

HoCo RISE Business Assistance Grant Program

Rounds 1-5 Activity Summary

In June 2020, Howard County initiated the HoCo RISE Business Assistance Grant Program to support businesses and organizations whose operations were impacted by the mandatory restrictions and/or closures implemented in response to the COVID-19 pandemic. In partnership with the Howard County Department of Finance, Visit Howard County, and the Howard County Department Community Resources and Services (DCRS), Howard County Economic Development Authority (HCEDA) administered grants to provide financial assistance to Howard County businesses in targeted sectors that have been most

impacted. Partnering agencies assisted with eligibility criteria development, application and documentation review, and targeted outreach to identified industry sectors. To date, HCEDA has completed the administration of five rounds of funding to eligible Howard County businesses in need.

As of September 20, 2021, HoCo RISE has disbursed more than \$20.77 million through 2,251 grants to Howard County businesses. This funding consisted of:

- \$1.38 million in Howard County Government grant funds;
- \$8.35 million in State funding including Maryland Rainy Day and RELIEF Act funds; and,
- \$11.04 million in CARES Act funding designated by Howard County for HoCo RISE Business Grants.

Due to the limited funding available, grants were distributed to the most impacted sectors, rather than on a first-come, first-

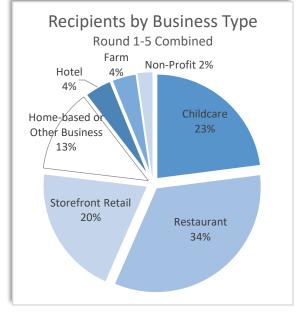

served model open to all businesses regardless of the level of impact. All final grant values were determined based upon the number of applicants who successfully submitted a complete and accurate application and remediated any issues conflicting with their Good Standing in Howard County and the State of Maryland. HCEDA made attempts to resolve all applications with circumstances impacting their eligibility to receive HoCo RISE Business Grants.

All businesses who received grants though the HoCo RISE Business Assistance Grant program were required to: 1) have a physical location in Howard County; 2) be in 'Good Standing' with applicable taxes, fees, and penalties in Howard County and the State of Maryland including the State Department of Assessment and Taxation (SDAT), and 3) submit an application with required documentation including a Federal Tax Return, W-9, and supporting documents.

- Normal operating costs, such as rent, payroll, job training, taxes, program expenses, debt service, or similar costs
- Purchase of PPE, sanitization services, or other COVID-19 related costs
- Reimbursement for costs of business interruption caused by the COVID-19 mandated business closures

This report provides a comprehensive overview of grant activity during the administration of Rounds 1 through 5 of the HoCo RISE Business Grants.

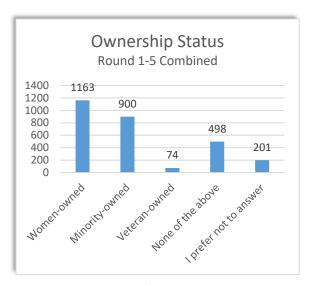

Round 1 – HoCo RISE Business Assistance Grant Program

Round 1 of the HoCo RISE Business Grants was administered in two phases. During the initial phase of Round 1, grants in the amount of \$2,500 each were issued to 671 qualifying businesses. These businesses were those forced to close or restrict service by Governor Hogan's Executive Orders, and included storefront retail and service, restaurants, farms, childcare providers, and hotels. Applications opened on

June 11, 2020 and were closed on July 18, 2020. These grants were funded using the first issuance of CARES Act funding, with awards totaling \$1,677,500.

A secondary phase of grants was awarded to qualifying performance venues. These establishments were among the first to be forced to close and were among last to be permitted to re-open and were only able to operate with a restricted capacity. Visit Howard County assisted with the determination of eligible businesses based upon fulfillment of Admissions and Amusement Sales and Use Tax. Grant funds were awarded based on the amount paid into this tax under the Theatre/Concert category. A total of \$617,500 in grant funds were issued to three qualifying Howard County performing arts venue businesses.

