	City of Albany	Washington Park Playground Design Plan	The City of Albany will partner with the Washington Park Conservancy and the Playground Committee to complete a final design for a new destination playground for visitors and an engaging all-inclusive playscape and gathering space for Albany residents. The design will offer fun, challenging, unique and accessible play opportunities to children of all abilities and means while honoring the park's historic landscape design and reduce environmental impact.	\$146,250		2/4/2024
OPRHP EPF PKS P	Central New York	128478	Oswego	Village of Pulaski	Dunbar Park Planning	The Village of Pulaski will utilize grant funding for Design and Engineering needed to upgrade the recreational facilities at Dunbar Park, connecting it to the Haldane Center with a pedestrian bridge on the Salmon River Greenway.	\$67,500	X	2/4/2024
OPRHP EPF PKS P	Finger Lakes	126814	Monroe	Town of Clarkson	Hafner Park Planning	The Town of Clarkson will create a planning report to recommend a series of improvements to Hafner Park. The report will include a feasibility study, public outreach, public interest survey, and initial concept designs.	\$45,000		2/4/2024
OPRHP EPF PKS P	Long Island	127642	Suffolk	Village of Port Jefferson	Six Acre Park Planning	The Village of Port Jefferson will transform a vacant, village-owned parcel in Upper Port near the Long Island Rail Road station into a well-designed passive park as envisioned by the community and as recommended by the Village's Comprehensive Plan. This first phase will advance the planning of the park from concept through detailed design built on the initial drawings prepared by the Six-Acre Park Committee and adopted by the Board of Trustees following a robust community engagement effort.	\$200,000	X	2/4/2024
OPRHP EPF PKS P	New York City	127270	Queens	The Trust for Public Land	QueensWay - Bridging the Gap	The Trust for Public Land will work with New York City to convert an abandoned former railway into the Queens Way, a linear park in central Queens creating new recreation areas, safe cycling and walking trails, and community spaces. The Trust for Public Land will pursue the design of the bridges connecting the Met Hub, the first phase of the project, to the existing entrance to Forest Park creating a safe means of crossing Union Turnpike and additional access to Forest Park.	\$468,750		2/4/2024

**Office of Parks, Recreation and Historic Preservation**  
**Environmental Protection Fund: Parks, Preservation and Heritage Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)**

The Environmental Protection Fund Grants Program (EPF) provides matching grants on a competitive basis for the acquisition, planning, and development of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Historic Preservation is to acquire, improve, protect, preserve, rehabilitate or restore properties listed on the State or National Register of Historic Places and for structural assessments and/or planning for such projects. Heritage Areas is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures identified in the approved management plans for Heritage Areas designated under section 35.03 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP EPF PKS P	North Country	128484	Clinton	City of Plattsburgh	Sailors Beach Rehabilitation Feasibility Study	The City of Plattsburgh will conduct a rehabilitation feasibility study for Sailor's Beach to determine the feasibility of site improvements and establish community-led design alternatives for development in order to expand the recreational opportunities found within the public space. The study will create a plan to connect residents and visitors to the local waterfront area, bolster recreational opportunities, and address environmental and location-specific safety concerns.	\$41,000		2/4/2024
OPRHP EPF PKS P	Finger Lakes	127866	Monroe	City of Rochester	Martin Luther King Jr Memorial Park - Phase 4	The City of Rochester will design improvements at the entrances of Martin Luther King Jr. Memorial Park, including the Court and Chestnut Street frontages along with the south berm garden entrance. The improvements will build upon the recommendations of the 2002 Master Plan Strategy and respect the intent and integrity of the original 1971 Lawrence Halprin design.	\$187,500	X	2/4/2024
OPRHP EPF PKS P/D	Western New York	130497	Herkimer, Oneida	Erie Cattaraugus Rail Trail, Inc.	Cascade Bridge Planning and Trail Development	Erie Cattaraugus Rail Trail (ECRT), Inc. will assess the structural integrity of the historic, high trestle Cascade Bridge spanning Cattaraugus Creek between the Towns of Concord and Ashford, and determine a cost estimate for a new decking design incorporating features based on public and stakeholder input. The ECRT will also design and construct a trail approaching from north to the bridge. This key bridge will be a highlight of the ECRT and future Southern Tier Trail.	\$278,800		2/4/2024

**Office of Parks, Recreation and Historic Preservation**  
**Recreational Trails Program Federal Grants (OPRHP RTP: D; M; MD; NM; NMD)**

The Recreational Trails Program provides funds to develop and maintain recreational trails for both motorized and non-motorized recreational trail use. Funding is available for the maintenance and restoration of existing recreational trails, development and rehabilitation of trailside and trailhead facilities and trail linkages for recreational trails, purchase and lease of recreational trail construction and maintenance equipment, construction of new recreational trails, acquisition of easements and fee simple title to property for recreational trails or recreational trail corridors, and assessment of trail conditions for accessibility and maintenance.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
OPRHP RTP D	Central New York	126999	Jefferson, Oswego	Winona Forest Recreation Association	Trail Maintenance Equipment Purchase	Winona Forest Recreation Association will purchase of a snowmobile trail groomer to maintain snowmobile trails and enhance winter outdoor recreation.	\$239,405	X	11/15/2023
OPRHP RTP D	Central New York	127257	Madison	Town of Lenox	Lenox Rail Trail, Phase Two	Construction of a paved trail parallel to Donald Hicks Dew Drive between the existing Lenox and Canastota to Wampsville Trail trailhead parking and North Court Street, to improve safety by relocating bicyclists and pedestrians off Donald Hicks Dew Drive, a non illuminated narrow town road with no shoulders.	\$143,526	X	11/15/2023
OPRHP RTP D	Finger Lakes	129200	Ontario	City of Geneva	Geneva Trail Project	The City of Geneva will complete key improvements along the elevated section of the former Lehigh Rail Line. This project will install a prefabricated pedestrian bridge along one section of the trail at the Doran Ave crossing, reinforce a section of the trail that has been eroded, and create an access point where the trail becomes an at-grade continuance.	\$180,000	X	11/15/2023
OPRHP RTP D	North Country	129043	St. Lawrence	St Lawrence County Snowmobile Association, Inc.	St Lawrence County Groomer for Remsen Lake Placid Railroad Corridor	The St. Lawrence County Snowmobile Association, Inc. is purchasing trail grooming equipment to groom trails on the Remsen-Lake Placid Railroad Snowmobile Corridor.	\$250,000		11/15/2023
OPRHP RTP D	Western New York	128539	Chautauqua	Cherry Creek Sno-Goers Inc.	Trail Groomer Purchase	The Cherry Creek Sno-Goers Snowmobile Club will purchase new environmentally friendly trail grooming equipment to offer snowmobile enthusiasts in Cassadaga and surrounding areas of Chautauqua County safe, pristine, and exquisite trails for years to come.	\$250,000		11/15/2023
OPRHP RTP M	North Country	127602	Lewis	Osceola Snowmobile Association Inc.	Groomer Drag Purchase	Osceola Snowmobile Association, Inc. will purchase a snowmobile drag for trail grooming.	\$30,646		11/15/2023
OPRHP RTP M, D	Mohawk Valley	127288	Oneida	Trailbusters Snowmobile Club, Inc.	Snowmobile Trail Maintenance Equipment	Trailbusters Snowmobile Club will purchase two new groomer drags designed for low snow and warmer temperatures and acquire a dump trailer for year-round maintenance and equipment transportation.	\$69,121		11/15/2023
OPRHP RTP M, NM, D	Western New York	129332	Erie	Erie County Department of Parks, Recreation and Forestry	Erie County Parks Trail Accessibility Enhancements	The Erie County Department of Parks will maintain existing trails and construct new accessible trails at Eighteen Mile Creek Conservation Park and Boston Forest Conservation Park.	\$228,000	X	11/15/2023
OPRHP RTP NM	Capital Region	128785	Saratoga	Town of Halfmoon	Champlain Canalway Trail Extension Project	The Town of Halfmoon will construct an out-and-back trail at the Empire State Trail's Upper Newtown Road North Trailhead. The trail will begin at the trailhead and traverse along the historic Champlain Canal following the former towpath. This will continue the development of the Champlain Canalway Trail and provide an off-road scenic spur for Empire State Trail users.	\$127,280	X	11/15/2023
OPRHP RTP NM	Capital Region	130112	Saratoga	City of Saratoga Springs	Railroad Run Trail Lighting Project	The City of Saratoga Springs will install energy-efficient lighting to illuminate the Railroad Run mixed-use path which connects the south edge of Downtown Saratoga Springs to Saratoga Spa State Park. The new lighting, along with the removal of two large trees, will ensure visibility along the trail.	\$30,422	X	11/15/2023
OPRHP RTP NM	Mid-Hudson	130638	Orange	Village of Cornwall-on-Hudson	Dock Hill Road Connector Trail	The Village of Cornwall-on-Hudson will build the Dock Hill Connector Trail, which will connect two existing trails and three key resources: Hudson Street (downtown), Donahue Farm and Donahue Memorial Park.	\$223,875		11/15/2023
OPRHP RTP NM	Mid-Hudson	128790	Sullivan	Town of Liberty	Sullivan O&W Rail Trail Parkville Extension	The Town of Liberty will use funding to extend the Parkville section of the Sullivan O&W Rail Trail, giving users the opportunity to travel on the rail trail and rural roads from Parkville to Livingston Manor. The project includes improvements to existing former railroad infrastructure and on-road signage. The Town of Liberty and Town of Rockland are teaming with Sullivan County on this segment of the Sullivan O&W Rail Trail.	\$250,000		11/15/2023

