Internship Agreements

- 1) Truthfulness is the most important aspect of this process. Mitigations, omissions, misrepresentations, falsifications, equivocations, or selective "forgetfulness" will not be viewed favorably.
- 2) There are no circumstances which allow for you to not disclose requested information. For example: A) If you were previously arrested but the event was expunged, you shall still disclose that information; B) If you were previously arrested but the event occurred when you were a juvenile, you shall still disclose that information.
- 3) It is your responsibility to disclose information which you should have reasonably expected would be relevant, even if you are not directly asked about the circumstance. This stipulation generally includes anything that has the potential of embarrassing the Metropolitan Nashville Police Department (MNPD) should it be known.
- 4) When in doubt as to the necessity to disclose information, it is always recommended the details be fully listed to prevent any perception of a failure to disclose.
- 5) You are expected to comply with any request made to you as it relates the internship process. It is solely your responsibility to obtain the information that is requested throughout this process.
- 6) It is a requirement that you follow all directions while completing your packet.
- 7) The information requested throughout this profile is always sought for a specific purpose relevant to the internship process and is therefore not optional. It is unlikely that you will have all of the requested information readily available. Completing all sections will require of you to put forth effort. You are expected to contact individuals and organizations to obtain information requested, including emails and addresses. It is not acceptable to enter "NA", to leave a field blank, or fail to provide information simply because you do not know it. You are expected to seek out any challenging information through any available means (including social media, mutual friends or acquaintances, open-source databases, etc.) and to verify the accuracy of obtained information. If your effort falls short, you should disclose all of the information you do have or information you were able to obtain.
- 8) Providing the emails requested throughout this profile is not optional and you should not leave those fields blank or enter "NA". Emails are used to complete your process, therefore it is required that emails be provided and that those emails be accurate. It is solely your responsibility to seek out and provide email addresses. It is understood that on select occasion individuals legitimately may not have an email (such as an elderly relative). These instances are exceedingly rare and will be reviewed on a case-by-case basis.
- 9) Deadlines and appointments are a part of this process and are closely regulated. Additionally, at any point, if you fail to fully respond to any requests for a lengthy period of time (14 days), removal from the internship process may occur. Do not expect courtesy reminders.

10) During this process, a multitude of entities (individuals, current and previous employers, and organizations) will be contacted. These contacts may include entities that you identify, suggestions made by other individuals, and entities who the MNPD otherwise seeks out for the purposes of completing this process. The MNPD is under no obligation to disclose any such attempted or successful contact. Additionally, the MNPD may conduct contacts without your knowledge, consent, or notification.

11) The MNPD may need to reasonably divulge information about you to individuals, employers, or organizations in order to accomplish this process. This may occur without your knowledge, consent, or notification.

12) All information you provide is subject to verification through any method determined by the MNPD. All information provided during this process can be investigated.

13) This process will require not only a general investigation but a criminal background investigation as well.

14) The MNPD is under no obligation to inform you why you are not selected.

15) The information provided by you or discovered during this process is to be utilized for the purpose of enabling the MNPD to determine your qualifications for an internship position. All records pertaining to your investigation become the property of the MNPD and any such materials will not be returned, released, or provided to you. Any reports, information, records, or feedback the MNPD receives in connection with your investigation is the property of the MNPD. The items pertaining to your investigation will be kept by this agency in accordance with relevant record-keeping law(s).

16) At any point in your process, if information is received that you have or are suspected of having been engaged in illegal activities, the information may be reported to the proper law enforcement agency. By continuing in this process, you give the MNPD complete and unconditional consent, even absent your notification or knowledge, to release this information to the parties deemed appropriate solely by the MNPD.

17) In accordance with Tennessee law, all applications are subject to public disclosure.

18) In accordance with the U.S. Americans with Disabilities Act and the Genetic Information Nondiscrimination Act (GINA), you are not expected or required to reveal any medical, genetic, or disability-related information about themselves or their family members in response to any question asked orally or in writing during the investigation.

19) You shall notify the Internship Coordinator immediately if any contact with a law enforcement agency occurs (including, but not limited to, reports, citations, traffic stops, tickets, arrests, interviews, requests for information, etc.)