A total of \$2.30 million was distributed in Round 1. Details on Round 1 recipients can be found on page 6.

Round 2 – HoCo RISE Business Assistance Grant Program

Round 2 of the HoCo Business Assistance Grants was also administered in two phases. During the primary phase of Round 2, grants in the amount \$13,863.77 each were issued to 803 businesses who qualified for funding. The qualifying business criteria for this phase remained the same as the primary awards from Round 1, and consisted of storefront retail and service, restaurants, farms, childcare providers, and hotels. Businesses who received grants in Round 1 were also eligible to receive grants in Round 2, with the exception of performance venues. The qualified Round 1 recipients were required to recertify the accuracy and validity of their applications submitted during Round 1. Applications opened on November 6, 2020 and closed on November 29, 2020.

The 219 restaurant awards were funded using a combination of State funds designated by the Governor through Maryland's Restaurant Direct Relief Funding designated <u>specifically</u> for restaurants, and CARES Act funding, with awards totaling \$3.04 million. Of this \$3.04 million awarded to restaurants, \$2.51 million was funded by the State's Rainy Day fund and the remaining \$530,000 was funded by the CARES Act. All 584 remaining in primary phase of Round 2 were funded by County-designated CARES Act funding, totaling \$8.10 million.

A secondary phase of Round 2 grants was awarded to six qualifying Howard County-based business associations and chambers in the amount of \$20,000 per organization. These establishments provide critical resources to Howard County businesses. The grants were funded using CARES Act funding designated by Howard County, with awards totaling \$120,000.

A total of \$11.25 million was distributed in Round 2. Details on Round 2 recipients can be found on Pages 7 through 10.

Round 3 – HoCo RISE Business Assistance Grant Program

Round 3 of the HoCo RISE Business Assistance grants were designated to support restaurants, hotels, and all other businesses including home-based businesses. The qualifying business criteria for restaurants and hotels remained the same as Round 1 and Round 2. Based upon community feedback, a new grant category for home-based and all other businesses was available to any business operating out of a residential property in Howard County or any business operating out of commercial space in Howard County that had not previously received a HoCo RISE Business Assistance Grant. Funding for this round of grants came from funds allocated by Howard County Government, and funds provided by the Maryland Department of Commerce through the Maryland State Recovery for the Economy, Livelihoods, Industries, Entrepreneurs, and Families (RELIEF) Act of 2021. Applications opened on February 5, 2021 and closed on March 5, 2021.

Restaurants: A total of 183 restaurants were awarded grants in Round 3. Of these, 48 applicants had not received Round 2 funding. These applicants were awarded \$15,500 in Round 3. The remaining 135 restaurants who had previously received Round 2 funding were awarded \$5,600. Final grant values were determined using the number of applicants who successfully submitted complete and accurate applications in order to maximize the use of the funds available. A total of \$1.5 million in grants were provided to restaurants from the Maryland State RELIEF Act fund in Round 3.

Hotels: Hotel grants were awarded to 25 hotels in Round 3. The values of these grants were based on the number of rooms in each establishment, with the grant maximum set at \$86,094.30. Final grant values were determined using the number of successful applicants in order to maximize the use of the funds available. A total of \$1.6 million in grants were provided to hotel establishments from the Maryland State RELIEF Act fund in Round 3.

Home-based Businesses and All Other Businesses: A total of 276 grants in the amount of \$5,000 dollars each were awarded home-based businesses and all other businesses operating out of commercial space in Howard County. These businesses had not previously received HoCo RISE Business Assistance Grants. A total of \$1.38 million was awarded to these establishments from the Howard County grant fund.

A total of \$4.48 million was distributed in Round 3. Details on Round 3 recipients can be found on Pages 11 through 14.

Round 4 – HoCo RISE Business Assistance Grant Program

In Round 4 of the HoCo RISE Business Assistance grants, additional funds were designated for restaurants and hotels through the Maryland State RELIEF act administered by the Maryland Department of Commerce as part of the Maryland State RELIEF Act fund. Applications opened on May 10, 2021 and closed on May 24, 2021.