**Office of Parks, Recreation and Historic Preservation**  
**Recreational Trails Program Federal Grants (OPRHP RTP: D; M; MD; NM; NMD)**

The Recreational Trails Program provides funds to develop and maintain recreational trails for both motorized and non-motorized recreational trail use. Funding is available for the maintenance and restoration of existing recreational trails, development and rehabilitation of trailside and trailhead facilities and trail linkages for recreational trails, purchase and lease of recreational trail construction and maintenance equipment, construction of new recreational trails, acquisition of easements and fee simple title to property for recreational trails or recreational trail corridors, and assessment of trail conditions for accessibility and maintenance.

OPRHP RTP NM	Mid-Hudson	129798	Westchester	Town of Pound Ridge	Pound Ridge Trails Project	The Town of Pound Ridge will build safe walking and biking trails for recreation, linking residents to the Pound Ridge Town Park, open spaces, nature preserves, businesses and cultural centers. The new trails will connect to an existing paved path and future planned phases will extend these corridors.	\$250,000		11/15/2023
OPRHP RTP NM	Mohawk Valley	127597	Fulton	Town of Caroga	Wheelerville Caroga Connector Trail	The Wheelerville-Caroga Connector Trail will connect users from the existing network of trails to the neighboring business district.	\$88,600	X	11/15/2023
OPRHP RTP NM, D	Southern Tier	129247	Chenango	Chenango Greenway Conservancy, Inc.	Stone Quarry Trail System Improvements	The Chenango Greenway Conservancy, Inc. will enhance public access to the Stone Quarry trail system by improving parking, adding a new switchback trail to the overlook, installing trail kiosks, way-finding signs, interpretive signs, trailside benches, and purchasing a trail maintenance vehicle. The Stone Quarry trail system includes hiking trails, unique stone features, and mountain bike trails.	\$111,968		11/15/2023

**Department of State**  
**Brownfield Opportunity Area Program (DOS BOA)**

The Department of State's Brownfield Opportunity Area program, funded under the Environmental Protection Fund, provides grants on a competitive basis to eligible municipalities, certain community-based not-for-profit organizations, and NYC Community Boards to complete Brownfield Opportunity Area (BOA) County-wide Pre-Planning activities for brownfield identification and preliminary analysis of one or more areas within a county; the development of a Brownfield Opportunity Area (BOA) Plan, a planning and revitalization study, for a community affected by known or suspected brownfields; to undertake predevelopment activities to advance project implementation within a State-designated BOA or to undertake environmental site assessments within a State-designated BOA. This program provides resources to New York communities to transform known and suspected brownfields from liabilities to community assets that generate businesses, jobs and revenues for local economies and provide new housing and public amenities.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS BOA	Capital Region	128580	Warren	City of Glens Falls	City of Glens Falls Warren Street Brownfield Opportunity Area Plan	The City of Glens Falls intends to complete BOA Plan for an approximately 500 acre area on the eastern portion of the City along Warren Street, south to the Hudson River. The proposed area includes numerous industrial uses along the southernmost border, most notably being the recently shuttered Lehigh Hanson Cement Co. plant. The primary objective is determining the best re-use potential for these former industrial and other underutilized sites.	\$225,000	X	11/21/2023
DOS BOA	Capital Region	128807	Warren	Town of Queensbury	South Queensbury Brownfield Opportunity Area Plan	The Town of Queensbury intends to complete a BOA Plan for a 540-acre area in the South Queensbury Neighborhood. Challenges to be addressed include addressing vacant and underutilized structures, aesthetics, transportation, and pedestrian safety. The goal is to develop a plan that encourages complete streets, recreational opportunities, and waterfront investment to spur quality infill redevelopment.	\$135,000	X	11/21/2023
DOS BOA	Finger Lakes	129188	Wyoming	Village of Warsaw	Village of Warsaw Brownfield Opportunity Area Plan	The Village of Warsaw intends to complete a BOA plan centered around a 69-acre vacant and underutilized site on Industrial Street to determine potential re-use strategies. The primary objective is to return dormant brownfield and underutilized sites back to productive uses with community benefits. The BOA planning process will be utilized to present a clear and attainable community vision, identify opportunities and challenges, and pinpoint key redevelopment options.	\$130,000	X	11/21/2023
DOS BOA	Mid-Hudson	130228	Orange	City of Middletown	City of Middletown Community Campus Brownfield Opportunity Area Plan	The City of Middletown, in partnership with Hudson Valley Pattern for Progress, intends to complete a BOA Plan for the Middletown Community Campus, the 220-acre site former Middletown Psychiatric Center. The intended outcomes of the project include development of a plan that includes potential reuse approaches for multiple historical buildings as well as other blighted and potential brownfield sites. The BOA Plan will build upon recent public and private investment and revitalization.	\$250,772		11/21/2023
DOS BOA	Mohawk Valley	127739	Herkimer	Herkimer County Industrial Development Agency	Herkimer County Brownfield Pre-planning Inventory and Analysis	Herkimer County IDA intends to complete a County-wide Pre-planning inventory and analysis of brownfield-affected areas. The estimated 150+ brownfields on over 450 acres, including 52 documented contaminated sites will be inventoried, assessed and analyzed to identify concentrations of brownfield or underutilized properties that could benefit from future planning efforts.	\$270,000	X	11/21/2023
DOS BOA	Mohawk Valley	129797	Montgomery	County of Montgomery	Nelliston-Fort Plain Brownfield Opportunity Area Plan	Montgomery County, in partnership with the Villages of Fort Plain and Nelliston intend to develop a BOA Plan for a 1,642 acre area encompassing both villages. The proposed BOA contains approximately 30 potential brownfield sites and 11 priority sites located in the downtown centers of the two communities. Challenges to be addressed include reducing residential and commercial vacancy, improving job creation, and identification of new housing opportunities.	\$100,350	X	11/21/2023
DOS BOA	New York City	129253	Queens	Figment Project, Inc.	Edgemere Brownfield Opportunity Area Plan	The Residents Acquiring Land (REAL) Edgemere CLT intends to develop a BOA Plan for an approximately 100-acre area Edgemere, a Queens neighborhood facing challenges with blight and a lack of available housing. The goal is to repurpose vacant and blighted lots to offer recreative space for residents and offer affordable, resilient housing where appropriate.	\$112,914	X	11/21/2023
DOS BOA	North Country	128920	Clinton	County of Clinton	Clinton County Brownfield Pre-planning Inventory and Analysis	Clinton County intends to complete a County-wide Pre-planning inventory and analysis of potential brownfield concentrations within 18 municipalities. Activities will include the identification of underutilized, vacant, and abandoned parcels and will result in the creation of a county-wide inventory of areas where significant adverse impacts such as disinvestment, pollution, and a stagnant local economy are present. This effort will result in strategies for future planning efforts.	\$180,000	X	11/21/2023
DOS BOA	Southern Tier	128330	Broome	County of Broome	Bradywine Corridor BOA Predevelopment Activities	Broome County, in conjunction with the City of Binghamton, intends to complete predevelopment activities to advance the recommendations of the Bradywine BOA Study. Objectives to be achieved include developing a revitalization and master plan, completing a fiscal and market feasibility analysis, developing a stormwater management and flood mitigation plan, creating a streetscape and connectivity plan, and developing a branding and marketing strategy.	\$448,200	X	11/21/2023

