

Caregiving That Works

Carmen Estrada, MPA

Executive Director

Inland Caregiver Resource Center

“Helping families and the community
cope with and manage the challenges of
aging and caregiving.”

“We will be prepared for and supported through the rewards and challenges of caring for aging loved ones.”

Strategy A – Family & Friends Caregiving Support

Goal – Maintain health, well-being, and income while caring for a loved one.

- **Paid Family Leave**
- **Multilingual Training Resources**
- **Virtual Care Options**
- **Respite**

Strategy B – Good Caregiving Jobs Creation

Goal – Higher wages will help paid caregivers work toward financial security, alleviate economic disparities, and better reflect the true value of their work.

- **Training and Professional Development**
- **Livable Wages**
- **Job Placement Support**
- **Improved Job Quality**

Strategy C – Virtual Care Expansion

**Goal – Have new technologies help support caregiving and aging.
(personal devices, smart home and community design, telehealth and more)**

- **Access to Care Online**
- **Access to Services Online**
- **Access to Technology**

Goals for IELTSS – Caregiving That Works

- **Strategy A – Multilingual Training Resources**
- **Strategy B – Training and Professional Development**
- **Strategy C – Bridge the Digital Divide**

Ultimate Goal for IELTSS

Include caregivers in home and community assessments.