Restaurants: Restaurant grants were awarded to 207 establishments in Round 4, each in the amount of \$5,717.75. The final grant values were determined using the number of successful applicants in order to maximize the use of the funds available. The total amount of the grant funds was evenly divided among all approved applicants.

Online Sales and Telework: An additional \$27,000 in RELIEF Funds was made to qualifying restaurants who were eligible for additional funding which was to be used exclusively to cover the cost of adopting or enhancing online sales methods or telework expenses. HCEDA determined that the best use of these funds would be dedicated to restaurants to reimburse for expenses that provided businesses with alternative ways to sell goods, in light of restrictions imposed during the pandemic. Of the 207 restaurants who received grants, 97 restaurants received this additional grant funding in the amount of \$282 per restaurant.

A total of \$1.22 million in grants were provided to restaurants from the Maryland State RELIEF Act fund in Round 4.

Hotels: Grants were awarded to 25 hotel accommodations in Round 4. The values of these grants were based on the number of rooms in each establishment, with the grant maximum set at \$25,000. Final grant values were determined using the number of successful applicants in order to maximize the use of the funds available. Visit Howard County was instrumental in providing the formula for hotel grant fund distribution based upon accommodation size and compliance with applicable Howard County Hotel Room Rental taxes and fees. A total of \$547,080.03 in grants were provided to hotels from the Maryland State RELIEF Act fund in Round 4.

A total of \$1.78 million was distributed in Round 4. Details on the Round 4 recipients can be found on Pages 15 through 18.

Round 5 – HoCo RISE Business Assistance Grant Program

In Round 5, HoCo RISE Business Assistance grants were administered to Howard County non-profit organizations. These funds were provided to Howard County by the Maryland Department of Housing and Community Development (DHCD) as a result of funds allocated through the Maryland RELIEF Act. The grants were available to non-profit organizations whose mission serves any of the following areas:

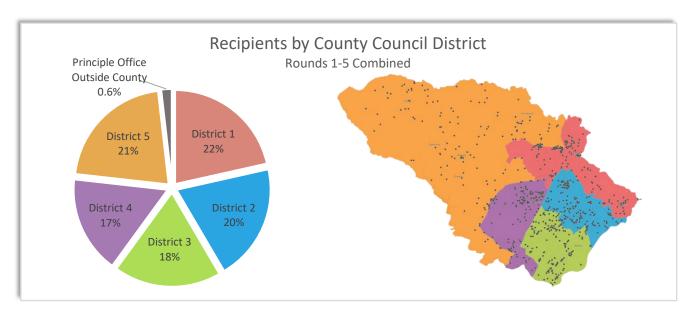

- 1. Health and Human Services
- 2. Youth and Youth Recreational Services
- 3. Business and Economic Development
- 4. Workforce Development

A total of \$982,500 in grant funds were awarded to 51 non-profit organizations in Round 5. Applications opened on July 15, 2021 and closed on July 31, 2021. The final grant values were determined using the organization's reported annual operating budget. Each organization received funding based on their reported operating budget category, as illustrated by the table below.

Operating Budget Size	Grant Award Amount
Less than \$100,000	\$5,000
\$100,000-\$500,000	\$17,500
\$500,000- \$1M	\$22,500
\$1M-5M	\$32,500
More than \$5M	\$60,000

Details on Round 5 recipients can be found on Pages 19 through 22.

Note: 'Principal Office Outside of County' refers to businesses whose primary commercial business space is within Howard County, but the registered resident agent/PRINCIPAL OFFICE is located outside of the county.

Some large dollar amounts above may not total due to rounding. Details on all recipient data for Rounds 1-5 combined can be found on page 23.

HoCo RISE Business Assistance Grant Program – RECIPIENT DATA

Each award recipient was required to fill out an application in which they reported details about the applicant business, information about the businesses' ownership, and certified that they meet all the qualifications and stipulations of the grant. The following sections report the characteristics of the recipients' businesses and ownership.