**Department of State**  
**Brownfield Opportunity Area Program (DOS BOA)**

The Department of State's Brownfield Opportunity Area program, funded under the Environmental Protection Fund, provides grants on a competitive basis to eligible municipalities, certain community-based not-for-profit organizations, and NYC Community Boards to complete Brownfield Opportunity Area (BOA) County-wide Pre-Planning activities for brownfield identification and preliminary analysis of one or more areas within a county; the development of a Brownfield Opportunity Area (BOA) Plan, a planning and revitalization study, for a community affected by known or suspected brownfields; to undertake predevelopment activities to advance project implementation within a State-designated BOA or to undertake environmental site assessments within a State-designated BOA. This program provides resources to New York communities to transform known and suspected brownfields from liabilities to community assets that generate businesses, jobs and revenues for local economies and provide new housing and public amenities.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS BOA	Southern Tier	129489	Broome	City of Binghamton	First Ward BOA Clinton Avenue Predevelopment Activities	The City of Binghamton intends to complete Predevelopment activities within the First Ward Brownfield Opportunity Area. The intended activities will further the redevelopment of a primary commercial corridor on Clinton Street. Activities include site engineering, architectural work, sustainability consultations, brownfield consulting, market studies, legal work, and technical analysis of ground conditions.	\$500,000	X	11/21/2023
DOS BOA	Western New York	127230	Chautauqua	Chautauqua Region Economic Development Corporation	Chadakoin River Central/Eastern BOA Priority Site Pre-Development Activities	The Chautauqua Region EDC, the City of Jamestown, and the Chautauqua County IDA intend to complete Predevelopment activities within the Chadakoin River Central/Eastern BOA. Among other objectives, the project will create a market analysis and site inventories and analyses for five priority sites, with the specific aim of understanding ideal future uses at those sites. This project will attract business investment, create new jobs and further economic revitalization in the BOA.	\$201,402	X	11/21/2023
DOS BOA	Western New York	131097	Erie	Village of Gowanda	Village of Gowanda BOA Predevelopment Activities	The Village of Gowanda intends to complete predevelopment activities to include development of a market study, technical marketing materials for strategic sites as identified in the Gowanda Brownfield Opportunity Area Plan and undertake the development of a master plan to advance BOA revitalization and redevelopment efforts. The primary community revitalization objective to be achieved is to foster redevelopment of long-standing vacant, highly visible and underutilized properties.	\$180,000	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks (UCR); and implementing an LWRP or a completed LWRP Component. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	Capital Region	128446	Rensselaer	City of Troy	City of Troy Local Waterfront Revitalization Program	The City of Troy will develop a Local Waterfront Revitalization Program (LWRP) to address smart growth, resiliency and sustainability. The LWRP will identify a vision and guide development for the City's eight-mile Hudson River waterfront and align with the recently completed zoning update "ReCode Troy".	\$100,000	X	11/21/2023
DOS LWRP	Capital Region	128399	Saratoga	Town of Stillwater	Saratoga Lake Water Quality Study Implementation	The Town of Stillwater will begin to implement the Saratoga Lake Water Quality Study by designing and constructing rain gardens and interpretative signage at Browns Beach and Stillwater Glen Hollow Park. These enhancements will improve water quality of Saratoga Lake by reducing stormwater runoff and nutrient loading.	\$64,575	X	11/21/2023
DOS LWRP	Capital Region	128914	Warren	Town of Horicon	Brant Lake Watershed Management Plan	The Town of Horicon, in partnership with the Brant Lake Association, will develop a Watershed Management Plan for Brant Lake. The Plan will identify strategies and policy recommendations to address threats to water quality including invasive species, road salt pollution, aging and failing septic systems, climate change, and harmful algal blooms.	\$56,250		11/21/2023
DOS LWRP	Central New York	128351	Cortland, Lewis, Madison, Oneida, Onondaga, Oswego	County of Madison	Oneida Lake Nine Element Plan Phase II	Madison County in partnership Central New York Regional Planning and Development Board will continue their collaboration on the Oneida Lake Watershed Nine Element Plan. The Plan will update a 2004 Management Plan to quantify nutrient loading across the watershed. This community-driven plan will use advanced modeling to analyze watershed conditions, ensuring that resources are targeted to produce the greatest improvements to water quality.	\$72,500	X	11/21/2023
DOS LWRP	Central New York	130567	Madison	Village of Canastota	Revitalize Canastota Design Phase II	The Village of Canastota will complete final designs for improvements to revitalize its downtown corridor along the Old Erie Canal between North Main Street and Diamond Street. The project will advance the Old Erie Canal Local Waterfront Revitalization Program by setting the stage for downtown investments to increase public waterfront access, boating and fishing amenities, walkability, economic development, and tourism.	\$127,536	X	11/21/2023
DOS LWRP	Central New York	127071	Onondaga	County of Onondaga	Otisco Lake Watershed Management Plan Update	Onondaga County will update the 2014 Otisco Lake Watershed Management Plan to incorporate current conditions and expected impacts from climate change and invasive species. Otisco Lake is an important drinking water source as well as a recreational asset for Onondaga County and the region, the Plan will help ensure the use and enjoyment of the lake for future generations.	\$60,000	X	11/21/2023
DOS LWRP	Central New York	130476	Onondaga	Town of Salina	Town of Salina and Village of Liverpool Local Waterfront Revitalization Program	The Town of Salina and Village of Liverpool will develop a joint Local Waterfront Revitalization Program (LWRP) for enhancing public access to Onondaga Lake, Lake Park, and Long Branch Park. The LWRP will create a thoughtful plan to guide protection of the fragile ecology and water quality, improve recreational opportunities, enhance connectivity conditions along Old Liverpool Road and the County's Loop the Lake Trail, and support the local economy.	\$68,000	X	11/21/2023
DOS LWRP	Central New York	131128	Onondaga	City of Syracuse	Syracuse Inner Harbor Park Construction	The City of Syracuse will construct renovations at the Syracuse Inner Harbor Park to enhance recreational opportunities for residents and visitors. This project will begin to implement the vision of the City's draft Local Waterfront Revitalization Program by transforming this underutilized park into a waterfront destination which complements ongoing public and private investments in the Inner Harbor.	\$1,125,000	X	11/21/2023
DOS LWRP	Central New York	131137	Oswego	Town of Schroepfel	Town of Schroepfel Local Waterfront Revitalization Program	The Town of Schroepfel will prepare a Local Waterfront Revitalization Program (LWRP) for its Oswego and Oneida River waterfronts. The LWRP will develop a comprehensive vision and strategy to increase waterfront public use and public spaces, create recreational amenities, and provide direction for future projects that will realize the potential of the Town's waterfront as a true community asset.	\$106,250	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	Finger Lakes	128253	Monroe	City of Rochester	Maplewood Park Site Improvements Construction	The City of Rochester will construct site improvements at Maplewood Park along the Genesee River to support the development of the Maplewood Nature Center, a state-of-the-art recreational and educational facility that will offer an array of nature based programming. Work will advance the City's Local Waterfront Revitalization Program goals of increasing recreational amenities at city parks and fostering a greater connection to nature within the urban environment.	\$975,000		11/21/2023
DOS LWRP	Finger Lakes	129517	Monroe	Town of Penfield	LaSalle's Landing Park Comfort Facility	Town of Penfield will design and construct a comfort facility at LaSalle's Landing Park including a public restroom and open-air pavilion. The project advances the goals of the Town's Local Waterfront Revitalization Program by providing additional amenities to improve park visitors experience and enhancing public access along Irondequoit Bay.	\$624,000		11/21/2023
DOS LWRP	Finger Lakes	129843	Monroe	Town of Henrietta	Towpath Village and Canalside Park Master Plan	To begin implementing its draft Local Waterfront Revitalization Program, The Town of Henrietta will prepare the Towpath Village and Canalside Park Master Plan to guide appropriate development and creation of a new public park along the Erie Canal. The preliminary design and engineering will be based on a comprehensive assessment of the site conditions, local and regional needs, public input, and feedback from permitting agencies.	\$112,500	X	11/21/2023
DOS LWRP	Finger Lakes	127272	Ontario	Town of Geneva	Marsh Creek Floodplain Restoration Design	Implementing the Seneca-Keuka Watershed 9E Plan, the Town of Geneva and the Seneca Watershed Intermunicipal Organization will prepare designs to restore a degraded 22-acre parcel of land adjoining Marsh Creek. Design goals will focus on addressing flooding and stormwater issues, improving floodplain connection and water quality, in addition to providing educational and passive recreational amenities.	\$102,000	X	11/21/2023
DOS LWRP	Finger Lakes	127846	Ontario	City of Canandaigua	Lagoon Park Accessible Kayak Launch	The City of Canandaigua and the Canandaigua Lake Watershed Council will complete design and installation of an ADA-compliant, accessible kayak launch at the Lagoon Park on Canandaigua Lake. This project implements the Canandaigua Lake 9E Plan and the 2014 Update to the Canandaigua Waterfront Lake Watershed Management Plan by increasing public access and connectivity along the Canandaigua Lake Water Trail, promoting water-dependent recreation, and supporting watershed-based tourism.	\$66,975	X	11/21/2023
DOS LWRP	Finger Lakes	128023	Ontario, Yates	City of Canandaigua	Engineering Study for Upgrades to Increase Resiliency of the Canandaigua Lake Outlet Gates	Implementing the 2014 Update to the Canandaigua Waterfront Lake Watershed Management Plan, the City of Canandaigua, the Canandaigua Lake Watershed Council and its partners, will complete an engineering study of the Canandaigua Lake outlet gates to address flood resiliency and protect the many vital uses of the lake in the face of a changing climate. The Study will identify upgrades necessary for long-term watershed resiliency.	\$62,625	X	11/21/2023
DOS LWRP	Finger Lakes	130041	Wayne	Village of Newark	Village of Newark Local Waterfront Revitalization Program	The Village of Newark will develop a Local Waterfront Revitalization Program (LWRP) for its Erie Canal waterfront. The LWRP will identify and address shoreline erosion, flooding, water quality, and public access issues and propose stormwater management improvements and recreation opportunities enhancements that foster job creation and economic investment in the community and the Finger Lakes Region.	\$50,000	X	11/21/2023
DOS LWRP	Finger Lakes	130933	Wyoming	Village of Arcade	Village of Arcade Local Waterfront Revitalization Program	The Village of Arcade will develop a Local Waterfront Revitalization Program to establish a community vision and strategic plan for their Cattaraugus Creek waterfront, which runs through the heart of the Village. Strategies identified in the program will improve public access to the Creek, create multi-modal connections between the waterfront and downtown, flood mitigation through green infrastructure, water quality protection, and help generate economic investment in the community.	\$97,750	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks (UCR); and implementing an LWRP or a completed LWRP Component. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	Long Island	128036	Suffolk	Town of Southold	Bay to Sound Integrated Trails Initiative Phase 4	The Town of Southold will implement Phase 4 of the Bay to Sound Trails Initiative, aimed at developing trailways connecting the Peconic Bay to the shores of Long Island Sound. The project will include ADA trails, habitat restoration including developing right sizing plans for a tidal culvert, educational materials, blueway signage and trail markings, and infrastructure improvements.	\$379,125	X	11/21/2023
DOS LWRP	Long Island	129195	Suffolk	Town of East Hampton	Sustainable Planning in Coastal Communities: Risk Reduction, Revitalization and Restoration	Building upon their Local Waterfront Revitalization Program, the Town of East Hampton will develop a proactive plan for the Montauk business district to achieve sustainable revitalization that supports a year-round, resilient community. Planning will include community-supported options for building and zoning code updates, strategies for reducing coastal hazards and climate risk vulnerability, and restoring natural resources to protect vital economic infrastructure and the tourism industry.	\$600,000	X	11/21/2023
DOS LWRP	Long Island	129612	Suffolk	Village of Northport	Village of Northport Local Waterfront Revitalization Program	The Village of Northport will prepare a Local Waterfront Revitalization Program (LWRP) for the Northport Harbor coastal area, an embayment of the Long Island Sound. The LWRP will develop the community vision for a sustainable, resilient waterfront community and provide a framework for the protection of crucial resources, address climate change and sea level rise adaptation, improve water quality, advance downtown revitalization, expand public access, and incorporate smart growth principles.	\$112,500	X	11/21/2023
DOS LWRP	Long Island	130164	Suffolk	Town of Brookhaven	Town of Brookhaven North Shore Local Waterfront Revitalization Program and Harbor Management Plan	The Town of Brookhaven will complete development of its Local Waterfront Revitalization Program by including planning for its north shore, resulting in a comprehensive program that covers the town's entire coastal area. The project will develop a community-based vision for appropriate waterfront development and harbor management and identify sustainable projects to mitigate coastal erosion, promote strong tourism and aquaculture industries, and climate resiliency for the bayfront area.	\$294,312	X	11/21/2023
DOS LWRP	Long Island	130400	Suffolk	Village of Huntington Bay	Village of Huntington Bay Local Waterfront Revitalization Program Completion	The Village of Huntington Bay will complete the preparation of its Local Waterfront Revitalization Program (LWRP) for its sixty-one miles of Long Island Sound waterfront. The LWRP will address public access and recreational opportunities, protection of local natural, cultural, and scenic resources, and identify goals and recommend strategies and projects that will make the waterfront more resilient to sea-level rise, extreme weather events, runoff, flooding, and shoreline erosion.	\$59,454	X	11/21/2023
DOS LWRP	Long Island	131089	Suffolk	County of Suffolk	The Long IslandAR Blueway Trail Portal	Suffolk County will develop the Long IslandAR Portal and mobile app which will function as a county-wide field guide to Suffolk County's Blueway Trail. Users will be able to use their phones to see trail routes, distance markers and wayfinding information while on Suffolk County's waterways (its Blueway) and for accessing these waterways by walking or biking via the County's pedestrian and bicycle network.	\$75,000	X	11/21/2023
DOS LWRP	Mid-Hudson	129170	Dutchess	City of Poughkeepsie	Fall Kill Blueway Waterfront Design Guidelines	The City of Poughkeepsie, in partnership with Northside Collaborative, will prepare Fall Kill Blueway Waterfront Design Guidelines to inform future waterfront projects. The project will implement the City's Local Waterfront Revitalization Program by developing specific design strategies to address deteriorating flood and retaining wall conditions, mitigate flood risk, improve biodiversity and waterway health, and increase public space along the waterfront.	\$765,150	X	11/21/2023
DOS LWRP	Mid-Hudson	128888	Rockland	Village of Haverstraw	Village of Haverstraw Local Waterfront Revitalization Program Update Completion	The Village of Haverstraw will complete an update of its 2005 Local Waterfront Revitalization Program (LWRP). The LWRP addresses emerging issues and needs in the Village's Hudson River waterfront area, incorporates the goals, objectives, and policies of the 2021 Comprehensive Plan and the Downtown Revitalization Initiative, develops a new harbor management plan and addresses resiliency and adaptation to climate change, storm surges, extreme weather, and sea level rise.	\$50,150	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks (UCR); and implementing an LWRP or a completed LWRP Component. Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	Mid-Hudson	129061	Rockland	Village of Nyack	Memorial Park Shoreline Pathway	The Village of Nyack, implementing its Local Waterfront Revitalization Program, will design and construct the Memorial Park section of its waterfront pathway along the Hudson River, from the Park's gazebo north to the Inlet Bridge, connecting Memorial Park to the Village Marina. The project will install park amenities, an ADA-compliant shoreline walkway, and utilize materials and new landscaping to stabilize the shoreline making it more resilient to storm surge and climate change impacts.	\$417,276		11/21/2023
DOS LWRP	Mid-Hudson	127478	Ulster	City of Kingston	Kingston Point Wetland Restoration and Public Access Improvements	The City of Kingston will restore wetlands and construct a public access point to the water at the confluence of the Rondout Creek and Hudson River. The project will advance the goals of the City's Local Waterfront Revitalization Program by enhancing resiliency and providing access to a unique riverine habitat. Work includes demolition of two condemned City-owned houses in the flood zone and construction of a small parking area, a boardwalk, and pier with educational interpretive signage.	\$552,500		11/21/2023
DOS LWRP	Mid-Hudson	128312	Westchester	Village of Sleepy Hollow	Sleepy Hollow Commons Access and Recreation Improvements	The Village of Sleepy Hollow will advance the goals of its Local Waterfront Revitalization Program by transforming the east parcel of the General Motors site into a meaningful public space that serves as a lynchpin of local trail and transit connections, linking community assets along the Hudson River waterfront. This project includes design and construction of a waterfront promenade, on-street parking and street lighting improvements, a community garden, and racket sport courts.	\$2,400,000	X	11/21/2023
DOS LWRP	Mid-Hudson	128627	Westchester	Village of Sleepy Hollow	Ichabod's Landing Public Access Improvements	The Village of Sleepy Hollow will implement its Local Waterfront Revitalization Program by constructing public access improvements along the recently rehabilitated Ichabod Landing Bulkhead located on the Hudson River. Improvements will include landscaping, lighting, site amenities, and decorative pavers to transform the bulkhead into a waterfront promenade and provide a connection to the RiverWalk.	\$259,777	X	11/21/2023
DOS LWRP	Mohawk Valley	127424	Montgomery	City of Amsterdam	Amsterdam Southside Boardwalk Construction	The City of Amsterdam will construct a boardwalk along the southside of the Erie Canal and Mohawk River. The project will implement the City's Local Waterfront Revitalization Program and Downtown Revitalization Initiative Strategic Plan by creating a new public gathering space for arts, entertainment, and recreation on a vacant and underutilized site attracting visitors and locals to the waterfront and southside businesses.	\$2,500,000	X	11/21/2023
DOS LWRP	Mohawk Valley	129336	Otsego	Village of Cooperstown	Otsego Lake Watershed Nine Element Plan	The Village of Cooperstown, in partnership with other watershed municipalities, non-profit organizations, and community stakeholders, will develop a Nine Element Watershed Management Plan for Otsego Lake. The Plan will engage the community in a discussion of vision and goals, complete a quantitative analysis of pollutant loading, identify sources of pollutants affecting the lake, and prioritize recommendations for water quality improvement.	\$503,456	X	11/21/2023
DOS LWRP	New York City	129900	Bronx, Kings, New York, Queens, Richmond	New York City Department of City Planning	Waterfront Action Agenda	The NYC Department of City Planning will develop a Waterfront Action Agenda to track and inform New Yorkers about waterfront initiatives that advance the goals of the 2021 New York City Comprehensive Waterfront Plan (CWP). The Agenda will detail accomplishments and next steps the City will take to deliver on the goals of each of the CWP's topic areas - climate resiliency and adaptation, waterfront public access, economic opportunity, water quality and natural resources, ferries, and governance.	\$292,720		11/21/2023
DOS LWRP	New York City	130768	Bronx, Kings, New York, Queens, Richmond	New York City Department of Parks and Recreation	Wetland Mitigation Program Development	The NYC Department of Parks & Recreation, in consultation with sister agencies and regulatory partners, will research and propose a new wetland mitigation program that will facilitate regulatory compliance and improve wetland mitigation outcomes for waterfront projects. This proposal will focus on public projects and mitigation on City parkland with the goal of increasing predictability and maximizing benefits of coastal resiliency.	\$483,801	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks (UCR); and implementing an LWRP or a completed LWRP Component. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	North Country	128208	Essex	Village of Saranac Lake	Baldwin Park Revitalization	The Village of Saranac Lake will construct improvement to revitalize Baldwin Park on Lake Flower, part of the Saranac River. This project will implement the Village's Local Waterfront Revitalization Program and Downtown Revitalization Initiative Strategic Plan by improving waterfront access and increasing recreation opportunities while preserving natural features, updating facilities, providing multimodal transportation access, and promoting interpretive education.	\$894,937		11/21/2023
DOS LWRP	North Country	129388	Essex	Town of Wilmington	West Branch Sediment Study and Restoration Plan	The Town of Wilmington, in partnership with the Ausable River Association, will advance the Ausable River Watershed Management Plan by creating an actionable plan for building flood resilience in the West Branch Ausable River. The project will assess restoration potential, identify causes of river sedimentation and dysfunction, and outline projects to reduce bank erosion, restore river and fishery integrity, and protect communities and their infrastructure in the face of a changing climate.	\$320,643		11/21/2023
DOS LWRP	North Country	127511	Franklin	Village of Tupper Lake	Flanders Park Improvements	The Village of Tupper Lake will design and construct improvements at Flanders Park along its waterfront. The Project will implement the Village's Waterfront Master Plan, Local Waterfront Revitalization Program, and Downtown Revitalization Initiative Strategic Plan goals by improving park accessibility for those with mobility challenges, upgrading the adjacent streetscape, and expanding recreational amenities to enhance visitor experience and allow the Village to host regional events year round.	\$533,500	X	11/21/2023
DOS LWRP	North Country	128659	St. Lawrence	Village of Potsdam	Sandstoner Park Recreation Center Design	The Village of Potsdam will prepare design plans to overhaul and expand its 50-year-old Pine Street Arena located adjacent to the Raquette River. The project will advance the goals of Village's Downtown and Waterfront Revitalization Plan by enabling Potsdam to improve recreational facilities and support the local economy by hosting year-round regional athletic events and competitions.	\$202,650	X	11/21/2023
DOS LWRP	North Country	129361	St. Lawrence	Town of Canton	Town and Village of Canton Local Waterfront Revitalization Program	The Town of Canton, in partnership with the Village of Canton, will develop a joint Local Waterfront Revitalization Program (LWRP) for their Grasse River waterfront. The LWRP will address development needs, waterfront access, protection of natural and cultural resources, erosion and flooding concerns, and recreational opportunities.	\$81,986		11/21/2023
DOS LWRP	Southern Tier	126692	Schuyler	Village of Watkins Glen	Seneca-Keuka Watershed Water Quality Protection Manual	The Village of Watkins Glen, in partnership with Seneca-Keuka watershed specialists, local and regional planners, will develop holistic water quality protection guidance material supporting watershed municipal officials and staff. Technical documents, digital content, and direct engagement will collectively increase the capacity of municipalities to identify, develop, and execute water quality and resiliency improvement opportunities as proposed by the Seneca-Keuka Watershed Nine Element Plan.	\$90,750	X	11/21/2023
DOS LWRP	Southern Tier	128209	Steuben	Town of Pulteney	Keuka Lake Level Management Study	To advance the goals of the Seneca-Keuka Watershed Nine Element Plan for Phosphorous, the Town of Pulteney with the Seneca-Keuka Watershed Partnership Group, will prepare a study to modernize Keuka Lake level management. Planning will develop a predictive water level response model tool to inform water release management decisions and a feasibility study on infrastructure improvement and predicative model integration needs for the Penn Yan gate structure.	\$135,000		11/21/2023
DOS LWRP	Western New York	129036	Erie	City of Buffalo	Buffalo Waterfront Connectivity Preliminary Design	The City of Buffalo will develop preliminary design of four intersections along Tonawanda Street to improve safety, accessibility, connectivity, speed reduction, wayfinding, green infrastructure, transit and bicycle facilities, and pedestrian traffic signals. The project will implement the City's Local Waterfront Revitalization Program and RiverRock Connections Plan by better connecting neighborhoods to the historic Riverside Park and the City's extensive waterfront trail system.	\$104,795	X	11/21/2023

**Department of State**  
**Local Waterfront Revitalization Program (DOS LWRP)**

The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways for planning, design, and construction projects to revitalize communities and waterfronts. Grant categories include preparing or updating an LWRP; preparing an LWRP Component, including a watershed management plan; updating an LWRP to mitigate future physical climate risks (UCR); and implementing an LWRP or a completed LWRP Component. This program helps communities breathe new life into their waterfront and underused assets in ways that ensure successful and sustainable revitalization.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
DOS LWRP	Western New York	128644	Niagara	Village of Wilson	Village of Wilson Local Waterfront Revitalization Program	The Village of Wilson will develop a Local Waterfront Revitalization Program (LWRP) for its Lake Ontario waterfront. The LWRP will address underutilized or deteriorated areas and plan for their sustainable revitalization, plan for mixed land uses, development opportunities and downtown revitalization, explore brownfield reuse, and identify enhancements to public access and recreation opportunities, while protecting natural resources.	\$56,250	X	11/21/2023
DOS LWRP	Western New York	130203	Niagara	Village of Middleport	Middleport Canal Dock Improvements Phase II	The Village of Middleport will complete implementation of the Canal Dock improvements including upgraded electrical and water service, and site amenities. This project will continue the implementation of the Village's Local Waterfront Revitalization Program by enhancing the Erie canal front dock space to better accommodate more vessels and to connect boaters from other regions to the Middleport community.	\$79,400	X	11/21/2023
DOS LWRP UCR	Capital Region	129606	Greene	Village of Athens	Village of Athens Local Waterfront Revitalization Program Update	The Village of Athens will update its 2002 Local Waterfront Revitalization Program to balance sustainable development with resilient growth along its Hudson River waterfront. The Update will build on the Village's 2020 Comprehensive Plan and Resilience Vision to further address smart growth, resiliency, sustainability, downtown revitalization, and expansion of public access.	\$75,000	X	11/21/2023
DOS LWRP UCR	Mid-Hudson	130880	Dutchess	Village of Tivoli	Village of Tivoli Local Waterfront Revitalization Program Amendment Completion	The Village of Tivoli will complete the update of their 1991 Local Waterfront Revitalization Program. This update will serve as the guide for Tivoli's critical resources and climate change initiatives, address resiliency and climate adaptation, encourage improved Hudson River connections, and support economic growth.	\$50,000		11/21/2023
DOS LWRP UCR	North Country	126775	Jefferson	Village of Clayton	Village and Town of Clayton Local Waterfront Revitalization Program Update	The Village and Town of Clayton will update their joint Local Waterfront Revitalization Program (LWRP) for their ten-mile stretch of waterfront along the St. Lawrence River. The LWRP will develop an updated vision and strategy for the waterfront, allowing the community to continue to grow and improve community resiliency, while also protecting their valuable natural resources.	\$90,000		11/21/2023
DOS LWRP UCR	North Country	130580	St. Lawrence	Village of Waddington	Village and Town of Waddington Local Waterfront Revitalization Program Update	The Village and Town of Waddington will update their joint Local Waterfront Revitalization Program to guide appropriate development along their St. Lawrence River waterfront. The Update will address community challenges including becoming more resilient to water level changes, identify potential uses for underutilized land and potential projects to create a vibrant waterfront, improve connectivity, and promote economic investment and revitalization of Waddington's downtown and waterfront.	\$90,000		11/21/2023

## New York State Canal Corporation Canalway Grants Program (NYS Canals)

The Canalway Grant Program funds capital projects through a competitive matching grant program available to eligible municipalities, 501(c)(3) non-profit organizations, and Federally recognized Native American Tribes along the New York State Canal System. Projects funded through the program generally help expand public access, increase visitation and recreational use, stimulate private investment, improve services and amenities for Canalway land and water trail users, and enhance the connections between the canal and the corresponding region consistent with the Reimagine the Canals initiative, and Regional Economic Development Councils Strategic Plans.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
Canals	Finger Lakes	127156	Monroe	Village of Brockport	Commissary Park Boathouse	The Village of Brockport will construct a public boathouse at Commissary Park. Commissary park is located at SUNY Brockport, and the boathouse will provide a platform to promote tourism and communal recreation through rowing, kayaking, and other community events along the Erie Canal.	\$150,000	X	11/9/2023
Canals	Finger Lakes	129341	Monroe	Village of Fairport Industrial Development Agency	Thomas Creek Wetlands Improvements	The Village of Fairport IDA will construct and implement necessary safety, parking, and other capital improvements at the entrance of the Thomas Creek Wetlands, which is located adjacent to the Erie Canal and Empire State Trail. This project will enhance a popular community placemaking asset providing improved access to an important ecological and educational resource for the community.	\$50,000	X	11/9/2023
Canals	Finger Lakes	129090	Wayne	Town of Macedon	Bullis Park Connectivity Improvements	The Town of Macedon will construct additional sidewalks and paths in Bullis Park in an effort to promote use and connectivity between the Erie Canal, Empire State Trail, and different amenities and facilities in and around the park.	\$150,000	X	11/9/2023
Canals	Finger Lakes	129342	Wayne	Village of Newark	Port of Newark Accessible Kayak Launch	The Village of Newark will design and install a new ADA accessible kayak launch in downtown Newark along the Erie Canal.	\$150,000	X	11/9/2023
Canals	Mohawk Valley	127424	Montgomery	City of Amsterdam	City of Amsterdam Southside Boardwalk Project	The City of Amsterdam, in partnership with the Southside Realm Project and Amsterdam Community Foundation, will construct a new boardwalk extension off of the south side of the Mohawk Valley Gateway Overlook Bridge (MVGOB) with the intent of creating a pedestrian friendly space that will activate a vacant parcel as an amenity for the community, and potential catalyst for new development.	\$150,000	X	11/9/2023
Canals	Mohawk Valley	127727	Oneida	City of Rome	SFM Waterfront Skatepark	The City of Rome, in partnership with the SFM Skatepark Project and Rome Community Foundation, will construct a modern, concrete skate park on the former General Cable Rod Mill site on the Erie Canal.	\$150,000		11/9/2023
Canals	Western New York	131154	Erie	Buffalo Maritime Center	Seneca Chief Launch and Preparation for Bicentennial Voyage	In anticipation of the Erie Canal's 2025 bicentennial, the Buffalo Maritime Center will continue the construction and historical augmentation of Governor Dewitt Clinton's 1825 Canal Boat. Specifically, this project will include the acquisition of additional resources that will assist with the boat's navigation across the State of New York, and the development of educational exhibits that will be included as part of the program.	\$125,460	X	11/9/2023
Canals	Western New York	127144	Niagara	City of North Tonawanda	Mayor's Park Kayak Launch and Fishing Dock	The City of North Tonawanda will install a boat launch and fishing pier at Mayor's Park. This project will provide formalized access to the Erie Canal for small boats, canoes, and kayaks while also providing additional opportunities for fishing at the park. This project will fill an important gap in North Tonawanda's resources for water recreation by connecting the Erie Canal, a popular boating and kayaking destination, with all of the amenities and assets that Mayor's Park has to offer including picnic pavilions, picnic areas, a new playground, and restroom facilities.	\$30,000	X	11/9/2023

**NYS Department of Agriculture & Markets**  
**NYS Grown & Certified Infrastructure, Technology & R&D Program (GCITRD)**

The New York State Grown & Certified Infrastructure, Technology, Research and Development Grant Program provides grants on a competitive basis to eligible applicants (Program Administrators) that will operate a grant program to assist New York farms with growing their business. The program will help agricultural entities to invest in critical farm infrastructure, adopt state-of-the-art practices, purchase innovative technology or equipment, or conduct cutting edge research to aid in the development of new food products, marketed under the New York State Grown & Certified program (NYS G&C), that meet rising consumer demand.

## New York State Energy Research and Development Authority Commercial and Industrial Carbon Challenge (NYSERDA CICC)

NYSERDA's C&I Carbon Challenge provides awards to large energy users to unlock highly cost-effective carbon reduction opportunities. C&I Carbon Challenge helps companies and organizations implement their best energy-saving/carbon-reduction projects through a competitive proposal process. Challenge winners will work one-on-one with a dedicated NYSEDA resource on all their proposed projects rather than navigating multiple different NYSEDA or utility initiatives.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
NYSERDA CICC	Central New York	131296	Onondaga	Anheuser-Busch, LLC	Baldwinsville Brewery Carbon Neutral Brewing	Anheuser-Busch will work on multiple projects in pursuit of Carbon Neutral Brewery (CNB) at their plant in Baldwinsville, NY. By utilizing proven technology in novel ways, the projects incorporate a combination of a novel brewing process to reduce steam demand, new wort coolers for heat recovery, industrial packaged ammonia heat pumps to generate high-temperature hot water, and electric boilers to generate steam. These four measures will decarbonize industrial process heating loads through process changes and electrify loads formerly served by natural gas fueled steam and hot water generation systems.	\$4,790,010	X	11/14/2023
NYSERDA CICC	Finger Lakes	130480	Monroe	University of Rochester	University of Rochester - Electrification & Energy Conservation	The University of Rochester will pursue a project to switch the Central Utility Plant (CUP) chillers from steam to electric. The entire project will accomplish significant carbon reduction and reduce Genesee River aquatic impacts while providing increased chilled water capacity. The University was awarded funding by NYSEDA CICC in 2022 for initial milestones for electrical enabling, a cooling tower, and one electric chiller. In addition to an expanded scope of chiller electrification, the University has identified a Fault Detection Diagnostics (FDD) system as a separate project.	\$4,988,910	X	11/14/2023
NYSERDA CICC	New York City	121697	New York	Columbia University Irving Medical Center	CUIMC Carbon Challenge	Columbia University Irving Medical Center (CUIMC) will undergo a deep energy efficiency and electrification process upgrade. Based on a comprehensive \$1.8 million ASHRAE Level III audit of all CUIMC spaces, they will modernize labs by replacing an existing absorption chiller with an electrically driven chiller. The current absorption chiller uses natural gas to run and conversion to an electricity driven chiller will reduce emissions.	\$1,264,390	X	11/14/2023
NYSERDA CICC	New York City	128561	New York	Pace University	Pace University Carbon Challenge	Pace University is reimagining its flagship 1 Pace Plaza in New York City, currently its most energy intensive building with old, inefficient HVAC equipment and infrastructure. The project utilizes beneficial electrification for the central plant by installing water source heat pumps to handle the heating and cooling load and installing heat pumps in the 19-story Maria's Tower that extends above the podium of 1 Pace Plaza. The change to both central and localized heat pumps will decrease the amount of steam used by over 75% and increased efficiency will reduce the total electric consumption of the building.	\$1,486,720	X	11/14/2023
NYSERDA CICC	Western New York	131278	Chautauqua	Nestle Purina PetCare Co.	Purina Dunkirk Carbon Challenge	The Nestle Purina factory in Dunkirk, NY will partner with The Babcock & Wilcox Company (B&W) to install OxyBright, an oxy-combustion technology that replaces combustion air with a mixture of pure oxygen and recycled flue gas. This results in a gas exhaust stream that is mostly pure CO2 and significantly reduces co-pollutants. The higher concentration of CO2 allows for carbon capture, utilization and/or storage (CCUS), a critical technology for industrial sector decarbonization.	\$5,000,000	X	11/14/2023

**New York State Energy Research and Development Authority**  
**Carbon Neutral Community Economic Development Program (NYSERDA CNCED)**

The New York State Energy Research and Development Authority's Carbon Neutral Community Economic Development program encourages the planning design and installation of economic development projects that operate at carbon neutral or net zero energy performance in two categories. In Category A, the program supports eligible commercial, industrial and institutional applicants for the construction of, or renovation to, buildings designed to achieve carbon neutral or net zero energy performance. In Category B, the program supports eligible community, campus or large-scale private development applicants with incentives for planning at the community-level to achieve carbon neutral performance.

Agency/Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
NYSERDA CNCED	Capital Region	129994	Albany	Underground Railroad History Project of the Capital Region, Inc.	Interpretive Center	The Interpretive Center is a new net zero energy building that includes reuse of salvaged materials, geothermal HVAC, and solar. The Center will incorporate CORE Living Building Challenge Standards whose sustainability goals include energy efficiency, reduced carbon emissions, sustainable materials, and universal access. The building will be a model of carbon neutral performance in addition to being the go-to place for educational opportunities related to African American history.	\$1,107,457	X	11/14/2023
NYSERDA CNCED	Capital Region	126661	Columbia	Montgomery Street Projects LLC	Kaz Carbon Neutral Redevelopment Project	The Kaz, a former industrial site in the heart of Hudson's Downtown Revitalization Initiative district, will create a vibrant new arts and food hub, a dynamic year-round, multi-use space that will complement other activity on Hudson's waterfront. The carbon neutral design includes all-electric mechanical and energy systems and rigorous weatherization. Rehabilitating a former industrial site to carbon neutral performance makes this project a model for adaptive reuse.	\$1,526,168	X	11/14/2023
NYSERDA CNCED	Capital Region	126291	Rensselaer	Rensselaer Polytechnic Institute	Rensselaer Childcare Center	Rensselaer Polytechnic Institute (RPI) will expand access to high-quality, affordable childcare for local families. The Rensselaer Childcare Center will provide childcare for children from birth through pre-school to the public and the RPI community strengthening the region's economy by increasing workforce participation. The project will achieve Passive House and carbon neutral performance with all-electric heat pumps, energy recovery ventilation, and a highly energy efficient envelope.	\$900,000	X	11/14/2023
NYSERDA CNCED	Finger Lakes	131294	Monroe	Sustainable Energy Developments	GreenSpark Solar Green Workforce Training Center	This project will relocate the headquarters for GreenSpark Solar to Rochester, NY and will include the construction of a net zero energy facility on a remediated brownfield. This building will include an industry-leading training center to provide workforce development for solar installers. The new building will transform and revitalize a waterfront space, positively contributing to the adjacent High Falls State Park and the growth of the Genesee River Trail and the Roc the Riverway initiative.	\$2,000,000	X	11/14/2023
NYSERDA CNCED	Mid-Hudson	126637	Dutchess	GarageWORKS Studios LLC	GarageWORKS Studios Carbon Neutral Redevelopment Project	GarageWORKS Studios will transform a derelict former automotive garage located in Beacon, NY into a vibrant community resource housing artist studios and spaces for community programming and events. The building will be renovated to be 100% carbon neutral, featuring all-electric mechanical systems, a high-performance thermal envelope, roof-mounted solar panels and exterior plantings that will support energy-efficient heating and cooling.	\$1,983,156		11/14/2023
NYSERDA CNCED	Mid-Hudson	130436	Orange	Salisbury Mills Holdings LLC	Cornwall Social	Cornwall Social will be a multi-building agricultural facility, providing tourists and residents an opportunity to experience Hudson Valley agricultural and artisan products. The property includes two farm-to-table restaurants, a greenhouse, historic barn, and a recreational hall. The project will complete the rehabilitation of the greenhouse and historic barn which will achieve Passive House and Carbon Neutral performance with geothermal HVAC, solar, and battery storage.	\$1,018,109	X	11/14/2023
NYSERDA CNCED	Mid-Hudson	126642	Ulster	Mohonk Preserve, Inc.	The Brook Farmhouse Project	The 19th-century Brook Farmhouse, will be the new home of Mohonk Preserve's Conservation Science program, where researchers will monitor the region's ecosystems. The project will rehabilitate the building to achieve carbon neutral performance through improved windows, doors, insulation, lighting, appliances, all-electric HVAC and hot water, and install a ground mounted solar array. The farmhouse is located within a popular scenic landscape and trail network.	\$750,510		11/14/2023
NYSERDA CNCED	Mohawk Valley	129926	Montgomery	Mohawk Valley Collective, Inc.	Unity Hall Community Center	Mohawk Valley Collective's Unity Hall, in Fort Plain, NY, will be rehabilitated to be fully electric, achieving carbon neutral and net zero energy performance. This project includes installation of a closed loop vertical bore geothermal system for building cooling, heating and domestic hot water, an energy recovery ventilation system, and solar panels on the roof. The project team will utilize multiple consultants to address site constraints and contribute to the historic nature of the building.	\$558,000	X	11/14/2023

**New York State Energy Research and Development Authority  
Carbon Neutral Community Economic Development Program (NYSERDA CNCED)**

The New York State Energy Research and Development Authority's Carbon Neutral Community Economic Development program encourages the planning design and installation of economic development projects that operate at carbon neutral or net zero energy performance in two categories. In Category A, the program supports eligible commercial, industrial and institutional applicants for the construction of, or renovation to, buildings designed to achieve carbon neutral or net zero energy performance. In Category B, the program supports eligible community, campus or large-scale private development applicants with incentives for planning at the community-level to achieve carbon neutral performance.

Agency/ Program	Region	CFA #	County	Applicant	Project Title	Description	Award	REDC Priority Project	Date Announced
NYSERDA CNCED	New York City	128204	New York	The Trustees of Columbia University in New York	Columbia University Irving Medical Center Research Building	A new research building will enhance the university's research capacity by offering new laboratory and office spaces that align with Columbia University's Sustainable Columbia Plan 2030 goals of not introducing any new fossil fuels during new construction. The building design is all-electric and highly energy efficient. The building will rely on air-source heat pumps to cover all heating and cooling needs. The project has been designed to achieve carbon neutral and LEED Gold certification.	\$2,000,000		11/14/2023
NYSERDA CNCED	Western New York	130241	Niagara	Siva Powers America	Siva Powers America Facility	SIVA Powers America will build a new wind turbine assembly facility to serve the booming North American distributed wind market. The primary focus of this facility will be wind turbine nacelle assembly and an innovative blade manufacturing process for production within the U.S. The carbon neutral building will use energy efficient equipment to minimize energy use and will optimize the renewable energy capacity at the site with both wind and solar systems.	\$519,000	X	11/14/2023
